Stakeholder Feedback Analysis Report

The institute is dedicated to achieving continuous improvement and excellence in engineering education. This report undertakes the analysis of feedback provided by our diverse group of stakeholders. The feedback collection methods included online and offline surveys, with participation from students, faculty, alumni, parents, and employers.

The feedback covered a broad spectrum of topics, including curriculum, teaching quality, facilities, career preparedness, and communication.

Data Analysis:

To systematically categorize and evaluate the feedback, an analysis is conducted.

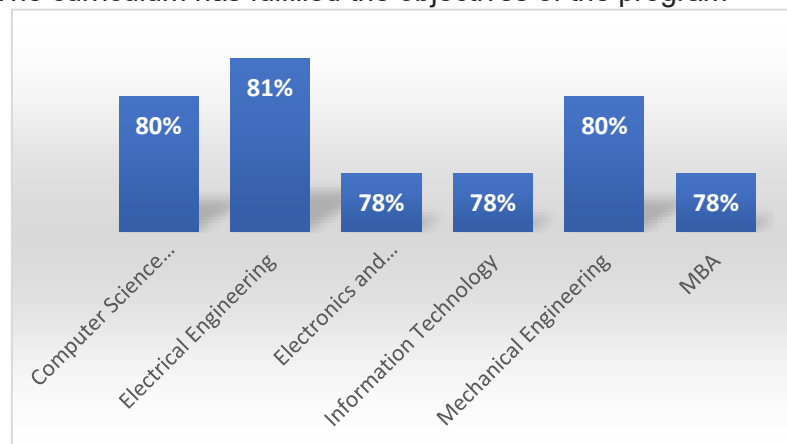

Key findings are determined from feedback, and an action plan is developed for implementing the recommendations

Alumni Feedback Analysis:

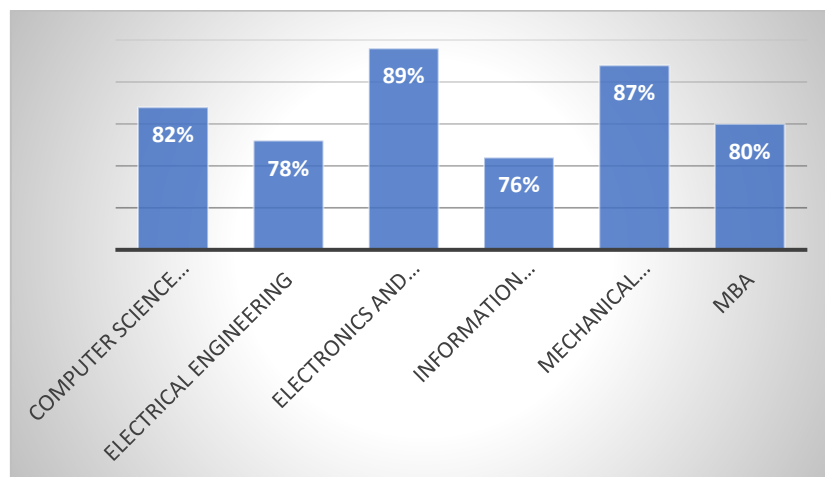

Name of Department	Number of Feedback Forms received	Overall Analysis %
Computer Science Engineering	45	81%
Electrical Engineering	34	80%
Electronics and Telecommunication	57	80%
Information Technology	49	80%
Mechanical Engineering	34	83%
MBA	56	85%

Individual Feedback Analysis

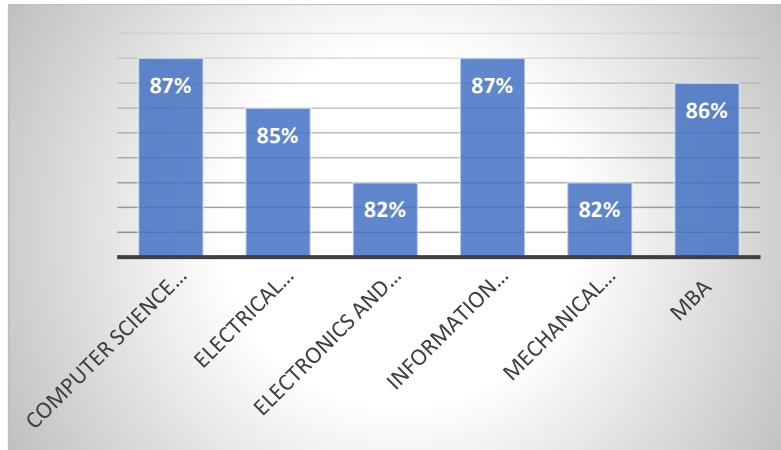

The curriculum has fulfilled the objectives of the program

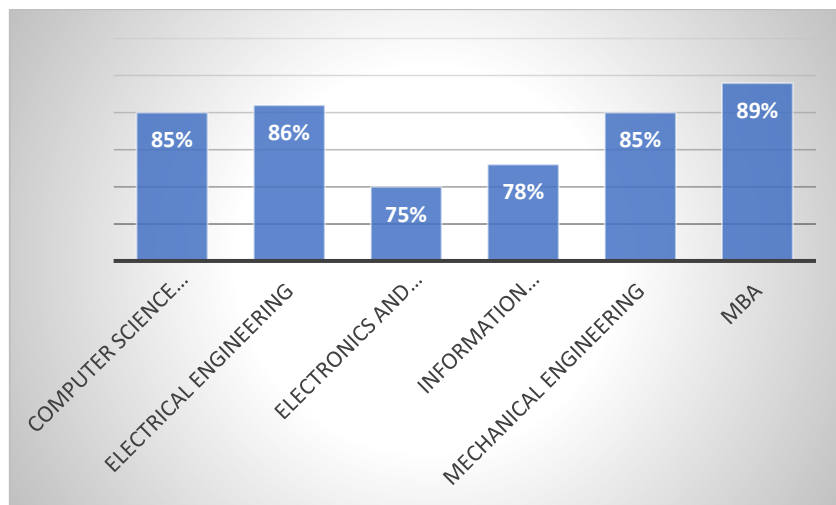

Curriculum helps in overall personality development

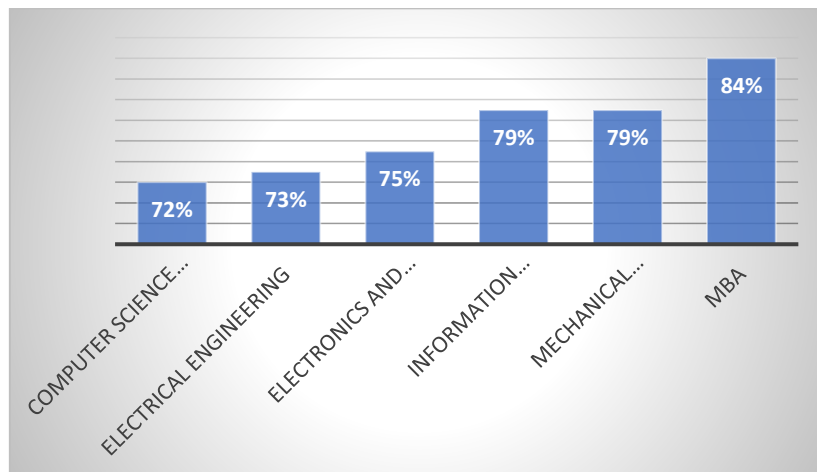

The curriculum develops the competencies expected by the industry/current global scenarios

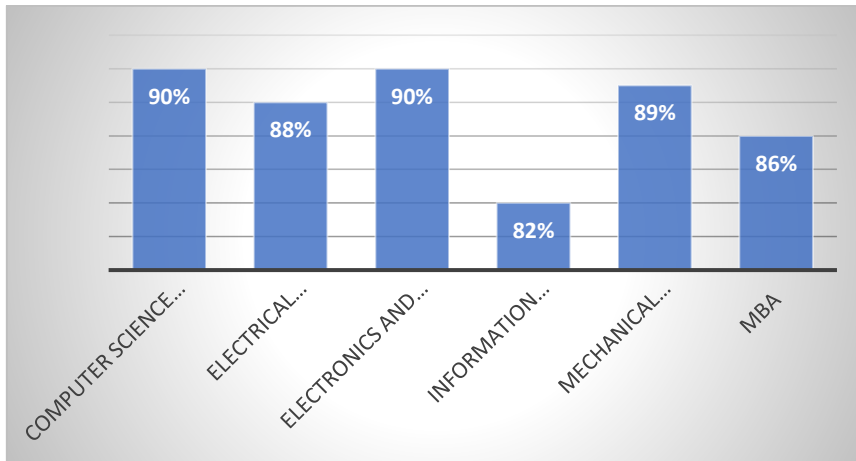

Curriculum help in solving real time problems.

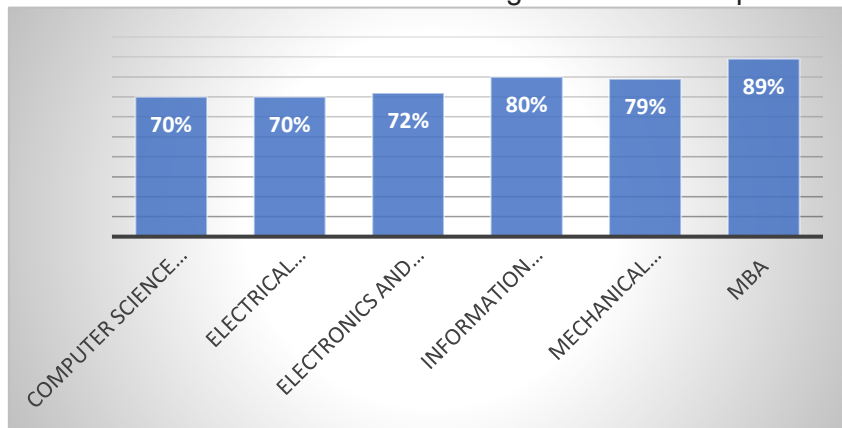

The value-added courses are offered in the curriculum scheme

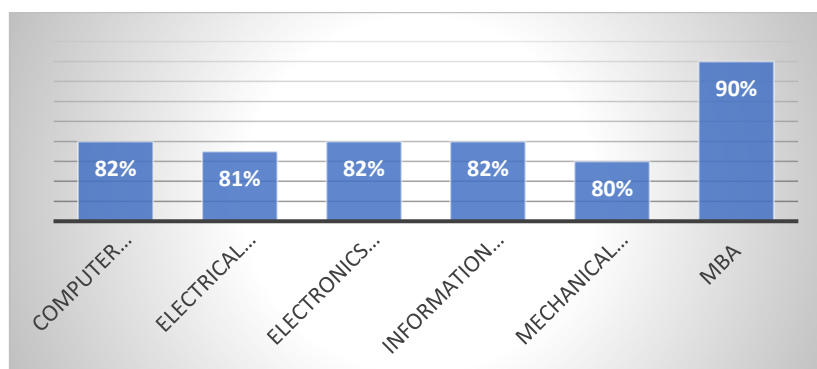

The courses in the curriculum have well balance between theory and practical

The courses in the curriculum inculcate management and entrepreneurial skills.

The courses in the curriculum emphasise personal, career, and lifelong learning.

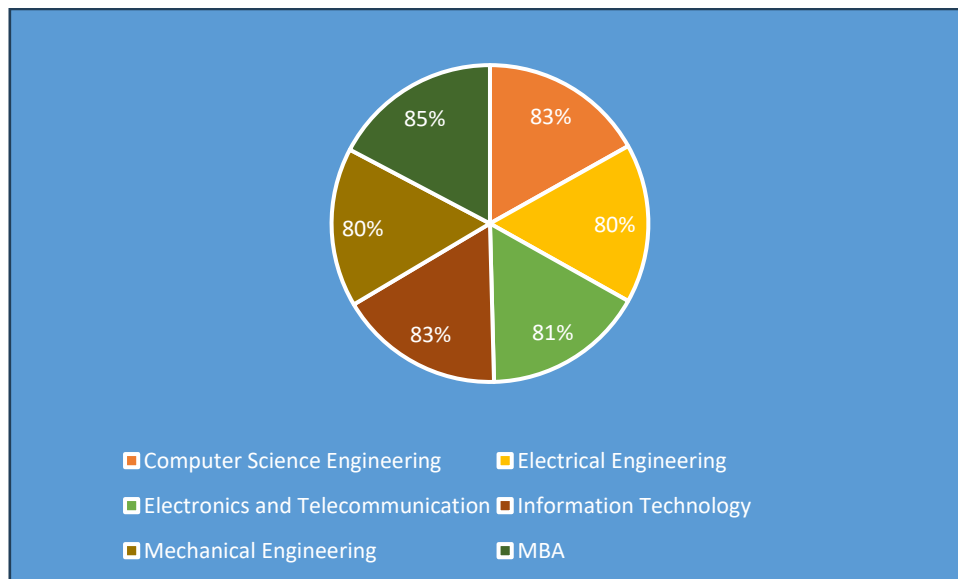

Employers Feedback Analysis

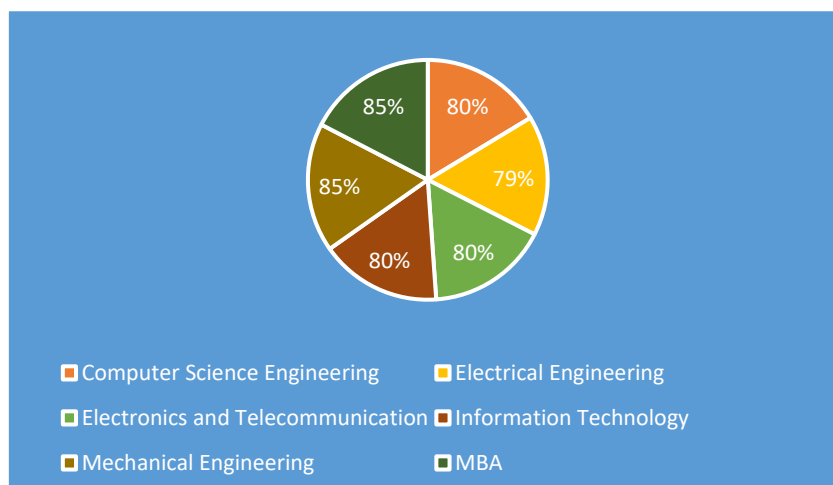

Name of Department	Number of Feedback Forms received	Overall Analysis %
Computer Science Engineering	15	84%
Electrical Engineering	10	83%
Electronics and Telecommunication	12	83%
Information Technology	15	84%
Mechanical Engineering	10	84%
MBA	18	87%

Individual Feedback Analysis

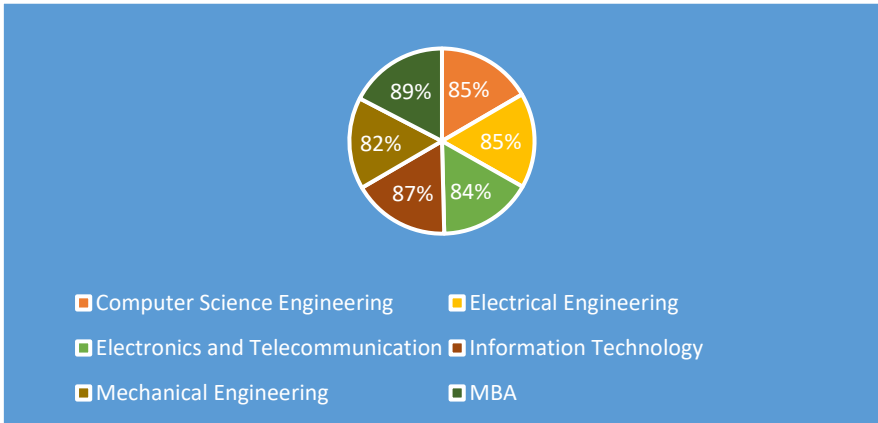

Technical Skills Acquired by Graduates

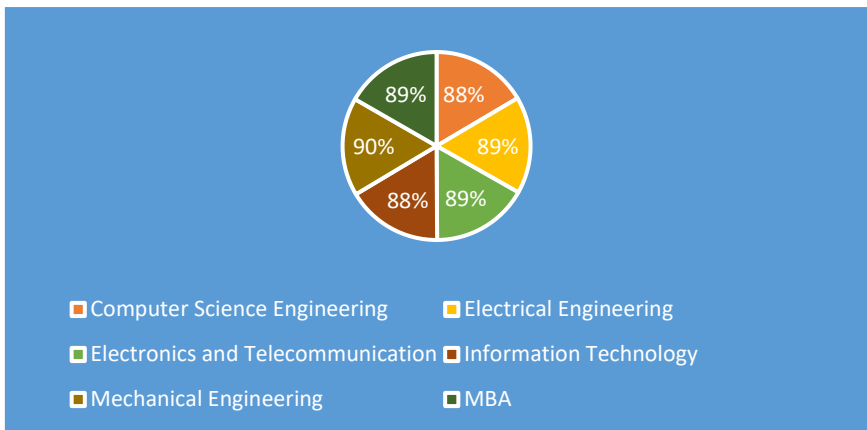

Problem-Solving Abilities

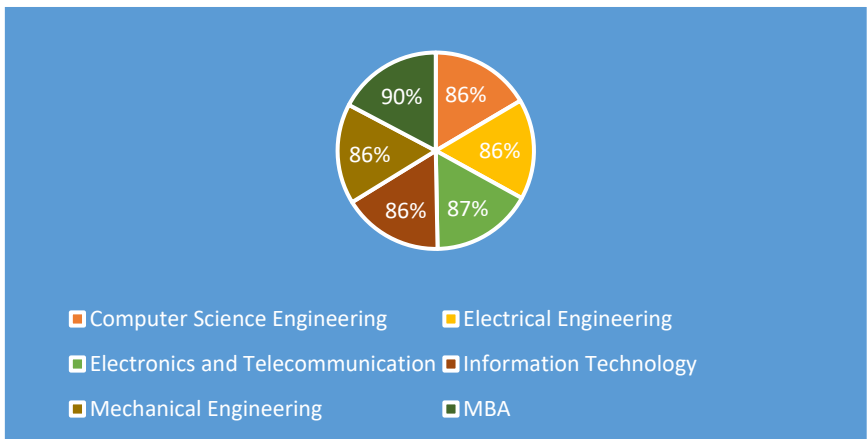

Communication Skills

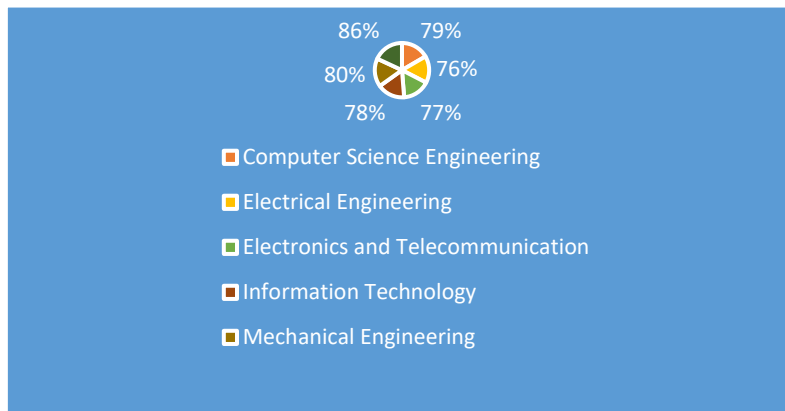

Teamwork and Collaboration.

Professionalism and Work Ethics

Adaptability and Learning Ability

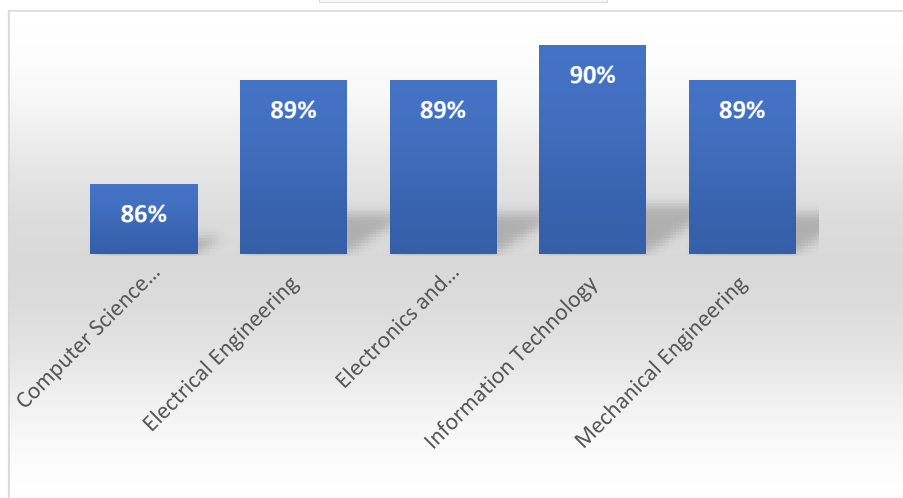

Parents Feedback Analysis

Computer Science Engineering	34	87
Electrical Engineering	36	87
Electronics and Telecommunication	67	88
Information Technology	38	88
Mechanical Engineering	35	86

Individual Feedback Analysis:

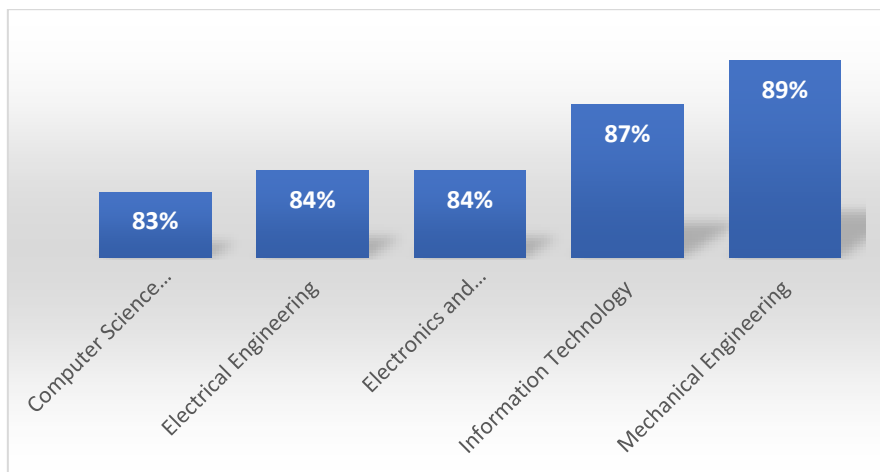

Academic Excellence

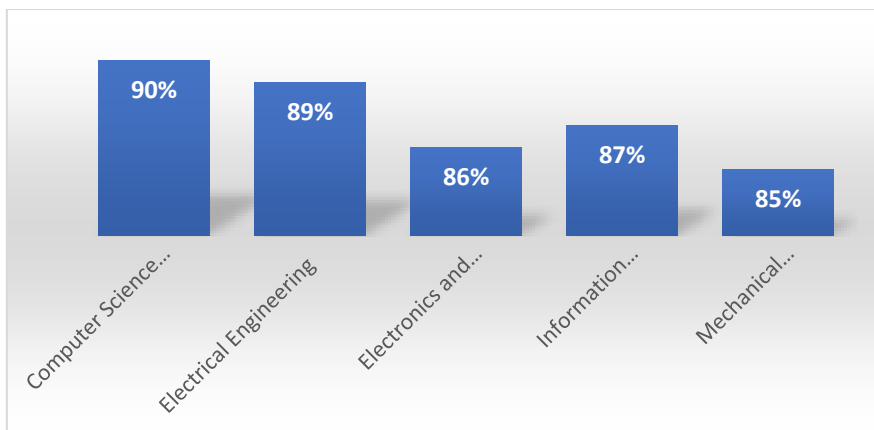

Quality of Teaching and Faculty

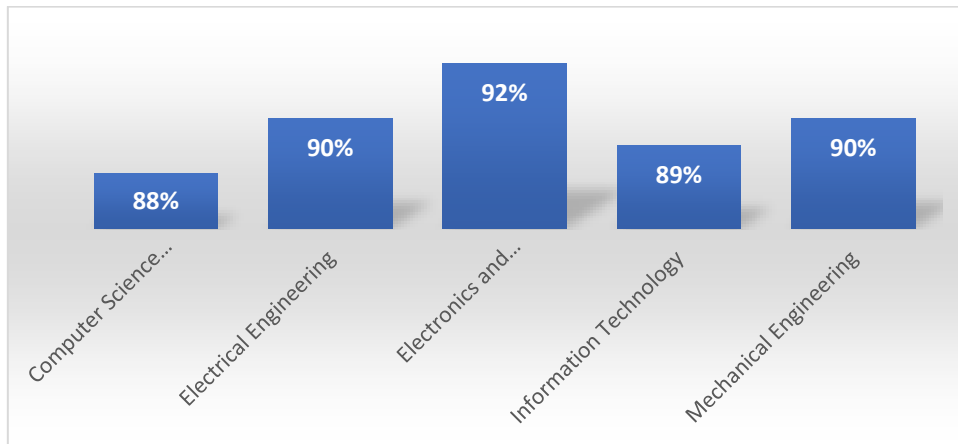

Infrastructure and Facilities

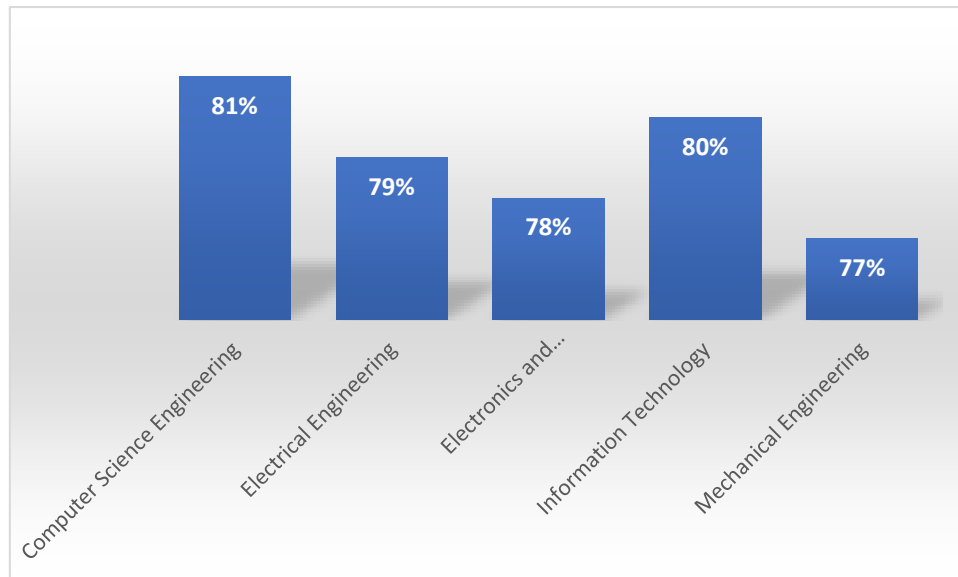

Safety and Security Measures

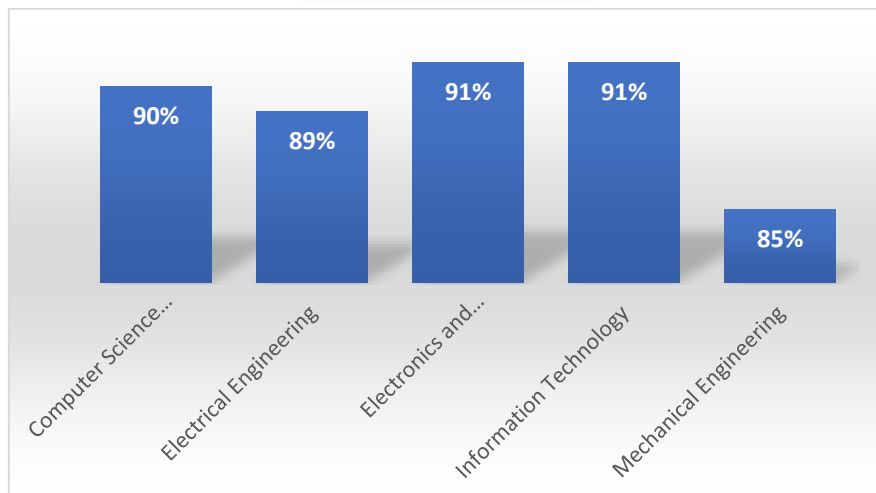

Extracurricular Activities and Sports

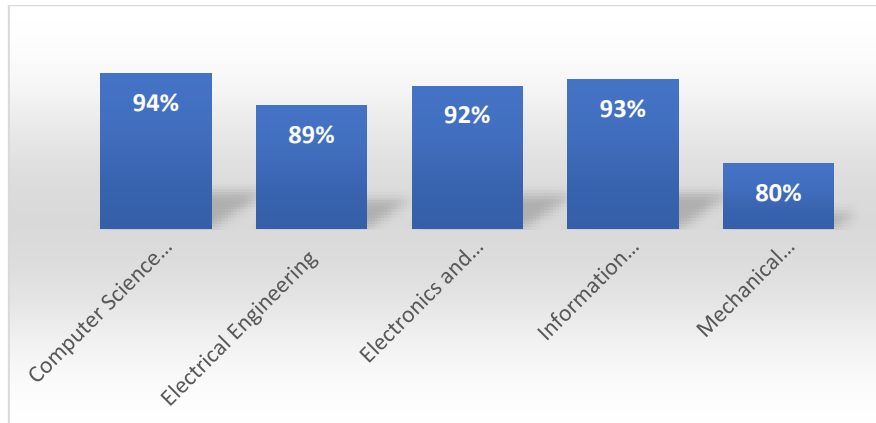

Hostel / Mess / Canteen

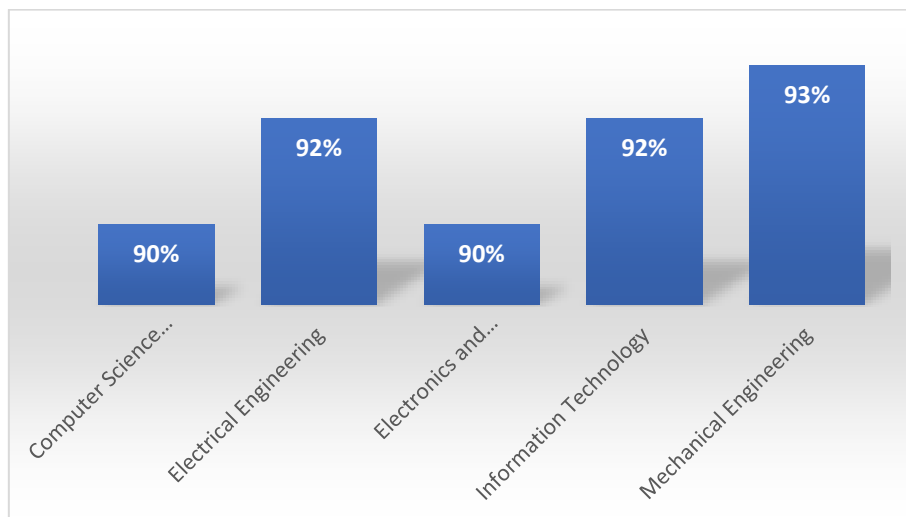

Academic Counselling

Placement Assistance

Overall Satisfaction:

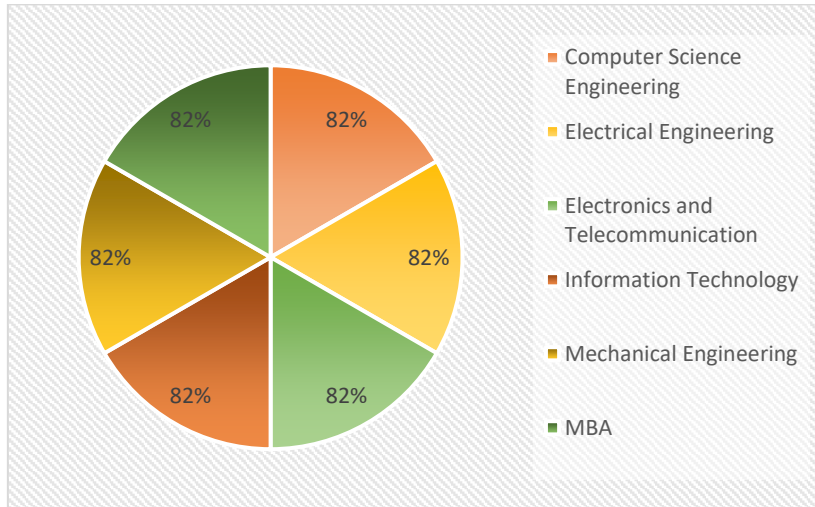

Student's Feedback

Students Feedback Analysis

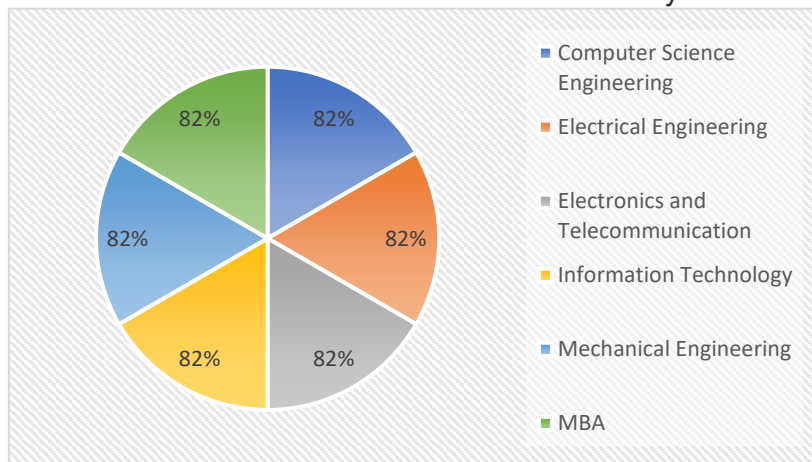

Name of Department	Number of Feedback Forms received	Overall Analysis %
Computer Science Engineering	42	84%
Electrical Engineering	35	83%
Electronics and Telecommunication	76	83%
Information Technology	37	84%
Mechanical Engineering	41	84%
MBA	56	87%

Individual Analysis

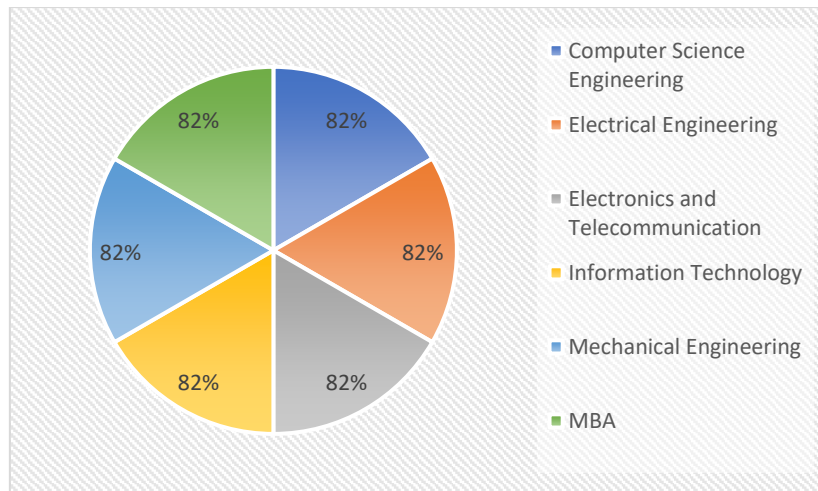

The Course sequences in the curriculum are accurate

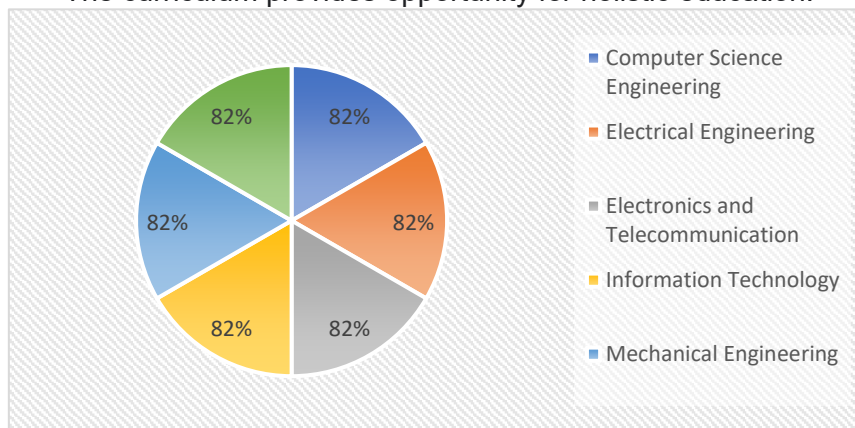

The credits of courses and contact hours are evenly distributed

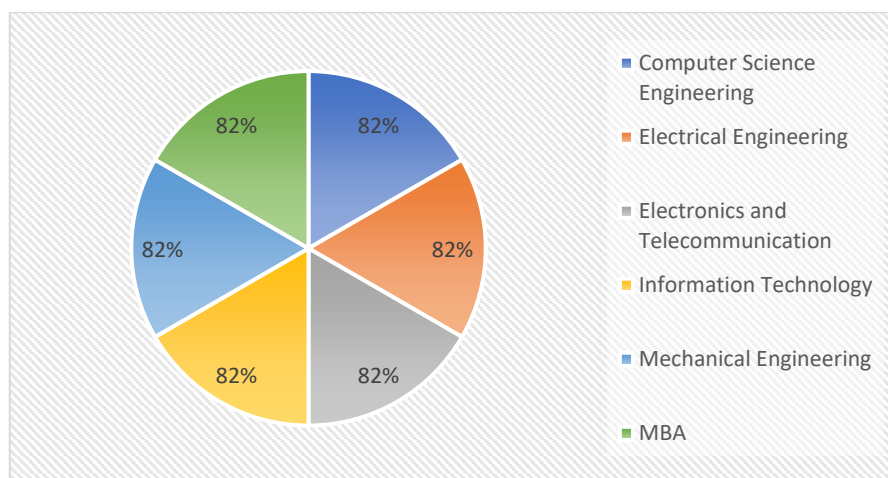

The curriculum promotes learning based on research.

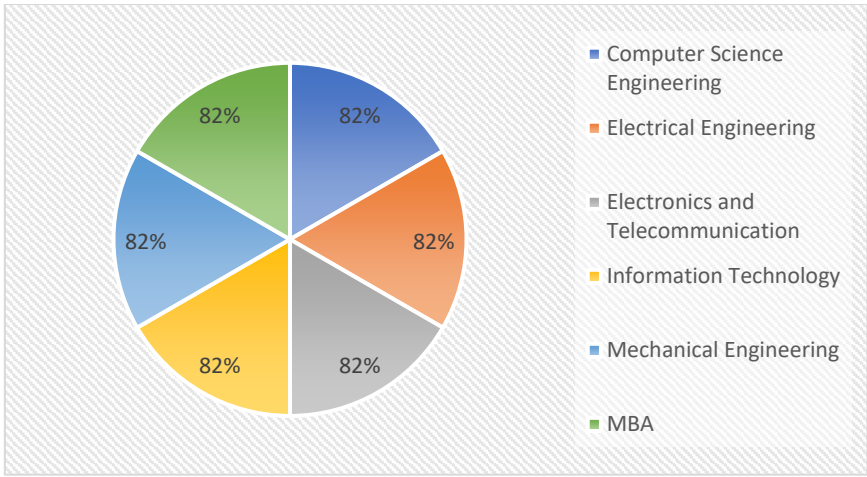

The curriculum provides opportunity for holistic education.

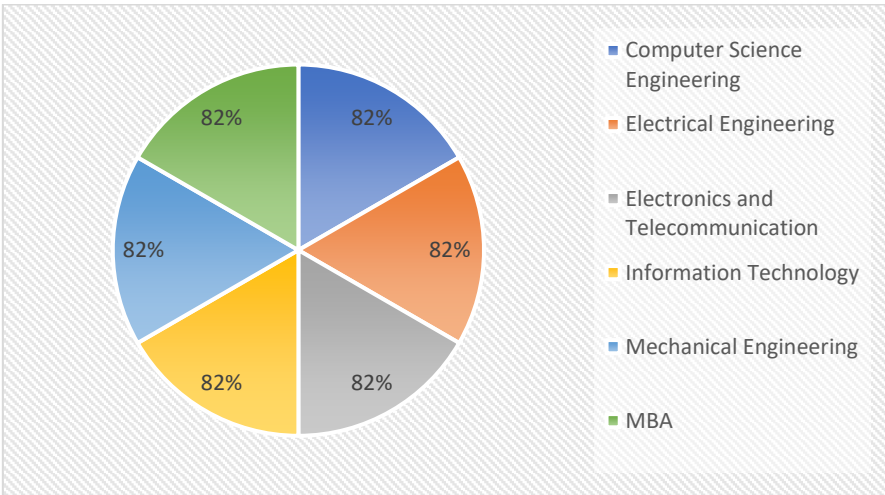

The course objectives and outcomes are well defined

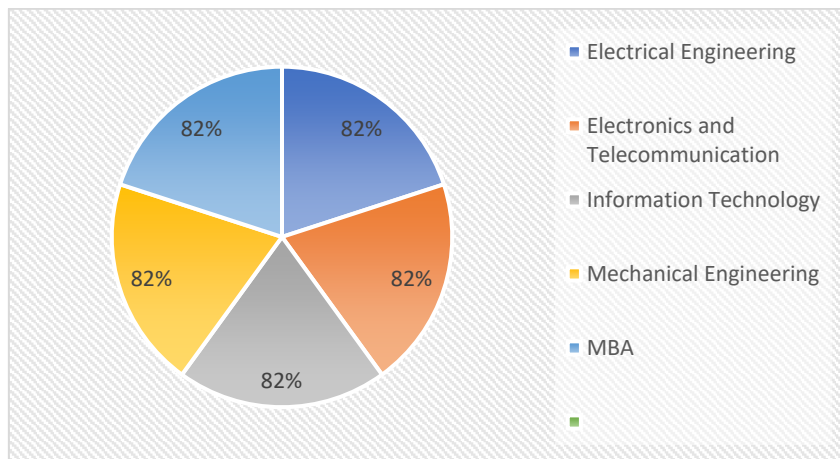

The value-added courses are offered in the curriculum scheme

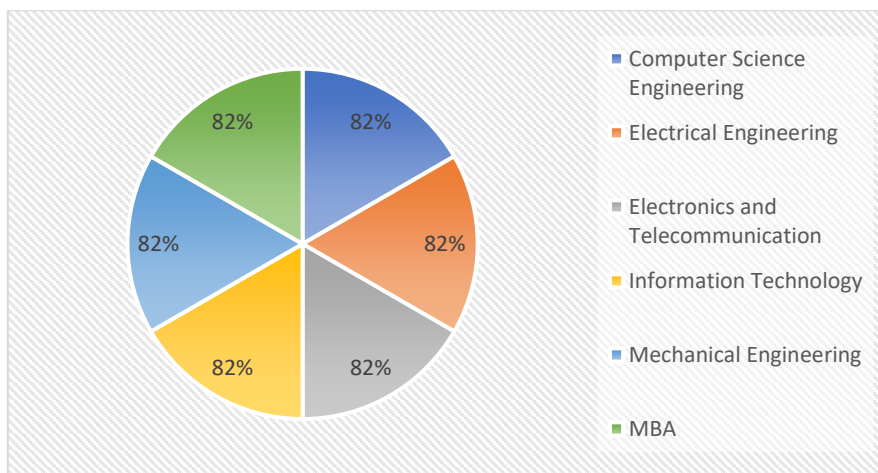

The design of courses promotes to extra learning or self-learning

The courses in the curriculum inculcate management and entrepreneurial skills.

The courses in the curriculum emphasise personal, career, and lifelong learning

Action Taken Report on Feedback

This Action Taken Report provides a comprehensive overview of the actions taken by the Internal Quality Assurance Cell (IQAC) in response to feedback received from various stakeholders. It outlines the steps taken to address concerns, implement suggestions, and enhance the overall quality of education and institutional processes.

Feedback Sources

Students: Feedback from current students regarding academic and extracurricular experiences.

Faculty: Input from teaching faculty members on curriculum, teaching methodologies, and institutional support.

Alumni: Feedback provided by alumni who have graduated from the institution.

Parents: Input from parents of current students on various aspects of their children's education.

Employers: Feedback from employers who have hired graduates from the institution.

Action Taken on Feedback is summarized as below:

Feedback Source	Observations	Actions Taken
Student	To enhance the learning environment, it is recommended to digitize classrooms and improve infrastructure facilities	A comprehensive plan to digitized classrooms and invest in upgrading infrastructure facilities is initiated
	Enhance online learning resources, such as e-books, video lectures, and virtual labs, to support remote learning.	Faculty members provided students with e-books, and faculty members posted video lectures of their subjects on YouTube, sharing the links with students."
	Provide coaching regarding aptitude preparation from third year	Aptitude coaching initiated from third year
	To start more foreign language courses	More number of Foreign language courses such as German and Japanese are introduced
	curriculum enrichment through the introduction of additional elective courses	New elective courses that align with emerging industry trends and promote interdisciplinary learning are introduced

Employer	Need to improve job skills	As per the New Education Policy 2020, skill-based education and job-oriented skills has been introduced
	Some Students faced challenges regarding communication	Specialized communication skills training programs are organized along with conducting online mock interview sessions in preparation for placement drives
Alumni	Curriculum should be more practical oriented	Implemented measures to make the curriculum more practical-oriented. This includes the integration of hands-on projects, industry internships, and real-world applications into the coursework.
	Incorporate software like MATLAB and Lab VIEW into curriculum	Workshops based on MATLAB and LabVIEW are conducted to enhance the technical skills of students
Parents	Skill development programs should be conducted and same should be communicated to parents	A series of skill development programs are organized to enhance students' practical skills, employability, and overall personal development. Regular updates and communication with parents regarding these initiatives are established to ensure transparency and engagement
