

Memorandum of Understanding

Between

Shri Sant Gajanan Maharaj College of Engineering

and

Vchip Technology pvt. Ltd.

This Memorandum of Understanding (MoU) sets for the terms and understanding between the **Shri Sant Gajanan Maharaj College of Engineering** and the **Vchip Technology pvt. Ltd.** to access Digital education platform.

Purpose:

The **Vchip Technology** is working on educational platform namely **Vchip-edu** with primary motive of bridging the gap between educational organizations/institutes and well established companies/start-ups along with the concept of digital village.

We will provide our Vchip-edu platform to your organization so that your students can access our services, courses and test series related to the placements along with workshops on emerging technologies, internships, ERP softwares at free of cost.

Key Features of Vchip edu Platform:

I. Concentration on Placement drives

- We provide aptitude test series for students of second year and above. Also, toppers will get a certificate of appreciation and gift vouchers.
- Online courses for aptitude by experts.
- Throughout practice of placement procedure in the form of screening test (aptitude and technical) at first stage, and then conduction of interviews on skype by industry experts. The whole procedure will be designed according to the recruitment pattern of different companies.
- Also, various interviews of 3rd year and final year students are shared on our cloud. These videos are provided to the recruiters according to their required profile.
- Our main goal is to bridge the gap between industries and educational organizations.

Vchip Technology pvt. Ltd.

Office Address: 3rd floor, Sr No 132/2A/3, Shrinivas, Labhade Park, Warje. Pune, Maharashtra 411058

Tel: 020-25235596, Email: info@vchiptech.com, Web site: <https://vchiptech.com/>

II. Students Performance on single click (ERP)

- Manage all the required data of students (ERP) like performance in test series and online certified courses, attendance, assignments, notifications, etc.
- Regular assignments to the students and their submission. Suggestions and corrections can be asked by lecturers and students can resubmit the assignments.
- Analytical reports to examine himself/herself better.
- Graphical reports to easily understand their performance.
- Quality interaction with parents and students.

III. Conduction of online unit tests

- In general academic examinations, students mostly deal with subjective exams but after the completion of their college, they have to face a lot of objective tests. So, we conduct one objective test per semester according to the university syllabus.
- Also, all the offline unit tests can be converted to online tests if the college is interested.

IV. Workshops on latest Technology

- We will take live workshop on emerging technologies in fields of IT, VLSI, IoT, Embedded etc.

V. Internship in Vchip Technology and our partner companies

- We can provide in-campus internships to the students. We also provide all the online supports from Vchip's headquarter. We will also train few faculties of your organization so that they can guide the students at their level only. Any further difficulties will be solved by our experts.
- Conduction of live sessions by our industrial experts.
- Internships can be converted into full-time job.

VI. Sponsor final year project

- We conduct interviews and select some groups for sponsorship from Vchip Technology and our partner companies.
- A full time job can also be offered according to their performance.

VII. Courses for nationalized exams

Vchip Technology pvt. Ltd.

Office Address: 3rd floor, Sr No 132/2A/3, Shrinivas, Labhade Park, Warje. Pune, Maharashtra
