विषय
 गाँवों का विकास

गाँवों का विकास एक बहुत बड़ा विषय है। गाँवों का विकास हमारे देश के विकास के लिए बहुत ही महत्वपूर्ण है। गाँवों में शिक्षा, स्वास्थ्य, और बुनियादी सुविधाओं का अभाव है। हमें गाँवों को आधुनिक बनाने की आवश्यकता है। हमें गाँवों में शिक्षा केन्द्रों, स्वास्थ्य केंद्रों, और बाजारों का निर्माण करना चाहिए। हमें गाँवों में रोजगार के अवसरों का provision करना चाहिए। हमें गाँवों में पानी और बिजली की सुविधाएँ उपलब्ध कराने की आवश्यकता है। हमें गाँवों में open drainage system बनाने की आवश्यकता है। हमें गाँवों में स्वच्छता के लिए अभियान चलाएँ। हमें गाँवों में न्यायिक प्रणाली को मजबूत करना चाहिए। हमें गाँवों में महिलाओं के विकास के लिए विशेष ध्यान देना चाहिए। हमें गाँवों में ग्राम सभाओं का निर्माण करना चाहिए। हमें गाँवों में NDS (National Digital Dividend Scheme) को लागू करना चाहिए।

Day1: 24/11/2022

Session 1 :

Time: 11:30-01:00

Topic: Carries Opportunites And Higher Technical Education

Resource person: Dr. R.M. Kharate

Higher education by developing understandings with changing trends of world of the work enables the learners to investigate the career opportunities. With this aim, every learner has some expectation with their high qualification to raise their achievements of life. A valuable guidance was given by Dr. R.M. Kharate sir To prepare the students

...their career goal & how to work on it. They plan their long or short-term goals
...future work.

Session 2:

Time: 01:50-02:00

Topic: Mindfulness

Resource person: Dr. A.S. Tale

In this session Dr. A.S. Tale sir enlightened the minds of students with the topic "mindfulness". Mindfulness is defined as a non-judgemental awareness and accepting of present-moment experience. With intentional attendance to one's ongoing stream of thoughts, sensations and emotions as they arise, it allows the individual to react with less impulsivity and flexibility. However, empirical findings of mindfulness to date have largely been confined to outcome studies using clinical populations. This cross-sectional study examined the relationships between mindfulness, self-esteem, resiliency and mental health symptoms (anxiety, stress, depression and cognitive inflexibility) in a sample of 106 healthy adolescents. Participants completed a set of questionnaires. First, we found moderate effect size for anxiety, depression and self-esteem and large effect size for cognitive inflexibility. These results, when compared with clinical samples, demonstrated similar trends found in a healthy adolescent sample. Second, predictive value of mindfulness was examined and we found significant contribution of mindfulness to mental and psychological health.

Session 3 :

Time: 03:30-04:30

Topic: The Secret To Raise The Bar Of Productivity

Resource person: Prof. Mrs. R.G. Raut

Prof. Mrs. R.G. Raut ma'am guided the studented into Improvements in working conditions and work organization can result in increased productivity and competitiveness. This has been clearly demonstrated in Asia, Latin America and Africa by entrepreneurs of small and medium-sized enterprises who have taken voluntary action to improve working conditions and productivity. This session follows a similar approach to the manuals on Higher productivity and a better place to work.

Day 2:

Session 4 :

Time: 11:00-12:00

Topic: Carrier guidance session

Resource person: Prof. A.V. Patil

Session 6:

Time: 1:00-1:50

Topic: Mathematics For Higher Technical Education

Resource person: Prof. N.S. Thakare

In this session conducted by Prof. N.S. Thakare gave teachings about mathematics and how it is applicable in our day to day life as well as for higher studies.

The integration of technology has become a high priority at various levels of education, including higher education. This study focused on discovering and describing the technology being used in higher education mathematics content courses by faculty members at colleges and universities. The research questions focused on where technology was being used by higher education mathematics faculty, how it was being used, what factors would encourage the incorporation of technology, the decision maker of an adopter of technology, who is most likely to use technology to engage students in learning, and challenges that must be overcome to implement technology.

Session 7:

Time: 1:30-3:00

Topic: Innovative Approaches In Learning

Resource person: Prof. A.S. Alane

A motivating and inspiring session about "Innovative Approaches In Learning" was given by Prof. A.S. Alane. Scientific knowledge about effective learning, as identified in "The Nature of Learning: Using Research to Inspire Practice" calls for substantial innovation and change in current educational practice. Learning must become more social, authentic, adapted to individual motivations and abilities, reflective, and strategic - to name just a few challenges. The purpose of this session was to enable

things, by inspiring, testing and refining innovative practice in the classroom. The research was theory-driven research that took place in naturalistic contexts like real schools. Aspects of the environment are systematically manipulated based on conceptual models of learning and teaching.

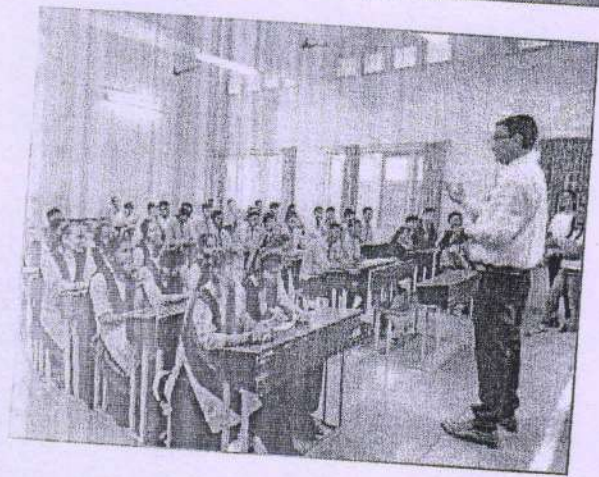

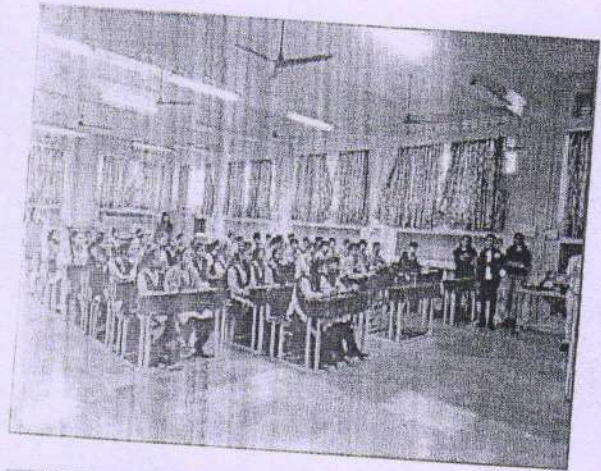

At the last session on day 2 a valedictory session was held. The acknowledgement certificates of completion of the workshop were distributed in the presence of Dr. S.B. Sonawale Sir (*Principal, SSGMCE*), Dr. N.A. Patil Sir (*Head Of ASH Department*), Anil B. N.S. Thakare Sir (*Faculty Advisor, UBA*) Prof A. V. Patil Sir, Prof. Mrs. R. G. Patil.

The workshop comes to an end as clock shows the time of 5 pm. Not a single student "missed a beat" of this opportunity and learned new things which is also applicable for their academic and practical work. At the end, Prof. N.S. Thakare (*Faculty Advisor, UBA*) gives the Vote of Thanks. Students were satisfied by the workshop. We received positive feedback from all the students for participation in the workshop.

Reviews from the Audience:

- The presentation as a whole was very valuable in informing and giving an insight into expectations of my course. It also led to me feeling much calmer approaching my first day, and allowed me to be a lot more familiar with where I had to be."
- "Thank you for such a great event! I was dreading the day, thinking that I would be bored and just hear all of the things I had already read on the net. But I was pleasantly surprised! I now feel ready to tackle this challenge head on!"
- "Fun friendly environment, enjoyable staff."
- "The overall information given to us was a great insight which made it well worth attending."

Unnat Bharat Abhiyan Cell SSGMCE
Institute is member of Unnat Bharat Abhiyan since April 2019. Received seed money of Rs 50000 for general expenses. Two projects which are successfully deployed in village Kherda (Gosawi), Janori and House hold survey and Village development survey of villages Alasana, Gaulkhed, Tivhan Khurd, Takali Dharav on is completed. Total 450 entries are uploaded and Village development plan is also uploaded.

Unnat Bharat Abhiyan of SSGMCE is a socially active body headed by Prof. N.S. Thakare Assistant Professor, Department of Applied Sciences and Humanities has adopted 5 villages namely village Kherda (Gosawi), Janori, Alasana, Gaulkhed, Tivhan Khurd, Takali Dharav and has been actively conducted Awareness camps, Sanitation Drives, COVID 19 Awareness through E messages and Voice Broadcasts, Food Distribution and Mask Distribution camps were organized by UBA, SSGMCE during this lockdown period.

We at UBA, SSGMCE is committed to work for society and to help the people living in the nearby area who are not well aware of the govt. schemes and policies. It is a continuous work for the upliftment of society and we are not leaving any stone unturned for this mission.

About Unnat Bharat Abhiyan

Unnat Bharat Abhiyan is a flagship program of MHRD, Govt. of India to uplift the citizen in our villages and in rural India. Presently, 70% of the population in India lives in rural areas engaged in an agrarian economy with agriculture and allied sector employing 51% of the total work-force but accounting for only 17% of the country's GDP. There are huge developmental disconnects between the rural and urban sectors such as inequity in health, education, incomes, and basic amenities as well as employment opportunities – all causing great discontent and large-scale migration to urban areas. To bridge the gap of urban and rural developmental differences and to uplift current rural India the Unnat Bharat Abhiyan of SSGMCE has collaborated with higher educational institutions of India such as SGBAU Amravati University for bringing the mainstream industrial knowledge among the common people of rural India. Unnat Bharat Abhiyan (UBA) is a much needed and highly challenging initiative in this direction.

Vision and Mission

Unnat Bharat Abhiyan is inspired by the vision of transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an Inclusive India.

The Mission of Unnat Bharat Abhiyan is to enable higher educational institutions to work with the people of rural India in identifying development challenges and evolving appropriate solutions for accelerating sustainable growth. It also aims to create a virtuous cycle between society and an inclusive academic system by providing knowledge and practices for emerging professions and to upgrade the capabilities of both the public and the private sectors in responding to the development needs of rural India.

Major Area of Intervention

In order to move towards the holistic development of the villages. There are two domains namely, human development and economic development, which need to be developed in an integrated way. The major of these two domains are given below

(a) Human Development

PLANTATION**

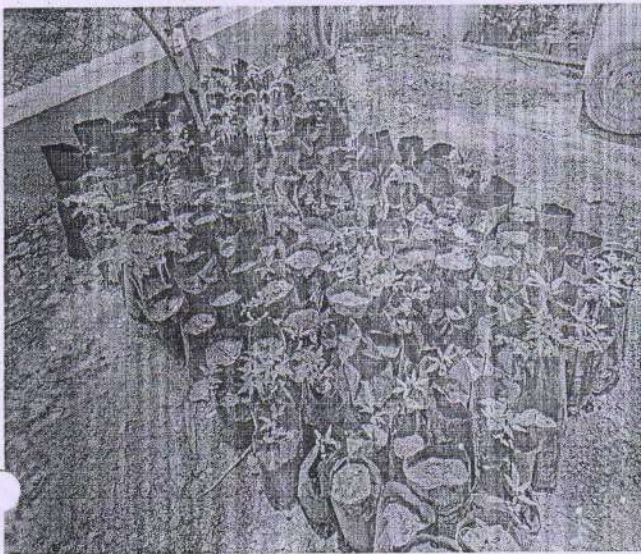

ACTIVITY REPORT

As foreseen the previous contributions made by UNNAT BHARAT ABHIYAN. The first year students from our college carried out a seed plantation programme. Approximately 30,000 seeds were collected by the students at SSGMCE, whereas 10000 seeds were planted in 1000 seed bags and 10000 seeds were utilized for making seed balls . These seed balls will be given out during the monsoon according to the suitable climatic conditions. The aim of our programme is to successfully plant more than 5000 trees this upcoming year. The students from our college hardly contributed directly into taking a step to ameliorate the problems that have been arising into the environment day by day. UNNAT BHARAT ABHIYAAN (UBA) is a much needed and highly challenging initiative in this direction. In this activity total number of 40 students participated. All students carried out this activity within the span of three days .Which was from 5th of June to 7th of June. 5 th June on the occasion of ENVIRONMENT DAY seed plantation program and seed balls were created. All students get guidance from Principal of SSGMCE Dr S.B.SOMANI SIR and UBA coordinator N.S.THAKARE sir. Our vision is inspired by the UNNAT BHARAT ABHIYAN'S vision of transformational change in the betterment of environment by leveraging knowledge institutions to help build better environment of an inclusive India.

Our mission is to enable higher education institution to work with our programme in identifying development challenges and involving appropriate solutions for accelerating sustainable growth. It also aims to create a virtuous cycle between society and inclusive academic system by providing knowledge and practices for emerging environment friendly activities and to upgrade the capabilities of community in responding to ecological growth

Our goals are, to build an understanding of the development agenda within institutes of a higher education and an institutional capacity level ante to stepping into betterment of environment. To forester a new dialogue within the larger community on science, society and the environment and to develop a sense of dignity and collective destiny

Report on Celebration of World Soil Day at SSGMCE, Shegaon

World Soil day was celebrated on 5th December, 2019 at adopted village Takali Dharav by Unnat Bharat Abhiyan of Shri Sant Gajanan Maharaj Collage of Engineering, Shegaon. The programme was successfully organized to create awareness about importance of soil health in sustaining agriculture and our lives. The main objective of the programme was to make the farmers of adopted village aware of the importance of healthy soil and to advocate for eco friendly soil management. Meanwhile, soil samples were collected from villages for analysis and preparation of Soil Health Cards (SHC). More than 114 farmers from various Unnat Bharat Abhiyan (UNB) villages were invited during the occasion. The chief guest of the function was Shri G.B.Giri, (Taluka Agriculture Officer) Shegaon. The farmers were distributed Soil Health Cards by the chief guest. The details in the SHC included general information of the farmers, soil nutrient status and recommendations related to application of various nutrients to various important crops grown in this region.

While delivering his Chief Guest speech, Shri. Giri explained about the importance of nutrients in soil and he had emphasized on soil testing and said that the farmers can get the knowledge on the available nutrient status of their soil and by which how much nutrients to be applied as per requirement only. He also emphasized that burning of crop residues and stubbles on the farm should not be practiced as it leads to killing of beneficial microorganisms from the soil making it sterile. He said that farmers should apply various nutrients to crops as per health card to avoid over or under use of nutrients. He appreciated this initiative of SSGMCE. Sau. Jyoti Thakare madam (Agriculture assistant) said that this Soil Health Card will act as a ready reference for farmers for application of nutrient and will help in sustaining the soil health in long run. She reiterated that micronutrients and fertilizers to be used judiciously and there is urgent need for farmer's awareness regarding soil health. She told that SSGMCE has adopted over 06 villages from Shegaon Block under Unnat Bharat Abhiyan scheme and selected farmers have been provided with soil health card of all villages. Other interested farmers may also approach SSGMCE to make Soil Health Cards. Shri Giri, Head, during his welcome address said that Soil Health Card is very useful and urged farmers to bring soil sample at SSGMCE to get cards. The programme was coordinated by Sau Jyoti Thakare madam and Shri D.K.Deshmukh and Prof N.S.Thakare proposed vote of thanks.
