DIVINE SOURCE OF INSPIRATION

|| Shri Sant Gajanan Maharaj, Shegaon ||

ABOUT US

Established in 1983, SSGMCE has successfully nurtured young Indians in engineering and managerial professionals for the betterment of society and humanity as a whole. It has its own Vision and Mission to steer the institute to become one of the best institutes in the region. It is a matter of great satisfaction and pride that amidst challenging scenario of admission to engineering streams, our college stands distinct by securing 100% admissions to B.E; Direct Second Year & Management courses for the session 2023 - 2024.

The institute has 82 acres well developed lush green fully sanitized campus with state of the art infrastructure. The focus is on skill based education as per today's need and mapping with New Education Policy (NEP) 2020.

OUR VALUES, OUR CULTURE

1 Personal Excellence

2 Accountability

3 Trustworthiness

4 Holistic Development

5 Creativity & Innovation

VISION

To impart world-class Engineering and Management education in an environment of spiritual foundation to serve the global society.

MISSION

- To develop excellent learning center through continuous design and up gradation of courses in closed interaction with R&D centers, Industries and Academia.
- To produce competent, entrepreneurial and committed Technical and managerial human, with Spiritual foundation to serve the society.
- To develop state-of-the-art infrastructure, centers of excellence and to pursue research of global and local relevance.
- To strive for "Sarve Bhanvantu Sukhinah" - the ideal of our parent organization Shri Gajanan Maharaj Sansthan, Shegaon through symbiosis of Science and Spirituality.

Financial Support to Students

1. Waivers Offered:

1. College Fees waiver
2. Hostel and Mess Fees waiver

2. Merit Scholarships (Academic Excellence Awards)

1. *B.E. Electrical Engineering, B.E. Mechanical Engineering, B.E. Computer Science & Engineering, B.E. Information Technology, MBA*
 - First Five students in each class
 - Next Five students in each class
2. *B.E. Electronics & Telecommunication Engineering:*
 - First Ten students in each class
 - Next Ten students in each class

3. Donor's Scholarships

1. Funded by well-wishers.
2. Scholarships are awarded based on the interest earned on the funds and criteria established by the donors.

4. Awards For GATE Scorers

1. Topper in Valid GATE Score list (Department-wise)
2. Second Topper in Valid GATE Score list (Department-wise)
3. All other students with a Valid GATE Score (Consolation)

5. Awards For Best Projects

1. *B.E. Electrical Engineering, B.E. Mechanical Engineering, B.E. Computer Science & Engineering, B.E. Information Technology:*
 - First Best Project
 - Second Best Project
2. *B.E. Electronics & Telecommunication Engineering:*
 - First Two Best Projects each
 - Second Two Best Projects each

6. Sports/Cultural Awards:

1. Annual sports week organized to promote physical fitness and participation in various activities.
2. Cash prizes awarded to five participants who are Color Coat Holders in Sports and Cultural Activities.

These financial support mechanisms reflect SSGMCE's commitment to encouraging academic excellence, supporting innovation, and assisting students in need.

Objectives of the Practice

- **Promoting Access to Education:** To provide financial aid to students facing economic hardships, ensuring that financial limitations do not obstruct their educational aspirations.
- **Promoting Academic Excellence and Personal Growth:** To cultivate a culture of achievement and healthy competition among students, inspiring them to excel academically and in various pursuits.
- **Recognizing Academic and Extracurricular Excellence:** To acknowledge students who showcase remarkable academic accomplishments alongside outstanding achievements in extracurricular pursuits.
- **Fostering Social Responsibility and Civic Engagement:** To nurture a sense of social responsibility among beneficiaries, creating a mindset that values, contributing positively to society.

The Context

Our institution is dedicated to creating an inclusive environment where every student can pursue their educational aspirations and thrive in all aspects of their lives. We have identified and established four core objectives that guide our initiatives:

- **Providing Financial Aid:** Ensuring financial barriers do not hinder any student's educational journey by offering tailored financial aid programs.
- **Encouraging Excellence:** Inspiring students to excel in their studies and personal growth through academic and extracurricular activities.
- **Celebrating Achievements:** Recognizing students who demonstrate exceptional achievements both academically and in extracurricular endeavors.
- **Instilling Social Responsibility:** Emphasizing the importance of giving back to the community and being socially responsible citizens.

Aligned with our motto "Sarve Bhavantu Sukhinah" (Let all be happy), we have established a dedicated financial aid committee to implement proactive measures. This includes grants, need-based aid, and a financial aid fund supported by community contributions, ensuring that every student has the opportunity to thrive.

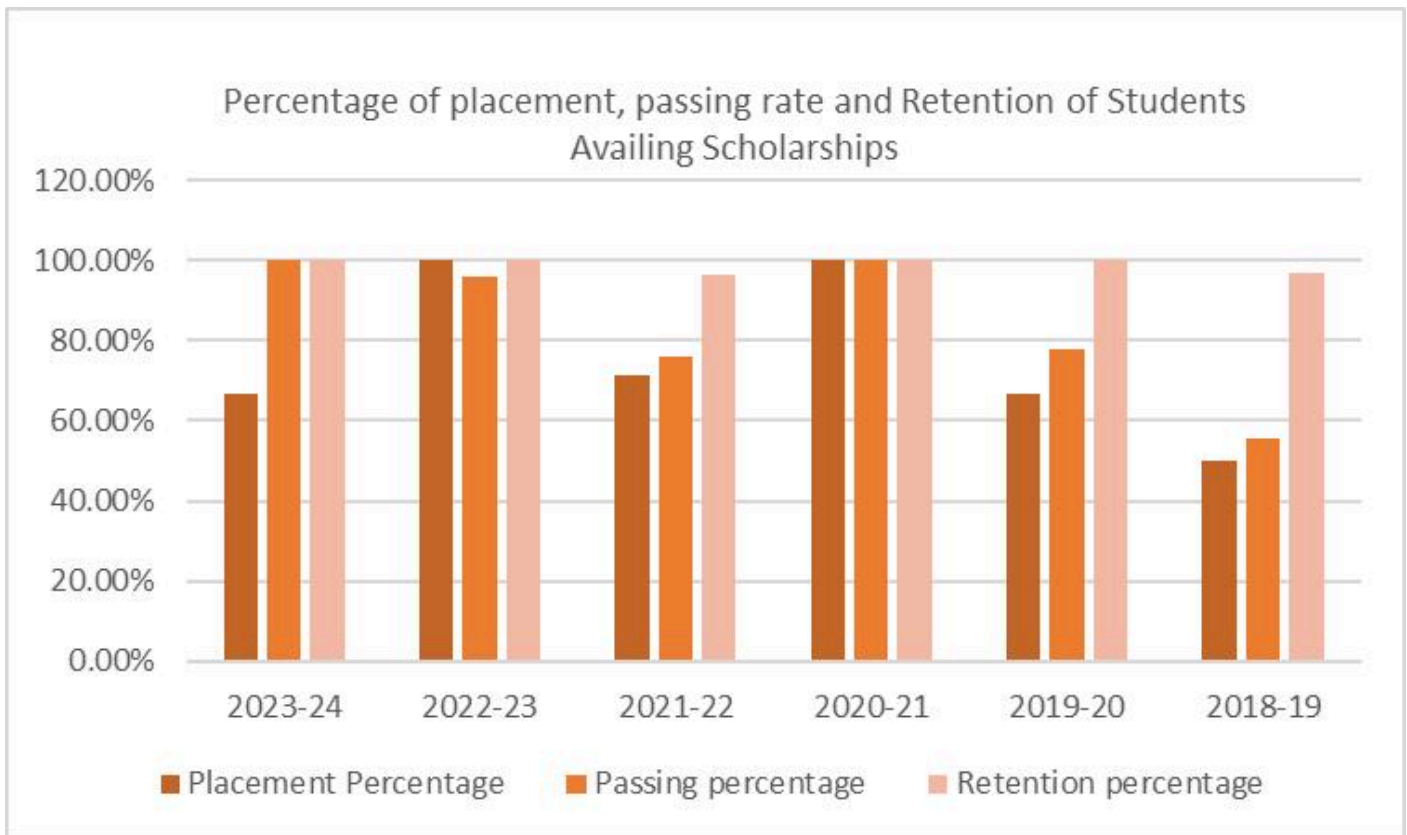

Evidence of Success

The financial support practice has led to numerous positive outcomes:

- **Maintain Retention:** Student retention is maintained thus allowing students to continue their studies without interruption.
- **Improved Competitiveness:** Students, not worrying about their basic needs, compete more effectively academically and in technical and professional competitions.
- **Increased Participation:** Greater participation in technical competitions and activities organized by professional bodies.
- **Better Performance:** Improved performance in cultural contests, sports, and competitive examinations.
- **Career Advancement:** Successful completion of studies and placement in reputable companies by many beneficiaries.

Outcomes: Placements, Success rate and Retention.

Execution methodology of financial assistance:

- Financial Need Verification: Ensuring thorough and equitable assessment of applicants' financial backgrounds.
- Continued Support: Sustaining the effectiveness and continuity of the financial aid initiative.
- Student Motivation: Inspiring students facing financial difficulties to persist in their education.

Our institution remains committed to aiding economically poor students through collaborative efforts involving staff, alumni, and management. Applications are meticulously scrutinized by a committee comprising the Principal, Coordinator, senior faculty, class counselors, and Heads of Departments (HODs).

Testimonies:

Testimony serves as a crucial means of sharing personal experiences and insights, offering a window into individual truths that can profoundly influence collective understanding. It goes beyond mere recounting of events, embodying the unique perspectives and emotions of those who lived through them. Through testimony, people provide valuable context and depth, contributing to a broader narrative that helps others empathize, learn, and make informed decisions. Following words of our students are enough to justify our efforts.

Om Nalamwar

"The financial support I received from Shri Sant Gajanan Maharaj College of Engineering was a game-changer for me. Facing significant financial hardships, the waiver of my college fees allowed me to focus on my studies without worrying about the financial burden. This support enabled me to complete my education successfully and secure a job at TCS. I am immensely grateful for the opportunities this support has provided me."

Gajanan Dindokar

"Receiving financial assistance from SSGMCE was pivotal in my academic journey. The scholarship not only alleviated my financial stress but also motivated me to strive for excellence. With the burden of financial constraints lifted, I was able to dedicate more time and energy to my studies and extracurricular activities. This support has been instrumental in my overall development and success."

Monika Ghawat

"The financial assistance I received from SSGMCE recognized my hard work and academic achievements, providing both financial relief and motivation. Winning the second prize worth Rs. 30,000 at the Chandragupt Institute of Management, Patna, was a proud moment for me. The support from the college has been invaluable, helping me to excel academically and participate in competitions with confidence."

Kundan Nimborkar

"The financial aid from SSGMCE has been a significant support system for me. It allowed me to pursue my education without the constant worry of financial difficulties. The recognition and support from the college have inspired me to aim higher and work harder. This assistance has not only helped me academically but also contributed to my personal growth and development."

Sarala Paraskar

"The financial support provided by SSGMCE has been a blessing for me. Coming from an economically weaker background, this support was crucial in enabling me to continue my education. The support from the college has encouraged me to achieve academic excellence and participate actively in various activities. I am deeply thankful for this assistance, which has made a significant difference in my life."

Wrapping Up:

The Financial Support to students practice exemplifies our institution's commitment to ensuring that financial constraints do not hinder students' educational and personal growth. Through continued support and proactive measures, we aim to foster an environment where every student has the opportunity to succeed and contribute positively to society.

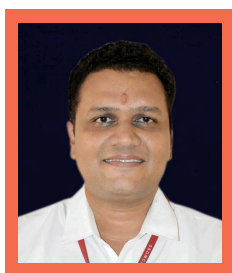

Industry Institute Interaction Cell

Industry-Academia Synergy stands as a best practice at SSGMCE, embodying our commitment to holistic education and real-world relevance. Through robust partnerships with industry leaders, we bridge the gap between theoretical knowledge and practical application, ensuring our students are equipped with the skills and insights necessary for success in their careers. The main objective of this best practice is Promoting Industry Oriented Education, by providing industry oriented education involved in aligning academic programs with the needs and expectation of industries to ensure students are prepare for real world challenges.

The partnership between industry and academia has the potential to significantly enhance students' skill development, offer invaluable project-based learning experiences, and ensure they remain abreast of technological advancements. Within this collaboration, academia can serve as a source of innovative solutions for industries, fostering a symbiotic relationship that cultivates a thriving ecosystem within the campus environment.

In efforts to strengthen the Industry Institute Relationship, SSGMCE, Shegaon has established a dedicated cell to facilitate seamless interactions between industry and academia. This cell acts as a conduit, linking various industries with SSGMCE, Shegaon, through collaborative platforms aimed at enriching student-centered activities. These initiatives include establishing Industry Supported State of Art Centers of Excellence (Industry Supported Laboratories), hosting Tech Talks/Rare Share/Guest lectures, organizing industrial visits for students and faculty members, undertaking industry-solving projects, fostering Memorandums of Understanding (MOUs) for industry collaborations, facilitating the exchange of information related to training and research in mutually beneficial areas, and coordinating webinars/trainings for supporting staff.

Industry Institute Meets

The Industry Institute Meet is a flagship event organized by Shri Sant Gajanan Maharaj College of Engineering (SSGMCE), Shegaon, aimed at fostering collaboration between academia and industry. The inaugural meet was held on January 19th and 20th, 2019, followed by the second meet on February 8th and 9th, 2020. Both events were pivotal in strengthening ties between the engineering college and the industry.

The primary objectives of the Industry Institute Meets were :

- To bridge the gap between academic knowledge and industry requirements.
- To enhance employability skills of students through industry insights.
- To explore opportunities for collaborative research and development.
- To discuss the latest trends and advancements in technology and engineering.

A number of distinguished industry professionals attended the meeting, bringing a wealth of knowledge and experience from various sectors. Their participation was instrumental in achieving the objectives of the event, which included bridging the gap between academic knowledge and industry requirements, enhancing employability skills of students, exploring opportunities for collaborative research and development, and discussing the latest trends and advancements in technology and engineering.
