About the Faculty Development Program

Internet of Things is the one of thrust areas of today's modern technology. IoT applications for Home Automation, Healthcare, Agriculture and Industry are rapidly developing. It is noted that 375 million IoT systems will get deployed for smart cities up to 2025. It is necessary to study design, development and implementation of IoT product that will help fulfill the India's ICT campaigns like Digital India, start-up India etc.

FDP Contents

- Internet of Things: Basics and Architecture
- IoT Product Life Cycle
- IoT Protocols and Communication Technologies
- Hardware Design Methodologies for IoT
- Low Power Sensing Techniques
- Hardware Standards
- Cloud Computing
- Data Management and Analytics
- IoT Device Enclosures and RFI/EMI Shielding
- IoT Product Testing and Certification
- IoT Implementation Case Studies in Agriculture, Healthcare and Home Automation
- Future Technologies for IoT
- Hands-on sessions will be conducted on PCB Board Design, Enclosure Design, Programming on IoT Development Board, Data Analytics and Visualization on Cloud Platforms and App Development

Online Platform: Microsoft Teams

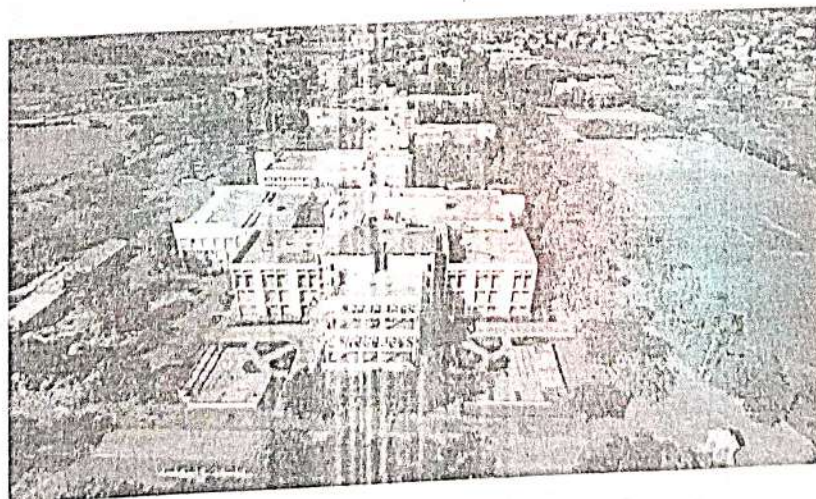

About SSGMCE Shegaon

Shri Sant Gajanan Maharaj College of Engineering, Shegaon (SSGMCE), one of the premier institutes in the field of engineering, was established in 1983 by Shri Gajanan Shikshan Sanstha, Shegaon. It is affiliated to Sant Gadge Baba Amravati University, Amravati, recognized by AICTE, New Delhi and approved by DTE, Maharashtra State, Mumbai. SSGMCE has the recognition of being the re accredited institute by NAAC, Bangalore and the courses are also accredited by NBA (4-5 times), AICTE, New Delhi.

The Institute offers 5 Undergraduate engineering courses and 5 Postgraduate courses. All the laboratories have been recognized as centers for Ph. D. program. It has excellent physical facilities in the form of residential and academic buildings spread over neat and clean 82 acres of campus. SSGMCE is considered as one of the best institutes in the region and holds the strength to be accountable for the content and quality of education.

About Department

The Department of Electronics and Telecommunication also established in 1983 has taken development as a continuous process and assured this through its mission. The department accredited fifth times by NBA. The department has all laboratories equipped with state of art - modern instruments and advanced software. All laboratories are recognized and approved as research laboratories for Ph.D. work by SGB Amravati University. The department has center of excellence in VLSI and DSP which is equipped with full suite of Cadence tools and Xilinx ISE. Embedded and Communication Labs are equipped with advanced microcontroller development boards, Spectrum Analyzer, Vector Network Analyzer. Our students' team won 2nd prize in Cadence Design Contest in 2019. The department has MoUs with various industries for internship, training, sponsored projects, placements and consultancy work.

FDP Report

A five day faculty development program on internet of things: Product design, development and implementation is organized by Department of Electronics and Telecommunication Engineering of Shri Sant Gajanan Maharaj College of Engineering, Shegaon during 2nd to 6th August 2021 through online mode on Microsoft Team platform.

In this FDP, scientist, industry persons, academicians were invited as expert speakers who are expert in agriculture and IoT domain. The experts like Dr. S. B. Deosarkar Professor, Dr. Babasaheb Ambedkar Technological University, Lonere, Dr. Bhausaheb Botre, Principal Scientist, CSIR, Central Electronics Engineering Research Institute (CEERI), Pilani, Mr. Santosh Sam Koshy Joint Director, Centre for Development of Advanced Computing (CDAC), Hyderabad, Mr. Abhijit Joshi, Sr. Vice President, Jain Irrigation Systems Ltd, Jalgaon, Mr. Arvind Mahapatra Director, Netwin Fintech Pvt Ltd Nashik, Mr. Manish Joshi, Sr. Manager, Sciencetech Technologies Pvt Ltd Indore, Mr. Anil Dhanghar, Cloud Product Manager, Rakuten Inc Japan, Mr. Vishal Autade, Engineer, Microficial Intelligence Pvt Ltd Pune, Dr. Pravin Wankhede Assistant Professor, E & TC Dept, SSGMCE, Shegaon, Mr. Pratik Baheti, Embedded Engineer, InventIndia Innovation Pvt. Ltd. Ahmedabad, HH Mahabhagvat Das Spiritual Teacher, ISCKON, Mumbai have delivered their sessions during FDP.

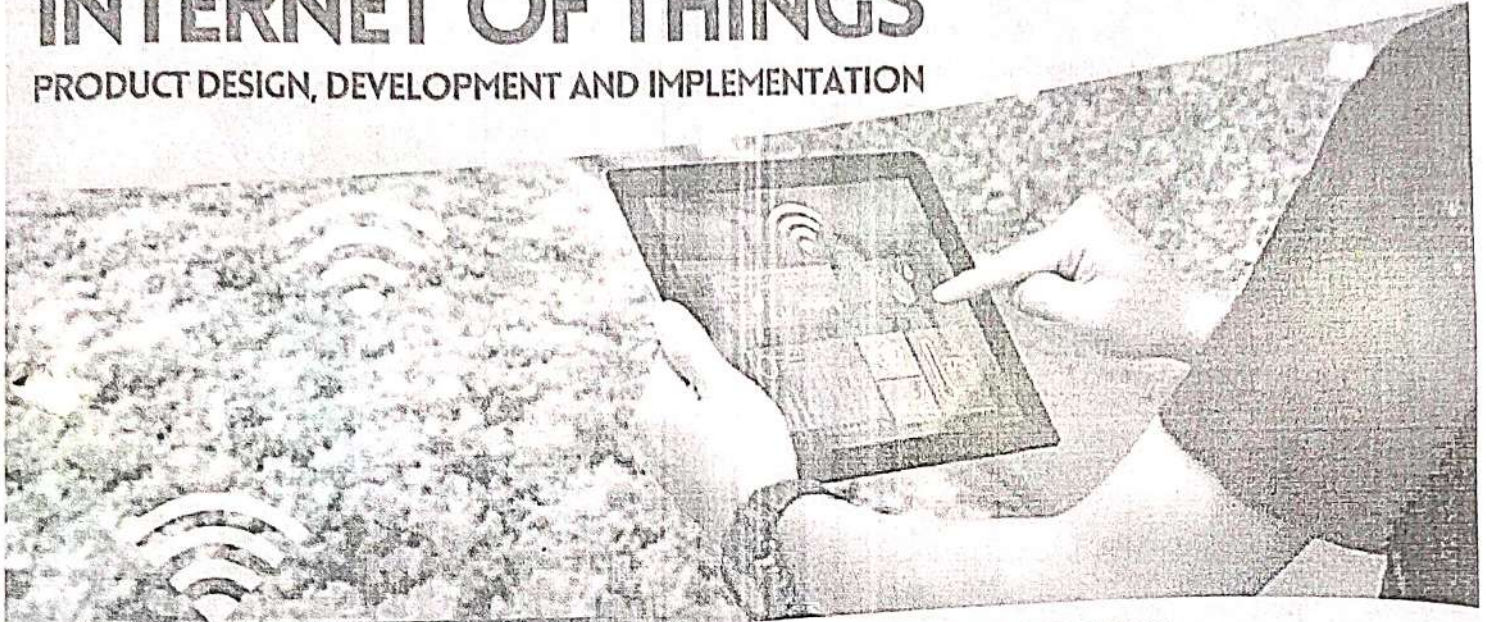

For this program, total 194 participants registered from across India. Out of this, total 107 participants successfully completed the FDP as per the ATAL FDP criteria. All participants actively participated in all sessions of FDP, test and feedback session. The FDP helped the participants to know insights of IoT, product life cycle and challenges, issues and methodologies for product design, development and implementation in real time.

A FIVE DAY ONLINE
FACULTY DEVELOPMENT PROGRAM ON

INTERNET OF THINGS

PRODUCT DESIGN, DEVELOPMENT AND IMPLEMENTATION

FDP COVERAGE

- Internet of Things: Basics and Architecture
- IoT Product Life Cycle
- IoT Protocols and Communication Technologies
- Hardware Design Methodologies for IoT
- Low Power Sensing Techniques
- Hardware Standards
- Hardware Selection Guide
- Cloud Computing, Data Management and Analytics
- IoT Device Enclosures and RFI/EMI Shielding
- IoT Product Testing and Certification
- IoT Implementation Case Studies in Agriculture and Home Automation
- Hands-on Sessions on Board Design, Programming, Cloud Storage and Mobile App Development

Certification

The certificates endorsed by ATAL academy shall be issued to those participants who will attend the FDP with minimum 80% attendance and score minimum 60% marks in the test and submit the online feedback on ATAL login.

Faculty Development Program- Summary Report

FDP Title: Faculty development program on Advanced Materials & Manufacturing for Industry 4.0

Date: 22-02-22 to 28-02-2022 (One Week)

Location: Shegaon (Virtual Mode)

Organizing Institute: SSGMCE ,Shegaon dist Buldhana. M.S.

Workshop Facilitators: ISTE Refresher program collaboration with AICTE, Delhi.

Number of Participants: 52

Workshop Objectives:

- Current and future scenario of manufacturing techniques for industry 4.0.
- Smart materials and Versatile technologies of fabrication like welding, smart manufacturing, Rapid prototyping for industry 4.0.
- Concepts of novel materials for industrial applications to academic innovation.
- Various types of virtual production ,Digital, Paperless shop floor systems ,twin factories.

Workshop Highlights:

Faculty development program on Advanced Materials & Manufacturing for Industry 4.0 has conducted under ISTE-AICTE refresher program government of India headed by Ministry of education. The program has inaugurated by AICTE technical director FDP, Dr. B Venkat and Dr. Vijay D Vaidya ,Chairpeson ISTE ,Delhi. On dated 22/02/22 durring morning session.

The next session has continued by Dr. Dhananjay A Jolhe, Professor VNIT Nagpur on introduction to Internet.of Things (IOT) and industry 4.0.

Workshop Title: Hands on Workshop on Internet of Things (IOT) and Robotics

Date: 29 Nov -04 Dec 2021

Location: Department of Mechanical Engineering, SSGMCE, Shegaon

Organizing Institute: IEI Mechanical Student Chapter Shri Sant Gajanan Maharaj College of Engineering, Shegaon

Workshop Facilitators: ARUNDHATI JADHAV and ADITI KHARDE, Muktagan Exploratory Science center, Pune

Number of Participants: 66

Workshop Objectives: To Provide the Hands on programming for Robotics and IoT enabled technology using Arduino

Workshop Highlights:

To aware of the Arduino and its application

To you aware of the embedded Language usage for IoT & Robotics

To develop the electronic circuit using Arduino and different input and output devices

To use the Arduino board for mechanical-electronic (Mechatronics) based project

Outcomes: Student got the awareness of the Arduino and its application

And can programme a embedded Language for IoT & Robotics.

The can develop the electronic circuit using Arduino and different input and output devices

And use the Arduino board for mechanical-electronic (Mechatronics) based project

Impact Analysis:

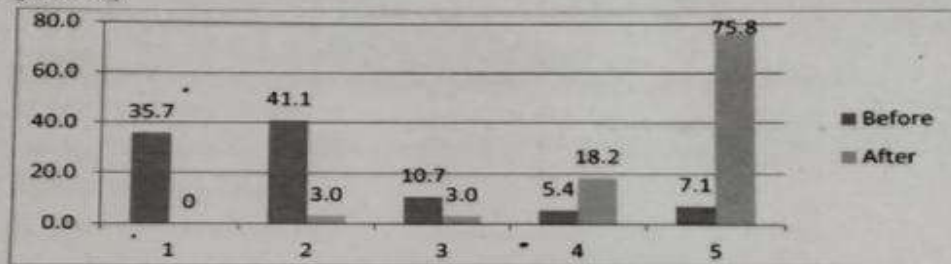

Impact Analysis of Hands on workshop- IoT and Robotics using Arduino 29 Nov -04 Dec 2021

- Impact analysis (on the scale 1 to 5, 1 being least and 5 being mostly following questions were assessed and impact analysis is carried)

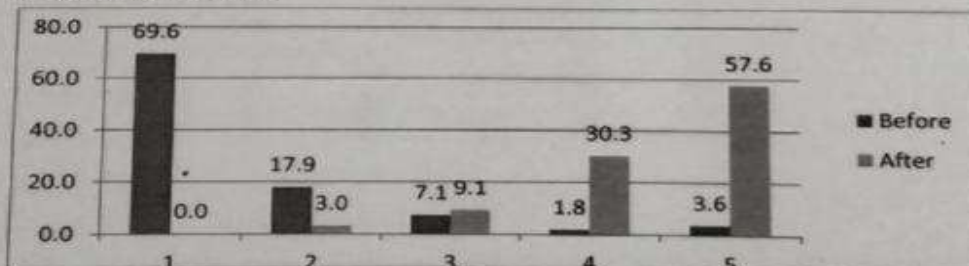

- a. Are you aware of the Arduino and its application (5.4% before changes to 72.7 % after gaining a 68%)

- b. Are you familiar with IoT and Robotics terms ? (Before 7.1 changes to 75.8 after workshop gaining 66.7 %)

- c. Are you aware of the embedded Language usage for IoT & Robotics ?(3.6 changes to 57.6 after workshop gaining 54%)

- d. Are you able to develop the electronic circuit using Arduino and different input and output devices ? (3.6 changes to 72.7 after workshop gaining 69.1)

Characteristics of Qualitative Research

The Analysis

- **Voice, perspective, and reflexivity** : the qualitative methodologist owns and is reflective about her or his own voice and perspective;
- a credible voice conveys authenticity and trustworthiness;
- complete objectivity being impossible and pure subjectivity undermining credibility,
- the researcher's focus reflects a balance between understanding and depicting the world authentically in all its complexity and of being self-analytical, politically aware, and reflexive in consciousness.

Dear Dr Juhi

Shri Sant Gajanan Maharaj College of Engineering is one of the most reputed Engineering institutes in Maharashtra India. We are renown for the excellent academics, research and value education in engineering.

We consistently arrange the programs for PhD scholars and faculties for their skill and qualification upgradation. This time we are arranging a Lecture Series on **"Qualitative Research Methods and Academic Writing"** during 12th-14th October 2021.

It gives us pleasure to invite you as a Guest Speaker to address our PhD Scholars and PhD aspirants in the lecture series. Your thoughts would enable our PhD Scholars and PhD aspirants to gain knowledge from your expertise and experience.

The date for the lecture series conducted by you will be on 13th October 2021 and the session will begin at 4:30 pm. It has been a practice to arrange such expert talks in the institute for 60 minutes followed by question-and-answer session.

Kindly communicate your acceptance. This will enable us to prepare for a successful lecture.

Anticipating a favorable reply from your end.

Thanking You

Your sincerely

Trinity Academy of Engineering, Pune

Dear Sir,

Shri Sant Gajanan Maharaj College of Engineering is one of the most reputed Engineering institutes in Maharashtra India. We are renown for the excellent academics, research and value education in engineering.

We consistently arrange the programs for PhD scholars and faculties for their skill and qualification upgradation. This time we are arranging a Lecture Series on "**Effective Utilization of Tools for Research and Publication**" from 1st to 3rd February 2022.

It gives us pleasure to invite you as a Guest Speaker to address our PhD Scholars, PhD aspirants and Faculties in the lecture series. Your thoughts would enable our PhD Scholars and PhD aspirants to gain knowledge from your expertise and experience.

The date for the lecture series conducted by you will be on 1st to 3rd February 2022 on topic "**Effective Utilization of Tools for Research and Publication**", the session will begin at **4:00 pm**. It has been a practice to arrange such expert talks in the institute for **90 minutes** followed by question-and-answer session.

Kindly communicate your acceptance. This will enable us to prepare for a successful lecture.

Anticipating a favorable reply from your end.

Thanking You

Your Sincerely,

Dr. Saurabh S. Jadhao
