REPORT

GRAND ALUMNI MEET

2024

Vision

- To impart worldclass Engineering and Management education in an environment of spiritual foundation to serve the global society.

Mission

- To develop excellent learning center through continuous design and up gradation of courses in closed interaction with R&D centers, Industries and Academia.
- To produce competent, entrepreneurial and committed Technical and managerial human, with Spiritual foundation to serve the society.
- To develop state-of-the-art infrastructure, centers of excellence and to pursue research of global and local relevance.
- To strive for 'Sarve Bhanvantu Sukhinah' – the ideal of our parent organization Shri Gajanan Maharaj sansthan, Shegaon through symbiosis of Science and Spirituality.

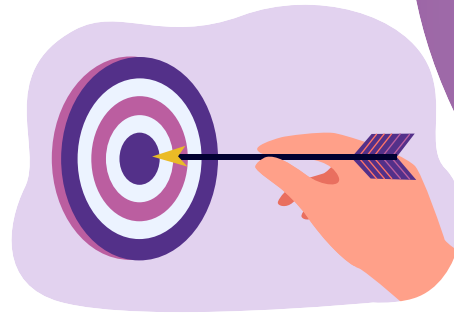

Our Values, Our Culture

- Personal Excellence
- Accountability
- Trustworthiness
- Holistic Development
- Creativity & Innovation

Objectives

Grand Alumni Meet

- To bring together alumni of the institution.
- To foster a sense of community and connection among alumni.
- To provide opportunities for networking and career development.
- To update alumni on the current state and future plans of the institution.
- To honour and recognize distinguished alumni for their achievements.
- To give current students an opportunity to connect with alumni and learn from their experiences.
- To allow alumni to reconnect with former classmates and friends.
- To provide opportunities for alumni to give back to their alma mater through volunteering or philanthropy.
- To create a platform for alumni to share their knowledge, skills and expertise with the current students and faculty.

Alumni Governing Body

- Hon. Shri. Shrikantdada Patil, Chairman
- Shri. A. R. Agrawal, Vice Chairman
- Shri. D. D. Nawgaje, Secretary Cum – Treasurer
- Shri. V. N. Bhonge, Member
- Shri. S. A. Mankhair, Member
- Shri. P. T. Chopde, Member
- Shri. J. M. Patil, Member
- Shri. S. S. Jadhao, Member
- Shri. P. M. Kuchar, Member
- Shri. B. S. Rakhonde, Member

Program Schedule

13th January, 2024

Grand Alumni Meet 2024

SSGMCE, Shegaon, holds its Grand Alumni Meet annually, and the recent one was the eighth consecutive gathering on campus. In total, the institute has organized 24 alumni meets, showcasing the enduring tradition of connecting with and involving alumni in the development of the student community.

Preparation for an alumni meet at college is a significant undertaking that requires careful planning and execution. The following steps were taken in this connection:

- The date was fixed well in advance to give alumni plenty of time to plan and make arrangements to attend.
- The database of around thirteen thousand alumni has been created. All of them were invited through bulk SMS, e-mails, promotional posters on social media and calls for confirmation.
- The event's schedule and activities were planned which included a formal program with speeches and presentations, as well as informal activities such as tours of the campus, networking events, reciprocating speeches, alumni faculty student interaction (AFS), cultural event and social gatherings.
- The student and faculty teams (Registration, Travel and Accommodation, Catering, Press & Publicity, Technical, Discipline, Cultural etc.) were formed to secure necessary resources and facilities for the event. This included booking venues, arranging for catering, and securing equipment and audio-visual support. Arrangements for accommodation and transportation were made for the alumni who were coming from far off places.
- The event was promoted through email, social media, and mail, as well as through the college's website and other communication channels.
- Name tags, registration forms, program schedule, feedback form and other necessary materials for the alumni meet were provided in the kit.
- The alumni coordinators and its team managed and oversaw the event on the day of the alumni meet to ensure that everything runs smoothly.

By following these steps, the college ensured a successful and memorable alumni meet that would foster a sense of community and connection among alumni, as well as promote the college's achievements and goals.

Alumni – Student Interaction

12th January, 2024

The alumni-student interaction, organized by the departments, was an exciting experience for both alumni and the current students. Successful alumni, along with faculty, shared helpful insights in discussions and questionnaire sessions.

They gave personalized advice to students in different academic areas. Networking sessions and mentorship opportunities were well-organized, letting students collaborate with both alumni and faculty.

Beyond this, the sessions felt like a community coming together, where students, alumni, and faculty connected on a personal level, creating lasting bonds and a supportive network within each academic discipline.

The Alumni-Student Interaction was a rich and inspiring experience, featuring engaging sessions with accomplished alumni. Their diverse journeys and insights underscored the importance of bridging the gap between education and industry. The alumni encouraged students to ask questions, think differently, and explore various opportunities. The discussions, covering post-graduation challenges, language proficiency, and networking strategies, provided practical advice for students. Mr. Pankaj Nirale's insights on the telecom journey emphasized continuous learning and adaptability. Collectively, these sessions left a lasting impression, inspiring students to embrace challenges, stay curious, and navigate the dynamic landscape of startups and industries with confidence.

Session 1

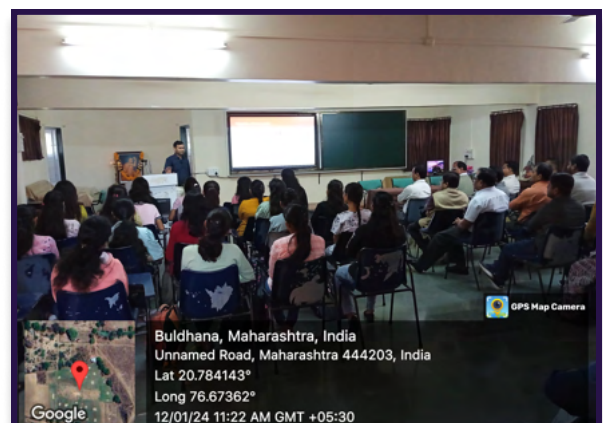

Expert Talk on Core Telecom Journey and Career Options

The Expert Talk on Core Telecom Journey and Career Options, featuring Mr. Pankaj Nirale, unfolded as a captivating exploration of his professional journey. The session commenced with him providing an insightful overview, skillfully setting the stage for a discussion that delved into the wealth of knowledge derived from his life journey.

As he shared anecdotes from his college experiences, he underscored the crucial role of continuous technical learning in staying ahead of the times. The narrative transitioned to his early career, marked by a whirlwind of experiences across multiple companies within the first few years. He secured a stable position with an impressive 14-year tenure starting in his fourth year, laying a substantial foundation for the narrative that unfolded. Reflecting on the challenges of his initial days at Lucent.

The narrative then unfolded the chapters of his ascent from a support engineer in 2004 to the distinction of becoming the youngest customer success manager in 2009. By 2012, he found himself steering a global team comprising 52 engineers, underscoring not only his personal growth but also his ability to lead and inspire others. Various experiences, such as trying organic farming and founding a healthcare company, highlighted the significance of resilience in dealing with setbacks. Remarkably, he returned back to his professional roots, rejoining the company where he had spent 14 formative years.

The session concluded on an engaging note with telecom brain teasers, encouraging students to ponder thought-provoking questions about the industry. Before bidding farewell, he graciously shared his email for further inquiries, and the session ended with a heartfelt vote of thanks, resonating with a sense of gratitude and motivation.

Session 2: DBA&R (M.B.A.)

The session featured prominent alumni, Mr. Sushil Deshmukh, Mr. Ashutosh Deuskar, and Mr. Pankaj Nirale. The session commenced with a warm welcome by Dr. H. M. Jha, who greeted the alumni with bouquets as a token of respect. Setting the tone for the event, Mr. Nirale shared his personal journey, recounting the challenges he faced post-graduation, such as a lack of confidence and limited exposure to the outside world.

Mr. Deshmukh delved into the significance of English proficiency and provided practical solutions, encouraging students to actively participate by posing questions.

As the session unfolded, students expressed their aspirations to earn money, prompting Mr. Deuskar to inquire about their specific plans.

In response to student queries about industry expectations, self-assessment of strengths and weaknesses, and frequently asked interview questions.

The session concluded with a compelling call to action, urging students to embark on their journeys immediately, take calculated risks, and envision themselves succeeding in their dream companies.

Session 3: CSE / IT Department

The session included alumni Mr. Ashutosh Deuskar, Mr. Sushil Deshmukh, Mr. Pankaj Nirale, Dr. Pramod Chopde, and Mr. Samir Chitre. It began with the experts taking the stage, introducing themselves, and encouraging students to actively participate by posing questions. Mr. Deuskar, in particular, delved into the challenges he faced during the nascent stages of his company.

To infuse energy into the session, Mr. Deshmukh initiated an engaging activity. In response to student queries, one question focused on the duration of a recession. The response emphasized that, while recessions may pose challenges globally, India presents a favorable environment for the next 10 to 15 years, for individuals with the right skills and networking insight.

Another student sought advice on securing a job while targeting a specific skill as a fresher. The speakers emphasized the need for a continuous learning mindset, and exploring opportunities beyond major corporations.

The session concluded with a powerful message encouraging students to start their journeys, explore diverse opportunities as they navigate the dynamic world of startups.

Session 4:

Crafting the Future

To bridge the gap between education and industry, an interactive session titled "Crafting the Future" was delivered during the Alumni Meet- 2017 for the first time by an alumnus, Mr. Nitin Wankhede. It was so influential that it has continued till present. More than 30 alumni have taken the session since then every year during the Alumni Meet. The basic idea behind conducting this session is to provide students with an opportunity to learn about the journey of successful alumni and learn from their mistakes.

Mr. Ashustosh Deuskar sir began the session by introducing himself, his college life, and the struggles he faced in the initial days of his career. He shared how he started everything from scratch, and how, over time, he built an empire of 1300 people.

The microphone was then passed to Mr. Samir Chitre sir, the founder of ELV Design Solutions. He began by giving a brief introduction about his startup and then shared his memories in college and experiences gained while working in the company.

Dr. Pramod Chopde continued the session by introducing himself and his initial days of jobs in Pune. He shared how he completed many degrees and Ph.Ds due to his passion for learning new things and how he switched from one job to another before finally settling with JioFiber.

Mr. Sushil Deshmukh, then, took over the session. He shared how he struggled in his childhood to get a job to earn money. However, after a few years, he started his own business from scratch and expanded its branches to many countries across the globe.

All the alumni inspired the students with their struggling yet successful journeys in their careers. They advised students to ask as many questions as possible by developing a thinking approach: think loud, think differently.

The session concluded with a questionnaire session. Alumni discussed with each other, and because of this, the students gained more insights from their journeys and experiences. They all connected the idea that 'being an entrepreneur is a different feeling'. Students learnt a lot of things from this session.

Flag March

13th January, 2024

The Grand Alumni Meet 2024 at SSGMCE, Shegaon, started with the Flag March- a nostalgic and pride-filled moment for returning alumni. Led by the college principal and alumni coordinators, along with student coordinators from the Alumni Association, the march infused the air with music and the traditional Indian dance form "Lezim." "RAGHAV 1.5" Industrial automated guided vehicle (Mobile Robot with the pulling capacity of 1.5 Ton & top payload capacity of 750 kgs) is supported for setting up first in class Industrial Robotic Centre of Excellence at SSGMCE, Shegaon by the eminent Rucha Group of Industries. "RAGHAV led a path of "Flag March" & Line follower route of Robot was prepared with traditional "Rangoli". The procession concluded at the new auditorium, where a warm welcome awaited the alumni in the form of a traditional Tilak ceremony. This ceremonial beginning not only reconnected the alumni with the institution but also fostered a profound sense of belonging.

Registration

13th January, 2024

Branch-wise registration counters were prepared for the smooth registration of the alumni reporting for the meet. Around 312 alumni reported for the meet.

BREAKFAST

Inaugural Ceremony

The Alumni Meet-2024 began with an impactful Inaugural Ceremony, setting the tone for a gathering filled with enthusiasm. The event featured a captivating Institutional Video, offering a nostalgic journey through the institution's history and achievements. A solemn moment was observed with the Condolence/Shanti Sandesh Video, allowing attendees to pay respects to departed members of the SSGMCE family, fostering reflection and unity in remembrance.

The Alumni Cell Presentation Video highlighted the functioning of the Alumni Cell, showcasing remarkable accomplishments of the institution's alumni across various fields and emphasizing the strong bond between the institution and its graduates. The Training and Placement Cell Video provided insight into the institution's commitment to equipping students with necessary skills and opportunities for a successful future, showcasing placement records, internships, and training activities. Dr. Santosh Bothe, an esteemed guest, shared valuable insights on the unique concept "AFS Connect 2024," offering perspectives on future collaborations and developments in the academic sphere.

The cultural aspect of the ceremony was beautifully portrayed through a Welcome Dance, adding vibrancy and energy to the event.

Distinguished guests, including Hon. Shri Sharadji Shinde, Hon. Shri Shrikantdada Patil, Mr. Pankaj Nirale, Mr. Sushil Deshmukh, Mrs. Surekha Patil, and Dr. S. B. Somani, were invited for the traditional Lighting of the Lamp ceremony and Gajanan Maharaj Aarti, symbolizing the dispelling of darkness and the pursuit of knowledge. A moment of honor was dedicated to felicitating all guests, expressing gratitude.

Dr. S. B. Somani, the Principal, delivered a warm and welcoming address during which he shared the rich history of the college and expressed a commitment to a strong connection with all alumni for the better prospects of current and future students graduating from the college.

https://youtube.com/live/_q9dK5-m4ss?feature=share

Introductory remark by Mr. Pankaj Nirale

During the inaugural ceremony, Mr. Pankaj Nirale shared an enlightening experience as he stepped back onto the college grounds after a substantial 21-year gap since his graduation in 2003. The atmosphere was charged with both nostalgia and gratitude as he expressed his heartfelt appreciation for being on the familiar stage and surrounded by the faces that once shared common academic corridors.

He extended his warm support to the college community, emphasizing the value of the interactions with the current students he had the day before. Reflecting on the great influence of the college, he shared a compelling narrative from his first-year physics practical, underscoring how a mentor's emphasis on perfection and disciplined documentation cultivated a sense of discipline that later became a cornerstone in his career.

His pledge highlighted his willingness to share insights, offer guidance, and provide support whenever needed, fostering a bridge between the rich history of alumni experiences and the promising journeys of today's students.

Introductory remark by Mr. Sushil Deshmukh

Mr. Sushil Deshmukh commenced his remarks by proudly identifying himself as an alumnus from the 2003 batch of the Computer Science and Engineering Department. He further distinguished his academic journey as a graduate of Harvard Business School and currently serves the position of

Founder and CEO at Fecund Software Services. His return to the campus last year, after a span of almost two decades, provided him with the opportunity to witness the noteworthy transformations that had occurred.

The day before, he noticed that some students lacked confidence. He addressed the concerns of students from rural and less developed backgrounds, saying that their background does not affect their potential for success. He said that hard work and dedication are what truly matter.

He wanted to make a positive impact and planned to initiate a series of communications with students to provide ongoing guidance and support. He called upon fellow alumni to join hands in supporting and nurturing the aspirations of current students.

Introductory remark by Mrs. Surekha Patil

Surekha Patil, an alumna from the 1994-1998 batch, began her address by recounting her educational journey. She has a master's degree in Computer Systems, Networking, and Telecommunications from San Jose State University and is certified as a yoga instructor.

She identified a significant milestone when the discipline and cultural values instilled by the college played a pivotal role in her success in the Short Service Commission Examination conducted by the Indian Air Force. She traveled to the United States in 2002, where she completed her masters and worked for several years. Taking a break to attend to family responsibilities, she later re-entered the workforce, dedicating herself to learning new technologies such as cloud and AWS.

Her story serves as a testament to the principles of exploration, risk-taking, dedication, and hard work, emphasizing that there are no shortcuts to success. She expressed gratitude for the continuous blessings of Sant Gajanan Maharaj and concluded by reaffirming her willingness to offer help in any possible way.

Launching the College Newsletter

The college newsletter was launched on this occasion which gave the alumni a glimpse of the current happenings in the college.

Reciprocating Speeches

The reciprocating speeches by alumni at the inaugural ceremony, led by Mr. Nitin Wankhede and Mr. Ashutosh Deuskar were a profoundly positive and inspiring experience. This played a crucial role in fostering a strong connection between alumni and current students, creating a sense of community and shared experience. Alumni shared their personal experiences and lessons learned, providing invaluable guidance to current students. Learning about the challenges alumni faced and how they overcame them, can be particularly motivating for students who may be navigating similar difficulties.

The session served as a means to update alumni on the current status and developments within the college, helping to maintain a connection between the institution and its former students, keeping them informed and involved in the college's progress.

Furthermore, the alumni expressed their desire to contribute to the development of the college. This commitment demonstrates a strong sense of dedication and support from the alumni community.

In conclusion, the reciprocating speeches strengthened the bond between the institution and its alumni, creating a supportive community that extends beyond graduation.

Project EXPO

13th January, 2024

The Project Expo was organized in The Grand Alumni Meet 2024 at SSGMCE, Shegaon, providing students with a prime opportunity to showcase their work and garner recognition. Taking place in front of the library at 11:00 AM, the location was optimal for the audience to observe the diverse range of projects and demonstrations. Covering fields such as science, technology, and engineering, the projects featured presentations, demonstrations, and interactive exhibits, offering the audience a hands-on experience. Beyond being a showcase, the expo served as a valuable platform for students to connect with alumni, gain feedback, recognition, and exposure in their respective fields.

This event facilitated a dynamic exchange between alumni and current students, fostering an environment of learning and innovation. The Project Expo played a pivotal role in strengthening ties within the academic community while providing a space for collaborative exploration and knowledge sharing.

Flash Mob

13th January, 2024

The Grand Alumni Meet 2024 at SSGMCE witnessed an electrifying display of energy and enthusiasm from the current students. Among the various entertaining events planned for the alumni, the flash mob held in front of the library at 01:00 PM stood out. With the participation of 120 students, the flash mob was a resounding success, highlighting the students' impressive coordination and boundless energy as they danced continuously for 15 minutes. The active participation of the alumni, who joined in and relished dancing with their old friends and families, made the flash mob livelier. This collective celebration created a nostalgic and joyous atmosphere, fostering a sense of friendship and connection between the different generations of SSGMCE. The Cultural Council of SSGMCE played an important role in organizing the flash mob, contributing significantly to its success. This event not only served as a vibrant and entertaining spectacle but also emerged as a delightful way to bridge the gap between alumni and current students, fostering a shared sense of joy and celebration.

Alumni-Faculty-Student Connect Session 1

Master of Business Administration(MBA)

Topic: Mastering the Business Ecosystem

The MBA alumni session on "Mastering the Business Ecosystem" featured engaging discussions with distinguished alumni, Mr. Gopal Uhale, Mr. Gopiraj Chavan, Mr. Prasad Khanzode, Mr. Rajiv Jawale, Mr. Amitkumar Shami, Mr. Akshay Wairale, Mr. Ravindra Mahalle, Mr. Vishal Sanghani, Mr. Ritesh Gond. The session covered a wide range of topics aimed at providing valuable insights and practical advice to the audience.

They discussed the following points in depth:

- **Strategic Professional Development:** This includes developing a career plan, identifying and developing your strengths and weaknesses, and networking with professionals in your field.
- **Innovation and Business Acumen:** This includes understanding the latest trends in your industry, developing new ideas and solutions to business problems, and being able to think outside the box.
- **Ethical Business Practices:** This includes understanding the importance of ethical behavior in the workplace, and being able to make decisions that are in the best interests of your company and its stakeholders.
- **Adaptability and Crisis Management:** This includes being able to adapt to change, and being able to effectively manage crises when they arise.
- **Inclusive Workplace Dynamics:** This includes creating a workplace environment that is welcoming and inclusive for all employees, regardless of their race, gender, sexual orientation, or other personal characteristics.
- **Financial Maestry:** This includes understanding the financial aspects of your business, and being able to make sound financial decisions that will help your business grow and succeed.

The session successfully facilitated a vibrant exchange of ideas, providing current students with a comprehensive understanding of various facets crucial for professional and personal development. The diverse topics covered showcased the depth of experience and expertise within the alumni community, fostering a spirit of collaboration and continuous learning.

Session 2

Electrical Engineering(Electronics and Power)

Topic: Empowering Electrical Engineers

The Empowering Electrical Engineers session featured distinguished alumni, including Sandip Patil, Shilpa Lokhande, Saloni Meshram, and Vijaya Gosawi. The discussion covered key areas such as Entrepreneurial Opportunities, Core Engineering Longevity, and MSEB Pathways.

They discussed the following points in depth:

- **Entrepreneurial opportunities for electrical engineers:**

Electrical engineers are well-positioned to start their own businesses, as they have the technical skills and the business acumen to be successful.

- **Longevity in core engineering roles:**

Electrical engineers have a long history of working in core engineering roles, such as designing, building, and maintaining electrical systems.

- **Skills required for MSEB:**

Electrical engineers who work for MSEB need to have a strong understanding of electrical systems, as well as the ability to work independently and as part of a team.

- **Essential skills and technologies for electrical engineers:**

Electrical engineers need a variety of skills to be successful in their careers, including technical skills, communication skills, problem-solving skills, project management skills, leadership skills, and business acumen. They also need to be familiar with the latest technologies, such as renewable energy technologies, smart grid technologies, energy storage technologies, microgrid technologies, 3D printing technologies, and artificial intelligence technologies.

The session effectively delivered a wealth of insights to empower aspiring electrical engineers. The alumni's diverse experiences added depth to the discussion, making it an enriching and inspiring experience for all. As these students begin their careers armed with new knowledge and advice, the session provided valuable insights on starting their own businesses, working in core engineering roles, and exploring opportunities with MSEB.

Session 3

Electronics and Telecommunication Engineering

Topic: Career Opportunities

The session, featuring alumni engagement from Mr. Mangesh Pradhan, Mr. Samir Chitre, and Dr. Sandeep Lohia, covered diverse topics such as career prospects, alumni contributions, student achievements, internship records, faculty involvement, project lists, placement statistics, and insights on the National Education Policy (NEP) 2022.

They discussed the following points in depth:

- **Career Guidance:**

The alumni discussed the importance of career guidance for students, and how to help them find their passion and make informed decisions about their future. They also discussed the different career paths available in the tech industry, and how to prepare for them.

- **Industry Perspective:**

The alumni shared their insights on the tech industry, and how it is evolving. They discussed the latest trends, challenges, and opportunities.

- **Technology Trends:**

The alumni discussed the latest technology trends, and how they are impacting the way we live and work. They also discussed the implications of these trends for businesses and individuals.

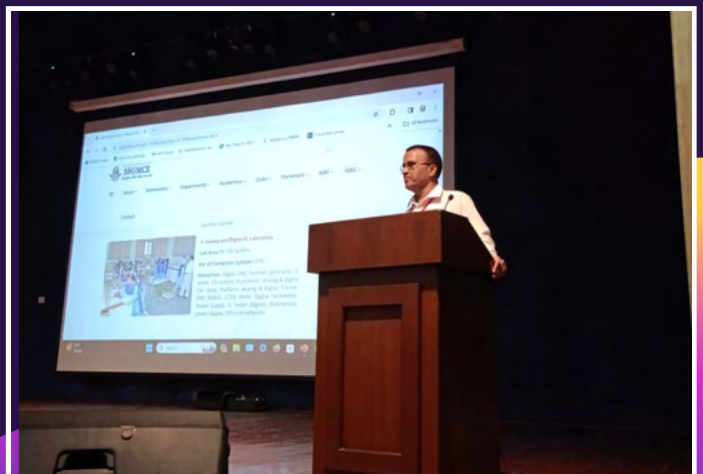

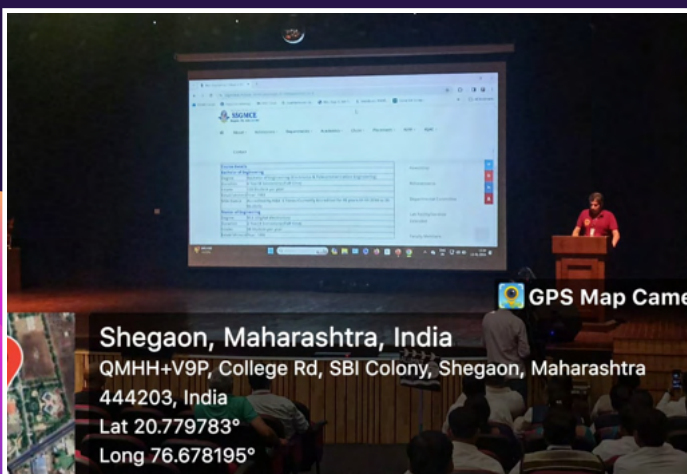

- **Networking Opportunities:**

The alumni shared their advice on how to network effectively in the tech industry. They discussed the importance of building relationships with people in the industry, and how to use these relationships to advance your career.

- **Holistic Education:**

The alumni discussed the importance of holistic education, and how it can help students succeed in the tech industry. They discussed the need to develop a variety of skills, including technical skills, soft skills, and critical thinking skills.

The session addressed a broad spectrum of topics, providing valuable insights and recommendations for fostering collaboration, enhancing career opportunities, and aligning education with industry needs in the electronics and telecommunication field.

Session 4

Computer Science and Engineering, Information Technology

Topic: Alumni Contributions, Placements, Achievements, and Initiatives

The CSE & IT session covered a spectrum of topics, including alumni contributions, placement statistics, faculty and student achievements, new initiatives, and expectations from alumni. Notable alumni, including Bglab, Redhat, and newly introduced alumni (Smita Bansod, Dr. Harahlata Petkar, Mr. Milan Parik, Saumya Agrawal, Akshay Lande, Amit Khanjode, and Vijay Raut), actively engaged in the discussion.

They discussed the following points in depth:

- Placement Strategy Amidst Challenges :

Alumni discussed challenges students face in securing placements and offered suggestions on how to overcome them. They emphasized the importance of internships, extracurricular activities, and networking.

- Achievements, Initiatives, and Vision:

Alumni shared their experiences and insights, highlighting the department's achievements and confidence in its ability to produce high-quality graduates.

- Infrastructure Updates:

Alumni provided feedback on the CSE and IT departments' infrastructure, suggesting ways to improve facilities such as computer labs and access to technology. They emphasized the importance of a comfortable and conducive learning environment.

- Alumni Specialization and Networking:

Alumni discussed the importance of specialization in the IT industry. They advised students to choose a specialization that is in high demand and aligns with their interests. They also encouraged students to network with alumni and industry professionals.

- Memorandum of Understanding (MOU):

Alumni proposed that the CSE and IT departments sign an MOU with industry partners. This would allow students to gain experience through internships and co-ops, and help the departments stay up-to-date on industry trends and develop curriculum that meets the needs of employers.

This session and the proposed recommendations aimed to strengthen the CSE and IT departments' connection with alumni.

Session 5

Mechanical Engineering

Topic: Insights and Guidance

The mechanical engineering department featured an enlightening session by the alumni (Mr. Vivek Bhodle and Amol Hadke) who generously shared their experiences and provided valuable insights for current students. The session covered a range of topics, including individual alumni perspectives, skill enhancement, career paths, and emerging trends in mechanical engineering.

They discussed the following points in depth:

- **Diverse career paths:** The alumni discussed the different career paths that are available to students with degrees in computer science. They talked about the different industries that hire computer science graduates, such as the tech industry, finance, healthcare, and government.
- **Skills development:** The alumni emphasized the importance of developing the skills that employers are looking for. They talked about the importance of having strong technical skills, such as programming and data analysis. They also talked about the importance of having soft skills, such as communication and teamwork.
- **Awareness of current trends:** The alumni discussed the importance of being aware of the latest trends in the tech industry. They talked about the rise of artificial intelligence, machine learning, and blockchain technology.
- **Startups and entrepreneurship:** The alumni discussed the opportunities for computer science graduates to start their own businesses. They talked about the challenges of starting a business, such as raising capital and finding customers.
- **Robotics and machine learning:** The alumni discussed the growing importance of robotics and machine learning in the tech industry. They talked about the different applications of robotics and machine learning, such as self-driving cars and facial recognition software. They also talked about the skills that computer science graduates need to have to work in these fields.

The session provided a valuable platform for students to gain insights into mechanical engineering and offered actionable recommendations for their academic and professional development.

Jamming

As an integral component of the SSGMCE Grand Alumni Meet, a dynamic jamming session extended, creating a road for alumni, students, and staff to unite in their shared passion for music. The setting, in front of the Admin Building, lent a perfect background to this musical celebration. The session commenced with energizing warm-up exercises led by the college music club, setting the stage for an open mic segment where participants from all backgrounds could showcase their musical prowess.

The atmosphere was charged with vitality as alumni, students, and staff unveiled their talents, presenting a diverse repertoire ranging from classic rock and pop to Bollywood hits. The jamming session emerged as a resounding success, fostering an environment where alumni, students, and staff could join forces and express their shared love for music. It became an evening fixed in the memories of all those who participated, underscoring the power of music to unite and create lasting connections.

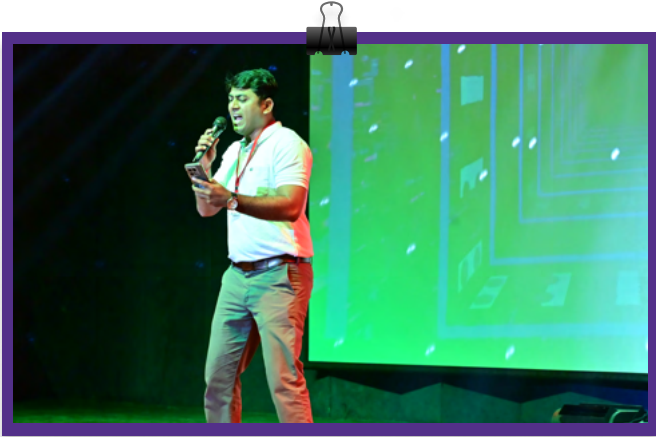

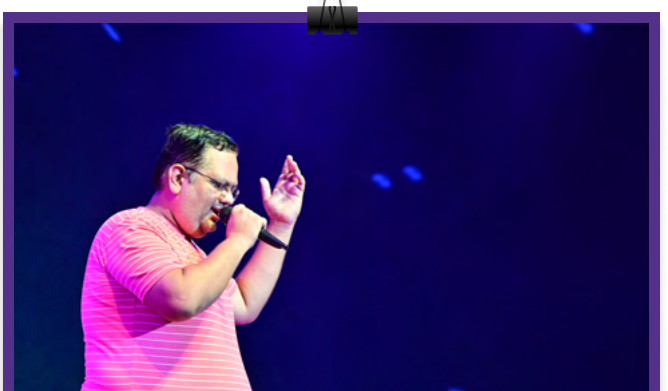

Cultural Night

As a central part of the Grand Alumni Meet, 2024, a spectacular cultural night unfolded, promising an evening of rich entertainment and shared memories. Live music, stand-up comedy, and lively dance performances followed, featuring both current students and alumni, eliciting laughter and applause that echoed through the night. The seamless blend of talents from different generations left everyone in splits, fostering a vibrant and joyous atmosphere. As the night progressed, a heartwarming union of alumni and current students took the spotlight, engaging in collective singing and dancing to the beats of their favourite songs. This collaborative celebration invoked a wave of nostalgia as alumni revisited cherished memories through the universal language of music and performance. It was truly a night to be remembered, leaving an indelible mark on the hearts of all who were fortunate enough to partake in this unforgettable event. The Grand Alumni Meet concluded with a delicious dinner, where alumni and current students indulged in a diverse array of traditional dishes.

Campus Decoration

Campus Decoration

Chalte Chalte...

That sounds like a great idea! It's always interesting to hear about alumni's experiences at college and to see how they have grown and changed since then. By asking questions about their time on campus, the current student can gain insights into what made their college experience unique and memorable. Additionally, this was a way for alumni to connect with their alma mater and reminisce about their time here. It was great that the alumni participated proactively and answered the questions spontaneously – this showed a high level of engagement and enthusiasm for their college experience.

Feedback **by Alumni**

Dr. Pramod Chopade

I want to commend the college and the Alumni Association, SSGMCE, Shegaon, for your efforts in orchestrating such a grand event. The venue selection and logistical arrangements were excellent, making it convenient for all the alumni to reunite. Your attention to detail did not go unnoticed, and it greatly contributed to the smooth running of the meet. Thank you for making this reunion unforgettable for us all."

Mrs. Surekha Patil

I, want to express my gratitude for your dedication to bringing alumni together. I think exploring ways to facilitate ongoing engagement beyond the event itself could further strengthen our alumni community and promote collaboration. Overall, your hard work and commitment to creating meaningful experiences for us are truly commendable. I look forward to future alumni meets and opportunities to reconnect with fellow graduates."

Mr. Pankaj Nirale

I thank the entire organizing committee for their hard work and dedication in making the Alumni Meet 2024 a memorable occasion. The ambiance and facilities provided a comfortable environment conducive to networking and engaging discussions. I look forward to future events and opportunities to reconnect with fellow alumni again next year.

Feedback **by Alumni**

Mr. Ashutosh Deuskar

I appreciate the emphasis on including diversity throughout the event. It was heartening to see efforts made to ensure representation from various graduating classes and backgrounds. Creating an inclusive environment is paramount for events like these, and I applaud the organizers for their commitment to this principle.

Mr. Sameer Chitre

I want to express my appreciation for The Grand Alumni Meet 2024. The timing was excellent, facilitating meaningful connections. The content was relevant and diverse, sparking engaging discussions. In the future, adding structured networking sessions could deepen alumni engagement. Thank you for your efforts in creating a memorable event for us alumni.

Mr. Nitin Wankhede

I want to extend my heartfelt thanks for the Alumni Meet 2024. The event provided a fantastic opportunity to reconnect and network with fellow graduates. The diverse range of topics discussed was stimulating, although I believe incorporating more structured networking sessions could further enrich future gatherings. Nevertheless, your efforts in organizing the event are truly appreciated.
