Overview of the Program:

The National Education Day Celebration held on November 30, 2023, at Shri Sant Gajanan Maharaj College of Engineering, Shegaon, was a momentous occasion to pay homage to Maulana Abul Kalam Azad. Prof. D.L. Bhombe the respected Dean Academics of the institution, and Dr. A.S. Manekar, President of IIC, along with esteemed faculty members and students, gathered to commemorate the visionary leader and architect of India's education system.

The event opened by Prof. Ms. Pallavi Bute with a welcome address, acknowledging the presence of dignitaries and participants. The introductory remarks emphasized the significance of Maulana Azad's contributions to education and highlighted the importance of the National Education Day celebration as a tribute to his enduring legacy.

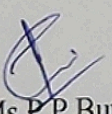

The event featured a Speech Competition, where students passionately shared their insights on the role of education in shaping the nation's destiny. The competition aimed to stimulate thoughtful discussions and inspire a commitment to knowledge and growth.

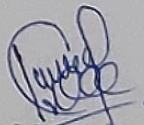

The heart of the celebration was the "Speak Your Mind" segment, where students expressed their views on education and its impact on India's progress. This platform facilitated a constructive dialogue, encouraging diverse perspectives and contributing to the ongoing discourse on the pivotal role of education. The students participated are from first year and second year from all branches.

The event concluded with a reflection on Maulana Azad's words, emphasizing the true purpose of education—to make minds, not just careers. The participants' speeches and the engaging dialogue throughout the event underscored the importance of continuous learning and the profound impact education has on individuals and society.

In the closing segment, a heartfelt vote of thanks was extended by Prof. Pallavi Bute to key individuals who contributed to the event's success. Dr. S.B. Somani, Principal and the college management were acknowledged for their unwavering support, along with Dr. A.S. Manekar for his guidance all faculty members received appreciation for their valuable contributions. Special mention was made of Mr. Konge for their meticulous arrangements.

The participants were commended for their intellect, passion, and articulation, which enriched the discourse on education. The event's success was attributed to the collective efforts of everyone involved, creating a memorable celebration of National Education Day.

Importance of Behavioural Skills

The SSGMCE auditorium buzzed with energy as Mr. Sumit Dey, a well-regarded professional, took the stage for an enlightening session. Prof. Sachin Bhagat extended a heartfelt welcome, honoring him with a memento and shawl as a gesture of esteem. The session began uniquely, with Mr. Dey involving students in an interactive discussion, setting an engaging tone for the rest of the session.

He transitioned smoothly into his presentation, introducing himself and sharing his journey in the professional world. He talked about his own enthusiasm for his work, which immediately connected with the audience.

The initial focus of the discussion centered on the widespread issue of employability challenges across the nation. The dialogue identified two primary factors contributing to this concern.

Firstly, there's a noticeable decline in the quality of education within colleges, which hampers students' readiness for the professional world. Secondly, the absence of effective communication skills and proficient body language has emerged as a significant obstacle, often rendering graduates ill-equipped to meet job market demands.

Offering a practical solution, he urged students to approach English not as a subject, but as a language. He emphasized that this mindset shift could ease communication fears and boost confidence. He went on to explain how our nervous system influences our body language, posture, and reactions, underlining its role in effective communication.

He shared a valuable insight about aptitude tests: they are designed to shortlist candidates, not necessarily measure true ability. He stressed the importance of dressing professionally and cultivating a formal demeanor. Throughout his talk, he emphasized the importance of developing personality and attitude, underpinned by effective communication and body language.

In conclusion, his session struck a chord with students, leaving a lasting impact. His approachable style, practical insights, and emphasis on holistic skill development provided a roadmap for students to navigate the complexities of employability. His talk, focusing on communication, aptitude, and technical skills, encouraged students to refine their personalities, attitudes, and readiness for a successful future.

Mr. Sumit Dey

Softskill Trainer,
Edufunda , Pune

Skill Development

Mr. Sachin Satpute, distinguished as the CEO & Director of Edu plus now in Pune, was welcomed virtually for the enlightening session. The event began with a warm expression of gratitude to the college, followed by sincere congratulations extended to the students for their astute choice of institution. As he introduced himself, Mr. Satpute provided insights into his extensive engagement in various training and activity spheres. He underscored the ever-increasing significance of hands-on skills in securing long-term success within a fiercely competitive global landscape. He reiterated that practical skills are not only vital for establishing successful careers but also essential for assuming leadership roles.

He emphasized the foundational importance of robust education and urged the students to embrace a holistic approach to their academic journey, including staying attuned to updates and advancements in their chosen fields. Introducing his organization, Edu Plus Now, he delved into the challenges that engineering graduates face in terms of employability. He exhorted the students to develop skills with genuine commitment, highlighting the need to transcend perfunctory engagement.

Diving into the expectations of the corporate world, he elaborated on the skills that are in high demand by companies. He expounded on the significance of soft skills, creative thinking, critical analysis, problem-solving acumen, interdisciplinary knowledge, technical proficiency, and innovative mindset. The paramount importance of effective communication, especially through strong English language skills, was underscored. He substantiated his discourse by offering real-world illustrations of the value of soft skills and also shared insights into essential research and development skills, particularly tailored for those new to the field.

Conclusively, Mr. Sachin Satpute's insightful session went beyond mere rhetoric, offering a comprehensive roadmap for engineering graduates to adeptly traverse the multifaceted professional landscape. His emphasis on interdisciplinary proficiency, technical prowess, and effective communication serves as a guiding beacon, empowering students to not only excel in their chosen careers but also to make substantial contributions in an ever-evolving realm of technology and innovation.

Mr. Sachin Satpute

Director & CEO,
Edu Plus Now, Pune

Yoga & Meditation

Student Orientation and Induction Program commenced with a session on Yoga / Meditation. All the newly admitted students reported to the Badminton Hall at 8.00am for Yoga / Meditation every day. The sessions were engaged by Dr. R. M. Kharate, Prof. K. R. Dudhe and Mrs. Sneha Gachake.

They elaborated the importance of Yoga and Meditation in life.

They said:

- Yoga improves flexibility & balance.
- It helps us to relax and reduce stress, anxiety, depression etc.
- It gives mental health, increases blood flow and boosts immunity.
- It increases heart rate.
- It makes us feel Better
- Meditation improves concentration.
- It improves efficiency, reduces emotional explosions, lowers blood pressure, and relaxes mind.
- It sharpens focus and boosts happiness.
- It generates optimism, self-esteem and confidence.

Yoga / Meditation sessions were planned every day during the program. All the students actively participated and performed Yoga & Meditation.

Sports & Aerobics

During the Student Orientation and Induction Program, sports and aerobics sessions were organized from 03:30 PM – 04:30 PM daily. The students had the opportunity to engage in a diverse range of athletic activities, encouraging teamwork, physical fitness, and fun. Under the guidance of Mr. G. L. Bayaskar sir, they explored a group of sports like football, basketball, volleyball, badminton and many more. These sporting events not only promoted healthy competition but also provided them with valuable lessons in strategy, sportsmanship, and the joy of physical activity.

On alternate days, they dug into stimulating aerobics sessions, led by Mr. Rahul Pahurkar sir. These sessions were marked by dynamic exercises, rhythmic movements, and a focus on cardiovascular strength.

One highlight of the program was the captivating dance choreography undertaken by him. His creativity shone through as he choreographed a Zumba dance, which was later performed by the talented group of girls on the cultural day. The performance was an evidence to the coordination of sports, fitness, and artistic expression, showcasing the multifaceted talents of the participants.

In conclusion, the combination of diverse sports, refreshing aerobics sessions, and the artistic touch made the sports and aerobics session a definite success. It not only enhanced their physical fitness but also brought the students together in a spirit of teamwork and healthy competition.

Lessons from the Battlefield for a Successful Life

The virtual event began by welcoming Maj. Gen. Neeraj Bali as the esteemed guest. He talked about hope as a dream rather than just a plan and stressed that aiming for adequacy might not be enough for success. The story of Jubin Matthew was shared – how he joined NDA at 17 and became a leader at 26, achieving remarkable success through dedication.

The guest discussed the difference between armed forces aspirants and the general public, highlighting that real transformation happens after entry. He explained the key aspects of this transformation: discipline, respect for rules, tackling tough tasks first, building good habits, and managing time well. The importance of strong desire for success was emphasized, backed by rigorous training.

A touching Kargil war story showcased the significance of preparation over luck. The path to a great future involved effective communication, interpersonal skills, teamwork, learning from others, and focusing on what truly matters.

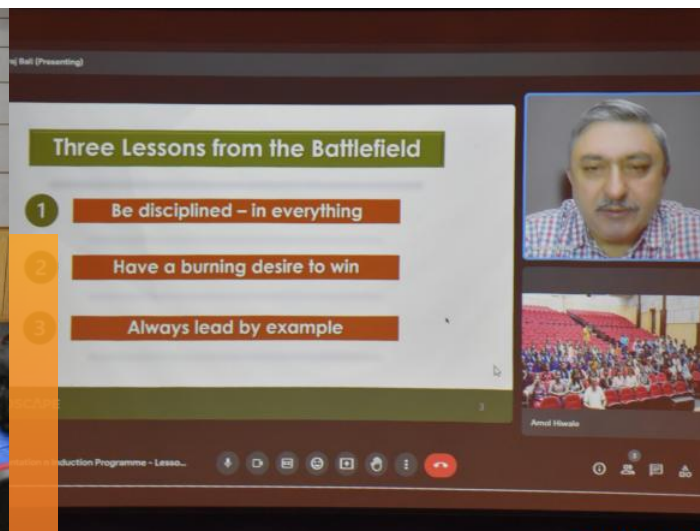

Illuminating the path to an exceptional future, the guest painted a vivid canvas, adorned with skills and attributes essential for success. Effective communication stood out as a cornerstone, intertwined with the finesse of honed interpersonal skills. The symphony of success resonated in the form of active listening and the seamless interplay of teamwork. Amidst the myriad distractions of life, the guest reminded the audience of the insignificance of most matters, urging them to focus on what truly counts. The hunger for learning from the best, an insatiable curiosity, was touted as an unending source of growth and evolution.

Leadership insights were shared – leaders should excel through effort and competence. Strategies to overcome anxiety were revealed, enabling individuals to shape their own stories. The session ended with a lively Q&A, promoting knowledge exchange and inspiration among the students.

As the session drew to a close, the virtual room buzzed with an electric energy. The interactive segment between the guest and the students transformed the event into a vibrant melting pot of ideas.

Maj. Gen. Neeraj Bali
Leadscape Advisor

Organizational Values

The session began with an introduction of our esteemed guest, Dr. Kalindi Bhat was welcomed by Prof. H. S. Patil, presenting her with memento and shawl as tokens of respect. The session was centered around an activity-based approach, fostering collaborative learning. The students were divided into groups corresponding to their respective branches, and each group was assigned a core value to explore and understand. The topics spanned a spectrum of disciplines.

- The Mechanical Engineering group explored the theme of accountability through a thought-provoking play that underscored the vital importance of taking responsibility for one's actions.
- The Electrical Engineering students employed a multimedia presentation to explain the concept of personal excellence. They dissected the various dimensions of personal excellence and its manifold benefits, delivering a comprehensive perspective.
- Turning to the field of Computer Science and Engineering, students delved into the realms of creativity and innovation. They efficiently illustrated how innovation simplifies lives and probed the essence of creativity, shedding light on its multiple advantages.
- The Information Technology representatives smartly explored innovation, emphasizing its association with inspiration and the honing of creativity through practice. This was supplemented by a compelling enactment.
- The MBA participants tackled the theme of holistic development from a management standpoint. Their presentation advocated for all-encompassing growth by considering spiritual, mental, social, emotional, and physical dimensions.
- The Electronics and Telecommunication Engineering group expounded on trustworthiness, emphasizing the necessity of self-trust before extending it to others. This theme was effectively conveyed through a well-executed enactment.

With the individual presentations concluded, Dr. Kalindi Bhat, brimming with satisfaction, took the stage to announce the victor. The Mechanical Engineering department emerged as the winner, their impactful play highlighting the concept of accountability.

Dr. Kalindi Bhat

Pune

Holistic Development

Dr. Uday Nawalekar, the Principal of Abasaheb Parvekar College, Yavatmal, was cordially welcomed by Dr. A. S. Tale, Head of the Applied Sciences and Humanities Department, who honored him with a memento and a shawl as tokens of respect. He initiated the session by expressing gratitude for the invitation and introduced the topic of holistic development.

To illustrate the concept of a machine, a short clip from the movie "3 Idiots" was played, which triggered a discussion on its definition. He engaged the students by asking them to describe a machine in their own words, highlighting the contrast between simple language and technical terminology. He then talked about taking care of our bodies and shared stories of how he overcame physical challenges.

He encouraged the students to think creatively and shared instances from the arts domain to highlight the widespread presence of mental creativity. He then pushed them to break conventional patterns of thinking by presenting a complex problem and urging them to propose imaginative solutions. This emphasized the idea that thinking outside the box is a powerful tool to solve practical problems in the real world.

Shifting to spiritual development, he initiated a discussion on belief in God. He shared his personal transformation from atheism to belief, offering his story as a lesson in learning from experiences. He emphasized the importance of selflessness by recounting the story of Nandan Nilekani and encouraged students to actively participate in acts of giving. Environmental consciousness emerged as another aspect of holistic development, highlighted through his experiences in Germany. He invoked Robert Frost's "The Road Not Taken" as inspiration, urging students to make a difference by taking unconventional paths.

He concluded by sharing anecdotes about the importance of money, employability in a global context, and personal growth. He ended the session by narrating a motivational story that left the students inspired and thoughtful about their own holistic development journey.

Dr. Uday Nawalekar
Principal,
Abasaheb Parvekar College, Yavatmal

Universal Human Values

Dr. Surendra Gole, Free Lancer Corporate HR Trainer from Nagpur, graced the session as the guest speaker. The event commenced with a warm welcome by Dr. J.M. Patil, the Head of the Computer Science and Engineering Department, by honouring him with a memento and a shawl as a token of respect. With the audience's attention captured, Dr. Gole initiated the session by inquiring about their feelings, creating an immediate sense of engagement.

The session focused on Universal Human Values. The speaker gave a comprehensive introduction and used a vivid example to show how values vary in different contexts. He compared liquor consumption on railways and roadways to show how values can be different on personal and societal levels.

He highlighted the role of culture and tradition in shaping values.

He distinguished confidence from arrogance and listed parameters of values: physical well-being, mental equilibrium, wealth, creativity, patriotism, professionalism, and adaptability. He used the example of waking up early in the morning to illustrate the concept. The discourse then expanded its scope to encompass various facets of life, encompassing career choices and life's purpose.

Also, he discussed Dharma using Mahabharata characters like Krishna, Duryodhana, and Arjuna. Krishna exemplified righteous duty, Duryodhana embodied selfish desires, and Arjuna's struggle highlighted the complexity of upholding Dharma amidst emotions. This showcased the link between values, choices, and outcomes, providing insights into ethical decisions.

Conclusively, his talk, rich with real-life examples and thought-provoking insights, left a lasting impression on the audience. His adept presentation of the shared Sanskrit verse further deepened the impact of his message. The session succeeded in prompting introspection among the students, encouraging them to contemplate the values they hold dear and the profound role these values play in shaping their personal and academic journey.

Dr. Surendra Gole
Freelancer Corporate HR Trainer,
Nagpur

Values in Education

Mr. E. V. Gireesh's orientation session seems to have left a significant impact on the students, emphasizing the importance of education, values, and personal development. The talk highlighted several key points:

1. **Education as a Key to Success:** He highlighted how education opens doors to opportunities, enhances critical thinking, and contributes to personal growth.
2. **Development of Minds and Citizenship:** Education was presented as a means to develop individuals' minds and make them better citizens. It fosters not only academic knowledge but also critical thinking, problem-solving, and a broader perspective on societal issues.
3. **Examples of Student Success:** By sharing real-life examples of his students, He illustrated how education has positively impacted their lives. These examples likely inspired the students by showing them that education can lead to tangible achievements and personal growth.
4. **Discipline and Punctuality:** Mr. Gireesh stressed the significance of being disciplined and punctual in both professional and personal aspects of life. These qualities were linked to success and respect for oneself and others.
5. **Moral Values:** The session also covered the importance of moral values in shaping one's character and making ethical decisions. These values, such as kindness, gratitude, and self-confidence, were presented as essential components of a fulfilling life.
6. **Self-Confidence and Gratitude:** Mr. Gireesh highlighted the importance of self-confidence as it empowers individuals to believe in themselves, take risks, and step out of their comfort zones. Gratitude was discussed as a way to focus on the positives in life and maintain an optimistic outlook.
7. **Facing Challenges:** The session ended on a motivating note, encouraging students to face challenges with a positive attitude and a smile. This advice aimed to show that maintaining a positive mindset can make challenges seem less daunting and more manageable.

Overall, Mr. E. V. Gireesh's session appears to have left the students motivated, inspired, and equipped with valuable insights into the role of education, values, and positive attitudes in achieving personal and professional success.

Mr. E. V. Gireesh

Corporate Trainer and Life Coach,
Thane

Orientation on German Language

A session led by Mr. Ambarish Chandrayan, expert in German language, commenced with a warm welcome by Mr. Toshal Narkhede, student coordinator, who honoured him with memento and shawl as tokens of respect. The discussion revolved around the essence of communication, with him exploring the significance and the relevance of foreign languages.

Drawing attention to corporate demands, he emphasized the value of developing secondary skills, highlighting foreign language proficiency as a common one. Stressing that the language of business is the customer's language, he pushed students to contemplate their motivations for pursuing engineering, revealing that practical skills correlate with the number of available educational institutions.

He navigated the conversation towards the prevailing competitive landscape across fields, directing attention to potential sectors that benefit from foreign language skills. Focusing specifically on German, he illuminated its comparative ease due to its phonetic nature, elucidating how its simplicity contrasted with languages like Japanese and French. Highlighting how German's grammar is influenced by Sanskrit, he underscored its suitability for Indians familiar with Hindi, English, and Marathi.

He assured students that learning German would not compromise their English proficiency and highlighted its significance as the second most used language in Science. He enumerated reasons to learn German, encompassing business, global career prospects, tourism, science, communication, arts, and more. He spotlighted opportunities in German companies, and possibilities to study/work in Germany, as well as exchange programs through the DAAD Scholarship.

In conclusion, his session effectively highlighted the practicality and benefits of learning German. His insights into the language's compatibility with Indian languages and its relevance in various fields underscored its value. The session encouraged students to consider the global perspective and potential opportunities that German proficiency can offer, making it a thought-provoking and informative experience.

Mr. Ambarish Chandrayan

Foreign Language Trainer,
YCCE, Nagpur

Orientation on Foreign Language (Japanese and French)

Mr. Nilkanth Wankhede, foreign language trainer, was welcomed by Mr. Atharva Kute, student coordinator presenting him with memento and shawl as tokens of respect. He is a renowned personality with an impressive proficiency in languages, including French, Japanese, German, and Pali. He began the presentation by providing insights into the field of language proficiency exams, highlighting IELTS (International English Language Testing System), TOEFL (Test of English as a Foreign Language), and TEFL (Teaching English as a Foreign Language).

The session began with a discussion on the Japanese language. The speaker noted that Marathi speakers can learn Japanese quickly and that there are many opportunities in translation and multinational corporations for those who speak Japanese.

The Japanese Language Proficiency Test (JLPT) is a key exam for mastering Japanese. There are 5 levels, from N5 to N1. The speaker cited examples of students who got jobs in Japanese companies after passing the JLPT. He also mentioned scholarships like MEXT, Honjo International Scholarship Foundation, and NIG Postdoctoral Fellowship, which can help students further their education.

Moreover, he underscored the wide-ranging benefits of acquiring proficiency in a foreign language, both personally and professionally. He explained the concept of Centers of Excellence (COE) and seamlessly transitioned to discussing the French language. He detailed the six levels of French proficiency, spanning from A1 to C2, and outlined the four modules of the French examination: Writing, Speaking, Listening, and Oral. The administration of the French exam in India was attributed to Alliance Française. Education is free in French-speaking countries, a valuable opportunity for students. The presentation included an interactive session to foster engagement and understanding.

In conclusion, his presentation provided valuable insights into the world of language proficiency exams, particularly focusing on Japanese and French. It highlighted the diverse opportunities available to language enthusiasts and the benefits of mastering a foreign language. The interactive session fostered engagement and deeper understanding among the students, making it an enriching experience for all.

Organized by MBA Department, S.S.G.M.C.E.,Shegaon.

Date: April 30, 2024

Venue: Seminar Hall, MBA Department

On April 30, 2024, under the Institution's Innovation Council (IIC), MBA Department organized a session on "Business Model Canvas" for MBA students in the Seminar Hall. The session was facilitated by Dr. S.M. Mishra, a renowned business strategist and academic, with coordination by Dr. W.Z. Suliya, the IIC Coordinator. The session was designed to provide students with a comprehensive understanding of the Business Model Canvas (BMC) and its practical applications in real-world business scenarios.

Introduction and Overview

Dr. S.M. Mishra began the session with a brief introduction to the concept of the Business Model Canvas. He explained that the BMC is a strategic management tool used to visualize and map out key elements of a business model. This includes components like customer segments, value propositions, channels, customer relationships, revenue streams, key resources, key activities, key partnerships, and cost structure. Dr. Mishra emphasized that understanding the BMC is crucial for business planning, startup development, and entrepreneurial ventures.

Group Activity: Creating Business Model Canvases

Following the introduction, Dr. Mishra engaged the students in a hands-on activity to create Business Model Canvases in groups. The participants were divided into teams of five, with each team receiving a large canvas and a set of markers. Dr. Mishra provided specific case studies and scenarios, challenging each group to create a business model that addressed the given challenges.

The activity encouraged collaboration and critical thinking as students worked together to identify customer needs, outline value propositions, and map out business strategies. Dr. Mishra and Dr. Suliya walked around the seminar hall, providing guidance, answering questions, and offering feedback to the groups. This interactive approach allowed students to apply the concepts they had learned and refine their business models based on feedback.

Presentation and Discussion

After the group activity, each team presented their Business Model Canvas to the rest of the class. The presentations included explanations of the key components, reasoning behind their business model, and a summary of the business concept. Dr. Mishra provided constructive feedback to each group, highlighting strengths and suggesting areas for improvement. This segment of the session allowed for further discussion and sharing of ideas among students.

Conclusion and Takeaways

The session concluded with a closing summary by Dr. Mishra, who reiterated the importance of the Business Model Canvas in business planning and development. He encouraged students to continue refining their business models and to use the canvas as a tool for innovation and entrepreneurship.

Dr. W.Z. Suliya thanked Dr. Mishra for his insightful presentation and the students for their active participation. The session proved to be an engaging and educational experience, providing MBA students with practical knowledge and skills for their future careers in business and management.

Overall, the session on "Business Model Canvas" was a success, fostering creativity, collaboration, and critical thinking among the participants. The IIC looks forward to organizing more such events to nurture innovation and entrepreneurship among students.

| Event Coordinator: | Dr.S.D Padiya Assistant Professor Information Technology Department |
| Target Participants: | SSGMCE III,IV Year Students |

Objective:**Objective of the Event**

- Equip participants with the essential web development skills required to build and manage their own entrepreneurial ventures.
- Provides an in depth understanding of modern web technologies, tools and frameworks through a combination of theory and hands on experiences.
- Foster practical knowledge in web development that align with current industry standards, making participants job ready or capable of starting their own projects.
- Encourage innovative thinking by providing the tools and knowledge necessary to design and develop unique web based solution.

Benefit in term of learning/skill/knowledge obtained:**Outcome of the Event**

- Participant will gain proficiency in web technologies to create functional and aesthetically pleasing websites.
- Participant will have clear understanding of how to leverage web development skills to create and grow a business online.
- The program will instill a problem solving mindset, enabling participants to address real world challenges through innovative web solution.

Overview of the Program:

The ACM SSGMCE Student Chapter, in collaboration with the Institution's Innovation Council (IIC), successfully organized a National Summer School on "Web Development for Entrepreneurs." The event was held from the 17th to the 21st of July 2024.

An inauguration of the session has been started by a warm welcome of Mr. Ketan Pachpande. Dr. S. B. Somani, Principal SSGMCE felicitated the speaker by offering bouquet as a token of respect. Dr. A. S. Manekar, President of IIC motivated students and ask participant to take maximum benefit for the improvement of their career.

The workshop aimed at helping participants unlock their potential in web development with a professional focus. The program was designed to equip aspiring entrepreneurs with essential web development skills, crucial for establishing and growing their ventures in the digital era.

The summer school was graced by the presence of Mr. Ketan Pachpande, a seasoned IT professional with over 15 years of experience. Mr. Pachpande holds a B. Tech (IT) from VJTI Mumbai and an M. Tech (IT) from IIT Kharagpur. His deep expertise in the field provided participants with invaluable insights into the latest trends and best practices in web development.

Program Highlights:

Interactive Sessions: The program featured interactive sessions focused on the practical aspects of web development, tailored specifically for entrepreneurial needs.

Hands-on Training: Participants were given hands-on training to develop their own web applications, ensuring they could apply the skills learned immediately.

Mentorship: Mr. Pachpande, along with other experts, provided personalized mentorship to guide participants through challenges and help them refine their projects.

Networking Opportunities: The event also facilitated networking among participants, enabling them to connect with like-minded peers and professionals in the industry.

The National Summer School on "Web Development for Entrepreneurs" was a resounding success, with participants gaining critical skills and knowledge to advance their entrepreneurial journeys. The event not only enhanced their technical expertise but also provided a platform for collaboration and innovation. The organizers look forward to hosting more such events in the future, continuing to foster a spirit of learning and entrepreneurship within the community.

Department of Electrical Engineering

Date: 12/09/2023

To,

The Principal,
SSGMCE Shegaon

Subject: Permission for organizing a Three-Day Workshop reg.

Respected Sir,

The Department of Electrical Engineering wishes to organize a Three-Day workshop entitled "AutoCAD-Electrical" for Third and Fourth Year Electrical Engineering Students.

The proposed workshop aims to provide basic AutoCAD skills to the students that will help them in their career.

The workshop fee is Rs. 1000 per student for a batch of 10 students, amounting to Rs. 10000. The total workshop fee is paid by the students.

The details of the workshop are as under –

Title – Three-Day workshop on "AutoCAD-Electrical"

Dates: 14th – 16th September 2023

I request you to kindly grant us the permission to conduct the stated workshop.

Thanking You.

Mr. M. R. Chavan
Workshop Co-ordinator.

EVENT REPORT

Four - Day workshop on "NI LabVIEW Graphical System Design"

Name of Resource Person: Mr. Prashanth Ekambe (Senior Simulation Engineer, Mew Technologies, Pune)

Target Group: B.E. Second Year Electrical Engineering Students

Duration of Workshop: 27th – 30th March 2024

Time: 09.30 AM to 05.45 PM

Venue: D5 Classroom, ASH Dept SSGMCE Shegaon

Organized by: IEI – Department of Electrical Engineering Students' Chapter, SSGMCE Shegaon

Number of Beneficiaries: 21

Program outcomes Addressed: PO1, PO2, PO3, PO4, PO5, PO9, PO10, PO12

STUDENT'S CHAPTER
Session 2023 - 24

Report of Engineer's Day Celebration

| | |
|--|--|
| Name of the Program: | Engineer's Day |
| Academic year | 2023-2024 |
| Program Theme | Achievements in Engineering |
| Date (DD/MM/YYYY) | 15/09/2023 |
| Duration of the activity (in hours) | 1 Hour |
| No. of Attendees (Student/Faculty/If any External participants) | 53 |
| Mode of session (online/offline) | Offline |
| Venue | Seminar Hall, ENTC Dept. |
| Faculty Advisor | Prof. H. B. Patil |
| Faculty Coordinator | Mrs. A.A. Deshmukh |
| Target Participants | All EXTC Students |
| Objectives | Objectives of this Program are: 1. The aim of this program is, to aware the students about the importance of their role as an engineer in this society. 2. To inspire students by showing them short biography on Sir Mokshagundam Visvesvaraya |
| Outcomes | The outcomes of this Workshop are: 1. Students get a brief idea and knowledge about how Sir M. Visvesvaraya works in the field of engineering and give his best for the betterment of mankind. 2. Students were very excited for creating their valuable existence in the society after the attending this program on the auspicious day. |

OVERVIEW OF THE PROGRAM

In accordance with the stated objective, the ISTE Student's Chapter of Shri Sant Gajanan Maharaj College of Engineering, Shegaon has successfully hosted a program on “Engineer’s Day” on 15th Sept. 2023, open to all the Students of EXTC Dept. Total 53 students enthusiastically attended the program.

ISTE Faculty Advisor, Prof. H.B. Patil Sir and Faculty Coordinator, Mrs. A.A. Deshmukh Mam welcomed **HOD EXTC Dept, Dr. M.N Tibdewal, ISTE Secretary, Dr.R.S.Dhekekar Sir and Dr. K. B Khandani** and requested them to inaugurate the program. **Mrs. A.A. Deshmukh Mam** served as the coordinator for this program. According to the schedule, the workshop comprised numerous activities over the duration of 1 hour.

The program begins with a short film based on the achievements and development of the nation in the Engineering field. Later, this program continued with the informative and inspirational speech by Dr. M.N Tibdewal, he concluded his speech by telling a short story on Sir M.Visvesvaraya. Further Dr. R.S. Dhekekar sir shared his thoughts and give a very good message to today’s generation. After this, the program is concluded by showing a short biography on Sir. M. Visvesvaraya. Ultimately, the event concluded successfully.

NOTICE

DATE: 15 / 09 / 2023

It feels like an immense pleasure to inform you that we are conducting the program on Engineer's Day for the students of Electronics and Telecommunication Engineering on date 15/09/2023. This program is crucial for celebrating engineering achievement and sharing knowledge within our department. So please remain present for the same.

Date: 15/09/2023

Time: 03:45 PM to 05:00 PM.

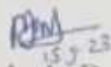

Venue: Seminar Hall EXTC Dept.

Note: Your attendance is mandatory for the program, and it will be taken into consideration.

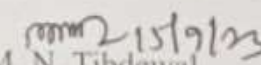

Regards,

Team ISTE

Student's Chapter

| Name of the Workshop: | LATEX Tool for Technical Writing |
| Academic year | 2023-2024 |
| Workshop Theme | Hands on Workshop on Latex Software |
| Date (DD/MM/YYYY) | 16/09/2023 & 17/09/2023 |
| Duration of the activity (in hours) | 12 Hours |
| No. of Participants (Student/Faculty/If any External participants) | 18 |
| Mode of session (online/offline) | Offline |
| Venue | Project Lab, ENTC Dept. |
| Faculty Advisor | Prof. H. B. Patil |
| Faculty Coordinator | Mrs. A.A. Deshmukh |
| Target Participants | All Students & Faculty |
| Objectives | Objectives of this Workshop are: 1. The aim of this workshop is to acquaint participants with the fundamentals of the LaTeX typesetting system. 2. It seeks to instruct participants on the process of creating journal articles utilizing LaTeX templates. |
| Outcomes | The outcomes of this Workshop are: 1. Students will develop the skill to create conference and research papers using LaTeX software. 2. Students will gain proficiency in generating project reports through the utilization of LaTeX software. 3. Students will be able to craft PowerPoint presentations using LaTeX software. |

OVERVIEW OF THE PROGRAM

In accordance with the stated objective, the ISTE Student's Chapter of Shri Sant Gajanan Maharaj College of Engineering, Shegaon has successfully hosted a Hands on Workshop on “LATEX Tool for Technical Writing” on 16th& 17thSept. 2023, open to all the Students and Faculty Members. Total 18 students enthusiastically participated in this workshop. Faculty Advisor, Prof. H.B. Patil Sir and Faculty Coordinator, Mrs. A.A. Deshmukh Mam given the note of the program and motivated students to participate in future events. According to the schedule, the workshop comprised numerous activities over the course of two days, totaling 12 hours of hands-on learning experience. Ultimately, the event concluded successfully.

Schedule of the Event:

| Time Days | 11 am to 12 pm | 12 pm to 1 pm | 1 pm to 1:30 pm | 1:30 pm to 3 pm | 3 pm to 5:30 pm |
|-----------------------|----------------------------------|---|-----------------|---|-------------------------------------|
| Day 1 (02/09/2023) | 1. Introduction and Installation | 1. Essential of a Latex file, Creation of first file and Compilation. 2. Structure of a research paper | Lunch Break | 1. Creating Tables 2. Inserting Figures. | 1. Writing Mathematical Expressions |
| Day 2 (03/09/2023) | 1. Starting a Research Paper | 1. Managing Bibliography | Lunch Break | 1. Writing Thesis. | 1. Plagiarism checking: Turnitin |

Overview of the program:

IEEE Students' Branch has hosted a "Chasing Calsi" workshop organized by the Student Activities Committee on 09th September 2023 for first year students. total of 84 students actively participated in the mention workshop.

On 09-September 2023, Dr. S.B. Somani, Principal of SSGMCE Shegaon, graced the session as the guest speaker. The event commenced with a warm welcome by Dr. P. R. Wankhede, by honouring him with a flower. Then a warm welcome for Dr. P. R. Wankhede was done by Mr. V. K. Bhangdiya, by honoring him with a flower and Mr. V. K. Bhangdiya was honored by chairperson of IEEE sub branch. With the stage set, Dr. S. B. Somani address commenced with a motivating tone, aimed at steering the students towards their upcoming engineering journey.

Emphasizing the symbiotic relationship between progress and a strong engineering foundation, he provided a threefold framework for innovative idea development: hyper-personalizing, innovation, and operability. These principles encapsulated personal growth strategies. Concluding on a metaphorical note, he likened students to butterflies, urging them to extract wisdom and experiences like nectar, which could then be transformed into valuable contributions.

His wise advice on presenting oneself as a key facet of successful leadership echoed the timeless principle that first impressions matter significantly. With a paternalistic tone, he advised students to introspect their potential, adopt a minimalist lifestyle, and actively avoid negative influences, all of which he deemed crucial for emerging as confident winners in both professional and personal spheres. He affirmed that engineers possess a wealth of skills, including effective problem-solving abilities and versatile skill sets. He emphasized that engineers play a vital role as innovators, shaping the future with their creations. The proceedings began with a respectful mention of Shri Sant Gajanan Maharaj.

After that, the workshop started by the introduction of the event by Mr. V. K. Bhangdiya. There were a total of 86 participants from the first year who benefited from this workshop. The participants are able to understand the basics of a scientific calculator. Then the concepts and all other things were taught by Aseer Ahmed. After that, some practices were done by participants. Other co-ordinates helped participants who had some queries and had been solved. Refreshment

was provided. Then the feedback session started. Some feedback was taken from participants. The student participants showed their interest and active participation in the workshop and appreciated the management for holding such an amazing event. The vote of thanks has been delivered.

As the workshop session concluded, the participants were left with a profound sense of purpose and a renewed outlook on their potential as future engineers with the new skill.

Mr. V. K. Bhangdiya
IEEE, Branch Counselor

Notice

Date: 7th Sep 2023

To
The Principal,
SSGMCE, Shegaon.

Through: HOD, EXTC

Sub: Permission for organizing "Chasing Calsi Workshop" for first year students on 9th Sep. 2023.

Respected Sir,

IEEE student branch planning to organizing "Chasing Calsi Workshop" for first year students on Saturday 9th September 2023. In this workshop student will be able to learn the fundamentals of scientific calculator and its use in Engineering.

It is our humble request you please permit for the same.

Fees: Rs.30/Student

Tentative Venue: Old Auditorium

Thanking you.

Kartik Shingade.
Chairperson
SB, IEEE

Prof. Vikas Bhangdiya
Branch Counsellor
SB, IEEE

*TO Hon Principal Sir
for your kind permission please.

Overview of the program:

ComSoc IEEE SB SSGMCE, IEEE WIE SB SSGMCE & IEEE SB SSGMCE jointly with IEEE One Day Workshop on Microstrip Patch Antenna and Wearable Microstrip Antenna: Development and Applications & IEEE ComSoc Awareness Program on 06th October 2023. Totals 68 students actively participated in the mention workshop.

On 06th October 2023 Dr. Jayant Joshi and Dr. Shashikant Patil graced the session as the guest speaker. The event commenced with deep prajwalan followed by honouring Dr. Jayant Joshi sir with a memento and a shawl as a token of respect. Later a welcome note was given by Dr. S. B. Somani followed by introductory remarks by Dr. M. N. Tibdewal sir. Mr. V. K. Bhangadiya and Mrs. K. S. Vyas introduced IEEE SB and speakers of session respectively.

After that Speaker was handed over with the following sessions as mentioned in schedule on topics microstrip path antenna and wearable antenna.

Followed by handson session a online session was conducted by Dr Shashikant Patil Sir .He also share his valuable thought on Awareness about comsoc.

Later the program was conducted with vote of thanks and certificate distribution.

Mrs K. S. Vyas

Schedule

| Sr No | Event | Time |
|-------|---|----------------------|
| 1 | Registration and Tea | 9 am to 9.30 am |
| 2 | Inauguration | 9.30 am to 10.00 am |
| 3 | Session I : Basics of Microstrip Patch Antenna (MPA): Fundamentals, Design, Development, Types and Applications | 10.30 am to 11.30 am |
| 4 | Session II : Metamaterial Antennas: Concepts, Design and Development of metamaterial based MPAs, Equivalent Circuit Analysis | 11.30 am to 1.00 pm |
| 5 | Lunch Break | 1.00 pm to 2.00 pm |
| 6 | Session III : Wearable (Cloth/Textile) MPSs: Concepts, Design and Development of wearable MPAs, Substrate selection, bending effects, Equivalent Circuit Analysis | 2.00 pm to 3.30 pm |
| 7 | Teas | 3.30 pm to 3.45 pm |
| 8 | Session IV : Hands-on Session on Testing | 3.45 pm to 4.45 pm |
| 9 | Session V: Awareness on Communication Society | 4.45 pm to 5.45 pm |
| 10 | Valedictory | 5.45 pm to 6.15 pm |

Overview of the program:

The "IOT, GRSS Tracking, and Data Logging for Geoscience and Remote Sensing Workshop" organized by the IEEE Student Branch at SSGMCE represents a forward-looking initiative in the realm of geoinformatics. Commencing on November 30 and concluding on December 2, 2023, this three-day workshop holds the promise of unveiling the intricate interplay between geoscience, remote sensing, and the transformative capabilities of Internet of Things (IoT) technologies. As an offline event hosted at the EXTC Seminar Hall, the workshop is poised to host 41 students eager to delve into the technological convergence that underlies modern advancements in geospatial data acquisition and analysis.

At the helm of this learning journey are distinguished resource persons, including Dr. Gulab Singh from IIT Bombay, Dr. Manish Bhaiyya, and Dr. Prakash Revetkar. Their expertise underscores the depth and relevance of the workshop's content, offering participants

a unique opportunity to glean insights from leaders in the field. The event is steered by Mr. K. T. Kahar, an Assistant Professor in the Electronics and Telecommunication Engg. Department, who brings his wealth of knowledge to guide the first and second-year students through this educational odyssey.

The workshop's objectives are multifaceted, seeking to enrich participants' understanding of sensors and programming skills through immersive hands-on sessions. Additionally, a focal point is the exploration of Arduino functionalities, emphasizing efficient data analysis, and the integration of GPS modules with data logging capabilities. These objectives align seamlessly with the broader aim of the workshop — to empower participants with practical skills and a nuanced understanding of the technological landscapes shaping geoscience and remote sensing.

The carefully curated schedule spans three days, with each day addressing specific facets of the workshop's theme. Day 1 provides foundational knowledge on Arduino basics, software, codes, and introduces participants to the versatile Raspberry Pi. Day 2 builds on this foundation by exploring Arduino sensors, application modules, and facilitating hands-on coding and connection exercises. The final day, Day 3, delves into advanced topics such as NMEA, GPS, data logging, and the three-dimensional mapping of data, ensuring a comprehensive exploration of the subject matter.

In summary, the "IOT, GRSS Tracking, and Data Logging for Geoscience and Remote Sensing Workshop" promises to be an enriching and transformative experience for participants, bridging the gap between theory and practical application in the dynamic fields of geoinformatics and IoT. Through a blend of expert guidance, hands-on activities, and collaborative discussions, the workshop is poised to equip students with valuable skills and insights that will shape their journey in the evolving landscape of geospatial technology.

Overview of the program:

IEEE Student Branch SSGMCE, Shegaon has organized Robotics Workshop on 20th 21st & 22nd October 2023. Totals 74 students actively participated in the mention workshop.

On 06th October 2023 Mr. Shrikant Shitre graced the session as the guest speaker. The event commenced with a warm welcome by Dr. M.N. Tibdewal sir (HOD of Electronic and Telecommunication) honoring Mr. Shrikant Shitre .After that he start to Talk about Robotics. The workshop.

Key topics include session on aero modeling, 3D printing, basic robotics, artificial intelligence, UAV drones and VFX and media presentation. Participants provide positive feedback and expressing how they could apply the knowledge in real-life scenarios.

He gives various information about Robotics to the Student. He also gives practical demo on robotics. The Robotics Workshop was a resounding success, providing participants with a solid foundation in robotics and practical experience in designing and controlling robots. The event fostered collaboration and learning, and the knowledge gained will undoubtedly have a lasting impact on the participants' careers and interests in robotics.

We extend our gratitude to the sponsors who supported this workshop and the dedicated instructors who made it possible. We also thank the participants for their active involvement and enthusiasm. The workshop successfully provided a comprehensive introduction to robotics, emphasizing hands-on learning and collaboration.

The workshop concluded with a discussion of the future of robotics, including the potential for robotics in various industries, such as healthcare, manufacturing, and agriculture. Participants exchanged ideas on emerging trends and areas for further exploration.

Overview of the program:

IEEE (WIE), SSGMCE, Shegaon had organized a STEM, IEEE event for the students of class 8th on 21st July 2023. There are a total of 25 students who had actively participated in this event.

Team IEEE along with the branch councillor, faculty advisor and HOD of EXTC department, SSGMCE, Shegaon visited SSGM English school. The event took place under the guidance of Dr. S. B. Somani (Principal, SSGMCE), Dr. M. N. Tibdewal (HOD, EXTC), Prof. K. S. Vyas (Thanvi) (Faculty Advisor, WIE, IEEE), Prof. Pravin Wankhede (Branch Counselor, IEEE).

The students of SSGM English School were invited to be a part of the STEM event. Team IEEE was invited and guided to the Tinkering Lab for the inauguration ceremony.

The event started by the inauguration ceremony in which all the dignitaries present, lit the lamp and worshipped Gajanan Maharaj. After the inauguration ceremony, Dr. M.N. Tibdewal, HOD, EXTC department, SSGMCE motivated the students with his speech and also provided information regarding the field of electronics. Furthermore, Dr. P.R.Wankhede & Mrs.Vyas, faculty member of IEEE, inspired the students of SSGM English School with their inspirational speech. Moreover, Dr. P.R. Wankhede, Branch Councillor, IEEE, SSGMCE guided the students with the career opportunities in electronics field. Keeping the session interactive, Dr. Wankhede asked the students about their interests and future plans.

After phase 1 of the event, the students were given a short break for refreshment. Then after the workshop was further continued by giving students the knowledge of Microbit (Hardware & Software). The students learned with fun how to make shapes on a microbit.

Dr. Wankhede gave a brief introduction about the Hardware & Software, its's use and working. The students enthusiastically learned the different operations of Microbit (Hardware & Software). They themselves performed various operations. Prof. K.S. Vyas (Thanvi) and team IEEE helped the students facing any difficulty with the software. Moreover, kits were provided to students to see the practical working of the Microbit (Hardware & software). In this way phase

2 of fun & learning came to an end. The students were delighted to learn new things and gave a positive feedback and requested to attend more such events in future.

Subject: Permission to organize "STEM workshop for school students"

Respected Sir,
With reference to above subject, we the undersigned are desirous to organize "STEM workshop" for school students on 21st July 2023 under IEEE-WIE and IEEE Students Branch for the benefit of school students. Under the workshop we will be imparting knowledge along with hands-on training on microbits and communication to around 30 students of SSGM English Convent at tinkering lab (Convent premise).

We kindly seek your permission.

Registration Fees: No fees

Thanking you,

Mrs. K. S. Vyas

Overview of the program:

IEEE Women in Engineering, SSGMCE, Shegaon had organized STEM, IEEE event for the students of class 8th on 04th August 2023. Total 25 students actively participated in the mentioned event.

The eighth-grade students were treated to a wonderful and instructive department visit at the Shri Sant Gajanan Maharaj College of Engineering in Shegaon. The event took place under the guidance of Dr. S. B. Somani (Principal, SSGMCE), Dr. M. N. Tibdewal (HOD, EXTC), Prof. K. S. Vyas (Thanvi) (Faculty Advisor, WIE, IEEE), Prof. Pravin Wankhede (Branch Councillor, IEEE).

The students of Navodaya School were invited to be a part of the STEM event. 25 students along with two faculty members of Navodaya School reached SSGMCE at 10.50am. Team IEEE invited and guided them to the Seminar Hall for the inauguration ceremony.

The event started by the inauguration ceremony in which all the dignitaries present lighted the lamp and worshipped Gajanan Maharaj. After the inauguration ceremony, Dr. M.N. Tibdewal, HOD, EXTC department, SSGMCE motivated the students with his speech and also provided information regarding the field of electronics. Furthermore Mr.Wankhade Sir & Mrs.Vyas ma'am, faculty member, Navodaya School, inspired the young minds with his inspirational speech. Moreover, Dr. P.R. Wankhede, Branch Councillor, IEEE, SSGMCE guided the students with the career opportunities in electronics field. Keeping the session interactive, Dr. Wankhede asked the students about their interests and future plans.

After phase 1 of the event, the students were given a short break for refreshment. The students were thereafter taken for a departmental visit where they explored the different labs of EXTC department of SSGMCE. The students were excited to see all the different machines and posters available in the lab. The last lab to visit was Communication Lab where the students were divided in a group of 5 students each for learning Microbit (software& hardware).

Dr. Wankhede gave a brief introduction about the software, it's use and working. The students enthusiastically learned the different operations of Microbit software. They themselves performed various operations. Prof. K.S. Vyas (Thanvi) and team IEEE helped the students facing any difficulty with the software. Moreover, kits were provided to students to see the practical work of the Microbit software. In this way, phase 2 of fun & learn came to an end. The

students were delighted to learn new things and gave a positive feedback and requested to take more such events in future.

Department Of Electronics And Telecommunication Engineering

Activity Report

2023-24

Name Of Event: - Orientation Program

Date Of Event: - 25 August 2023

Location Of Event: - EXTC Seminar

HallNumber Of People Attending: -

80

Conducting Committee: -Electronics Student And Staff Association (ESSA)

Objective Of The Program: - The program aims to let the students know about their department and the opportunities they can avail in the future in their field.

An orientation program was held for 1st year electronics engineering students of Shri Sant Gajanan Maharaj College of Engineering, Shegaon. It was conducted by the Electronics Students and Staff Association (ESSA) of SSGMCE.

The event was started under the guidance Of Dr. S.B. Somani sir (principal), Dr. M.N. Tibdewalsir (HOD, EXTC), and Prof. K.S. Vyas ma'am (faculty advisor, EXTC). All the faculty of the Electronics And Telecommunication Department were present at the event. The event started at 11.00 a.m. with the National Anthem followed by aanapan. Then starting with the welcome speech by Mrunal Ma'am (vice chairperson of team ESSA). Next Prof S.G.Nemane Sir gives his speech about the various subjects they will have from the 3rd to 8th semester. Sir introduced departmental strengths, departmental laboratories, department activities, expertise in the department, and career opportunities offered by the EXTC department. Anchoring was done by Mrunal Ma'am (vice chairperson of team ESSA). Later Prof. S.P.Badar Sir gave us some valuable information about career development, and placement, placement statistics, higher education, entrepreneurship, industry exposure, internship records, industry-sponsored projects, etc.

After that respected Dr.M.N.Tibdewal sir addressed the gathering with his valuable words. Sir explained to us the importance of the electronics and telecommunication branch. Guided the students for the future. And sir told the students how to prepare for placement and upcoming study-related problems faced by students. And electronics and telecommunication department has 8 well-maintained labs and 4 large classrooms with projectors. And 1 seminar hall. And department is blessed with well-educated and experienced faculty and staff. Prof.

K.S. Vyas Ma'am gave her speech on the student chapter, ESSA, and Pursuit. Next Prof. V.N.Bhonge Sir and later followed by Prof. K.T.Kahar gave their speech about the overview of the department, placement, and some achievements. Mrunal Patil concluded with a

vote of thanks. At 12.30 p.m. students were taken for a lab visit where all the laboratories in the department are well equipped to run the program-specific curriculum prescribed by the university. The event ended at 5.00 p.m.

Outcomes:

The orientation program was really helpful for the students. They got to know about the different departmental labs and the kinds of activities that are conducted here. It was interesting to learn about the future opportunities that they can avail in this department as well. Overall, it was an informative session that gave them a better idea of what to expect from this program.

Program Title : First Year Orientation program outcomes

Date: 24-August 2023

1. After attending the Visit , students will have a comprehensive understanding of the various departmental labs, libraries, and facilities available for their academic and research needs.
2. Visit participants will leave with a clearer insight into the diverse career opportunities within the field of electronics
3. Students will have the opportunity to engage in hands-on activities or demonstrations in the departmental labs, which will provide them with practical exposure to electronics concepts and equipment.
4. The Visit aims to inspire and motivate students by showcasing the exciting and evolving nature of electronics, encouraging them to pursue excellence in their studies and future careers.

Overview of the program:

ESSA Student Branch SSGMCE, Shegaon has organized 'Secret of Canva 2.0' Workshop for first year and second year students on 08th October 2023. Total 29 students actively participated in the mention workshop.

We Team ESSA in association with IEEE WIE and IEEE Comsoc organized this workshop to train the beginners who want to design graphics the right way. The timing for the workshop is 9am to 12pm on Sunday(8 oct).It being resource by Prasad Deshmukh, Niharika Dagaonkar and Shreya Dharmale with coordinator from ESSA Team which is being guided by our faculty advisor Prof. K. S. Vyas. As the introductory session over, the workshop started to deliver the task and details for Canva tools execution. The session is being so interactive and knowledgable by taking review, Q&A from them. Their is tea break in between session and being coordinated with great manner by team. The details of Canva is delivered, Diwali poster and professional poster is made by the participant.

After making posters, the PPT slideshow videos are made by them and not only made but also implement it on their profile. They also done with Resume making session by implementing the skills they grab during session, for making resume and CV, the necessary awareness and attention given on it. After delivery of resource person, the Q&A session is done, more interactively and confidently juniors were participated in it and enjoy a lot by grabbing their knowledge and experience in SECRET OF CANVA 2.0 session/Workshop.

As the session concluded, the audience was left with a profound sense of purpose and a renewed outlook on their potential as future entrepreneurs. His journey illuminated the path, guiding them towards recognizing opportunities, honing skills, and embracing the spirit of innovation.

Overview of the Event:

IEEE Student Branch & ESSA SSGMCE, Shegaon has organized Electrofiestia Event, Pursuit on 15th March 2024. 18 students actively participated in the mentioned event.

The Electrofiestia Event conducted during the Pursuit aimed to enhance participants in fun and educational tech-themed activities while promoting teamwork, problem solving and technical skills. The event covers diverse topics such as

Round 1: Buzzer Round - Format Participants buzz in to unscramble words and identify images. Objective: Test quick thinking, visual recognition, and teamwork. Points: Awarded for correct answers. Round 2: Debug the Circuit Format: Participants troubleshoot electronic circuits. Objective: Test problem-solving, electronics knowledge, and collaboration. Awarded for successful debugging.

Also, Sessions-1 was designed to provide both theoretical knowledge and practical insights on Unscramble Words and identify images to press the buzzer for points Session-2 in Debug of circuit Tech wizards, roll up your sleeves to debug a circuit. brush up on electronic components and circuit names.

Participant feedback highlighted increased awareness of quick thinking, teamwork, test problem solving, electronics knowledge and collaboration. The interactive nature of the event fostered a positive learning environment, and many expressed interests in exploring further opportunities in future.

The Electrofiestia Event successfully achieved its goal of educating participants on the significance of interactive learning and teamwork.

This report summarizes the key aspects of the Electrofiestia Event providing an engaging platform for participants to develop electronic knowledge, fostering collaboration and creativity. Despite any initial confusion, attendees benefited from informative sessions and communication and organization will enhance the event effectiveness in future scope.

Overview of the program:

"Lagan Se Gagan" on Women's Day was an empowering event that aimed to inspire women to reach for the stars and break barriers which is held at the Swadhaya Kaksha of SSGMCE Shegaon. The event brought together women from various walks of life to commemorate International Women's Day. Throughout the day, attendees were treated to inspiring keynote addresses from notable speaker Mrs. Rupal V. Mohota who is Mrs. India Universe Actress and Singer shared their journeys of overcoming challenges and achieving success. Engaging panel discussions delved into important topics such as entrepreneurship, leadership, and challenging gender stereotypes, sparking insightful conversations among participants.

Interactive event provided valuable opportunities for skill-building and personal development, empowering women with the tools they need to thrive in their endeavors. The event also celebrated the remarkable achievements of women across different fields, serving as a source of inspiration for all. Networking sessions facilitated meaningful connections and collaborations, fostering a supportive community of women empowering women. Cultural performances added vibrancy to the event, celebrating the diversity and creativity of women from various backgrounds. As the event concluded, attendees were energized and motivated to continue championing gender equality and supporting one another on their journey to success.

This report summarizes "Lagan Se Gagan" on Women's Day was a powerful celebration of women's achievements and empowerment. Through inspiring speeches, insightful discussions, and meaningful connections, the event energized attendees to pursue their dreams and champion gender equality. It served as a reminder of the strength and unity found in women supporting one another, leaving a lasting impact on all who participated.

Overview of the program:

IEEE Student Branch SSGMCE, Shegaon has organized Automation Awareness Event on 24th January 2023. Total 106 students actively participated in the mentioned event.

The Automation Awareness event conducted during the NSS camp aimed to enhance participants' understanding of automation technologies and their societal impact. The event covers diverse topics such as Introduction to Automation, Robotic Car, and Rc plane. Also, awareness about computers, laptops and smart phones. Sessions were designed to provide both theoretical knowledge and practical insights into automation tools.

Participant feedback highlighted increased awareness of automation's role in various sectors. The interactive nature of the event fostered a positive learning environment, and many expressed interests in exploring further opportunities in automation.

The Automation Awareness event successfully achieved its goal of educating NSS camp participants on the significance of automation. Insights gained from the event will contribute to the participants' holistic development and prepare them for the evolving technological landscape.

This report summarizes the key aspects of the Automation Awareness Event, reflecting its impact on participants and paving the way for future endeavors in technology education within the NSS camp.

Outcomes of this event are following <p>After completion of this training program participant are able to</p> <ul style="list-style-type: none">Promotes strong and healthy bones.Helps control life's physical and emotional stresses.Aids in the natural way of losing weight and keeping it off.Provides significant protection from heart disease.Promotes better and more effective sleep. |

Overview of the training program:

ESSA Student Branch SSGMCE, Shegaon has organized ‘Aerobics Exercise’ training program for students of Chincholi on 23th January 2024. Total 54 students actively participated in the mention training program.

We Team ESSA organized this training program to create the awareness regarding to fitness of the younger generation who want to learn the Aerobics Exercise. The timing for the workshop is 2 pm to 3 pm on Tuesday (23th). It being resource by Bhumika Deshmukh, Prerana Naphade and Mansi Paraskar with coordinator from ESSA Team which is being guided by our faculty advisor Prof. K. S. Vyas. As the introductory session over, the training program started with telling them the benefits of Aerobics Exercise. The class is being so interactive, enjoyable and knowledgeable. We got good feedback from them.

As the session concluded, the audience was left with a profound sense of purpose and a renewed outlook on their potential as future entrepreneurs. Their journey illuminated the path, guiding them towards recognizing opportunities, honing skills, and embracing the spirit of innovation.

Mrs K. S. Vyas

Overview of the program:

ESSA Student Branch SSGMCE, Shegaon has organized 'Arduino Mastery' Workshop for first year, second year and Third year students on 13th and 14th

March 2024. Total 95 students actively participated in the mention workshop.

We Team ESSA in association with IEEE WIE and IEEE Comsoc organized this workshop to train the beginners who want to Empower the Knowledge and Skills regarding Arduino. The timing for the workshop is 4pm to 8 pm on Wednesday and Thursday .It being resource by Mangesh Bharti Sir and Team with coordinator from ESSA Team which is being guided by our faculty advisor Prof. K. S. Vyas. As the introductory session the Head Of The Department Dr. Tibdewal Sir guided participants with their valuable speech. The session is being so interactive and knowledgable by Resource person taking review, Q&A from participants. Their is tea break in between session and being coordinated with great manner by team. The details of Arduino is delivered by Bharti Sir.

After gaining the knowledge about basics of Arduino, three mini projects have been performed by the participants with the Arduino Kit provided to them. Projects like LED on-off, Ultrasonic Sensor and LDR(Automatic Street Light) sensor were get performed.

As the session concluded, the audience was left with a profound sense of purpose and a renewed outlook on their potential as future entrepreneurs. His journey illuminated the path, guiding them towards recognizing opportunities, honing skills, and embracing the spirit of innovation.

Session on

'Communication-The foundation for career'

Prof.W.Z.Suliya
Date:-14-09-2023

Time:- 12.00 p.m.-1.30 p.m.

Venue:-Seminar Hall -MBA Department

Session Highlights:

Importance of Communication Skills: Prof. Suliya emphasized how effective communication contributes to career development and organizational success.

Verbal and Non-Verbal Communication: Participants learned about the nuances of verbal and non-verbal cues in conveying messages accurately and persuasively.

Listening Skills: The session explored the significance of active listening in fostering productive professional relationships and understanding.

Overcoming Communication Barriers: Strategies were discussed on overcoming common communication barriers such as language, cultural differences, and misinterpretations.

Practical Tips for Improvement: Practical tips were shared to help participants improve their communication skills immediately, including techniques for clarity, conciseness, and confidence.

Conclusion:

The session concluded with a call to action for attendees to actively apply the insights gained to their academic pursuits and future careers. The interactive nature of the session fostered engagement and participation among all attendees.

Acknowledgment: We extend our gratitude to Prof. W.Z. Suliya for conducting an insightful and enriching session on communication skills. Special thanks to all MBA students and faculty members for their enthusiastic participation and contribution to the session's success.

Sincerely,

A Report on Workshop on Indian Ethos

7 December, 2023

The history of India has been a saga of the periodic confluence of differing cultures leading to a constant adaptation, synthesis, eventual regeneration and retention of what is and has been uniquely “Indian”. While successful countries have developed management styles in consonance with their own cultural ethos, we in India have started waking up to this reality belatedly.

Modern lifestyle has lost the harmony in mind-body relationship which has caused several stress-based diseases such as hypertension, coronary heart diseases and cancer. An attempt to prevent and treat these diseases triggered a search for better lifestyles and better strategies that converged on the rediscovery of ancient disciplines such as Yoga/ Sudarshan Kriya, Bhrastrika, Bhramari etc combining lifestyles with potent infallible prescriptions for lasting mental peace as confirmed by clinical studies.

A workshop was organised in this context in Department of Business Administration and Research, Shri Sant Gajanan Maharaj College of Engineering, Shegaon on 6 December, 2023 for MBA I year students. Mr. Chaturbhuj Mitkari (Retired Child Development and Project Officer) and Mr. Prahlad Sultane (Co- Incharge, Maharashtra, Patanjali Yogpeeth and Ideal Teacher Award Winner) who themselves are Yoga, Meditation, Brhastrika, Sudarshan Kriya trainers were the resource persons. 53 students participated actively in the workshop. The related material (Soft copies) was provided to the participants. Workshop was coordinated by Dr. Mayur A. Dande.

The content of the workshop was closely relevant with NEP (National Education Policy), vision and mission statements of the institution, MBA I year subject “Indian Ethos and Business Ethics”. Some snaps of the workshop are given below.

Poster of the workshop on Indian Ethos

"Career in Finance"

Dr. B.T. Husain

Date:-22-12-2023

Time:- 10.00 a.m.-12.00 p.m.

Venue:-Class Room-1-MBA Department

Session Highlights:

Overview of Career Opportunities: Dr. Husain outlined the diverse career paths within finance, including roles in banking, investment management, corporate finance, and financial planning.

Essential Skills for Finance Professionals: Participants learned about the critical skills required for success in finance, such as financial analysis, risk management, strategic planning, and interpersonal skills.

Navigating the Financial Job Market: Strategies were discussed for navigating the competitive job market in finance, including networking, resume building, and interview preparation.

Certifications and Qualifications: The session highlighted relevant certifications and qualifications that enhance credibility and competitiveness in the finance industry.

Tips for Career Growth: Practical tips were shared on how to advance one's career in finance, including continuous learning, specialization, and staying updated with industry trends.

Conclusion:

The session concluded with a discussion on the importance of proactively pursuing career opportunities in finance and leveraging the knowledge gained to make informed career decisions.

Acknowledgment:

We extend our sincere appreciation to Dr. B.T. Husain for delivering an insightful session on career opportunities in finance. Special thanks to all MBA students and faculty members for their active participation and engagement, contributing to the session's success.

Business ethics-Builds the culture

Date:-19-01-2024

Venue:-MBA Seminar Hall

Time:11.00 a.m. to 1.00 p.m.-

Dr. Mayur Dande

Session Highlights:

Importance of Business Ethics: Dr. Dande highlighted how ethical behavior within organizations contributes to building trust, enhancing reputation, and ensuring long-term sustainability.

Ethical Decision Making: Participants learned about frameworks and approaches for making ethical decisions in complex business situations, emphasizing integrity and accountability.

Case Studies on Ethical Dilemmas: The session included discussions on real-world case studies to analyze ethical dilemmas faced by businesses and explore effective resolution strategies.

Implementing Ethical Practices: Strategies were discussed for integrating ethical practices into daily business operations, including codes of conduct, training programs, and ethical leadership.

Role of Ethics in Sustainable Growth: The session explored how ethical business practices contribute to sustainable growth by fostering customer loyalty, attracting talent, and mitigating risks.

Conclusion:

The session concluded with a call to action for attendees to apply ethical principles in their professional lives and promote a culture of integrity within their organizations.

Acknowledgment:

We extend our sincere thanks to Dr. M.A. Dande for delivering an insightful session on business ethics. Special appreciation goes to all MBA students and faculty members for their active participation and thoughtful contributions, making the session a success.

Prof.V.V.Patil

Date:-21-02-2024

Time:- 10.30 a.m.-12.30 p.m.

Venue:-Seminar Hall of MBA Department

Session Highlights:

Importance of Training and Development: Prof. Patil emphasized how ongoing training and development initiatives contribute to career growth by enhancing skills and knowledge.

Types of Career Interventions: Participants learned about various interventions such as coaching, mentoring, workshops, and seminars, and their impact on professional development.

Designing Effective Training Programs: The session covered best practices for designing and implementing training programs tailored to individual career goals and organizational needs.

Case Studies on Successful Interventions: Real-world case studies were discussed to illustrate successful career interventions and their outcomes in different industries and contexts.

Strategies for Continuous Career Improvement: Practical strategies were shared for continuous career improvement, including networking, professional certifications, and self-assessment.

Conclusion:

The session concluded with a focus on empowering attendees to proactively engage in career development opportunities and apply the knowledge gained to achieve their professional aspirations.

Acknowledgment:

We extend our gratitude to Prof. V.V. Patil for delivering an insightful session on training and interventions for career enhancement. Special thanks to all MBA students and faculty members for their enthusiastic participation and valuable contributions, contributing to the success of the session.
