“Campus Recruitment Training for BE 2nd year Students ”

Academic Year 2022-23

Shri Sant Gajanan Maharaj College of Engineering,
Khamgaon Road, Shegaon, Dist: Buldhana

Sr No	Title of Activity	**Campus Recruitment Training for BE 2nd yearStudents**
1	Speaker	Mr. Ajay Butwani
2	Co-Ordinator	Prof Adesh Solanke
3	Co-Cordinator	Prof. Mrs. H S Patil
4	Schedule of Activity	Started from 1st Dec 2022 at 7:00 PM to 08:00 PM Total **100** Hrs per year
5	Time	As per scheduled in Time table and notice
6	Objective of Activity	**1.** Enrich their knowledge and to develop their logical reasoning thinking ability **2.** The main aim of introducing "Quantitative Aptitude"for mathematics students is to develop skill to meet the competitive examinations for better job opportunity. **3.** Effort has been made to accommodate fundamental, mathematical aspects to instill confidence among students. **4.** To demonstrate various principles involved in solving mathematical problems and thereby reducing the time taken for performing job functions. **5.** To make students able to critically evaluate various real-life situations
7	Venue	**Virtual Mode**
8	No. of Beneficiaries	Total- **450**
9	Syllabus/Topics	Attached herewith

About Program:

In general, aptitude tests measure one's competence in logical reasoning, numerical skills, or verbal ability; competency can be evaluated through problem-solving tasks and testing one's critical thinking across various contexts.

There are various topics under the syllabus of Quantitative Aptitude. Topics such as work and wages, permutation and combination, profit and loss, age, probability, percentages, ratios and many more. The above article contains all these important topics.

Aptitude tests are often used to assess academic potential or career suitability and may be used to assess either mental or physical talent in a variety of domains.

Topics Covered:
Square roots, Cube roots, Squares, Ratio Proportion, Allegation's & Mixtures, Number Series & Letter Series, Coding-Decoding, Calendars, Clocks, Partnerships, Basic Geometry & Algebra, Questions on Ages, Pattern Completion, Mirror Image & Water Image, Data Sufficiency etc.

Learning Outcomes:

After successful completion of this course, students will have the knowledge and skills to

1. Solve the problems easily by using Short-cut method with time management which will be helpful to them to clear the competitive exams for better job opportunity.
2. It helps Candidates to conquer the success in job tests.
3. Analyze the Problems logically and approach the problems in a different manner.

Course Contents:

Following is the Quantitative Aptitude & Logical Reasoning training plan for Second yearEngineering Students **(Semester- III.)**

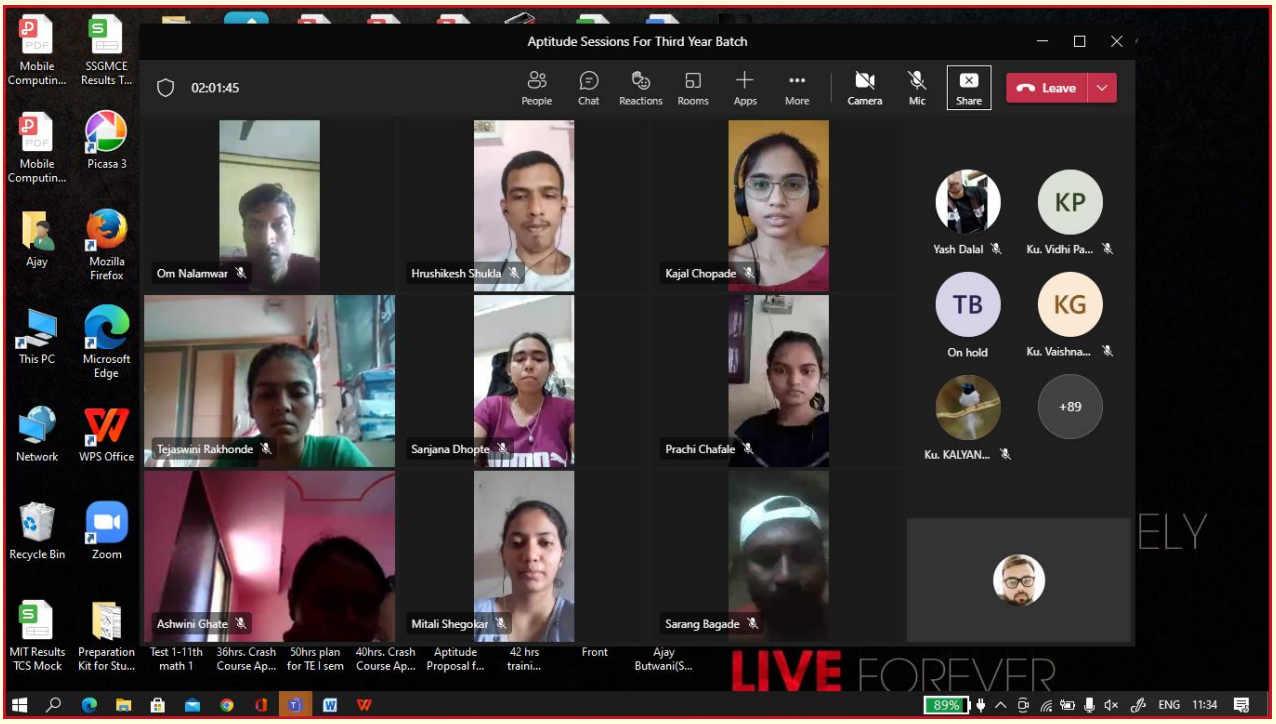

Second year Engineering (Semester-III) (50hrs)		
No.	**Chapter Name**	**Hours**
1.	Square roots, Cube roots, Squares	2hrs
2.	Ratio Proportion	6hrs
3.	Partnerships	4hrs
4.	Averages	6hrs
5.	Allegation's & Mixtures	6hrs
6.	Questions on Ages	6hrs
7.	Analogies or similarities	4hrs
8.	Number Series & Letter Series	4hrs
9.	Coding-Decoding	4hrs
10.	Calendars	4hrs
11.	Clocks	4hrs
	Total Working hours per batch	**50hrs**

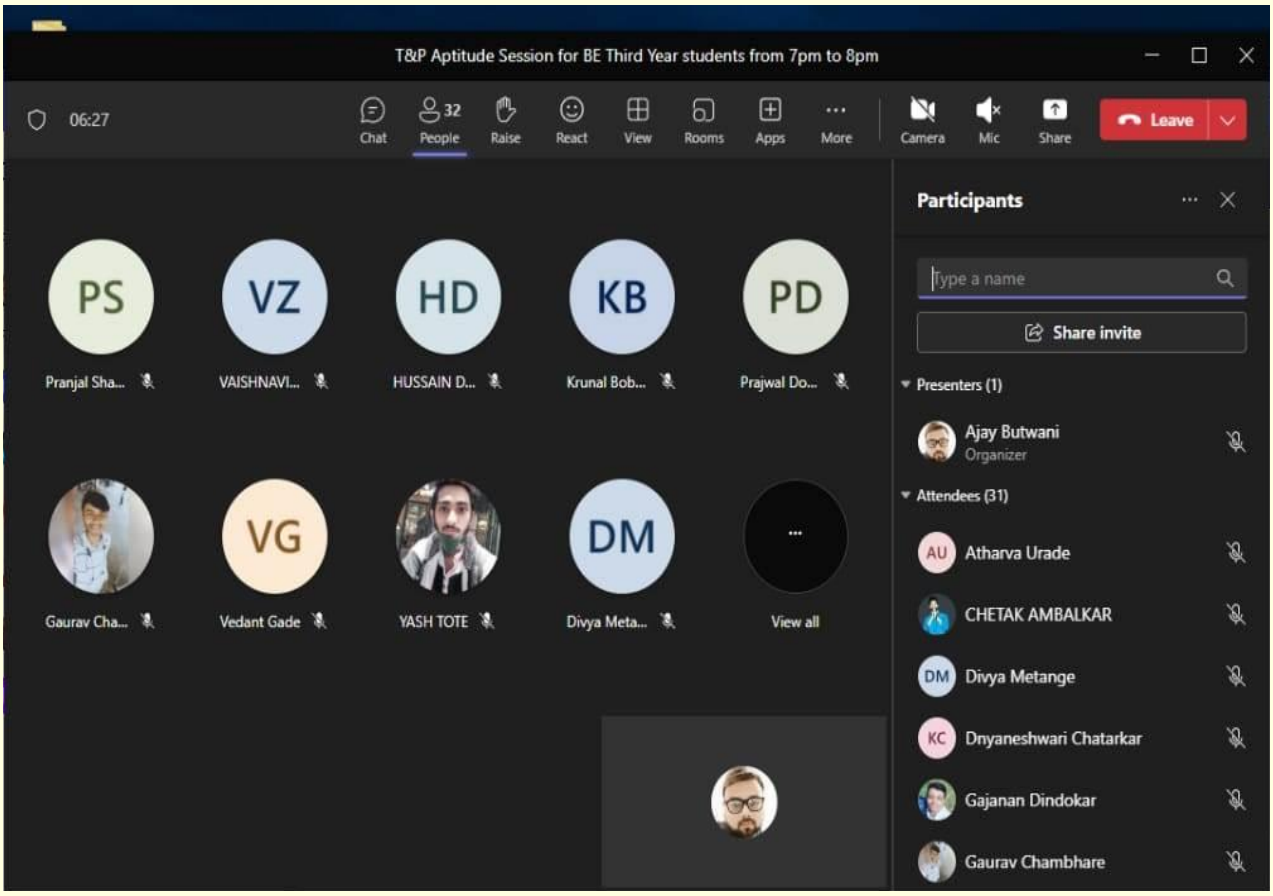

Following is the Quantitative Aptitude & Logical Reasoning actual training planimplemented for Third Year Engineering Students **(Semester-VI).**

Third year Engineering (Semester-VI) (50hrs)		
NO	**Chapter Name**	**Hours**
1.	Number System	6hrs
2.	Basic Statistics	6hrs
3.	Progression	6hrs
4.	Basic Geometry & Algebra	6hrs
5.	Surds & Indices	6hrs
6.	Data Interpretation	4hrs
7.	Data Sufficiency	4hrs
8.	Nonverbal Reasoning (Series & Analogy)	4hrs
9.	Pattern Completion, Mirror Image & Water Image	4hrs
10.	Paper Cutting & Folding	4hrs
	Total Working hours per batch	**50hrs**

Dear Students,

Greetings from T&P Cell of SSGMCE Shegaon!!!

Aptitude test is the first part of the recruitment process of almost all companies. To solve the lengthy/complex questions of the aptitude tests, students need to know the tricks/shortcuts and also need to practice well in advance. Keeping all these points in view, we have designed a systematic plan of **200 Hours of Aptitude Development Program** for the students of SSGMCE Shegaon..... We are starting these classes **from 1st December 2022.** For the convenience of the students the classes will be conducted online on MS Teams platform (tentative timing will be as follows: **For BE Second Year:::: (eighter from 8:00am to 9:00am OR from 7:00pm to 8:00pm).**

We have assigned the aptitude training to a highly expert and 10+ years experienced trainer **Mr. Ajay Butwani** to train the students on Aptitude Development. He has trained more than 51000 students so far. These aptitude classes would bear a nominal charge of Rs.1000/- (for all the four semesters, 3rd, 4th,5th and 6th: out of the Rs.1000/- during Second year you need to pay only Rs 600/- and the remaining Rs.400/- will have to pay in your Third Year). The Aptitude Development Programme is mandatory for all the students of BE Second Year students. The Aptitude classes attendance of every SSGMCE student should be 75% and above: it is a basic eligibility condition for all SSGMCE Students to make themselves "Placement Eligible". During your BE Final year there will be a crash course which will be a rapid revision of the entire aptitude syllabus and that would be free of charge. The topic details are mentioned in the word/pdf files attached to this message.(So, pay Rs.600/- for the Aptitude Classes scheduled for BE Second Year students session 2022-23.)

We appeal to all the students to attend the Aptitude Development Classes regularly. You will really enjoy the learning!

Wish You All The Best!!!

Help Us to Help You!!!

Prof. Adesh Solanke
Training and Placement Officer,

Name of Agency: **Base Education (Mr. Ajay Butwani)**

Name of the Participant: Prasad Agrawal Dept. Electrical Engg

Module Name: Aptitude Date: _____ Batch: 25 Time Slot: 7:00 - 8:00 pm

Tick (only one answer for each question.

Sr. No	Question	Poor	Fair	Good	Very Good	Excellent
1	The Training you attended was.		✓			
2	The demonstrations were.			✓		
3	The content presented was.					
4	The trainer's knowledge about the content was.					✓
5	The way trainers taught the contents was.				✓	
6	The activity your participated in were.				✓	
7	The quality of instruction was			✓		
8	The training made the objectives was.			✓		
9	The training made my expectation is.				✓	
10	Adequate time was provided for Questions and Discussions.			✓		

Write your answers to the following questions.

1) What did you like best about the training?

The training is good, the content that is taught by the faculty is excellent.

2) Are there any areas that should be included in training?

The training should also be included with English grammer.

3) Are there any areas that should be improved for future training?

9	The training made my expectation is.	0	0	3	8	89
10	Adequate time was provided for Questions and Discussions.	0	2	4	7	87

Student's response to the questionnaire as per Feed Back form.

Interpretation:

1) It is seen that almost all the participants found Aptitude Training useful for them.

2) Students learnt how a job candidate might solve different hypothetical problems.

3) It gives insight to students to determine which type of careers they might be good at.

4) A aptitude training designed to test a Student's abilities needed for a particular job.

5) The training Contents are found to be as per the expectations of the candidates.

5) Participants are found to be highly satisfied with trainer's knowledge and content delivery.

6) Demonstration, activity, presentation & content were adequate with respect to the training.

7) Training fulfills the objectives of the programme.

8) Students found aptitude training is Enhancing problem-solving skills.

“Campus Recruitment Training for BE 3rd year Students ”

Academic Year 2022-23

Shri Sant Gajanan Maharaj College of Engineering,
Khamgaon Road, Shegaon, Dist: Buldhana

Sr No	Title of Activity	**Campus Recruitment Training for BE 3rd yearStudents**
1	Speaker	Mr. Ajay Butwani
2	Co-Ordinator	Prof Adesh Solanke
3	Co-Cordinator	Prof. Mrs. H S Patil
4	Schedule of Activity	Started from 5th Sept. 2022 at 9:00 AM to 10:00 AM Total **100** Hrs per year
5	Time	As per scheduled in Time table and notice
6	Objective of Activity	**1.** To make students able to critically evaluate various real-life situations **2.** The main aim of introducing "Quantitative Aptitude"for mathematics students is to develop skill to meet the competitive examinations for better job opportunity. **3.** To demonstrate various principles involved in solving mathematical problems and thereby reducing the time taken for performing job functions. **4.** Effort has been made to accommodate fundamental, mathematical aspects to instill confidence among students. **5.** Enrich their knowledge and to develop their logical reasoning thinking ability.
7	Venue	**Virtual Mode**
8	No. of Beneficiaries	Total- **438**
9	Syllabus/Topics	Attached herewith

About Program:

In general, aptitude tests measure one's competence in logical reasoning, numerical skills, or verbal ability; competency can be evaluated through problem-solving tasks and testing one's critical thinking across various contexts.

There are various topics under the syllabus of Quantitative Aptitude. Topics such as work and wages, permutation and combination, profit and loss, age, probability, percentages, ratios and many more. The above article contains all these important topics.

Aptitude tests are often used to assess academic potential or career suitability and may be used to assess either mental or physical talent in a variety of domains.

Topics Covered:
Permutations & Combinations, Probability, Simplification, Surds, Indices, Progression, Data interpretation, Data Sufficiency, Non Verbal series, Analogs, Pattern, Water and Mirror image.

Learning Outcomes:

After successful completion of this course, students will have the knowledge and skills to

1. Solve the problems easily by using Short-cut method with time management which will be helpful to them to clear the competitive exams for better job opportunity.
2. It helps Candidates to conquer the success in job tests.
3. Analyze the Problems logically and approach the problems in a different manner.

Course Contents:

Following is the Quantitative Aptitude & Logical Reasoning training plan for Third yearEngineering Students in **(Semester-V)**

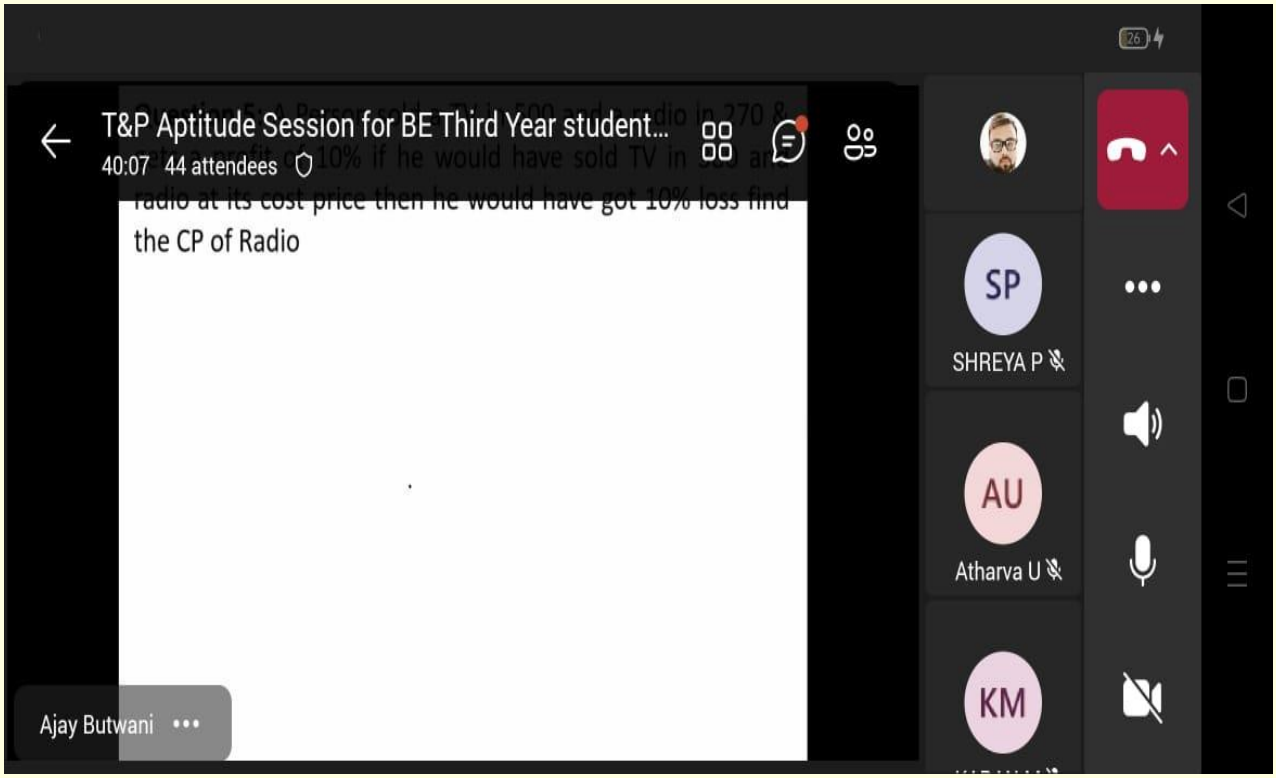

Third year Engineering (Semester-V) (50hrs)		
No.	**Chapter Name**	**Hours**
1.	Percentages	6hrs
2.	Profit Loss	6hrs
3.	Simple Interest	6hrs
4.	Compound Interest	6hrs
5.	Discount	6hrs
6.	Arithmetical Reasoning	4hrs
7.	Cubes & Dices	4hrs
8.	Finding number of diagrams in a given figure	4hrs
9.	Logical Venn Diagrams & Set theory	4hrs
10.	Statement & Conclusions, Statement & Argument	4hrs
	Total Working hours per batch	**50hrs**

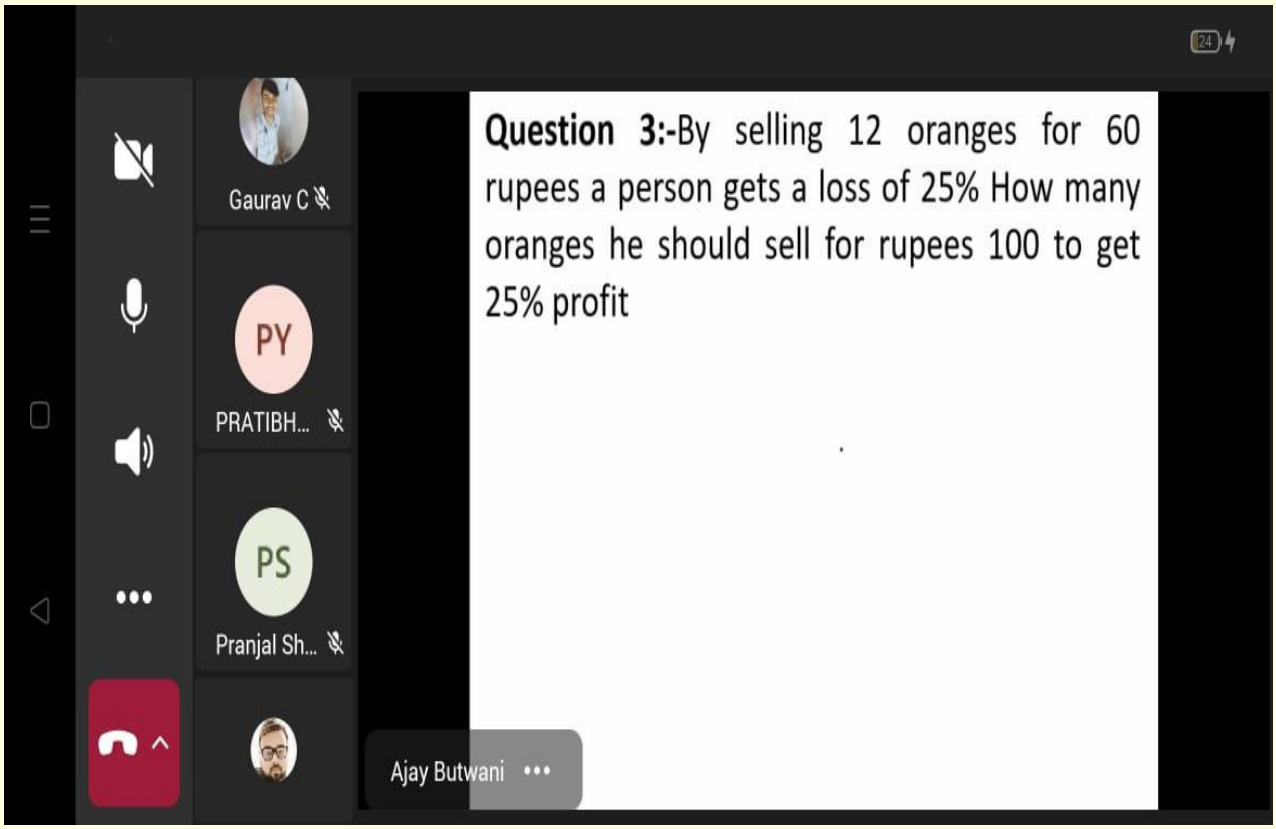

Following is the Quantitative Aptitude & Logical Reasoning actual training planimplemented for Third Year Engineering Students **(Semester-VI).**

Third year Engineering (Semester-VI) (50hrs)		
No	**Chapter Name**	**Hours**
1.	Number System	6hrs
2.	Basic Statistics	6hrs
3.	Progression	6hrs
4.	Basic Geometry & Algebra	6hrs
5.	Surds & Indices	6hrs
6.	Data Interpretation	4hrs
7.	Data Sufficiency	4hrs
8.	Nonverbal Reasoning (Series & Analogy)	4hrs
9.	Pattern Completion, Mirror Image & Water Image	4hrs
10.	Paper Cutting & Folding	4hrs
	Total Working hours per batch	**50hrs**

FEED BACK FORM FOR APTITUDE DEVELOPMENT PROGRAMME

Name of Agency: **Base Education (Mr. Ajay Butwani)**

Name of the Participant: Surabhi Ghanshyamji Lahoti Dept. CSE

Module Name: Apti Date: _____ Batch: ____ Time Slot: 8 - 10:00 AM

Tick (only one answer for each question.

Sr. No	Question	Poor	Fair	Good	Very Good	Excellent
1	The Training you attended was.					✓
2	The demonstrations were.					✓
3	The content presented was.					✓
4	The trainer's knowledge about the content was.					✓
5	The way trainers taught the contents was.				✓	
6	The activity your participated in were.					✓
7	The quality of instruction was					✓
8	The training made the objectives was.					✓
9	The training made my expectation is.				✓	
10	Adequate time was provided for Questions and Discussions.					✓

Write your answers to the following questions.

1) What did you like best about the training?

I liked that every doubt raised by students were paid attention.

2) Are there any areas that should be included in training?

NO, it's fine.

3) Are there any areas that should be improved for future training?

The difficulty level of question can be raised to more difficult from competitive exams perspective.

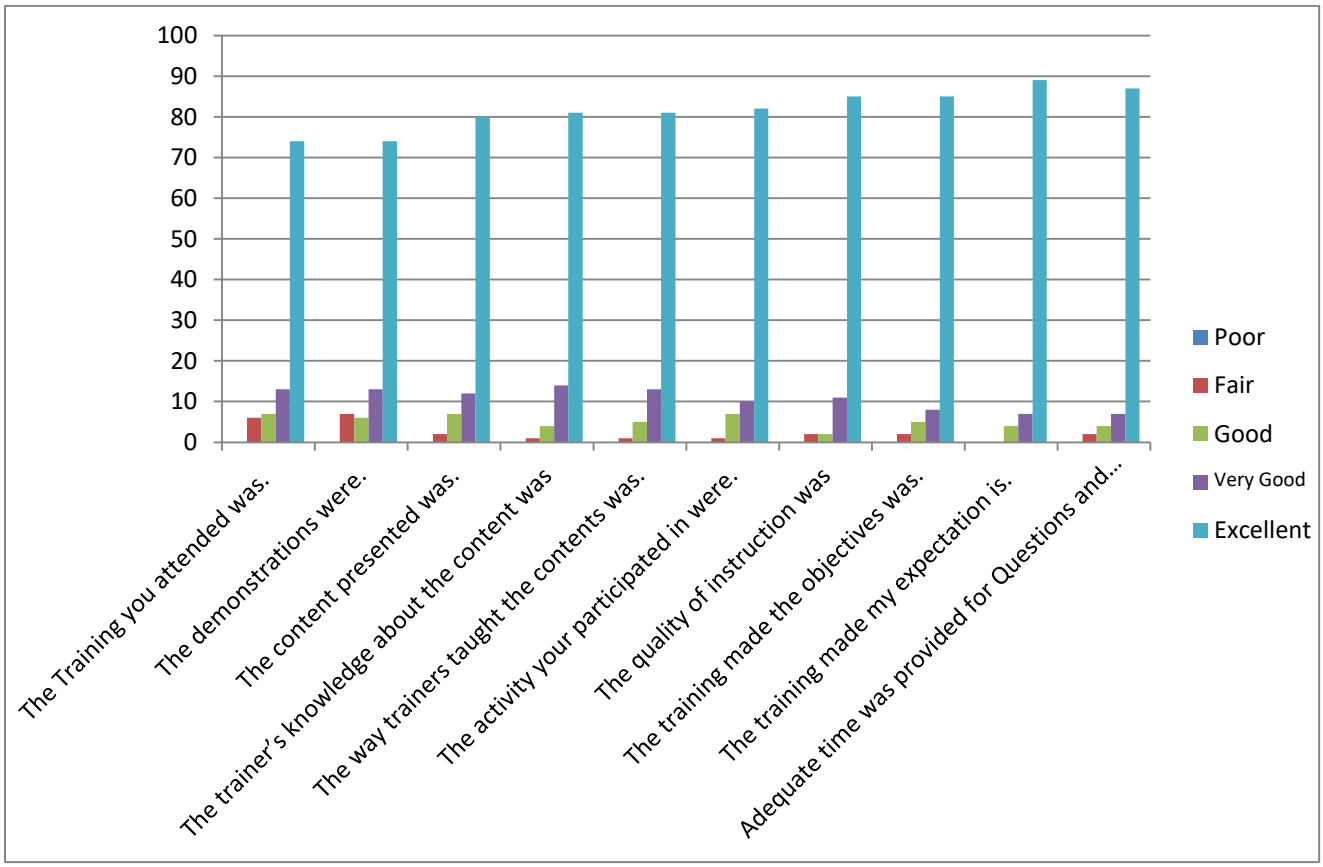

Signature of the Candidate

STUDENTS FEED BACK

Campus Recruitment Training (Online) for BE 3rd year Students AY 2022-23.

Sample Size: **100**

Sr. No	Question	Poor	Fair	Good	Very Good	Excellent
1	The Training you attended was.	0	6	7	13	74
2	The demonstrations were.	0	7	6	13	74
3	The content presented was.	0	2	7	12	80
4	The trainer's knowledge about the content was	0	1	4	14	81
5	The way trainers taught the contents was.	0	1	5	13	81
6	The activity your participated in were.	0	1	7	10	82
7	The quality of instruction was	0	2	2	11	85
8	The training made the objectives was.	0	2	5	8	85
9	The training made my expectation is.	0	0	4	7	89
10	Adequate time was provided for Questions and Discussions.	0	2	4	7	87

Student's response to the questionnaire as per Feed Back form.

Interpretation:

1) It is seen that almost all the participants found Aptitude Training useful for them.

2) Students found Aptitude can help identify an individual's mathematical strengths.

3) It gives insight to students to determine which type of careers they might be good at.

4) The training Contents are found to be as per the expectations of the candidates and can also help identify an individual's level of intelligence.

“Summer Internship-Cum-Training programme on Data Science BE 3rd Year Students ”

Academic Year 2022-23

Shri Sant Gajanan Maharaj College of Engineering,
Khamgaon Road, Shegaon, Dist: Buldhana

Sr No	Title of Activity	**Summer Internship-Cum-Training programme on Data Science BE 3rd Year Students**
1	Agency	Capable, Pune
2	Co-Ordinator	Prof Adesh Solanke
3	Co-Cordinator	Prof. Mrs. H S Patil
4	Schedule of Activity	Started from June to July 2023 **30 days Days.**
5	Time	As per scheduled in Time table and notice
6	Objective of Activity	1. Apply quantitative modeling and data analysis techniques to the solution of real world business problems. 2. To communicate findings. 3. Effectively present results using data visualization techniques.
7	Venue	**Virtual Mode**
8	No. of Beneficiaries	Total- **09**

About Program:

About Data Science:

Choosing data science means becoming an expert in making positive change. As a data scientist, you can provide leaders with the valuable information they need to make confident decisions, propel businesses forward, drive change in communities, and so much more.

Data science has become the fuel for countless industries. It powers everything from innovation and the customer experience to the future of health care. Data science has the potential to improve the way we live and work, and it can empower others to make better decisions, solve problems, discover new advancements, and address some of the world's most pressing issues.

Big data and the field of data science present big opportunities for career advancement. Depending on the industry and role you choose, you'll find a wide variety of data science job titles with nuanced job descriptions to match specific skill sets.

Common data science career paths or job titles include:

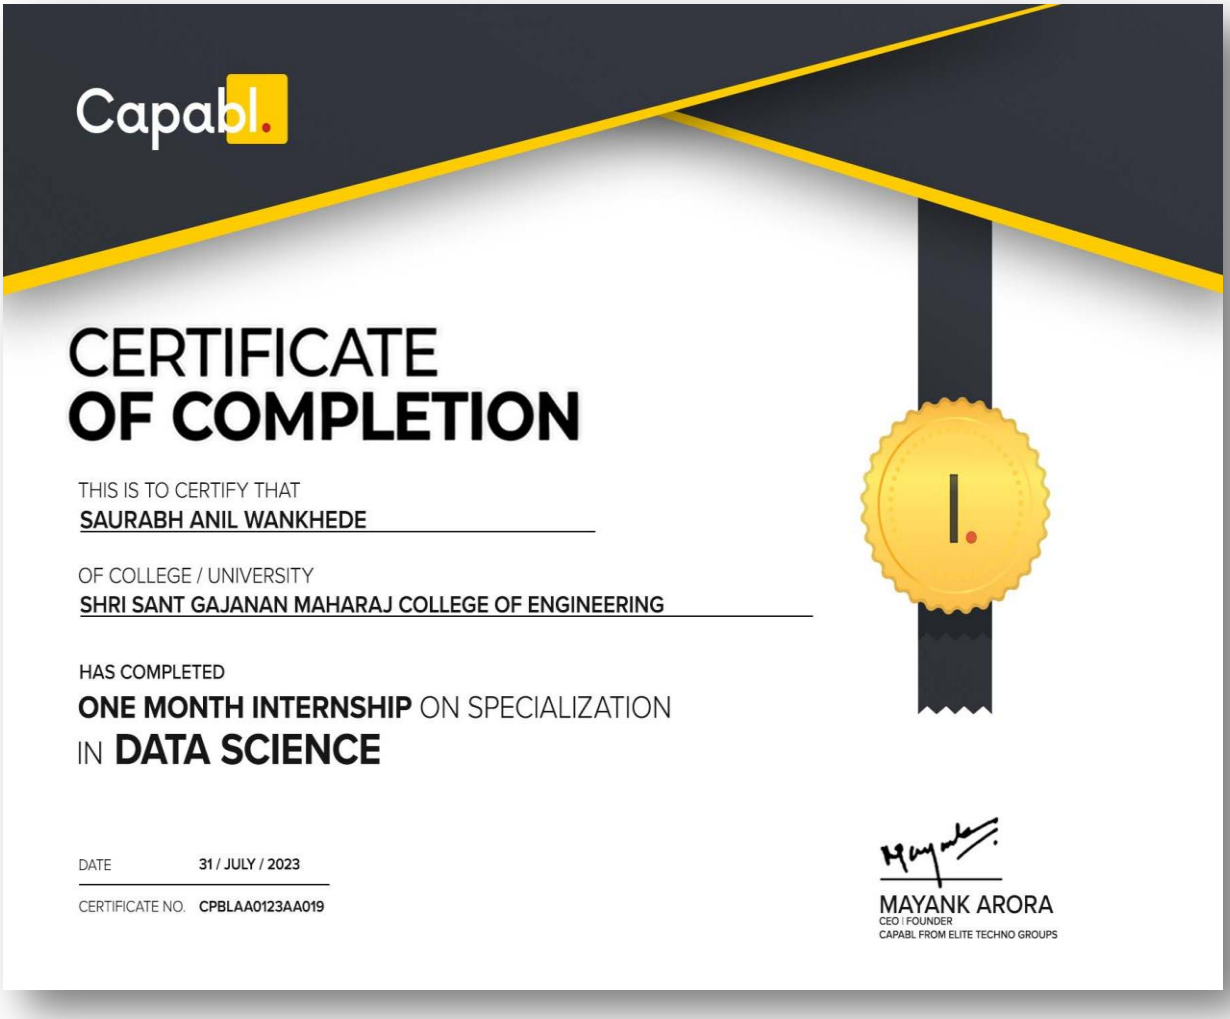

- Business analyst
- Data analyst
- Data architect
- Data engineer
- Data scientist
- Machine learning engineer
- Research scientist

TPO, SSGMCE

List of Students:

Sr No.	Name	Domain
1	Atharva Ashok Urade	Data Science
2	Karan Devanand Motwani	Data Science
3	Pallavi Borse	Data Science
4	Pranjal Patil	Data Science
5	Pratik Diwan	Data Science
6	Riya Chikankar	Data Science
7	Saurabh Anil Wankhede	Data Science
8	Tushae Nimbolkar	Data Science
9	Vaishnavi Sanjay Lande	Data Science

Hi Adesh Solanke,

Thanks for applying for the Summer Internship '23 cohort by Capabl. We have got your application. In the next 24-48 hours you will receive a confirmation status on email and WhatsApp.

If the seats are not full and the application is approved

- All accesses will be provided to you on or before the 15th of June
- All other services (Community, Placement Portal, Bootcamps) will be at no cost
- No certificate will be provided without completing the final project
- Any spamming in the community will see you removed from the community

This program is solely created to support your engineering growth. Any misuse of this in any way will see you removed from the Capabl ecosystem.

However, if you are active and participative in projects and boot camps, we believe you will enjoy this engineering program.

For Engineers, By Engineers!
Best,
Team Capabl.

I Sneha Jadhav will be your Training and Placement coordinator from Capabl.

The assigned slot for the Internship Qualification Exam is 17th June 2023 Morning slot 10:30 AM . Please ensure all registered students participate in the exam on designated date and time

Process to Enroll

1. Students are required to Register on the adjoining link - Apply Here
2. All Registered students will be intimated on the Test Link | UserID | Password within 24 hours of registration on their registration email
3. Registered students have to log on to the Test link , Enter their Credentials and start the test at the designated time.

Please note : The Test link will be active 10 minutes before the designated time and will close at sharp 60 minutes.

Syllabus for the Qualification Test:

Design & CAE	
Strength of Materials	Basic concept of stress-strain Bending of beams Shear force and Bending moment diagrams
Manufacturing Processes	Basic knowledge of processes like casting, machining, welding, powder metallurgy
Engineering Mathematics	Linear Algebra Differential Equations Matrices
Kinematics and Dynamics	Degrees of Freedom Static and Dynamic analysis of rigid bodies
CAD	Boolean operations Basic sketching and 3D modeling
EV	
Fundamental of Electric Vehicle	
Series-Parallel Hybrid Vehicle,plug-in vehicles etc	
Types of Motors used in EV application	
Electrochemistry	
Cell reactions and cell internal elements	
Different types of cell chemistry	
Different cell mechanical structures	
Battery Management system	
Active-Passive cell balancing	
Data Science Syllabus	
Data Types	
Data Structures	
Programming Syntex	
Introduction to Programming	
Full Stack Syllabus	
Python Basics and Data Types	
Conditional Statements and Loops	
Functions and Recursion	
Introduction to Java and Programming Basics	
Decision Making and Control Flow	
Strings and Multithreading

“Summer Internship-Cum-Training programme on Electric Vehicle BE 3rd Year Students ”

Academic Year 2022-23

Shri Sant Gajanan Maharaj College of Engineering,
Khamgaon Road, Shegaon, Dist: Buldhana

Sr No	Title of Activity	**Electric Vehicle**
1	Agency	Capable, Pune
2	Co-Ordinator	Prof Adesh Solanke
3	Co-Cordinator	Prof. Mrs. H S Patil
4	Schedule of Activity	Started from June to July 2023 **30 days Days.**
5	Time	As per scheduled in Time table and notice
6	Objective of Activity	1. The E-Drive System for EV track gives you an understanding of power converter topologies, the design of power converters, and the use of MATLAB and Simulink in designing and simulating power components. 2. You will also learn how to study the efficiency of these power components using software tools.
7	Venue	**Virtual Mode**
8	No. of Beneficiaries	Total- **02**

About Program:

About EV Training-cum-Internship:

This advanced course, aims to deepen your understanding of electric vehicle design and other related ideas while also bringing you up to speed on the basics.

The purpose of this course is to develop the next generation of EV designers who will advance the field of vehicle design.

Contents:

- Basics of electromobility and steering dynamics.
- EV powertrain architecture.
- Wire harnessing (EMI, EMC).
- Understanding of SOC, cell balancing
- Designing of R-C model in MATLAB
- Speed control methods
- Power converters and invertery.
- Battery modelling
- Design and simulation of AC and DC charge controller
- Battery deterioration analysis
- SoH estimation
- SoP and SoF estimation

TPO, SSGMCE

List of Students:

Sr No.	Name	Domain
1	Sakshi Ganesh Awchar	Electric Vehicle
2	Yash Sharma	Electric Vehicle

1	Agency	Capable, Pune
2	Co-Ordinator	Prof Adesh Solanke
3	Co-Cordinator	Prof. Mrs. H S Patil
4	Schedule of Activity	Started from June to July 2023 **30 days Days.**
5	Time	As per scheduled in Time table and notice
6	Objective of Activity	1. To Learn the core concepts of both the frontend and backend programming course. 2. To Get familiar with the latest web development technologies. 3. To Learn all about SQL and NoSQL databases. To Learn complete web development process.
7	Venue	**Virtual Mode**
8	No. of Beneficiaries	Total- **38**

About Program:

About Full Stack Web Development Course:

Full Stack Web Development is nothing but complete designing of both websites and applications where the developers need to work from frontend to backend development. With our Full Stack Web Development Course, you will become an expert in all the aspects of web development such as Java, .NET, MEAN Stack and Python. In Frontend you are able to learn – HTML, HMTL5, CSS3, Bootstrap, JavaScript and jQuery whereas in Backend – Node.js, Meteor.js, Angular 2,4&5, PHP and Ruby on Rails and finally in Database – MySQL, PostgreSQL, MongoDB, CouchDB and Apache Cassandra.

Full Stack Web Development Course Content:

Basics – HTML, CSS, More HTML Tags, More CSS Properties, JavaScript, JavaScript Supported Data Structures, Advanced JavaScript, jQuery, AJAX, jQuery Animations, jQuery Templating, HTML 5, CSS 3, etc.

TPO, SSGMCE

8	No. of Beneficiaries	Total Enrolled- 115 **Total benefited: 37**

About Program:

The Martian Program is on-campus Internship program offered by Persistent Systems for AY 2022-23 batch and through Martian Program students can also get PPO/full time roles at Persistent.

An assessment was taken for selection in Program.

Online Test: This was the initial step for selection in the program and this step examines you in Aptitude, Logical reasoning and Computer Science fundamentals. Along with MCQs there were 2 coding questions.

This internship was of 7-week and in every week, we were trained on different topics such as DBMS, Computer Networks, Operating System and DSA. Also, they train us in a Programming Language.
At the end of each week there was an MCQ assessment on the topic you got the trained.

Final Assessment: This final assessment consists of MCQ on the topic that were taught in previous 7 weeks.
After training of all 7 weeks there was a final assessment based on which we had the chance to get PPO.

Total 37 students have completed internship of which 18 students were called for final interview and 3 has got offer.

Rest of the students have got Internship certificate.

TPO, SSGMCE

Persistent Systems: Updates on Persistent Qualifier Test for Martian Internship Program

Early Careers <Early_Careers@persistent.com> Wed, May 31, 2023 at 5:01 PM
To: Early Careers <Early_Careers@persistent.com>
Cc: Kalpana Kudlingar <kalpana_kudlingar@persistent.com>

Dear All,

(In Bcc: Training and Placement Officers)

Thank you for attending yesterday's session.

Due to college exam schedule, The Persistent Qualifier Test for Martian Summer Internship program has been scheduled to 3rd and 4th of June 2023.

Persistent Qualifier test is of 1hour 45mins. The online PQT test window will be open from –

- Start date and time of PQT – Saturday, 3rd June from 10:00 AM
- End date and time of PQT – Sunday, 4th June till 6:00 PM

The registered students who will be shortlisted based on our eligibility criteria will receive the test link from SHL on their registered email IDs before start of the test (Friday EOD / Saturday by 9:00 AM). Please make sure that the students have downloaded the Lockdown browser, if not they will face issues with the test.

All TPOs are requested to forward this email to registered / eligible students.

The results of shortlisted candidates will be shared with respective TPOs in due course of time.

Note – We will let you know the next course of action based on the business demands.

Disclaimer: Please note that all eligible students will be getting email communication through Persistent on their personal email IDs and phone numbers from Campus Initiative perspective. If any candidate does not wish to get any further communications from us, they may withdraw the registration and will be deemed not eligible. You can reply to Early_Careers@persistent.com (without changing the subject line).

Regards,

Early Careers & Campus Relations

Persistent: 2nd slot for PQT

Early Careers <Early_Careers@persistent.com> Mon, Jun 5, 2023 at 2:02 PM
To: Early Careers <Early_Careers@persistent.com>

Hello All,

(Intended TPOs in bcc)

Dear hiring partners, based on the inputs received from you, we are planning to add another slot for the **PQT** tentatively on Wednesday, 7th June 2023 from 12:00 noon to 6:00 PM.

We request you to send us the details of the students who did not receive the test link, in the attached format by today **5:00 PM**. (Refer to the attached Excel sheet for the format).

Note:-

- Please ensure that you only send us the list of students who are eligible for the **PQT** as per the criteria and have registered with us (No new registration).
- Please make sure that they belong to CS/IT streams only.
- As per the data there have been instances that students have filled in **wrong email id's** or **phone numbers** or **wrong college names** due to which they have not received the test link.
- We request you to ask the students to check their other folders in the email addresses.

Regards,

Early Careers & Campus Relations

Persistent - FY'24 GEMS Summer Internship Program [Martian]_SSGMCOE

Mahesh Kale <mahesh_kale2@persistent.com> Wed, Jun 14, 2023 at 6:33 PM
To: "tpossgmce@gmail.com" <tpossgmce@gmail.com>
Cc: Sanket Vaidya <sanket_vaidya1@persistent.com>, Early Careers <Early_Careers@persistent.com>

Dear Vinay Sir,

Hope you are doing well. We are glad to share the list of shortlisted students for our Summer Internship Program FY'24.

Attached are the details of eligible students. We will be conducting an 'Orientation Session' on **19th Jun'23 at 5 pm** to brief them about the internship.

We will be communicating the further process and attendee link about the program separately on students' registered email IDs.

The next course of action post the completion of the Martian program which would be subject to business requirements would be communicated accordingly.

Important Communication:

Please note that during the evaluation process of Persistent Qualifier Test, we have detected instances of fraudulent activities which were identified through the proctored tool. Consequently, we have disqualified the students involved in this activity from any of Persistent's programs or initiatives.

Persistent maintains a strong commitment to conduct business in an ethical manner and has a strict policy against any form of misconduct.

In the future, if any similar incidents are identified, appropriate measures will be taken to address them.

Thank you for your ongoing support.

Feel free to reach out to me.

Regards,

Mahesh Kale

8	No. of Beneficiaries	CSE-55/ IT-56/ E&TC-120/ EE-71/Mech-57 (Total-359)
9	Syllabus	Attached herewith report as per semester

About Program:

Soft skills provide students with a strong conceptual and practical framework to build, develop and manage teams. They play an important role in the development of the students' overall personality, thereby enhancing their career prospects. The soft skills training provides strong practical orientation to the students and helps them in building and improving their skills in communication, the effective use of English, business correspondence, presentations, team building, leadership, time management, group discussions, interviews, and inter-personal skills. This training also helps students in career visioning and planning, effective resume writing and dealing with placement consultants and head hunters.

Learning Outcomes:

1. Students learn the parameter of public speaking..

2. Students could develop their interpersonal and intrapersonal skills.

3. Students learn and enhance their corporate correspondence.

4. Soft skill training develops self-confidence of individuals by mastering interpersonal skills, team management skills, and leadership skills.

Glimpse:

Mr. Sanjay Kale & Mr. Khushrow Irani Delivering his lectures to student's on Soft Skill

“TCS-Microsoft Business Unit Certification (AZ 900) (SIRIUS)Training for BE 3rd year Students ”

Academic Year 2022-23

Shri Sant Gajanan Maharaj College of Engineering,
Khamgaon Road, Shegaon, Dist: Buldhana

Sr No	Title of Activity	**TCS-Microsoft Business Unit Certification Training (AZ 900) for BE 3rd year Students.** (TCS-MBU) SIRIUS Programme.
1	Agency	Tata Consultancy Services and Microsoft Business Unit (TCS-MBU)
2	Co-Ordinator	Prof Adesh Solanke
3	Co-Cordinator	Prof. Mrs. H S Patil
4	Schedule of Activity	Started from 15th March 2023 to 31st May 2023 **60 Days.**
5	Time	As per scheduled in Time table and notice
6	Objective of Activity	**1.** Enrich their knowledge as per the changing era and enhancement in IT industry's requirements. **2.** Open up new arena for students for placements. **3.** Future learning is prospectus from SIRIUS Trailing. **4.** SIRIUS is "The Future ready talent" platform.
7	Venue	**Virtual Mode**
8	No. of Beneficiaries	Total- **18**

About Program:

Tata Consultancy Services (TCS) and Microsoft have forged a strategic partnership to drive the edge-to-cloud transformation journey, where cloud is the unifying digital fabric. This partnership provides innovative solutions for a holistic cloud adoption journey.

TCS offers future-ready business solutions to reimagine workplaces, implement optimized business processes, and help drive rapid migration and modernization of applications, infrastructure and data platforms. The partnership also leverages TCS' deep domain expertise and Microsoft Cloud capabilities including Microsoft Azure, Microsoft 365, Dynamics 365 and Power Platform.

Sirius is a TCS - MBU Campus Initiative intended to help students find a career opportunity with TCS MBU Unit by getting trained on niche Microsoft cloud technologies and become market ready cloud professionals.

Students would be going through their training on the "The Future ready talent" platform designed by Microsoft post which upon assessment & evaluation by TCS MBU, student will land in a golden opportunity to start their career with TCS MBU in digital cadre and high perks.

Learning Outcomes:

After successful completion of these certifications, students will have the knowledge and skills to

1. Learn and apply knowledge in industry problems.
2. To search new arena of the jobs in future technologies.
3. AZ 900 certificate are applicable worldwide for the cloud technology domain.
4. Theses certificates will brings an opportunity for BE candidates to Receive Digital Offer with CTC RS.7 LPA.

Dear Sir,

Greetings !

We are happy to bring to you Program SIRIUS, from the TCS Microsoft Business Unit.

Introduction to TCS Microsoft Business Unit

Tata Consultancy Services (TCS) and Microsoft have forged a strategic partnership to drive the edge-to-cloud transformation journey, where cloud is the unifying digital fabric. This partnership provides innovative solutions for a holistic cloud adoption journey. TCS offers future-ready business solutions to reimagine workplaces, implement optimized business processes, and help drive rapid migration and modernization of applications, infrastructure and data platforms.

The partnership also leverages TCS' deep domain expertise and Microsoft Cloud capabilities including Microsoft Azure, Microsoft 365, Dynamics 365 and Power Platform.

We have earmarked very few Academic Institutes of great reputation to launch SIRIUS and happy to inform you that your institute is one of them.

Introduction to SIRIUS

Sirius is a TCS - MBU Campus Initiative intended to help students find a career opportunity with TCS MBU Unit by getting trained on niche Microsoft cloud technologies and become market ready cloud professionals.

Students would be going through their training on the "The Future ready talent" platform designed by Microsoft post which upon assessment & evaluation by TCS MBU, student will land in a golden opportunity to start their career with TCS MBU in digital cadre and high perks.

Attached herewith is the brochure of the program.

Scope and Applicability

First Page

UG and PG Engineering students from any branch can go through this program.

We will be able to explain this and answer any other questions you may have over a meeting. Please let us know your convenient time so that we can connect over call or in person and go through the program.

Thanks & Best Regards
Hrishikesh Jayant Dhande

Dear Students,

Greetings from T&P Cell of SSGMCE Shegaon!!!

With reference to Interactive Session with TCS MBU Team on 6th Feb. 2023, all the Third Year students are to register themselves on the portal.

Please find the attachment, where the QR Code has been given in pdf and scan the same and register yourself.

Make sure that Target is for students to complete their AZ900 and PL900 courses and get Microsoft certified.

The benefit of this certification will be not only for the job in TCS on a particular domain for which you are certified but it is also useful in other software companies too on the same domain.

Your Certification standard will decide your career opportunities in TCS for the academic year 2023-24.

Students should take this mail on a serious note and follow the process as suggested by T&P Cell from time to time.

Be a future ready engineer by certifying yourself with TCS MBU.

Note: **All the T&P Faculty Coordinators are requested to keep the followup of students registration and completion of certifications of 3rd year students.**

Wish You All The Best!!!

TCS Confidential

Dear faculties,

Thank you for the brilliant support extended so far.

Below emails will go to students. please take note and request your support here. As highlighted to you, its not the end of the world if students don't get certified, they can still appear for TCS Interviews. (This point is only for you to note 😊) however if 0 progress in course completion, as highlighted below. We will release from SIRIUS pool. Course completion is the bare minimum. 😊

MBU SIRIUS SEASON II

Read the email thoroughly

Please consider this entire month of May to be the time to complete your AZ900 and PL900 learning + MS certification for both AZ900 and PL900. Final deadline (**May 31st 2023)**

Incase you have completed the learning and certification, You can be the SIRIUS champion by helping your other classmates who are enrolled in this and please upload your certificate to future ready talent (document attached), Do mention me in Linkedin with your post if certified so I can find and acknowledge.

Once again beyond **May 31st 2023**, there is no extension of deadlines. If anyone has not started the course and reflects as nil completion (Azure fundamentals 0 module completion) and (Power Platform 0 module completion) we will release you from the SIRIUS pool

Important step in creating certification profile: Use only personal email ID or Sign into Learn using the same personal Microsoft account (MSA) you use to sign into your certification profile and not college/work email.(Refer to https://learn.microsoft.com/en-us/certifications/connect-cert-profile-to-learn for more information)

The sync issues that may have, I have already attached the document for you to pursue.

Important documents attached

1. **If MS exam is scheduled, what are the most important pointers before you attend the exams (Highly recommended to read) –** Most of the students make an error in this
2. **How to claim the 100% discount voucher on certification**
3. **MS learn sync issues**
4. **How to fill MS learn profile URL in orientation (this is a imp step, if this is wrong. You will have sync issues)**
5. **Uploading your Microsoft Certification to Future ready talent**

ATTENTION: Do not miss the MS exam that you have scheduled, you will be blacklisted from attending other MS exams. If this is genuine miss from the proctored centre, you may approach.

https://trainingsupport.microsoft.com/en-us/tcmct/forum?sort=LastReplyDate&dir=Desc&tab=All&status=all&mod=&modAge=&advFil=&postedAfter=&postedBefore=&threadType=All&isFilterExpanded=false&page=1

If there are queries, the SOP of email should first go to the Faculty coordinator I would have looped in previous emails and if they are unable to solve, you can forward to me keep in cc with problem statement, college name and most importantly screenshots.

****
****

All the best!

Thank you and Regards,

“TCS-Microsoft Business Unit Certification (PL 900) (SIRIUS)Training for BE 3rd year Students ”

Academic Year 2022-23

Shri Sant Gajanan Maharaj College of Engineering,
Khamgaon Road, Shegaon, Dist: Buldhana

Sr No	Title of Activity	**TCS-Microsoft Business Unit Certification Training (PL 900) for BE 3rd year Students.** (TCS-MBU) SIRIUS Programme.
1	Agency	Tata Consultancy Services and Microsoft Business Unit (TCS-MBU)
2	Co-Ordinator	Prof Adesh Solanke
3	Co-Cordinator	Prof. Mrs. H S Patil
4	Schedule of Activity	Started from 15th March 2023 to 31st May 2023 **60 Days.**
5	Time	As per scheduled in Time table and notice
6	Objective of Activity	**1.** Enrich their knowledge as per the changing era and enhancement in IT industry's requirements. **2.** Open up new arena for students for placements. **3.** Future learning is prospectus from SIRIUS Trailing. **4.** SIRIUS is "The Future ready talent" platform.
7	Venue	**Virtual Mode**
8	No. of Beneficiaries	Total- **18**

About Program:

Tata Consultancy Services (TCS) and Microsoft have forged a strategic partnership to drive the edge-to-cloud transformation journey, where cloud is the unifying digital fabric. This partnership provides innovative solutions for a holistic cloud adoption journey.

TCS offers future-ready business solutions to reimagine workplaces, implement optimized business processes, and help drive rapid migration and modernization of applications, infrastructure and data platforms. The partnership also leverages TCS' deep domain expertise and Microsoft Cloud capabilities including Microsoft Azure, Microsoft 365, Dynamics 365 and Power Platform.

Sirius is a TCS - MBU Campus Initiative intended to help students find a career opportunity with TCS MBU Unit by getting trained on niche Microsoft cloud technologies and become market ready cloud professionals.

Students would be going through their training on the "The Future ready talent" platform designed by Microsoft post which upon assessment & evaluation by TCS MBU, student will land in a golden opportunity to start their career with TCS MBU in digital cadre and high perks.

Learning Outcomes:

After successful completion of these certifications, students will have the knowledge and skills to

1. Learn and apply knowledge in industry problems.
2. To search new arena of the jobs in future technologies.
3. PL 900 certificate are applicable worldwide for the cloud technology domain.
4. Theses certificates will brings an opportunity for BE candidates to Receive Digital Offer with CTC RS.7 LPA.

List of students completed the Training and certifications:

S.No	Name	Certification Name	Specialisation
1	Prajwal Anilrao Gawande	PL 900	IT
2	Piyush Ganesh Chavan	PL 900	CSE
3	Saurabh Anil Wankhede	PL 900	IT
4	Atharva Urade	PL 900	IT
5	Tejas Dhanraj Moon	PL 900	IT
6	Akansha Kishor Timande	PL 900	IT
7	Juee Prashant Gore	PL 900	IT
8	Vaibhav Suresh Bavaskar	PL 900	CSE
9	Vaibhav Govind Gahat	PL 900	IT
10	Tanay Rajesh Hisariya	PL 900	CSE
11	Pratik Ganesh Ekhande	PL 900	CSE
12	Pallavi Satish Sontakke	PL 900	CSE
13	Vaibhav Shirbhate	PL 900	IT
14	Gaurav Surkar	PL 900	IT
15	Prithvirajsingh Devendrasingh Thakur	PL 900	CSE
16	Ruchika Bhagat	PL 900	IT
17	Karan Motwani	PL 900	IT
18	Gajanan Borade	PL 900	CSE

Dear Sir,

Greetings !

We are happy to bring to you Program SIRIUS, from the TCS Microsoft Business Unit.

Introduction to TCS Microsoft Business Unit

Tata Consultancy Services (TCS) and Microsoft have forged a strategic partnership to drive the edge-to-cloud transformation journey, where cloud is the unifying digital fabric. This partnership provides innovative solutions for a holistic cloud adoption journey. TCS offers future-ready business solutions to reimagine workplaces, implement optimized business processes, and help drive rapid migration and modernization of applications, infrastructure and data platforms.

The partnership also leverages TCS' deep domain expertise and Microsoft Cloud capabilities including Microsoft Azure, Microsoft 365, Dynamics 365 and Power Platform.

We have earmarked very few Academic Institutes of great reputation to launch SIRIUS and happy to inform you that your institute is one of them.

Introduction to SIRIUS

Sirius is a TCS - MBU Campus Initiative intended to help students find a career opportunity with TCS MBU Unit by getting trained on niche Microsoft cloud technologies and become market ready cloud professionals.

Students would be going through their training on the "The Future ready talent" platform designed by Microsoft post which upon assessment & evaluation by TCS MBU, student will land in a golden opportunity to start their career with TCS MBU in digital cadre and high perks.

Attached herewith is the brochure of the program.

Scope and Applicability

First Page

UG and PG Engineering students from any branch can go through this program.

We will be able to explain this and answer any other questions you may have over a meeting. Please let us know your convenient time so that we can connect over call or in person and go through the program.

Thanks & Best Regards
Hrishikesh Jayant Dhande

Dear Students,

Greetings from T&P Cell of SSGMCE Shegaon!!!

With reference to Interactive Session with TCS MBU Team on 6th Feb. 2023, all the Third Year students are to register themselves on the portal.

Please find the attachment, where the QR Code has been given in pdf and scan the same and register yourself.

Make sure that Target is for students to complete their AZ900 and PL900 courses and get Microsoft certified.

The benefit of this certification will be not only for the job in TCS on a particular domain for which you are certified but it is also useful in other software companies too on the same domain.

Your Certification standard will decide your career opportunities in TCS for the academic year 2023-24.

Students should take this mail on a serious note and follow the process as suggested by T&P Cell from time to time.

Be a future ready engineer by certifying yourself with TCS MBU.

Note: **All the T&P Faculty Coordinators are requested to keep the followup of students registration and completion of certifications of 3rd year students.**

Wish You All The Best!!!

TCS Confidential

Dear faculties,

Thank you for the brilliant support extended so far.

Below emails will go to students. please take note and request your support here. As highlighted to you, its not the end of the world if students don't get certified, they can still appear for TCS Interviews. (This point is only for you to note 😊) however if 0 progress in course completion, as highlighted below. We will release from SIRIUS pool. Course completion is the bare minimum. 😊

MBU SIRIUS SEASON II

Read the email thoroughly

Please consider this entire month of May to be the time to complete your AZ900 and PL900 learning + MS certification for both AZ900 and PL900. Final deadline (**May 31st 2023)**

Incase you have completed the learning and certification, You can be the SIRIUS champion by helping your other classmates who are enrolled in this and please upload your certificate to future ready talent (document attached), Do mention me in Linkedin with your post if certified so I can find and acknowledge.

Once again beyond **May 31st 2023**, there is no extension of deadlines. If anyone has not started the course and reflects as nil completion (Azure fundamentals 0 module completion) and (Power Platform 0 module completion) we will release you from the SIRIUS pool

Important step in creating certification profile: Use only personal email ID or Sign into Learn using the same personal Microsoft account (MSA) you use to sign into your certification profile and not college/work email.(Refer to https://learn.microsoft.com/en-us/certifications/connect-cert-profile-to-learn for more information)

The sync issues that may have, I have already attached the document for you to pursue.

Important documents attached

1. **If MS exam is scheduled, what are the most important pointers before you attend the exams (Highly recommended to read) –** Most of the students make an error in this
2. **How to claim the 100% discount voucher on certification**
3. **MS learn sync issues**
4. **How to fill MS learn profile URL in orientation (this is a imp step, if this is wrong. You will have sync issues)**
5. **Uploading your Microsoft Certification to Future ready talent**

ATTENTION: Do not miss the MS exam that you have scheduled, you will be blacklisted from attending other MS exams. If this is genuine miss from the proctored centre, you may approach.

https://trainingsupport.microsoft.com/en-us/tcmct/forum?sort=LastReplyDate&dir=Desc&tab=All&status=all&mod=&modAge=&advFil=&postedAfter=&postedBefore=&threadType=All&isFilterExpanded=false&page=1

If there are queries, the SOP of email should first go to the Faculty coordinator I would have looped in previous emails and if they are unable to solve, you can forward to me keep in cc with problem statement, college name and most importantly screenshots.

“Wipro talent Next “JAVA Full Stack” Certificate training BE 3rd year Students ”

Academic Year 2022-23

Shri Sant Gajanan Maharaj College of Engineering,
Khamgaon Road, Shegaon, Dist: Buldhana

Sr No	Title of Activity	**Wipro talent Next "JAVA Full Stack" Certificate training BE 3rd year Students**
1	Agency	Wipro Technologies CSR Initiative
2	Co-Ordinator	Prof Adesh Solanke
3	Co-Cordinator	Prof. Mrs. H S Patil
4	Schedule of Activity	Started from May to Sept 2023 **150 days Days.**
5	Time	As per scheduled in Time table and notice
6	Objective of Activity	**1.** Wish Changing IT era students should be aware of newer technologies. **2.** Future Technologies must be learnt to enhance career growth. **3.** To be industry ready for future technological challenges.
7	Venue	**Virtual Mode**
8	No. of Beneficiaries	Total- **75**

About Program:

Wipro Talent Next Initiative was CSR Training programme on JAVA Full Stack. It will starts in May and end in Sept 2023.

There are several benefits learning JAVA:

1. Java is Easy to Learn
2. Java is Versatile
3. Java is Object-Oriented
4. Java is Scalable
5. Java is Platform-Independent
6. Java Has a Rich API
7. Java is Open Source
8. Java is Free of Cost
9. Java Offers a Wide Range of Development Tools
10. Java Provides Job Opportunities

Course Contents and Tentative dates:

Wipro TalentNext - FY23-24 - Student Training Engagement - Next Steps - Reminder

Talent Next <talent.next@wipro.com> Mon, Apr 24, 2023 at 9:54 AM

Dear TPO/WCF Professors,

It is a kind reminder, kindly share the students nominations and batch schedule as per template **on or before 25th April [Tuesday] 5:00PM.**

Thanks and Regards

Team, TalentNext

Internal - General Use

From: Talent Next
Sent: 19 April 2023 03:55 PM
Subject: Wipro TalentNext - FY23-24 - Student Training Engagement - Next Steps -

Dear TPO/WCF Professors,

Warm Greetings and welcome to this year **TalentNext** student training Engagement program. Hoping to have a successful learning journey for your students. As discussed in the orientation call today, find below the details of next steps and the process flow to take this journey forward. Requesting you to kindly go through the below and proceed accordingly. The required templates and the guide presented during orientation is attached herewith.

1. **Nominations & Training Schedule**

Batch Training Schedule

- The WCFs should prepare the training schedule and update the same on the Batch Schedule template [Template attached].
    - To follow the process as explained during the orientation call.
    - Only WCF to be assigned a batch for training and each batch – per WCF should not exceed a max of **150 students**.
    - Start Date can be on the **2nd week of May**. In case of any specific requirement or concerns on this change, provide justification on the remarks.
    - Phase 1 training end date can be max 2nd week of July and for Phase 2 end date can be 2nd week of August.

- All assessment dates to be clearly mentioned and ensure that assessments are planned only on **Week Days [Mon-Fri]** and only one day should be allocated to one assessment.
- In case of any change on these dates, it should be intimated to us at least **3 days prior** so as to plan accordingly.
- If there are multiple batches from your college taken by multiple WCFs, ensure that all batches will be having the same assessment dates.

- Student Nomination with WCF and Batch Mapping

  - All the batches student nominations should be filled in the nomination template [Template attached]
  - Kindly ensure the basic checks before sending the nominations to us, avoid having duplicates, incorrect email id etc.
  - Ensure that all students have valid E-Mail IDs. The same will be used for all assessments and further tasks.
  - Against each student, provide the batch number and the WCF assigned. For the batch numbers, use only Batch 1, Batch 2 etc..

Note: Both the Batch Schedule and Nomination should be as per the template provided and should reach us on or before **25th April [Tuesday] 5.00 PM** to take it forward.

2. Pre-Checks, Approval, Enablement

- Post receiving the Batch Schedule and nominations, the TalentNext team verifies and validates the same.
- Any clarifications required will be taken up and confirmation on the same will be provided.
- Once the list is finalized, according to the WCFs mapped to the training, PBLApp access to the professors [WCF] will be provided first. Separate communication to the WCF on the same will be sent.
- PBLApp access to the nominated students would be activated 2 days prior to the start date of the training and will be communicated to the college TPOs and WCFs.
- No Direct communication from TalentNext team to the students will happen.
- Assessment pattern and its related details will be shared with your separately in another mail.
- Guidelines to kick start the training program will be sent along with the confirmation/approval mail post verification of the schedule and nomination.

3. Training Plan

- WCF's to train students on below modules
  - Phase 1 : JAVA J2EE modules
  - Phase 2 : Java Full Stack -> Hibernate, Spring, Spring Boot, REST Web services, AngularJS
- Phase 2 will be enabled only to students who cleared all 3 milestones of phase 1.

- Access to English learning course will be enabled for the students which they need to complete before completion of Phase-1.

- Separate Assessment for English course will be taken post 2nd Milestone assessment. Details of the same would be communicated separately.

- Additional **10% weightage** will be considered for English course.

If there are multiple WCFs in your college, requesting you to identify one WCF as a **SPOC** and inform us the same. Going forward communications from us will be sent to the TPO and the identified SPOC.

For any queries/clarification/concern regarding this student engagement, feel free to write to talent.next@wipro.com

Thanks and Regards

Team, TalentNext

Wipro - TalentNext - FY23_24 - Student Training Engagement - Learning Phase Milestone Assessment - Results - Shri Sant Gajanan Maharaj College of Engineering, Shegaon

Talent Next <talent.next@wipro.com> Tue, Oct 10, 2023 at 8:33 AM
To: "vsmahalle@gmail.com" <vsmahalle@gmail.com>, "pritivkale@rediffmail.com" <pritivkale@rediffmail.com>, "sumitmuddalkar@gmail.com" <sumitmuddalkar@gmail.com>
Cc: "tpossgmce@gmail.com" <tpossgmce@gmail.com>, "placements@ssgmce.ac.in" <placements@ssgmce.ac.in>

Dear TPO/Professors,

Warm Greetings from **TalentNext.** Hope that the training to your students as part of TalentNext is going fine as planned.

Assessments:

Assessment is integral part of this learning journey and as you are aware, there will be **3** learning phase milestones each after finishing a particular milestone for Phase 1 and 1 milestone assessment as part of Phase 2.

Kindly find below the results of the milestone assessments completed till **06th October [Friday], 2023**

-

College Name: **Shri Sant Gajanan Maharaj College of Engineering, Shegaon**

Total Nominated Students: **214**

	# of Pass	# of Fail	# of Absent
Phase 1			
Milestone 1	97	91	26
Milestone 2	114	77	23
Milestone 3	98	63	53
Phase 2			
Milestone 4	74	2	0

- Refer to the attached sheet for student wise details.
- The above summary is also inclusive of the re-tests data if re-tests is conducted.

First Page

-

Note :

- Kindly look into the category of students who were **Absent** during the assessment and ensure that the students take the assessment without fail.
- Check for the # of students getting passed in each milestone and ensure that the student prepare well for the assessment.
- Ensure that the students prepare well for the assessment and so clearing the assessments. Each student should secure 60% for clearing an assessment.
- One Re-Test per milestones can be scheduled for the Absent/Failed students, post completion of all the 3 learning phase milestones. Kindly do not disclose the same to students before completion of all 3 regular learning phase assessments.

For any clarifications and support, feel free to write to talent.next@wipro.com

Thanks and Regards

Team, TalentNext

Shri Sant Gajanan Maharaj College of Engineering Shegaon
Mechanical Engineering Department

Date: 04/08/2022

Notice

All the students of final year are hereby informed that our department is organizing add on course on "Introduction to CNC technology". The course will start from 08th August, 2022 and will be ending approximately on 31st August, 2022. The interested students should register their names to Shri P M Dandwate (Simulator lab, Workshop) till 7th August, 2022.

Venue: Simulator lab

Timing: 8.00am to 10.00am. (Monday to Friday)

Prof. P T Patokar
Course Coordinator
Dept of Mechanical Engg

4/8/22
Dr. S P Trikal
HOD,
Dept of Mechanical Engg

Mechanical Engineering Department

Summary Report

Introduction to CNC Technology

Name of course: Introduction to CNC Technology

Name of the Course Coordinator: Prof. P T Patokar

Career Avenues: Completing a course on CNC technology can open up several career opportunities, especially in fields of advance manufacturing and industrial automation.

Objectives of the Course

To introduce students to the fundamental concepts and principles of advance manufacturing processes like computer numerical control (CNC) machining.

To provide hands-on experience with CNC simulators, ensuring that participants can prepare the CNC programs, check the program graphically and understand how to set offset in the CNC machine.

Outcomes of the Course

CO1: Students will develop the ability to work on CNC turning centre and vertical machining centre, from creating basic programs to machining the given program.

CO2: Students will be able to interface the CNC simulators with the actual CNC machines.

CO3: Students will have the skills to set the CNC machine in order to machine the given job.

Schedule of the Course:

Date	Time	Content
08-08-2022	8am -10 am	Introduction to Advance machining process
09-08-2022	8am -10 am	Understanding of conventional and advance machining process, Need of advance machining process
10-08-2022	8am -10 am	Benefits and applications of advance machining process

Course Content

Module 1: Introduction to Advance machining process

- Understanding of conventional and advance machining process
- Need of advance machining process
- Benefits and applications of advance machining process
- Overview of working principle of CNC technology

Module 2: Computer numerical control technology

- CNC: Constructional details
- Working principle of CNC machine
- Advantages of CNC machines
- Applications of CNC machines

Module 3: Machine control and programming

- Introduction to G-codes and M-codes
- Manual part programming
- Programming formats
- Preparatory codes and functional codes

Module 4: CNC controlling methods

- Tool path generation
- Point to point control
- Straight cut control
- Countering control

Module 5: Programming Examples

- Preparation of programs for milling operation
- Preparation of programs for drilling operation
- Preparation of programs for lathe operation

Module 6: Tool offset and work offset

- Methods of giving offset
- Job loading and unloading

Mechanical Engineering Department

Course Feedback Form: Introduction to CNC

Name of Agency: Mechanical Engineering Department SSGMCE

(Trainer: Prof P.T.Patokar)

Name of the Participant: Ayush Deshmukh Dept. Mechanical.

Course Title: Introduction to CNC Duration: 8-08-2022 To 30-08-2022

Tick (only one answer for each question.

Sr. No	Question	Poor	Fair	Good	Very Good	Excellent
1	The Training you attended was.				✓	
2	The demonstrations were.			✓		
3	The content presented was.					✓
4	The trainer's knowledge about the content was.				✓	
5	The way trainers taught the contents was.			✓		
6	The activity your participated in were.				✓	
7	The quality of instruction was				✓	
8	The training made the objectives was.					✓
9	The training made my expectation is.				✓	
10	Adequate time was provided for Questions and Discussions.		✓			

Write your answers to the following questions.

1) What did you like best about the training?

Opportunity Provided to work on actual CNC Machine

2) Are there any areas that should be included in training?

Can include programming challenges to enhance CNC coding

3) Are there any areas that should be improved for future training?

NO

Ayush.

overall Percentage Feed Back

Scale	Poor	Fair	Good	Very Good	Excellent
Percentage	0	4.6	8.2	37.5	49.64

Interpretation:

1) It is seen that almost all the participants found CNC Course useful for them.

2) The Course is found to be as per the expectations of the candidates.

3) Participants are found to be highly satisfied with trainer's knowledge and content delivery.

4) Demonstration, activity, presentation & content were adequate with respect to the course.

5) Course fulfills the objectives of the programme

Course Quiz: Introduction to CNC technology

Please select the most appropriate answer for each question. Each question will carry 2 marks.

1. In a DNC system
   a. Many machine tools can be controlled simultaneously
   b. Only a single machine tool can be controlled
   c. NC machine cannot be controlled
   d. None of the mentioned

2. In the CNC machine tool, the part program entered into the computer memory
   a. Can be used only once
   b. Can be used again and again
   c. Can be used again but it has to be modified every time
   d. None of the mentioned

3. Which of the following is not the advantage of CNC machines?
   a. Improved strength of the components
   b. Reduced scrap rate
   c. Higher flexibility
   d. Improved quality

4. Point-to-point systems are used for _____.
   a. Reaming
   b. Parting
   c. Grooving
   d. Facing

5. M-codes are also known as
   a. Preparatory codes
   b. Spindle speed codes
   c. Tool selection codes
   d. Miscellaneous codes

6. Continuous path control system is suitable for which type of applications?
   a. Milling profile
   b. Reaming
   c. Drilling
   d. Broaching

7. _____of motion is always the axis of the main spindle of the machine.
   a. Z-axis
   b. Y-axis
   c. X-axis
   d. None of the mentioned

8. G-codes are also known as-
   a. Preparatory codes
   b. Spindle speed codes
   c. Tool selection codes
   d. Miscellaneous codes

9. Which is not the type of part programming format?
   a. Fixed block format
   b. Variable block format
   c. Tab sequential format
   d. Word address format

10. Which of the following code will give a linear interpolation movement?
   a. G00
   b. G01
   c. G78
   d. G65

4. Course on Methodologies of Software Testing

Shri Sant Gajanana Maharaj College of Engineering, Sheagon

Department of Information Technology

Guest Lecture Topic:-	Methodologies of Software Testing		
Date:- 21/02/2023 - 17/04/2023		No. Of Hour:-	35

	Objectives of Workshop		Outcome of Workshop
1	To enhance the skills and knowledge of the software testing.	1	Select methodologies such as manual testing, automated testing, performance testing, security testing, etc., based on project requirements.
2	Select the appropriate testing methodologies for the project.	2	Implementing testing activities according to the defined plan.
3		3	Analysing test results, assess the quality of the software, and provide feedback for improvement.

Brief about Guest Lecture: -

Department of Information Technology SSGMCE, Shegaon has arranged interactive awareness session for students on Software Testing on 15/10/2022 by Ms.Pragrati Chowhan Manager, Training and Competencies Development, Tristha Global Pvt.LTD. After students university examination they have providing training to the interested students on "Methodologies of Software Testing" from 21st Feb 2023 to 17th April2023(Online).They provide basic knowledge of software testing, manual testing as in the training program students are from all branches. Software testing is a crucial phase in the software development lifecycle, aimed at ensuring the quality, functionality, and reliability of a software product. Various methodologies and techniques are employed to achieve this objective like manual testing, automation testing, unit testing etc.

Organizer	Department Of Information Technology
Schedule of Activity	21/02/2023-17/04/2023
Time	9.00 am-10.30 am
Objective of Activity	1. To enhance the skills of knowledge of software testing. 2. Select the appropriate testing methodologies for the project
Venue	Online Platform :Microsoft Teams
No. of Beneficiaries	149

Brief Introduction of Resource Person: Ms. Pragati Chowhan is a proficient Manager in Training and Competencies Development at Trishta Global Pvt. Ltd., Mumbai, leveraging her expertise to drive professional growth and skill enhancement within the organization.

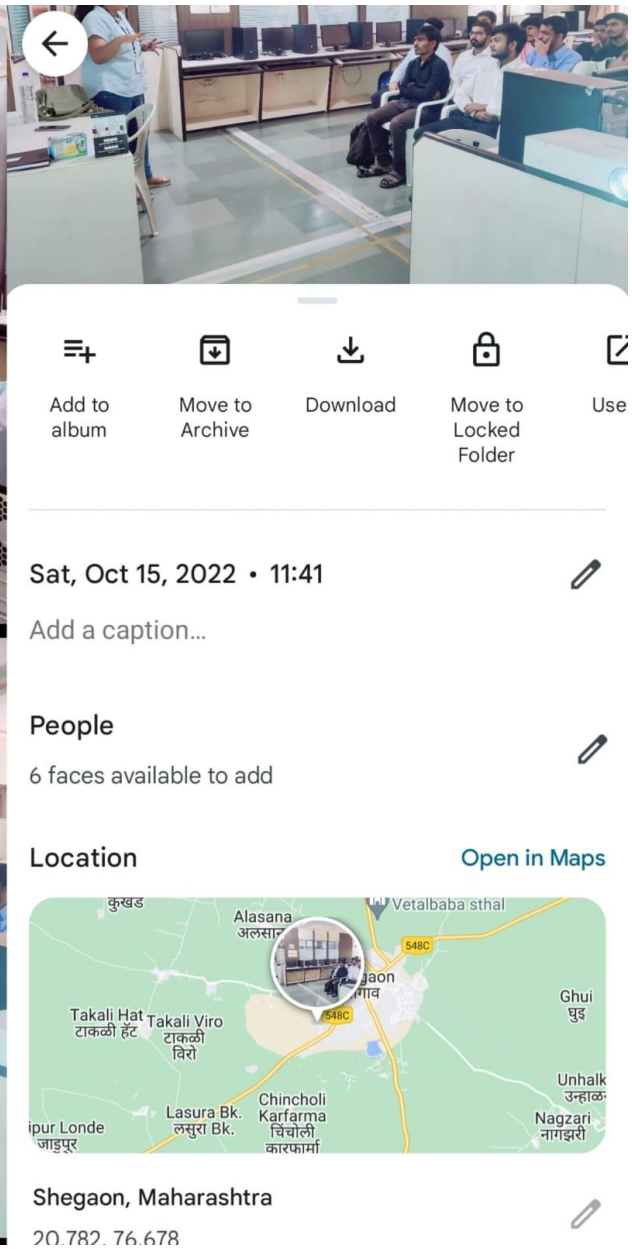

Program Overview:

The Department of Information Technology at SSGMCE organized an interactive awareness session on Software Testing led by Pragati Chowhan, Manager of Training and Competencies Development at Trishta Global Pvt. Ltd., on 15/10/2022. Following university examinations, they're offering training sessions on "Methodologies of Software Testing" from 21st Feb 2023 to 17th April 2023 (Online), catering to students interested in gaining fundamental knowledge about software testing, including manual testing. This training program welcomes students from diverse branches, recognizing software testing's pivotal role in ensuring the quality, functionality, and reliability of software products. The course encompasses various methodologies and techniques, including manual testing, automation testing, and unit testing.

Sample certificate

TRISTHA

TRAINING COMPLETION CERTIFICATE

This is to certify that

Anusha Wankhade

attended the training and internship program 'Methodologies of Software Testing' organized by Shri Sant Gajanan Maharaj College of Engineering, Shegaon in association with Tristha Global Pvt Ltd, Mumbai from 21st Feb to 17th April, 2023. During the period of her internship she was found hardworking.

We wish her every success in life.

MR.TARAL SHAH

TRISTHA

TRAINING COMPLETION CERTIFICATE

This is to certify that

Apeksha Mundhada

attended the training and internship program 'Methodologies of Software Testing' organized by Shri Sant Gajanan Maharaj College of Engineering, Shegaon in association with Tristha Global Pvt Ltd, Mumbai from 21st Feb to 17th April, 2023. During the period of her internship she was found hardworking.

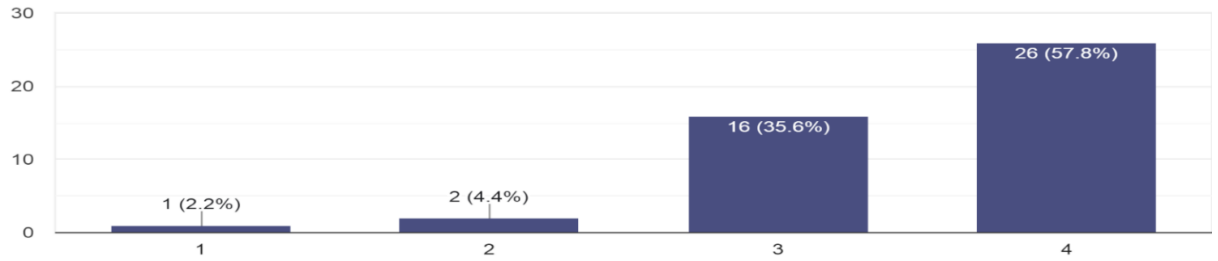

We wish her every success in life.

MR.TARAL SHAH

Feedback of the session

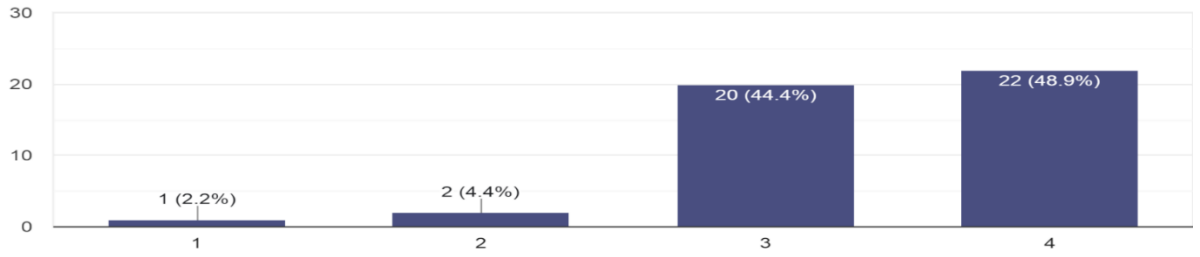

Please rate the expert's knowledge about the topic (1-Need improvement, 2-Fair, 3-Good, 4-Excellent)

45 responses

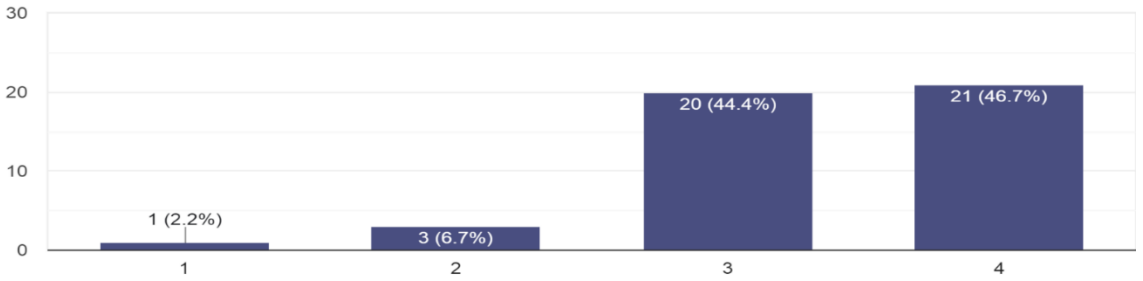

Please rate the expert's presentation skills (1-Need improvement, 2- Fair, 3-Good, 4-Excellent)

45 responses

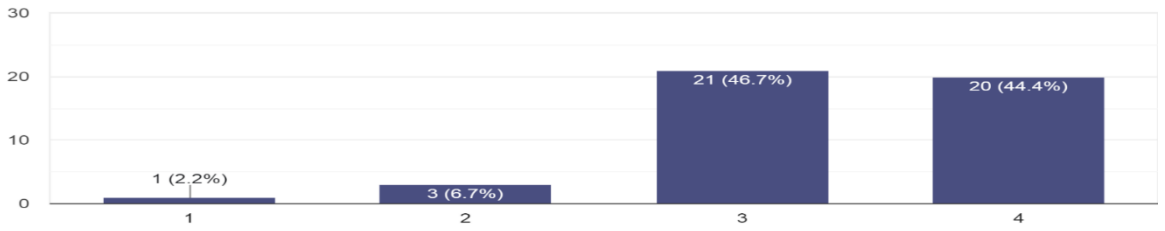

Please rate the expert's response to the queries (1-Need improvement, 2- Fair ,3-Good, 4-Excellent)

45 responses

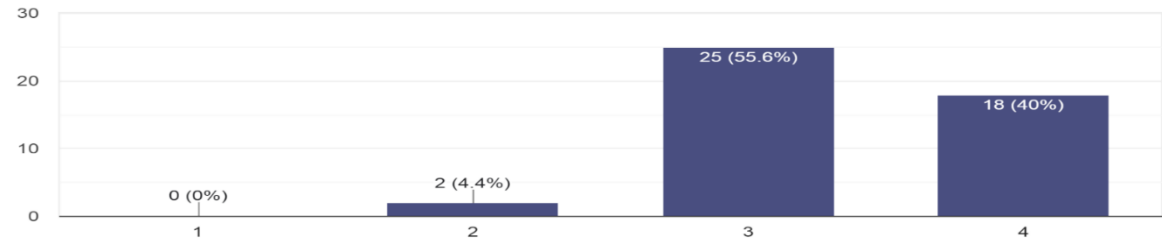

How relevant and helpful do you think the topic covert was to you (1-Not at all helpful, 2-somewhat helpful, 3-very helpful, 4-extermly helpful)

45 responses

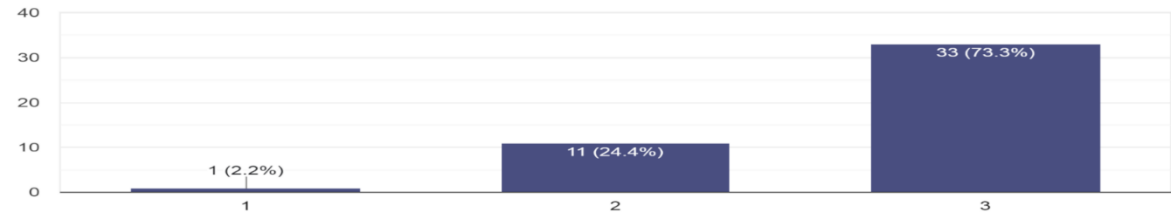

Overall how would you evaluate the session (1-need improvement , 2- Fair, 3-Good, 4-Excellent)

45 responses

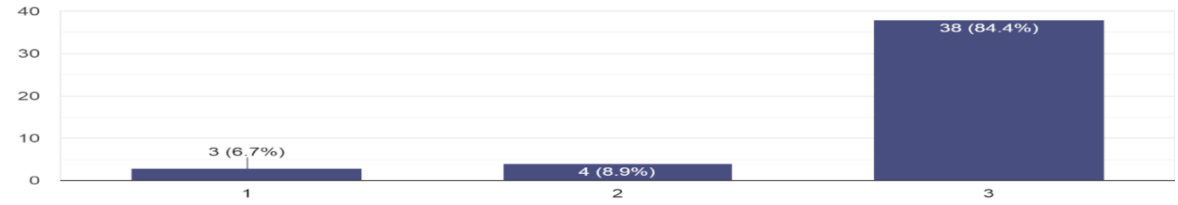

Did the session achieve the program objectives? 1-NO, 2- Maybe, 3-Yes

45 responses

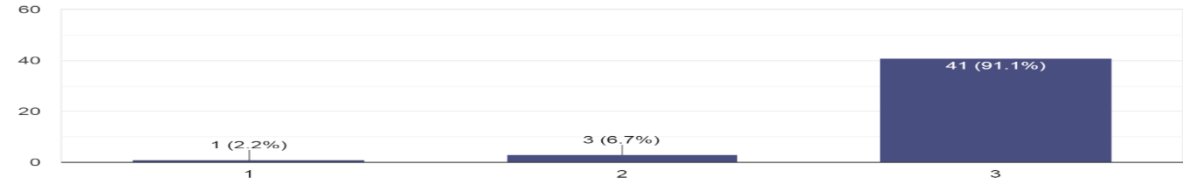

Would you say session was interactive 1-NO, 2- Maybe, 3-Yes

45 responses

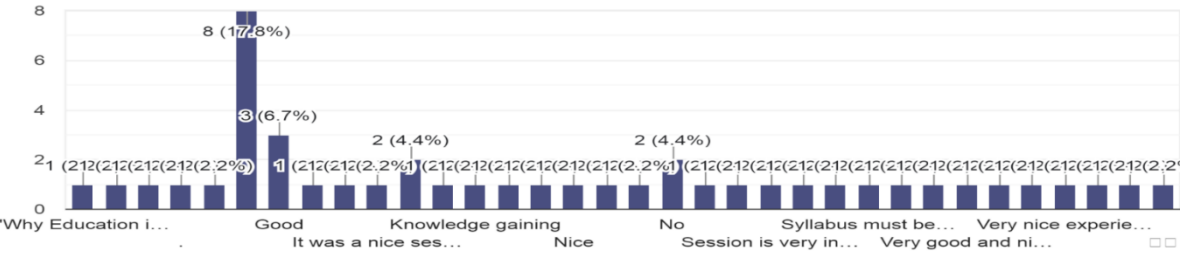

Did the event help you to new learning or knowledge? 1-NO, 2- Maybe, 3-Yes

45 responses

Over all feedback/comment/takeaway for the session?

45 responses

5. Course on Full Stack Development

SHRI SANT GAJANAN MAHARAJ COLLEGE OF ENGINEERING, SHEGAON

Information Technology Department

"Skill Development Program"

Program Title: Certificate course on Full Stack Development.

Date: 27th March 2023 to 31st March 2023

Time: 11:00 AM to 5:00 PM ALL Days

Location: Swadhayay Kakshya, SSGMCE Shegaon

Organized By: Information Technology and Computer Science Department

Resourse Person: Mr. Ketan Pachpande M. Tech., IIT Kharagpur (Founder, Gigasoft Technologies 10+ years of Industry Experience.)

Number of Participants: 120

Objectives:

- To provide participants with a thorough understanding of both front-end and back-end development technologies, tools, and best practices.
- To equip participants with practical skills that allow them to build full-stack web applications independently.
- To teach participants relevant programming languages, such as JavaScript, HTML, CSS, and backend languages like Python, Ruby, or Node.js.
- To educate participants about database management, including data modeling, CRUD operations, and integrating databases with applications.

Program Highlights:

The session began with the welcome note and introduction of Speaker Mr. Ketan Pachpande M. Tech., IIT Kharagpur (Founder, Gigasoft Technologies 10+ years of Industry Experience.). After that Mr. Pachpande said about basic thing regarding full stack developer. Following are day wise topic covered in the development program.

Day 1: Introduction to Full Stack Developer:

- The program began with an introduction to Full Stack Development.
- Students learned about the importance of front-end and back-end development in building web applications.
- Basic web technologies such as HTML, CSS, and JavaScript were introduced.

Ph : +918669638081/82
Fax : 091-7265-252346
Email.principal@ssgmce.ac.in, registrar@ssgmce.ac.in
Website- www.ssgmce.ac.in

- Students practiced creating a simple static webpage.

Day 2: Front end Development:

- Day two focused on front-end development.
- Students delved deeper into HTML and CSS, learning about page structure, styling, and responsive design.
- They created interactive web elements using JavaScript.
- A hands-on project involved designing a personal webpage.

Day 3: Database Development (Database Management):

- The program transitioned into back-end development.
- Students were introduced to server-side programming languages such as Node.js and Python.
- Basic server operations like handling requests and responding with data were explained.
- A practical exercise involved setting up a simple server and serving a webpage dynamically.

Day 4: Databases and Data Management:

- Day four was dedicated to databases and data management.
- Students learned about relational databases, SQL, and NoSQL databases.
- They explored database design, creating tables, and performing CRUD operations.
- A project required students to build a database-driven web application.

Day 5: Full Stack Development and Deployment:

- The final day of the program focused on bringing everything together.
- Students worked on integrating their front-end and back-end components.
- They learned about APIs and how to make AJAX requests from the client-side.
- Deployment strategies were discussed, and students deployed their web applications to cloud services or hosting platforms.

After every there is Question answer session. After day 5 session Mr. Pachpande give the task to student and evaluate the session Performance.

The Program ended with vote of thanks.

Outcome:

- Participant understand both front-end and back-end development technologies, tools, and best practices.

A Report on

Skill Development Program

“Full Stack Development”

By

Mr. KetanPachpande,

M.Tech- IIT, Kharagpur

Academic Year 2022-23

Department of Information Technology,

Shri Sant Gajanan Maharaj College of Engineering,

Khamgaon Road, Shegaon, Dist: Buldhana

Title of Activity	Skill Development Program on Full Stack Development
Speaker	Mr Ketan Pachpande, **Founder, Gigasoft Technologies**, Pune
Organizer	Department of Information Technology and Computer Science and Engineering SSGMCE, Shegaon
Schedule of Activity	27th March 2023 to 31st March 2023
Time	11:00 AM to 5:00 PM ALL Days
Objective of Activity	1. To provide participants with a thorough understanding of both front-end and back-end development technologies, tools, and best practices. 2. To equip participants with practical skills that allow them to build full-stack web applications independently. 3. To teach participants relevant programming languages, such as JavaScript, HTML, CSS, and backend languages like Python, Ruby, or Node.js. 4. To educate participants about database management, including data modeling, CRUD operations, and integrating databases with applications.
Venue	Swadhyay Kaksh SSGMCE, Shegaon
No. of Beneficiaries	120

Brief Introduction of Resource Person:

Mr. Ketan Pachpande is Founder, Gigasoft Technologies and having 10+ years of Industry Experience. He has done his graduation in Bachelor of Technology, Information Technology from the Veermata Jijabai Technological Institute (VJTI), Mumbai in 2009. He has done his Post graduation in Master of Technology Information Technology from the Indian Institute of Technology, Kharagpur in 2012.

Program Overview:

ProgramHighlights:

The session began with the welcome note and introduction of Speaker Mr. Ketan Pachpande M. Tech., IIT Kharagpur (Founder, Gigasoft Technologies 10+ years of Industry Experience.).After that Mr. Pachpande said about basic thing regarding full stack developer. Following are day wise topic covered in the development program.

Day 1: Introduction to Full Stack Developer:

- The program began with an introduction to Full Stack Development.
- Students learned about the importance of front-end and back-end development in building web applications.
- Basic web technologies such as HTML, CSS, and JavaScript were introduced.
- Students practiced creating a simple static webpage.

Day 2: Front end Development:

- Day two focused on front-end development.

- Students delved deeper into HTML and CSS, learning about page structure, styling, and responsive design.
- They created interactive web elements using JavaScript.
- A hands-on project involved designing a personal webpage.

Day 3: Database Development (Database Management):

- The program transitioned into back-end development.
- Students were introduced to server-side programming languages such as Node.js and Python.
- Basic server operations like handling requests and responding with data were explained.
- A practical exercise involved setting up a simple server and serving a webpage dynamically.

Day 4: Databases and Data Management:

- Day four was dedicated to databases and data management.
- Students learned about relational databases, SQL, and NoSQL databases.
- They explored database design, creating tables, and performing CRUD operations.
- A project required students to build a database-driven web application.

Day 5: Full Stack Development and Deployment:

- The final day of the program focused on bringing everything together.
- Students worked on integrating their front-end and back-end components.
- They learned about APIs and how to make AJAX requests from the client-side.
- Deployment strategies were discussed, and students deployed their web applications to cloud services or hosting platforms.

After every there is Question answer session. After day 5 session Mr. Pachpande give the task to student and evaluate the session Performance.
The Program ended with vote of thanks.

Outcome:

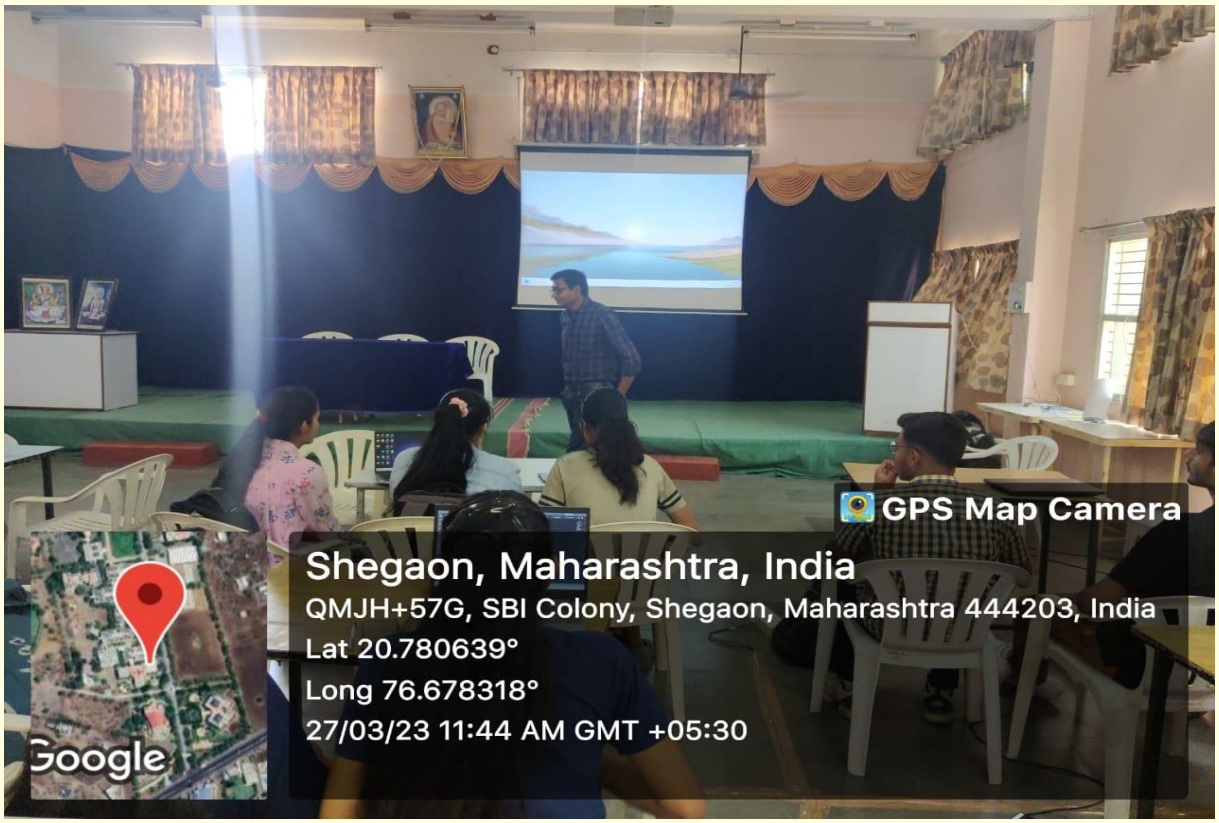

- Participant understands both front-end and back-end development technologies, tools, and best practices.
- Participants understand about database management, including data modeling, CRUD operations, and integrating databases with applications.

Poster:

Shri Sant Gajanan Maharaj College
of Engineering, sheagon
Skill Development Program
Certificate Course on
Full Stack Development
Organised by
Dept. of IT & CSE
Course Outline:
1.New Domain Registration
2.Hosting Website
3.Professional Emails Setup
4.DNS Settings and Management
5.Database Design
6.HTML, CSS, JQUERY, Javascript,
Ajax, PHP, MYSQL, Bootstrap
7.Payment Gateway Integration
8.SMS Gateway Integration
9.Email Integration
10.Learn all concepts with a real life
project: Design and development of
an E-commerce system from scratch.
Mr. Ketan Pachpande
M.Tech., IIT, Kharagpur
(Founder, Gigasoft Technologies
10+ Years of Industry Experince)

Date: 25/02/2023

Microsoft Excel Course - Session Outcome Report

Course Duration: 30 hours (2 weeks, weekdays 3.45-5.45 pm & Saturdays 11 am-1.30 pm, 2 pm-4.30 pm)

Faculty: Prof. B. T. Husain (Internal Resource Person)

Session Timetable:

Week	Day	Date	Time	Topic Covered
Week 1	Monday	06-02-23	3:45 pm - 5:45 pm	Introduction to Microsoft Excel, Interface
Week 1	Tuesday	07-02-23	3:45 pm - 5:45 pm	Data Entry and Formatting
Week 1	Wednesday	08-02-23	3:45 pm - 5:45 pm	Cells, Rows, and Columns
Week 1	Thursday	09-02-23	3:45 pm - 5:45 pm	Basic Formulas and Functions
Week 1	Friday	10-02-23	3:45 pm - 5:45 pm	Data Validation and Error Handling
Week 1	Saturday	11-02-23	11:00 am - 1:30 pm	Sorting and Filtering Data
Week 2	Monday	13-02-23	3:45 pm - 5:45 pm	Workbook Protection and Security
Week 2	Tuesday	15-02-23	3:45 pm - 5:45 pm	Conditional Formatting
Week 2	Wednesday	17-02-23	3:45 pm - 5:45 pm	Data Visualization Techniques
Week 2	Thursday	19-02-23	3:45 pm - 5:45 pm	Data Tables and Pivot Tables
Week 2	Friday	21-02-23	3:45 pm - 5:45 pm	Charts and Graphs
Week 2	Saturday	23-02-23	11:00 am - 1:30 pm	Data Analysis Tools
Week 2	Saturday	23-02-23	2:00 pm - 4:30 pm	Text Functions and Formulas
				Case solving in Excel and Assessment
				Course Feedback and Certification

Session Outcome:

Participants in the Microsoft Excel course have completed a comprehensive 30-hour training program. They have gained a strong foundation in Excel basics, advanced data manipulation techniques, data analysis, and advanced functions. Additionally, they have learned to create charts, graphs, and pivot tables, design dashboards, and work with macros and VBA for automation. The course concluded with a project presentation and assessment to ensure a deep understanding of the topics covered.

This course has been conducted successfully by Prof. B. T. Husain, an internal resource person from the Department of Business Administration and Research. The participants have acquired valuable skills that will enhance their proficiency in Microsoft Excel, allowing them to apply their knowledge in various academic and professional settings.

Certifications were be awarded to participants upon successful completion of the course

Feedback Summary:

Participants have provided feedback on their proficiency in various topics covered during the course, rating their understanding on a scale of 1-5 (1 - Poor, 5 - Excellent).
The majority of participants have rated their proficiency as 4 or above in key topics.
Overall, Participants have demonstrated good to very good proficiency in most areas of the course.

Certifications were awarded to participants upon successful completion of the course.

Annexure:

Case/Project used for assessment/final project:

Case 1:

Case Study: Grade Calculator

Background:

You want to create a simple Excel spreadsheet to calculate your grades for a class. You'll input your scores for various assignments, and the spreadsheet will calculate your final grade based on a pre-defined grading scale.

Tasks:

Data Entry (Topics: Data Entry and Formatting):

Create a new worksheet and label it "Grade Calculator."

Set up columns for Assignment Name, Points Earned, and Total Points Possible.

Input the names of assignments or exams in the Assignment Name column.

Basic Calculations (Topics: Basic Formulas and Functions):

In the Points Earned column, enter the scores you received for each assignment.

In the Total Points Possible column, enter the maximum possible scores for each assignment.

Calculate Percentages (Topics: Basic Formulas and Functions):

In a new column, calculate the percentage for each assignment using the formula **(Points Earned / Total Points Possible) * 100.**

Final Grade Calculation (Topics: Basic Formulas and Functions):

Ph : +9186696380 81/82
Fax : 091-7265-252346
Email.principal@ssgmce.ac.in, registrar@ssgmce.ac.in
Website- www.ssgmce.ac.in

Calculate your final grade based on the following grading scale:

A: 90-100

B: 80-89

C: 70-79

D: 60-69

F: 0-59

Use an IF statement to determine your final grade based on your calculated percentage.

Data Validation (Topics: Data Validation and Error Handling):

Use data validation to ensure that the Points Earned and Total Points Possible columns only accept numeric values.

Report (Topics: Workbook Protection and Security):

Add a simple header with your name and course details to the worksheet.

Protect the worksheet to prevent unauthorized changes.

Assessment:

You will be assessed on your ability to create a functional grade calculator in Excel. The assessment will focus on the accuracy of the calculations, your proficiency in basic Excel functions, and the presentation of the final grade.

Fax : 091-7265-252346
Email.principal@ssgmce.ac.in, registrar@ssgmce.ac.in
Website- www.ssgmce.ac.in

Case 2:

Case Study: Travel Itinerary and Expense Tracker

🌍 Your Upcoming Adventure 🌍

Introduction:

You're about to embark on an exciting international adventure, and you want to create a dynamic travel itinerary and expense tracker using Excel. This will help you plan your trip, keep track of your activities, and monitor your expenses on the go.

Tasks:

🗓️ Travel Itinerary (Topics: Data Entry and Formatting):

Create a new worksheet titled "Travel Itinerary."

Set up columns for Date, Destination, Activity, Time, and Notes.

Fill in the itinerary with details of your daily activities during your trip, including the date, destination, planned activity, time, and any additional notes.

🌟 Highlighting Special Events (Topics: Conditional Formatting):

Use conditional formatting to highlight special events or unique activities during your trip. For example, highlight the day of a special festival or celebration in a different color.

📊 Interactive Map (Topics: Charts and Graphs):

Create an interactive map of your destinations using an online map tool or by inserting a map image. Pinpoint each destination on the map, and hyperlink the destinations to their corresponding details in the itinerary.

💰 Expense Tracker (Topics: Data Validation and Error Handling):

Create a new worksheet titled "Expense Tracker."

Ph : +9186696380 81/82
Fax : 091-7265-252346
Email.principal@ssgmce.ac.in, registrar@ssgmce.ac.in
Website- www.ssgmce.ac.in

Set up columns for Date, Expense Category, Expense Description, Amount, and Payment Method.

Enter details of your expenses during the trip, including the date, expense category, description, amount, and payment method.

📈 Expense Summary (Topics: Charts and Graphs):

Create a bar chart to visualize your expenses by category. Each category will represent a bar, and the height of the bar will indicate the total expense for that category.

📅 Daily Expense Summary (Topics: Pivot Tables and Pivot Charts):

Use a pivot table to create a daily expense summary. This table will show the total expenses for each day, allowing you to monitor your daily spending.

📖 Personal Travel Diary (Topics: Workbook Protection and Security):

Keep a personal travel diary by adding a new worksheet for each day. You can write about your experiences, memories, and reflections. Protect this diary worksheet with a password for privacy.

🔍 Item Search (Topics: Advanced Functions and Formulas):

Create a search feature that allows you to find specific items (activities or expenses) within your itinerary or expense tracker based on keywords.

Assessment:

You will be assessed on your ability to create an engaging and functional travel itinerary and expense tracker. The assessment will focus on the organization of your trip details, the accuracy of data entry, proficiency in Excel functions, the quality of interactive features, and the overall presentation.

3.45 - 4.00	**TEA BREAK**				
4.00 -5.00	_____	Business Communication Skills – written, oral, presentation, email,	Knowledge, Skills and Attitudes for Career Success	_____	Summing up, feedback & Course Valedictory

The accelerated learning development program(ALDP) jointly organized by MBA Department of SSGMCE College and BBA Department of Saraswati College form 13-02-2023 to 17-02-2023.

Program was divided into the session and the major objectives of the program are as follows.

Objectives of accelerated learning

1. To engage learners with powerful, interactive activities that stimulates curiosity.

2. To build confidence and foster a positive attitude toward learning.

3. To develop deeper understanding of complex topics through hands-on or experiential learning.

4. To utilize multi-sensory activities to enhance understanding and retention.

5. To promote collaboration, communication, and critical thinking.

6. To help learners to become independent thinkers and problem solvers.

7. To provide learners with the tools to become lifelong learners.

Outcomes of ALDP Program

After successful completion of course student will be able to

1. Increase Productivity: Accelerated learning and development can help students become more productive in their future job roles. This can result in a more efficient workflow and improved quality of work.

2. Improve Job Satisfaction: Accelerated learning and development can help students feel more satisfied with their roles, as they have the opportunity to develop new skills. This can lead to improved job satisfaction, as well as greater job security.

3. Increase Retention Rates: College that offer accelerated learning and development programs can enrich higher retention attitude in students, as students are more likely to stay with a company that invests in their professional development.

4. Enhance Problem Solving Skills: With accelerated learning and development, students can develop more advanced problem solving skills and improve their ability to think critically. This can help students identify and resolve issues more quickly, resulting in greater efficiency.

5. Improved Efficiency: Accelerated learning and development can help students to become more efficient in their role, as they are able to gain the skills they need to complete their tasks more quickly and effectively.

Session on - Emerging HR Landscape, Challenges opportunities and Trends

The Human Resources (HR) landscape is rapidly changing. Advances in technology, global economic conditions, and changes in the workforce have all contributed to the emergence of new challenges, opportunities, and trends in HR.

Technology has revolutionized the HR landscape. In the past, HR departments were largely paper-based, but now they are increasingly using online solutions and automation to streamline processes. This has led to a greater emphasis on data-driven decision making and analytics, as well as the development of cloud-based HR solutions. These technological advances have enabled HR departments to become more efficient and effective, while also providing them with access to new tools and resources.

Global economic conditions have had a significant impact on the HR landscape. Companies are now more likely to focus on cost-cutting measures, such as outsourcing or reducing staff. This has led to the emergence of new roles and responsibilities, such as those related to employee engagement and retention. Additionally, companies are increasingly looking to develop global strategies in order to remain competitive and capitalize on international markets.

Changes in the workforce have also had a major impact on the HR landscape. The rise of the gig economy has led to the emergence of new job roles and responsibilities, as well as the need for greater flexibility in the workplace. Additionally, the increasing focus on diversity and inclusion has led to the need for HR departments to develop strategies to ensure that all employees feel included and valued.

In order to keep up with these changes, HR departments must be prepared to address the challenges, capitalize on the opportunities, and stay abreast of the latest trends. The following are some of the key challenges, opportunities, and trends in the emerging HR landscape:

Challenges:

• Increased scrutiny of HR policies and practices

• The need for greater flexibility in the workplace

• Adapting to the changing needs of a diverse workforce

• Developing strategies to promote employee engagement and retention

Opportunities:

• Leveraging technology to streamline processes and improve efficiency

• Developing global strategies to capitalize on international markets

• Leveraging data and analytics to make informed decisions

• Utilizing new tools and resources to improve HR processes

Trends:

• Growth of the gig economy

• Increased focus on diversity and inclusion

• Increased emphasis on employee engagement and retention

• Use of artificial intelligence in HR processes

• Automation of HR processes

The Session of 'identifying, developing and utilizing professional skills at the workplace'

The session on 'Identifying, Developing and Utilizing Professional Skills at the Workplace' was conducted on the first day of the workshop. It was an interactive session which focused on understanding and developing professional skills in the workplace.

The session was conducted by Shri Ashok Jambur, an expert in the field of professional development. The session began with an introduction to the concept of professional skills and how they can be identified and developed in the workplace. Shri Ashok Jambur discussed the importance of honing professional skills, such as communication, problem-solving and decision-making, and how they can be used to achieve greater success in the workplace. He also explained the different types of professional skills, such as soft skills, hard skills, and technical skills, and how they can be developed through practice and experience.

After the introduction, the participants were divided into teams and asked to discuss how they can identify and develop their own professional skills. They were encouraged to share their experiences and to brainstorm ways they can use their professional skills to increase their productivity and effectiveness in the workplace.

At the end of the session, Shri Ashok Jambur gave a summary of the discussion and provided the participants with an action plan for developing their professional skills. He suggested that the participants should keep track of their progress and work towards setting goals for themselves. He also encouraged them to stay motivated and to use their professional skills to create a positive work environment.

The session was extremely informative and beneficial to the participants. It provided them with a good understanding of how to identify, develop and use professional skills in the workplace.

'The future of work-anticipating, knowing and preparing for it'

The session of 'The Future of Work-Anticipating, Knowing and Preparing for It' was organized by the Shri Sant Gajanan Maharaj College of Engineering (SSGMCE) on 14th February 2020. The event was attended by a large number of students and faculty.

The aim of the event was to discuss the various aspects of the changing nature of the workplace and the implications of this transformation on the current and future generations of workers.

The session was conducted by Same resource person Shri Jambur Sir, who is an expert in the field of Human Resources Development and counseling. The session began with the introduction of the topic and the main focus of the event- the future of work and the need for organizations to anticipate, know and prepare for it. He highlighted the changing dynamics of the workplace in the current era, where technology and automation are rapidly replacing manual labor and traditional jobs. He also discussed how the current workplace is much more competitive than ever before, making it important for organizations to stay ahead of the curve and be prepared for the future.

The session was further divided into two parts. In the first part, Shri Ashok Jambur discussed the importance of anticipating the future of work and the need for organisations to be prepared for the changes that are coming. He discussed the importance of understanding the trends in the labour market, the impact of technological advancements and the need for organisations to develop strategies to stay ahead of the competition.

In the second part of the session, He discussed the need for organizations to know and prepare for the future of work. He discussed the importance of developing a comprehensive Human Resource Management strategy that is tailored to the changing needs of the organization and the labor market. He also discussed the importance of training and development programs, job redesigning and the need for organizations to stay abreast of the latest trends in the industry.

The session of 'The Future of Work- Anticipating, Knowing and Preparing for It' was highly informative and beneficial for the participants. It gave them valuable insights into the changing dynamics of the workplace and the importance of organizations to anticipate, know and prepare for the future. The session was a great success and the participants found it to be very helpful and enlightening.

'How individuals learn-Theories of leaning'

The session ‘How individuals learn-Theories of Learning’ was conducted by Professor Simon Jones, an expert in the field of Educational Psychology. The session was held to discuss the various theories of learning, and how they can be applied to help individuals learn.

The topics discussed in the session included the different types of learning, such as cognitive, affective and behavioral, as well as the different theories of learning, such as the behaviorist theory, the cognitive theory and the constructivist theory. Shri Ashok

Jambur discussed how these theories can be applied in different learning contexts, and how they can be used to help individuals learn.

Shri Ashok Jambur also discussed the importance of motivation in learning. He highlighted how motivation is essential for successful learning, and how it can be used to help individuals reach their learning goals. The session also focused on the importance of feedback in learning. Shri Ashok Jambur discussed how feedback is important for assessing an individual's progress and providing feedback that can improve learning.

The session concluded with a discussion on how different learning theories and techniques can be used together to help individuals learn. Shri Ashok Jambur stressed the importance of utilizing different techniques in order to ensure successful learning.

The session was very informative and helpful in understanding how different theories of learning can be applied to help individuals learn. It provided valuable insights into the different theories of learning and how they can be used in different contexts.

Day 2

Session on 'meeting Learning and development in the digital world.

This session focused on learning and development in the digital world, and how technology is changing the way we learn. The session began with an overview of the current landscape and explored how digital learning is transforming the way we work and learn. The speaker then discussed the potential of digital learning and the impact it can have on organizational performance. The session then looked at the challenges and benefits of digital learning and how to effectively implement it in organizations.

The speaker discussed the importance of creating a learning culture and how to ensure that digital learning is accessible and effective. They also discussed the importance of creating an inclusive learning environment and how to ensure that digital learning is used to its fullest potential. The speaker highlighted the benefits of using digital learning platforms such as gamification, microlearning and mobile learning. They discussed how digital learning can be used to increase engagement, collaboration and learning retention.

The speaker also discussed the importance of measuring success and how to ensure that digital learning is effective and adds value to the organization. Finally, the session ended with the speaker discussing the future of digital learning and how technology will continue to shape the learning and development landscape. They discussed the importance of staying ahead of the curve and how to use digital learning to remain competitive in the digital world.

Session of 'labor laws in India and new labor code'.

The Indian Labor Laws are the set of laws enacted by the Government of India to regulate the labor and employment conditions of workers in the country. These laws seek to ensure that the workers are provided with fair wages, safe working conditions, and other rights and benefits. The new labor code seeks to unify the existing 44 labor laws into four labor codes, namely, the Code on Wages, the Industrial Relations Code, the Code on Social Security, and the Code on Occupational Safety, Health and Working Conditions.

The Code on Wages Act, 2019, is aimed at providing a comprehensive legal framework to ensure minimum wages and timely payment of wages to all employees regardless of their sector or type of employment. The Act seeks to bring uniformity and clarity to the existing wages related laws. It also provides for the establishment of a Central Advisory Board and a National Floor Level Minimum Wage.

The Industrial Relations Code, 2020, seeks to bring uniformity to the existing labor laws for industrial and service establishments. The Code seeks to simplify the procedures for settlement of disputes, recognition of trade unions and collective bargaining, and the regulation of conditions of service and employment.

The Code on Social Security, 2020, seeks to provide social security to all workers in the country, including gig and platform workers, and to bring uniformity to the existing laws on social security. The Code seeks to provide social security benefits such as provident fund, gratuity, accident insurance, health insurance, and pension to all workers.

The Code on Occupational Safety, Health and Working Conditions, 2020, seeks to provide for the safety, health, and working conditions of workers in all sectors. It seeks to standardize the existing laws on occupational safety, health and working conditions, and to provide for the regulation of hours of work, holidays, leaves, and other working conditions.

The new labor code seeks to provide a comprehensive legal framework for the protection of the rights and interests of workers in the country. It seeks to ensure that all workers are provided with fair wages, safe working conditions, and other benefits and rights. The new labor code will help to ensure that the labor laws are uniform across the country and are enforced in a more efficient manner.

Session of 'Understanding salary-CTC, Gross Salary and Take home salary'

The session was conducted by Mr. Ashok Jambur, IOCL at ABC. He started the session by introducing the attendees to different components of salary including CTC, Gross salary, and Take home salary. He explained that CTC stands for Cost to Company and it is the total annual cost of employing an individual. It includes the cost of salary, allowances, and other benefits.

He further explained that Gross salary is the total amount of salary that an employee receives before any deductions. It is the amount that is reflected in the payslip of an employee. Lastly, He explained that Take home salary is the amount that an employee receives after deductions like income tax, provident fund, etc.

He discussed the importance of analyzing salary components to ensure that employees are receiving the correct amount of salary. He also discussed the importance of deductions like Income Tax, Provident Fund, and Professional tax. At the end of the session, Mr. Ashok Jambur took questions from the attendees and clarified their doubts.

Session of 'An overview of developmental relationship at workplace-coaching, counseling and mentoring'

The session on 'An overview of developmental relationship at workplace-coaching, counseling and mentoring' was conducted on 14-02-2023. The session was attended by 34 students. The session was led by Shri Ashok Jambur, a professional in the field of employee development and relationships.

The session began with the introduction of the three different types of developmental relationships at workplace-coaching, counseling and mentoring. The speaker extensively discussed the differences between coaching, counseling and mentoring. He highlighted the roles and responsibilities of each of them and how they complement each other.

He further shed light on the importance of these developmental relationships for an individual's growth and development. The speaker also discussed the various approaches used in coaching, counseling and mentoring. He emphasized on the need to understand the individual's needs and develop a strategy that best suits them. He also spoke about the ethical considerations and guidelines that should be followed while engaging in any of these developmental relationships.

At the end of the session, the speaker answered the questions asked by the audience and provided them with additional resources to further their understanding of the topic. Overall, the session was very informative and provided a comprehensive overview of the different types of developmental relationships at workplace. It was a successful session and proved to be a great learning experience for all the participants.

Session of 'Business communication skills-written, oral, presentation and email'

The session of 'Business Communication Skills-Written, Oral, Presentation and Email' was conducted by Mr. Ashok Jambur on 20th April, 2019. The session was attended by 25 students from the business administration department and Saraswati College.

The session began with Mr. Ashok Jambur introduced the topic of business communication and its importance in the professional world. He stressed on the need to be able to communicate effectively in order to make a successful career. He then discussed the various types of communication and the ways in which they can be used in a business environment.

Mr. Ashok Jambur also covered the importance of writing skills in business communication. He discussed the different types of writing styles and the use of formal and informal language in business correspondence. He also discussed the importance

of proofreading and editing documents to ensure accuracy. Next, he discussed the importance of oral communication in business.

He highlighted the need to be able to present one's ideas clearly in order to make an impact. He also discussed the importance of using the right tone and body language when speaking in a professional setting. In addition, Mr. Ashok Jambur discussed the importance of presentation skills in business. He highlighted the need to create effective presentations that can capture the attention of an audience. He also discussed the importance of using visuals and other multimedia tools to make presentations more engaging.

At last in session, he discussed the importance of email communication in business. He highlighted the need to be mindful of the language used in emails and stressed upon the need to use proper grammar, punctuation and spelling. He also discussed the importance of using a professional email address and adhering to the email etiquette. At the end of the session,

Mr. Ashok Jambur concluded by summarizing the key points discussed. He stressed upon the importance of developing effective communication skills for success in the professional world. Overall, the session was very informative and engaging. The students were able to gain valuable insights into the importance of business communication and its various aspects.

Day 3

Session of 'problems and potential of the workplace conflict and how to resolve it'

The session on 'Problems and Potential of the Workplace Conflict and How to Resolve It' was conducted on 15th February 2023. The session was attended by 25 participants, including the facilitator. The session began with an introduction to the topic of workplace conflict and the different types of conflicts that may arise. It discussed the causes of workplace conflict and the potential outcomes of unresolved conflicts.

The facilitator discussed the importance of identifying and dealing with the root cause of the conflict and the various ways of resolving the conflict. The participants were then divided into groups and given the task of discussing a particular case-study. The groups discussed and identified the different types of workplace conflict present in the case study, the reasons for the conflict and the potential solutions. The session concluded with a discussion on the importance of communication in resolving workplace conflicts.

The facilitator reiterated the importance of understanding the underlying causes of the conflict and the need for open communication between all stakeholders to ensure a successful resolution. Overall, the session was a success. The participants were able to gain a better understanding of the different types of workplace conflicts and the various strategies that can be used to resolve them. The case study discussion was particularly beneficial in helping the participants gain insight into the importance of communication and identifying the underlying cause of the conflict.

Session of 'The philosophy of abundance and growth mindset'

The purpose of the event was to discuss the importance of having an abundance and growth mindset, and how it can be used to create success. The session was led by prominent speaker from the fields of business, psychology, and philosophy. The event began with a keynote address on the importance of having an abundance and growth mindset.

The speaker discussed how having an abundance mindset can help people to see opportunities where others see limitations. They also discussed how having a growth mindset can help people to be more open to change, and to focus on personal growth and development. Following the keynote address, the speaker discussed the various ways in which an abundance and growth mindset can be applied to daily life.

He discussed how having an abundance mindset can help to foster creativity and innovation, as well as how having a growth mindset can lead to greater success in life. In addition, the speaker discussed the importance of self-awareness and self-reflection in developing an abundance and growth mindset.

He discussed how these two elements are essential for understanding one’s own motivations, values, and goals, and how they can be used to create success. The event concluded with a Q&A session, which allowed attendees to ask questions and receive feedback from the speaker.

Overall, the session was successful in helping attendees to gain a better understanding of the importance of having an abundance and growth mindset. Attendees were able to gain insight into how these mindsets can be applied to their own lives, and how they can be used to create success.

Session on 'Understanding self and other-Human behavior at workplace'

The session was attended by 35 people, including students and working professionals.

The session began with a brief introduction of the topic by the facilitator. He highlighted the importance of understanding and managing human behavior in the workplace. He then went on to discuss the various aspects of human behavior such as body language, communication skills, decision-making and problem-solving skills, and how these can be effectively used in the workplace.

The facilitator then discussed the importance of analyzing and understanding one's own behaviour, and how it affects others in the workplace. He also highlighted the various types of personalities and how each can have an impact on the work environment. The session concluded with a case study analysis, where the participants discussed the various ways in which human behavior can be managed and analyzed in the workplace. The participants were then asked to share their experiences and thoughts on the topic.

Overall, the session was a great success and the participants had a great learning experience. They gained valuable insight into understanding and managing human behavior in the workplace.

Session of 'The science and art of negotiating-Negotiation and presentation skills for the workplace'

The resource person is renowned business and management consultant and negotiator. The session started with Mr. Ashok Jambur introducing the participants to the fundamentals of negotiation, such as the importance of goal setting, understanding the interests of the other party, and how to develop win-win solutions. He also discussed the key elements of a successful negotiation such as trust, empathy, and active listening. Mr. Ashok Jambur then moved on to the topic of presentation skills and how to effectively communicate with an audience. He provided the participants with tips on how to structure and deliver a presentation, such as having a clear introduction and conclusion, and using simple language. He also discussed the use of visuals and body language to help deliver the message.

In the final part of the session, He addressed the issue of negotiating in the workplace. He discussed how to manage difficult conversations, how to identify and address obstacles, and how to manage the emotions of both parties. He also provided the participants with strategies on how to handle difficult negotiations and how to create a win-win situation.

Overall, the session was informative and engaging. The participants were able to gain valuable insights into the art and science of negotiation and how to be an

effective negotiator. They also learned how to deliver an effective presentation and how to handle difficult negotiations in the workplace.

Session of 'Knowledge, skills, attitude for career success'

The session aimed to provide students with the knowledge, skills, and attitude required to be successful in their future careers. The session was conducted by an experienced career coach and was attended by over 50 students.

The session began with an introduction to the importance of knowledge, skills, and attitude in achieving career success. The coach explained how each of these elements can play a role in an individual's success, and how they are all interconnected. He then went into detail on each of the different elements, giving examples and providing tips on how to develop and improve them. The coach emphasized the importance of having a positive attitude and staying motivated. He also discussed the importance of having a passion for the job one is doing and how this can help drive them to success.

He encouraged participants to take advantage of resources available to them such as online courses and workshops that can help them gain the necessary knowledge and skills for their career. The coach also highlighted the importance of networking and building relationships. He advised the students to reach out to people in their field and to attend networking events. He also discussed the importance of having a strong online presence and developing a professional online profile.

The session concluded with a question and answer period, where the students were able to ask questions and receive further advice on career success. The session was very well received and the participants were very appreciative of the coach's knowledge and expertise. The session provided the students with invaluable information and advice on how to be successful in their future careers.

Day 4

Session 'Workplace ethics- the need and significance'

Workplace ethics is the code of behavior that businesses expect from their employees. It includes everything from how employees should treat each other and their customers to how they should represent the company in public. It is important to have workplace ethics in order to ensure that a business maintains a positive reputation, builds trust with its customers, and creates a productive and harmonious environment for its employees. The need for workplace ethics has been increasing in recent years due to the increased focus on corporate social responsibility.

Companies are now expected to adhere to ethical standards in order to be seen as responsible and trustworthy by customers and the public. At the session, the importance of workplace ethics was discussed. It was emphasized that it is essential for a business to have a clear set of guidelines and policies in place in order to ensure that all employees are aware of the standards of behavior expected of them. It was also discussed that workplace ethics are not only important for a business's reputation, but also for the well-being of its employees. Having a clear set of standards in place can help prevent conflicts between employees and ensure that everyone is treated fairly.

The session also addressed the challenges of enforcing workplace ethics. It was noted that while having a clear set of policies is essential, employers must also ensure that employees are held accountable for their actions. This means that there must be consequences for any violations of the workplace ethics policy.

Overall, the session was a great reminder of the importance of workplace ethics and the need for businesses to have a clear set of policies in place in order to ensure that their employees are aware of the standards of behavior expected of them. It was also a great opportunity to discuss the challenges of enforcing workplace ethics and the need for businesses to ensure that their employees are held accountable for their actions.

Session on 'Leadership, decision making, interpersonal skills and teamwork-essential survival skills at the workplace-emotional and social intelligence

The session focused on four essential survival skills in the workplace: leadership, decision-making, interpersonal skills and teamwork.

Leadership: The importance of leadership in the workplace was highlighted. It was discussed that leaders should be able to inspire, motivate, and guide others in order to achieve success. It was also discussed that effective leaders must be able to set goals, create plans, delegate tasks, and maintain a positive attitude in order to create an environment conducive to success.

Decision Making: The importance of making informed decisions in the workplace was discussed. It was highlighted that effective decision-making involves gathering and analyzing data, considering the context of the situation, and making decisions that are in the best interests of the organization.

Interpersonal Skills: The importance of developing good interpersonal skills in the workplace was discussed. It was highlighted that effective interpersonal skills involve

communication, active listening, understanding others' perspectives, and building relationships. It was also discussed that having good interpersonal skills can help to create a more positive work environment.

Teamwork: The importance of teamwork in the workplace was discussed. It was highlighted that effective teamwork involves collaboration, communication, trust, and respect. It was also discussed that having strong teamwork skills can help to create a more productive work environment.

Emotional and Social Intelligence: The importance of emotional and social intelligence in the workplace was discussed. It was highlighted that emotional and social intelligence involves understanding one's own emotions and the emotions of others, being able to read and respond to social cues, and being able to handle difficult conversations. It was also discussed that having emotional and social intelligence can help to create a more harmonious work environment.

Session on ' Managing during a crisis with case study'

This session was designed to help participants understand how to manage during a crisis. The session was divided into two parts: a discussion of how to manage a crisis and a case study. The discussion focused on the importance of communication, decision making, and risk management during a crisis. The case study presented was a real-life example of how a company used a combination of these strategies to successfully manage a crisis.

The discussion began with an explanation of how to plan for a crisis. The importance of having a plan in place was emphasized, as it helps to ensure that the right people are in the right places and that all aspects of the crisis are being addressed in a timely manner. Participants were encouraged to consider the potential risks associated with a crisis and to plan for potential worst-case scenarios. The discussion then turned to communication strategies for managing during a crisis. The importance of communicating quickly and clearly was stressed, as well as the need for regular updates and the use of technology for communication. Participants were reminded that it is important to be transparent and honest in communication and to make sure that everyone is on the same page.

The discussion turned to decision making during a crisis. Participants were reminded of the importance of being decisive and of considering the potential risks and benefits of each decision. The need to consider all stakeholders in any decision was also highlighted. Finally, the discussion moved to risk management during a crisis. The importance of understanding the potential risks associated with a crisis and taking steps to mitigate them was emphasized. Participants were reminded to consider both the

short and long-term impacts of a crisis, as well as the potential for further crises in the future.

The second part of the session focused on a activity, the activity of the session is ‘making tower with the help of match-box. The rules are making tower with one pattern of match-box. There were three rounds, two round in blind mode and one round in naked eye mode.

Observation of the activity is as follows

1. It is observed that teamwork is lacking in a group
2. Teamwork improved after practice
3. Planning is lacking in first round has been improving in last round
4. Students shown their competitive potential during activity
5. Activity taught about teamwork and planning and benchmarking for business.

Day- 5

Group discussion (5 topics) and personal interview

The topics for group discussion are as follows

1. Mobile Phone intrude personal time and disturbed work-life balance
2. High Expectation in life kills happiness
3. Cashless economy- Is the society ready for it?
4. Should India and China No first use of nuclear weapons agreements with each other
5. Digital transformation is must to improve efficiency, increase productivity and create a culture of innovation in the organization.

The major observations of group discussion are as follows

1. Some candidate went in debate mode during discussion in fact they could support their group member for sound group discussion.
2. Some group member was cooperative and motivated other group member for adding new nuggets of knowledge.
3. Very few group members well known about the gist and process of group discussion and coordinate well during discussion.
4. Clarity of topic is medium in observation and student needs to explore all things through reading and observation.
5. Students are medium in understanding the nature of the topic.

The major observations of Mock Personal interviews are as follows

1. Students were medium in communication.
2. Students were well prepared for common question of interviews but medium in theory and weak in situational questions.
3. Students were medium in confidence and presentation.
4. Some students were good in theory and situation questions.
5. The biased impact has been observed due to Mock interview and we can assume but not compare the whole situation in mock.

Valedictory Session

The key points of valedictory function are as follows

1. The Principal of SSGMCE, Dr. S.B.Somani initiated talk with potential in future and intentions of ALDP. He also shared the concern of attendance and also inspired who attended the program.
2. The principal of Saraswati College has focused on impact of the program and outcomes of it. Training is successful with its impact and outcomes and irrespective with attendance.
3. Dr. H.M. Jha Bidyarthi remarked with good wishes to freshers for job.
4. Shri Ashok Jambur, The Resource person of the program shared his experience about college, students and Program
5. Dr. Mayur Dande concluded the Program with final Vote of Thanks

Acclerated Learning and Developement Program (ALDP)

Shri Sant Gajanan Maharaj College of Engineering
Shegaon, Maharashtra, India

CERTIFICATE OF PARTICIPATION

This is to Certify that

Mr./Miss_____, a student from MBA II year

has successfully participated in the Workshop- Accelerated Learning and Development Program (ALDP), jointly organised by

Shri Sant Gajanan Maharaj College of Engineering and Sadhna Shikshan Mandal's Saraswati College, Shegaon

held at Seminar Hall, DBAR, SSGMCE Shegaon from 13-02-2023 to 17-02-2023

Dr. S. B. Somani,
Principal,
SSGMCE Shegaon

Speaker
Mr. Ashok Jambur,
Ex -CGM : IOC Ltd.

Dr. Santosh Bothe,
Principal,
Saraswati College, Shegaon

Issued on 17-02-2023

SHRI SANT GAJANAN MAHARAJ COLLEGE OF ENGINEERING

Department Of Electronics and Telecommunication Engineering

(Report of Workshop on Microcontroller Board design on 19th March 2023)

(Quarter II IIC 5.0 Calendar Activity 22-23 (1st December to 28th February)

Name of the event:Program types (Expert talk/Exposure visit/ Mentoring session/Seminar/Workshop/Competition/Exhibition/Boot camp etc.)	Microcontroller Board Workshop
Resource persons	Mr.Shreyas Shah Mr.Vikram Ingole
Academic year	2022-2023
Program Theme (IPR/ R& D and Innovation /Entrepreneurship/ Design Thinking /Incubation and Pre-Incubation /others)	Design –fabricate-Programme the Microcontroller Board
Start date& End Date (DD/MM/YYYY)	19/03/2023 to 22/03/23
Duration of the activity (in hours)	32Hrs(Four Days)
No. Participants (Student / Faculty/If any External participants)	Students Participated - 36 Faculty Present -01

Mode of session (online /offline)	Offline
Program driven by (IIC Calendar activities/Self activities/MIC Activities/Celebration activity)	Quarter III IIC 5.0 Calendar Activity 22-23 (19/03/2023 to 22/03/23
Session recording link /offline venue **All Social media Link (promotion)**	**Venue : *FAB LAB***
Event Coordinator **Faculty Name/Department /Designation**	Prof.Vikram Ingole Department of Electronics and Telecommunication Engineering
Target Participants	Second Year & Third Year Students (Electronics and Tel.Com. Engg Students)
Objective **Benefit in term of learning/skill/knowledge obtained (benefit in term field is required)**	**Objective of this Workshop as follows** • Student will be able to learn design electronics circuits using design software such as Easy EDA • Students will be able to fabricate SMD components • Students will be able to program the microcontroller Board **Outcome of this event are following** After competition of workshop participant are able to • Design own microcontroller Board using EasyEDA software Board • Stuff and soldered SMD Components on double

First Page

	sided PCB • Identification and Testing of SMD Electronics Components • Troubleshooting PCB using HOT and COLD Testing methods. • Program the Microcontroller Board

Overview of the program:

Based on above objective, the department of electronics and telecommunication Shri Sant Gajanan Maharaj College of Engineering, Shegaon in association with ISTE Student Chapter, IEI Mechanical Engg. Student Chapter and Institute Innovation Council has organized **Microcontroller Board Design fabricate program workshop on 19/03/2023** for Second and third year students of Electronics and Telecomm. Eng. Total 36 students and 01 Faculties participated in the mention program.

Detail Schedule of Program:

Time	Day1 19 / 3 / 2023 Sunday
11AM TO 1:00PM	Basics of Electronics Components identification polarity working, packages
1:15PM TO 3:15PM	Starting with Easy EDA All tools, how to use, software roadmap

First Page

3:45PM TO 5:45PM	Design a board Make a Schematic Convert to PCB (work-along)
7:00PM TO 9:00PM	Interesting Topic Discussion Topic1

Time	Day2 20 / 3 / 2023 Monday
11AM TO 1:00PM	Custom Board Design Hedy MCU Different shapes, Images
1:15PM TO 3:15PM	Hedy MCU Assembly components sorting paste application
3:45PM TO 5:45PM	Hedy MCU Assembly component placement Soldering
7:00PM TO 9:00PM	Interesting Topic Discussion Topic2

Time	Day3 21 / 3 / 2023 Tuesday
11AM TO 1:00PM	PCB Inspection Visual Inspection Cold Testing

1:15PM TO 3:15PM	Debugging Desolderig Re-solderig
3:45PM TO 5:45PM	Debugging Hot Testing Test Sheets
7:00PM TO 9:00PM	Interesting Topic Discussion Topic3

Time	Day4 22 / 3 / 2023 Wednesday
11AM TO 1:00PM	Programming The Codes Testing with App
1:15PM TO 3:15PM	Future Scope How to design a project around Hedy MCU
3:45PM TO 5:45PM	Discussion Project Ideas Project Building Blocks
7:00PM TO 9:00PM	Conclude

First Page

Prof.Vikram Ingole Welcome Hon'ble Director Mr.Shrikantdada Patil, Principal Dr.S.B.Somani, HoD Dr..M.N.Tibdewal, IIC Chairman Dr.S.B.Patil. IIC Member Dr.R.S.Dhekekar and request to inaugurate the program.

Prof.Vikram S Ingole was workshop coordinator for this workshop. Mr.Shreyas Shah from Pune was present as a resource person for this workshop

As per schedule workshop begin by conducting different activity during four days. Finally workshop conclude on fourth day

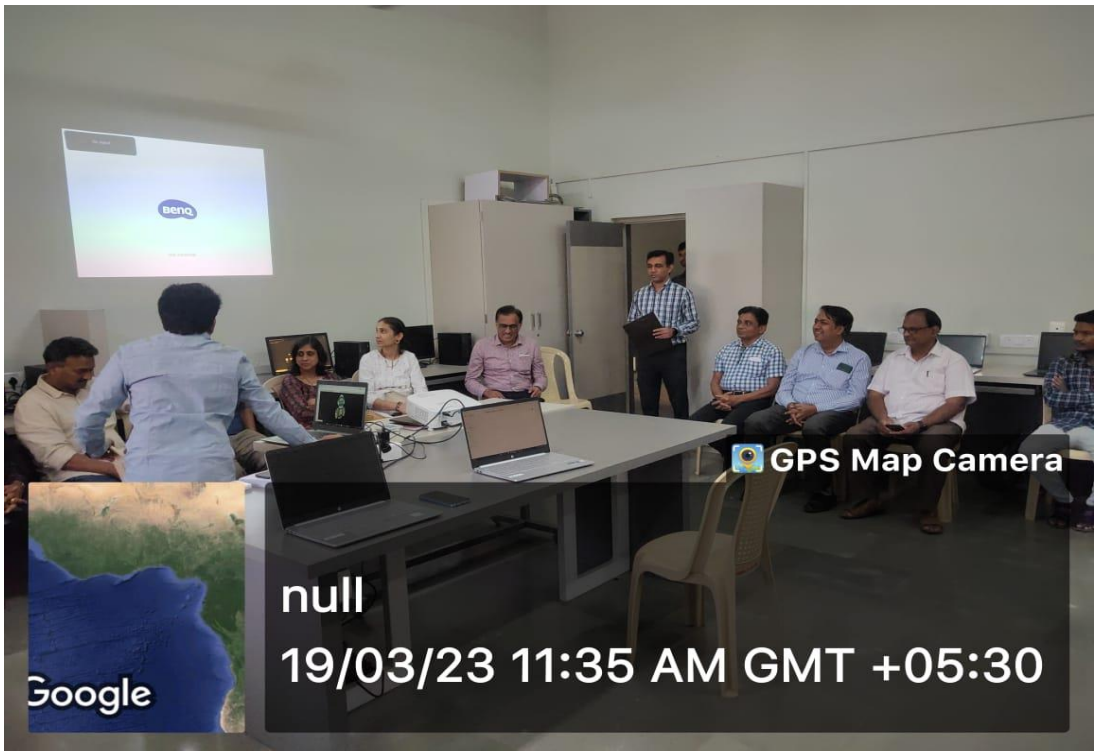

Mr V.S.Ingloe. Dr. M. N. Tibdewal

Academic Year 2022-23

Name of the Participant: Yukta More Dept. EXTC

Course Title: Workshop on Microcontroller Board design

Name of Agency/Trainer: Mr.Shreyas Shah and Mr.Vikram Ingole SSGMCE

Duration: 01-12-2022 To 28-02-2023

Tick (only one answer for each question).

Sr. No	Question	Poor	Fair	Good	Very Good	Excellent
1	The Training you attended was.					✓
2	The demonstrations were.				✓	
3	The content presented was.				✓	
4	The trainer's knowledge about the content was.					✓
5	The way trainers taught the contents was.					✓
6	The activity your participated in were.				✓	
7	The quality of instruction was					✓
8	The training made the objectives was.			✓		
9	The training made my expectation is.				✓	
10	Adequate time was provided for Questions and Discussions.			✓		

Write your answers to the following questions.

1) What did you like best about the training?

Information of Microcontroller as well as designing.

2) Are there any areas that should be included in training?

No

3) Are there any areas that should be improved for future training?

Can be more practical and application based

Interpretation:

1. The Microcontroller Board design workshop proved highly beneficial for virtually all participants.
2. The course aligns well with the expectations of the candidates.
3. Participants express high satisfaction with the trainer's expertise and the effective delivery of course content.
4. The training encompassed suitable demonstrations, activities, presentations, and content, meeting the requirements of the participants.
5. The training effectively achieves the objectives outlined for the program.

Mr. V. S. Karale

Head

Dr. S. R. Paraskar

One Week Workshop on "Python Programming for Electrical Engineering"
Conducted By : Mr. Mithilesh Joshi
Organized by: Department of Electrical Engineering
Venue: PLC and Factory Automation Lab.

Day	Date	CONTENT
Saturday	**25/02/2023**	**Introduction to Python and Setting Up the Environment** • Morning Session: ○ Introduction to Python and its applications in electrical engineering. ○ Installing Python and setting up a development environment ○ Basic Python syntax and data types (variables, numbers, strings). • Afternoon Session: ○ Working with variables and basic arithmetic operations. ○ Input and output in Python. Simple Python programs and hands-on exercises
Sunday	**26/02/2023**	**Control Structures and Functions** • Morning Session: ○ Conditional statements (if, elif, else). ○ Looping structures (for and while loops). ○ Practical examples and exercises. • Afternoon Session: ○ Introduction to functions. ○ Defining and using functions. ○ Function parameters and return values. ○ Workshop participants create their own functions.
Monday	**27/02/2023**	**Data Structures in Python** • Morning Session: ○ Lists, tuples, and dictionaries. ○ Slicing and indexing in lists. ○ Practical examples involving data manipulation. • Afternoon Session: ○ Working with files in Python (reading and writing). ○ Error handling and exceptions. ○ Exercises on data structures and file operations.
Tuesday	**28/02/2023**	**Libraries for Electrical Engineering** • Morning Session: ○ Introduction to NumPy and its applications in numerical computing. ○ Num Py arrays, operations, and array

		manipulation. • Afternoon Session: ○ Introduction to matplotlib for data visualization. ○ Creating plots and graphs for electrical data representation. ○ Hands-on exercises with NumPy and matplotlib.
Wednesday	**01/03/2023**	**: Introduction to Pandas and Data Analysis** • Morning Session: ○ Introduction to Pandas for data manipulation and analysis. ○ Reading and writing data with Pandas. ○ Dataframes and basic operations. • Afternoon Session: ○ Exploratory data analysis (EDA) for electrical data. ○ Data cleaning and preprocessing with Pandas. ○ Practical examples and exercises.
Thursday	**02/03/2023**	**Final Projects and Integration** • Morning Session: ○ Group or individual projects where participants apply what they've learned. ○ Assistance and guidance for project development. • Afternoon Session: ○ Presentation of projects and sharing insights. ○ Q&A and open discussion about using Python in electrical engineering. ○ Resources for further learning and career applications.

A Report for

A Course on

"Python Programming for Electrical Engineering"

Mr. Mithilesh Joshi,

Software Development Engineer, Online Sale.AI)

Academic Year 2022-23

Electrical Engineering Department

Shri Sant Gajanan Maharaj College of Engineering,

Khamgaon Road, Shegaon, Dist: Buldhana

Title of Activity	Python Programming for Electrical Engineering
Speaker	Mr. Mithilesh Joshi, Software Development Engineer, Online Sale.Al)
Organizer	Electrical Engineering Department
Schedule of Activity	**25-02-2023 to 02-03-2023**
Duration	30 Hours
Objective of Activity	The primary objective of the Certificate Course on Python Programming for Electrical Engineering, conducted by Mr. Mithilesh Joshi, Software Development Engineer at Online Sale.AI, is to equip electrical engineering students with practical and hands-on skills in Python programming. some key objectives: To Provide participants with hands-on experience in Python programming tailored to the specific needs and challenges of the electrical engineering industry.. To Instill coding best practices and methodologies to ensure participants write efficient, readable, and maintainable Python code. To Enable participants to apply Python programming skills to solve real-world problems encountered in electrical engineering, reinforcing the practical utility of their coding knowledge. To Train participants in effective debugging strategies and optimization techniques to enhance the performance of their Python code, emphasizing efficiency and resource utilization.
Venue	PLC and Factory Automation Lab.
No. of Beneficiaries	27 Students

Program Overview:

The course, led by Mr. Mithilesh Joshi, delivered a comprehensive curriculum covering fundamental to advanced concepts in Python programming tailored specifically for electrical engineering students. The course structure included interactive lectures, practical demonstrations, coding exercises, and real-world applications. Participants were actively engaged in the learning process, fostering a collaborative and dynamic learning environment.

Mr. Joshi's expertise as a Software Development Engineer brought a unique industry perspective to the course, providing valuable insights into how Python is utilized in the field of online sales and software development. The course encouraged active participation, allowing students to apply their newly acquired skills in hands-on projects and case studies.

Learning Outcomes:

Students gained a solid understanding of Python programming language, enabling them to write, debug, and optimize code for electrical engineering applications.

The course emphasized the practical application of Python in the context of Online Sale.AI, offering insights into how programming skills are utilized in software development for online sales platforms

Students developed problem-solving skills by working on industry-relevant projects, addressing challenges commonly encountered in the field of electrical engineering.

The interactive nature of the course facilitated collaboration among participants, encouraging the exchange of ideas and fostering a community of learners.

ELECTRICAL ENGINEERING DEPARTMENT

REPORT

One week training program on **"Python programming for Electrical Engineering"**

Resource Person: Mr.Mithilesh Joshi (Software Development Engineer, OnlineSale.AI)
Target Group: Third Year B.E. Electrical Engineering Students
Date of workshop: 25-02-2023 to 02-03-2023
Time: 11:00 AM to 05:30 PM
Venue: PLC Lab, ELPO Dept.
Organized by: Electrical Engineering Department
Number of Beneficiaries: 27
Program outcomes Addressed: PO1, PO2, PO3, PO4, PO5, PO9, PO10, PO12

Mr.V. S. Karale
Coordinator

Head,

Course Feedback Form

Academic Year 2022-23

Name of the Participant: Pratik Asolkar Dept. E.L.P.O

Course Title: **Course on "Python Programming for Electrical Engineering"**

Name of Agency/Trainer: Mr. Mithilesh Joshi, Software Development Engineer, Online Sale.Al)
Duration: 25-02-2023 to 02-03-2023

Tick (only one answer for each question.

Sr. No	Question	Poor	Fair	Good	Very Good	Excellent
1	The Training you attended was.				✓	
2	The demonstrations were.			✓		
3	The content presented was.				✓	
4	The trainer's knowledge about the content was.				✓	
5	The way trainers taught the contents was.				✓	
6	The activity your participated in were.			✓		
7	The quality of instruction was				✓	
8	The training made the objectives was.				✓	
9	The training made my expectation is.					
10	Adequate time was provided for Questions and Discussions.			✓		

Write your answers to the following questions.

1) What did you like best about the training?

I like the way of speaker ~~to~~ about explaining basic topics of python Programming.

2) Are there any areas that should be included in training?

More handson training which would be included.

3) Are there any areas that should be improved for future training?

Training should be atleast 15 days.

Interpretation:

1. The Python Programming for Electrical Engineering course significantly benefited nearly all participants.
2. The course is in sync with the expectations of the candidates.
3. Participants are highly satisfied with the trainer's proficiency and the successful delivery of course content.
4. The training featured appropriate demonstrations, activities, presentations, and content, fulfilling the needs of the participants.
5. The training successfully fulfills the outlined objectives of the program.

8 Courses

Foundations: Data, Data, Everywhere

Ask Questions to Make Data-Driven Decisions

Prepare Data for Exploration

Process Data from Dirty to Clean

Analyze Data to Answer Questions

Share Data Through the Art of Visualization

Data Analysis with R Programming

Google Data Analytics Capstone: Complete a Case Study

Apr 17, 2023

Saurabh Kedar

has successfully completed the online, non-credit Professional Certificate

Google Data Analytics

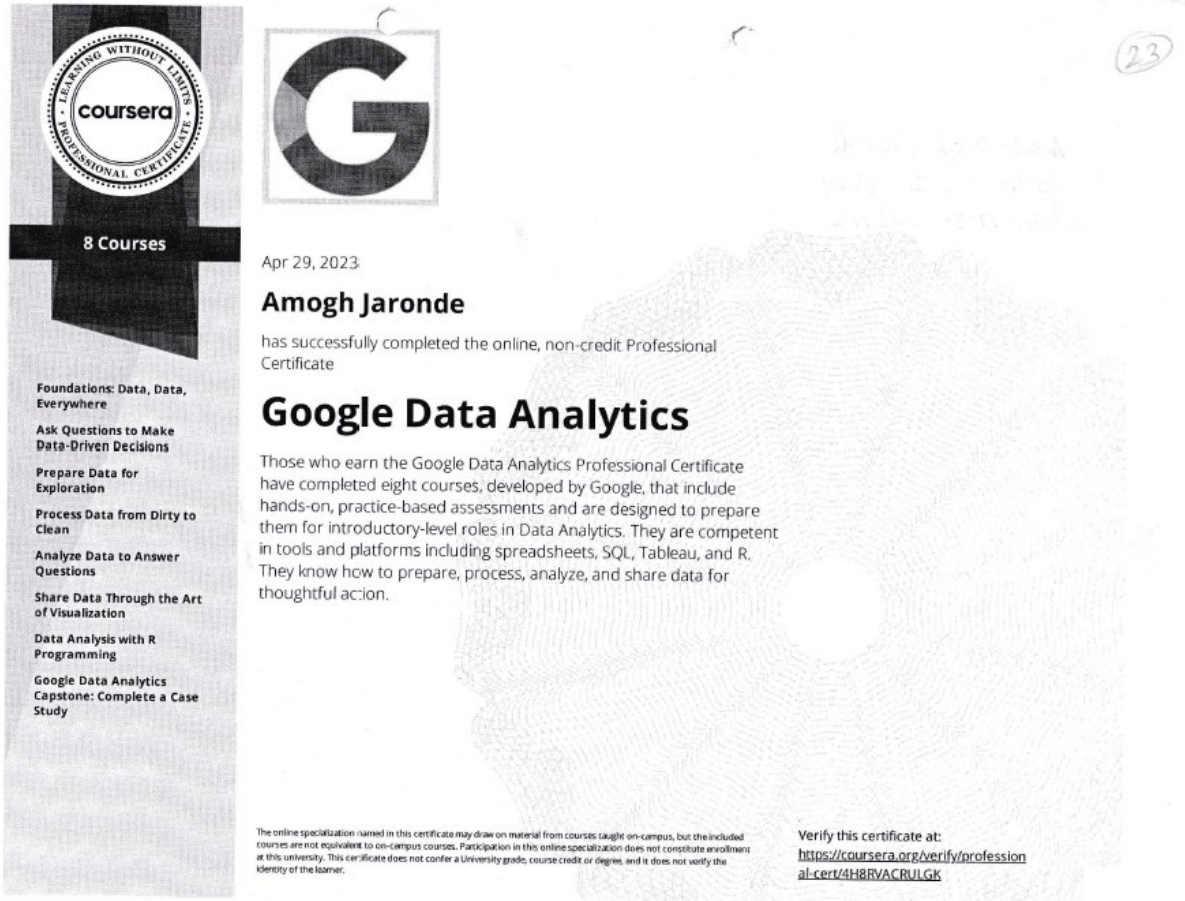

Those who earn the Google Data Analytics Professional Certificate have completed eight courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for introductory-level roles in Data Analytics. They are competent in tools and platforms including spreadsheets, SQL, Tableau, and R. They know how to prepare, process, analyze, and share data for thoughtful action.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.

6 Courses

- Crash Course on Python
- Using Python to Interact with the Operating System
- Introduction to Git and GitHub
- Troubleshooting and Debugging Techniques
- Configuration Management and the Cloud
- Automating Real-World Tasks with Python

May 8, 2023

Mayur Nehare

has successfully completed the online, non-credit Professional Certificate

Google IT Automation with Python

This six-course certificate, developed by Google, is designed to provide IT professionals with in-demand skills -- including Python, Git, and IT automation -- that can help them advance their careers. The hands-on curriculum is designed to teach learners how to write code in Python, with a special focus on how this applies to automating tasks in the world of IT support and systems administration. Those who received this certificate passed all graded assessments with a score of 80% of above. They should have a strong foundation in how to use Git and GitHub, troubleshoot and debug complex problems, and apply automation at scale by using configuration management and the Cloud in order to prepare them for more advanced IT Support Specialist or Junior Systems Administrator positions.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment
