Academic Year : 2020-21

EVENT REPORT

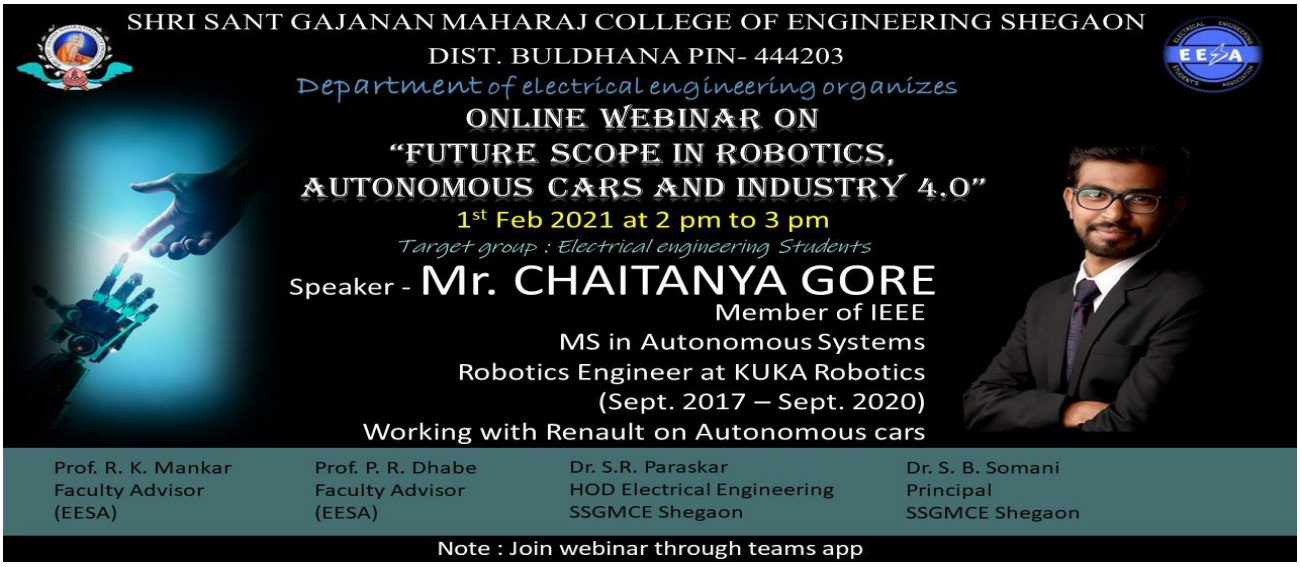
Online Webinar on " Future Scope in Robotics, Autonomous Cars and Industry 4.0 "



Name of Speaker : Mr. Chaitanya Gore (Master of Science in Autonomous Systems, Nice, France) Robotics Engineer , KUKA robotics Pune (M.S.)

Target Group : Second, Third and Final Year B.E. Electrical Engineering Students

Date of webinar : 1-2-2021

Time : 2.00 pm to 3.00 pm

Platform : online mode through Microsoft Team

Organized by : EESA ,Electrical Engineering Department ,SSGMCE Shegaon

Number of Beneficiaries : 189

Program outcomes Addressed: PO1,PO2,PO5,PO6,PO8, PO9, PO10, PO12

EST.1983

END OF POINT

ABOUT SSGMCE SHEGAON

Shri Sant Gajanan Maharaj College of Engineering, Shegaon (SSGMCE), one of the premier institutes in the field of engineering, was established in 1983 by Shri Gajanan Shikshan Sanstha, Shegaon. It is affiliated to Sant Gadge Baba Amravati University, Amravati, recognized by AICTE, New Delhi and approved by DTE, Maharashtra State, Mumbai. SSGMCE has the recognition of being the reaccredited institute by NAAC, Bangalore and the courses are also accredited by NBA (5 times), AICTE, New Delhi.

The institute offers five undergraduate engineering courses and five postgraduate courses. All the laboratories have been recognized as centres for Ph.D. program. It has excellent physical facilities in the form of residential and academic buildings spread over neat and clean 82 acres of campus. SSGMCE is considered as one of the best institutes in the region and holds the strength to be accountable for the content and quality of education.

ABOUT DEPARTMENT

The Department of Electrical Engineering offers a vibrant environment for UG and PG education and research in Electrical Engineering. The Department is committed to the advancement of the frontiers of knowledge in electrical engineering and to provide the students with a stimulating and rewarding learning experience. The department offers 4 years B.E. Electrical (Electronics & Power) Program and 2 years M.E. (Electrical Power System) Program. The department is five times accredited by NBA.

The department is strong with senior faculty members and experts in various fields of electrical engineering. The department is equipped with the high-end computational software such as ETAP, PSCAD, LabVIEW and Neuro-solutions. To support and encourage research, consultancy work the department is available with industry grade equipment's like, Compact RIO, D-space hardware kit, Power Quality Analyzer, 100kV High Voltage Testing set, Dielectric Testing kit and various data acquisition systems and many more. The department has recently started state of the art training centre for PLC and Factory Automation.

AICTE Sponsored One-Week Online Short Term Training Program (STTP) on

"Software Utility for Teaching and Research in Electrical Engineering (SUTREE-2020)"

27th October to 1st November 2020

Organized by

Department of Electrical Engineering
Shri Sant Gajanan Maharaj College of Engineering, Shegaon MS

ABOUT STTP

The modern-day tools and computing facilities for engineering research are changing rapidly. It is essential and utmost necessary for the PhD Scholars along with faculties to upgrade their skills. The STTP aims at enhancing the computing and analysing skills of budding researchers and faculties. The new age software helps in modelling, simulating and analysing the abstract concepts of engineering. The software is also helpful in teaching learning process to deliver and understand complex engineering problems. Thus, the main objective of the STTP is to make faculties and PhD scholars aware about the new age computing and research facilities. The STTP also has an objective to provide hands-on training of new technology and software to promote research in the field of engineering.

BENEFITS TO PARTICIPANTS

The STTP is designed to enhance the teaching, computing and analysing skills of the faculties and Research Scholars. It is also helpful for the research scholars to be informed about new technologies and to make them aware about modern teaching tools and methodologies. It provides an opportunity to acquire knowledge about current technological developments in relevant fields. It will promote the professional practices relevant to technical education. The faculty is largely benefited by the STTP in sense of modern technology and software that can be used not only for effective teaching but also for research.

ELEGIBILITY

This course is open to Faculty members, Research scholars of AICTE approved Engineering colleges, Polytechnic colleges and Industry person.

REGISTRATION FORM (LINK)

https://forms.gle/VQDGAGpdbF58qRNS8

REGISTRATION DETAILS

The registration is free for faculty members from AICTE approved institutions and Industry person. The number of participants is limited to 40 and the selection is based on first come - first served basis. Confirmation will be conveyed through email.

IMPORTANT DATES

Last Date for Registration: 20.10.2020

Intimation of Acceptance: 22.10.2020

COURSE CONTENTS

- Graphical System Design WHY? WHAT? HOW?
- Hands-on Graphical Programming – Environment, Data types & Functions, Decision Making, Finite Loop, Conditional Loop, Feedback and Shift Registers, Array, Clusters and Data Visualization
- Graphical Programming Sequential Programming and Variables
- Introduction to Signal Processing
- Signal Processing - Signal Generation, Conditioning and Analysis
- Data Acquisition using Graphical System Design
- Data Acquisition – Acquire & Generate Analog and Digital Signals
- Data Acquisition - PWM generation for Motor control
- Introduction to Electrical Power Toolkit
- EPT – Basic Signal Analysis (RMS V& I & Power Factor)
- EPT – Advanced Measurements (Harmonics & THD)
- Demonstration of Power Quality Analysis using Electrical Power Toolkit

COURSE OUTCOMES

After attending this course, participants will be able to:

- Understand Graphical Programming & its Paradigm.
- Create user interfaces with charts, graphs and Buttons. Program Data Acquisition and Control Hardware for Electrical Power Acquisition
- Process the Acquired Data and view the parameters as information
- Store the Acquired Data and Information in a file for future report generation
- Implement an academic project or research work using Graphical system design platform with multi-domain topology

SYSTEM REQUIREMENT

Participants are required to have Laptop/PC with Windows 7 or later, 4GB RAM, 25GB free space on C drive and good internet connectivity.

RESOURSE PERSON

Experienced faculty from IIT, NIT, and other renowned institutions, experts from industries will deliver lectures and conduct hands-on practical sessions.

Sessions / Days	Session 1 (11.00 AM to 1.00 PM)			Session 2 (2.00 PM to 4.00 PM)	
	Hour 1	Hour 2		Hour 3	Hour 4
Day – 1 (27.10.2020)	Graphical System Design WHY? WHAT? HOW?	Hands-on Graphical Programming – Environment	**Break (1.00 PM to 2.00 PM)**	Hands on Graphical Programming – Data types & Functions	Hands on Graphical Programming – Decision Making
Day – 2 (28.10.2020)	Hands on Graphical Programming – Decision Making	Hands on Graphical Programming – Finite Loop		Hands on Graphical Programming – Conditional Loop	Hands on Graphical Programming – Feedback and Shift Registers
Day – 3 (29.10.2020)	Hands on Graphical Programming - Array	Hands on Graphical Programming - Clusters		Hands on Graphical Programming – Data Visualization	Hands on Graphical Programming – Sequential Programming and Variables
Day – 4 (30.10.2020)	Introduction to Signal Processing	Hands on Signal Processing – Signal Generation		Hands on Signal Processing – Signal Conditioning	Hands on Signal Processing – Signal Analysis
Day – 5 (31.10.2020)	Data Acquisition using Graphical System Design	Hands on Data Acquisition – Acquire & Generate Analog Signals		Hands on Data Acquisition – Acquire & Generate Digital Signals	Hands on Data Acquisition – PWM generation for Motor control
Day – 6 (01.11.2020)	Introduction to Electrical Power Toolkit	Hands on EPT – Basic Signal Analysis (RMS V& I & Power Factor)		Hands on EPT – Advanced Measurements (Harmonics & THD)	Demonstration using Power Quality Analysis using Electrical Power Toolkit

- **Inauguration and Keynote addressing: 27th October 2020 (Timing: 10.30 AM onwards)**
- **Valedictory: 1st November 2020**
- **Test and feedback: 1st November 2020**

NO REGISTRATION FEES

COURSE CONTENTS

- Engineering Solutions using Graphical System Design. Why? What? How?
- Graphical Programming and Programming Environment
- Hands on Graphical Programming – Data types, loops and Building Deployable Applications
- Introduction to Signal Processing
- Hands on Signal Processing – Signal Generation, Signal Conditioning and Signal Analysis
- Introduction to Machine Learning
- Hands on Machine Learning Algorithm Breakdown - Supervised Learning - Regression
- Hands on Machine Learning Algorithm Breakdown - Supervised Learning - Classification
- Hands on Machine Learning Algorithm Breakdown - Unsupervised Learning - Clustering
- Hands on AML Application - 3 Phase Fault Identification
- Introduction to Electrical Power Toolkit
- Hands on Electrical Power Toolkit - Electrical Data processing and demonstration of Real time Power Quality Monitoring

COURSE OUTCOMES

After attending this course, participants will be able to:

- Understand Graphical Programming & its Paradigm.
- Create user interfaces with charts, graphs and Buttons.
- Understand about Machine Learning Algorithms and its use cases.
- Use the Machine Learning Algorithm to solve electrical engineering challenges.

SYSTEM REQUIREMENT

Participants are required to have Laptop/PC with Windows 7 or later, 4GB RAM, 25GB free space on C drive and good internet connectivity.

RESOURSE PERSON

ABOUT SSGMCE SHEGAON

Shri Sant Gajanan Maharaj College of Engineering, Shegaon (SSGMCE), one of the premier institutes in the field of engineering, was established in 1983 by Shri Gajanan Shikshan Sanstha, Shegaon. It is affiliated to Sant Gadge Baba Amravati University, Amravati, recognized by AICTE, New Delhi and approved by DTE, Maharashtra State, Mumbai. SSGMCE has the recognition of being the reaccredited institute by NAAC, Bangalore and the courses are also accredited by NBA (5 times), AICTE, New Delhi.

The institute offers five undergraduate engineering courses and five postgraduate courses. All the laboratories have been recognized as centres for Ph.D. program. It has excellent physical facilities in the form of residential and academic buildings spread over neat and clean 82 acres of campus. SSGMCE is considered as one of the best institutes in the region and holds the strength to be accountable for the content and quality of education.

ABOUT DEPARTMENT

The Department of Electrical Engineering offers a vibrant environment for UG and PG education and research in Electrical Engineering. The Department is committed to the advancement of the frontiers of knowledge in electrical engineering and to provide the students with a stimulating and rewarding learning experience. The department offers 4 years B.E. Electrical (Electronics & Power) Program and 2 years M.E. (Electrical Power System) Program. The department is five times accredited by NBA.

The department is strong with senior faculty members and experts in various fields of electrical engineering. The department is equipped with the high-end computational software such as ETAP, PSCAD, LabVIEW and Neuro-solutions. To support and encourage research, consultancy work the department is available with industry grade equipment's like, Compact RIO, D-space hardware kit, Power Quality Analyzer, 100kV High Voltage Testing set, Dielectric Testing kit and various data acquisition systems and many more. The department has recently started state of the art training centre for PLC and Factory Automation.

ORGANIZING COMMITTEE

Chief Patron
Hon'ble Shri Shivshankarbhau Patil
Chairman, Shri Gajanan Shikshan Sanstha, Shegaon

Patron
Hon'ble Shri Shrikantdada Patil
Managing Director, SSGMCE, Shegaon

Organizing Chair
Dr. S. B. Somani
Principal, SSGMCE, Shegaon

Convener
Dr. S. R. Paraskar
Professor & Head, Department of Electrical Engineering, SSGMCE, Shegaon

Co-convener
Dr. S. S. Jadhao
Assistant Professor, Department of Electrical Engineering, SSGMCE, Shegaon

ADDRESS FOR CORESPONDENCE

Dr. S. R. Paraskar
Professor & Head

AICTE Sponsored One-Week Online Short Term Training Program (STTP) on

"Software Utility for Teaching and Research in Electrical Engineering (SUTREE-2020)" Phase III

7th December to 12th December 2020

Organized by

Department of Electrical Engineering
Shri Sant Gajanan Maharaj College of Engineering, Shegaon MS

ABOUT STTP

The modern-day tools and computing facilities for engineering research are changing rapidly. It is essential and utmost necessary for the PhD Scholars along with faculties to upgrade their skills. The STTP aims at enhancing the computing and analysing skills of budding researchers and faculties. The new age software helps in modelling, simulating and analysing the abstract concepts of engineering. The software is also helpful in teaching learning process to deliver and understand complex engineering problems. Thus, the main objective of the STTP is to make faculties and PhD scholars aware about the new age computing and research facilities. The STTP also has an objective to provide hands-on training of new technology and software to promote research in the field of engineering.

BENEFITS TO PARTICIPANTS

The STTP is designed to enhance the teaching, computing and analysing skills of the faculties and Research Scholars. It is also helpful for the research scholars to be informed about new technologies and to make them aware about modern teaching tools and methodologies. It provides an opportunity to acquire knowledge about current technological developments in relevant fields. It will promote the professional practices relevant to technical education. The faculty is largely benefited by the STTP in sense of modern technology and software that can be used not only for effective teaching but also for research.

ELEGIBILITY

This course is open to Faculty members, Research scholars of AICTE approved Engineering colleges, Polytechnic colleges and Industry person.

REGISTRATION FORM (LINK)

https://forms.gle/Rp69i9Ttp9UQSTXA8

REGISTRATION DETAILS

The registration is free for faculty members from AICTE approved institutions and Industry person. The number of participants is limited to 40 and the selection is based on first come - first served basis. Confirmation will be conveyed through email.

IMPORTANT DATES

Last Date for Registration: 05.12.2020

Intimation of Acceptance: 06.12.2020

NO REGISTRATION FEES

COURSE CONTENTS

- Circuit Capture and Analyse in NI SPICE Suite WHAT? WHY? HOW?
- Hands-on Circuit Capture – Multisim Environment
- Introduction to Mutisim Circuit Analysis
- Circuit simulation – DC Sweep Analysis
- Circuit simulation – AC Sweep Analysis
- Circuit Analysis – Transient Analysis
- Introduction to Power Electronic Circuit Design
- Hands on Power Electronic Design – AC -DC converter
- Hands on Power Electronic Design – DC -AC converter
- Hands on Power Electronic Design – DC -DC converter
- Introduction to DAQ – Multsim Simulation
- Hands – on DAQ – Multisim Simulation – Analog Circuits and Digital Circuits
- Integrating Simulation and Real Hardware Data for comparison
- Introduction to NI PCB Design Suite
- Hands on PCB Designing – Exporting from Mutisim
- PCB Designing – Auto/Manual Routing
- How to convert to Geber File to manufacture PCB Board

COURSE OUTCOMES

After attending this course, participants will be able to:

- Understand circuit analysis using Multisim.
- Design and simulate various analog and digital circuits.
- Design PCB layout for the desired circuits using PCB design tools.
- Design Power Electronic Converters.
- Implement an academic project or research work using Multisim design platform with multi-domain topology.

SYSTEM REQUIREMENT

Participants are required to have Laptop/PC with Windows 7 or later, 4GB RAM, 25GB free space on C drive and good internet connectivity.

RESOURSE PERSON

Experienced faculty from IIT, NIT, and other renowned institutions, experts from industries will deliver lectures and conduct hands-on practical sessions.

One-Week Online
Short Term Training Program (STTP)
on
"Software Utility for Teaching and Research in Electrical Engineering (SUTREE-2020)"
Phase III
7th December to 12th December 2020
Organized by
Department of Electrical Engineering
Shri Sant Gajanan Maharaj College of Engineering, Shegaon MS

Sessions / Days	Session 1 (11.00 AM to 1.00 PM)			Session 2 (2.00 PM to 4.00 PM)	
	Hour 1	Hour 2		Hour 3	Hour 4
Day – 1 (07.12.2020)	Circuit Capture and Analyze in NI SPICE Suite WHAT? WHY? HOW?	Hands-on Circuit Capture – Multisim Environment	**Break (1.00 PM to 2.00 PM)**	Hands-on Circuit Capture – Using Virtual Instruments in Multisim	Hands-on Circuit Capture – Virtual Lab Experience
Day – 2 (08.12.2020)	Introduction to Mutisim Circuit Analysis	Hands-on Circuit simulation – DC Sweep Analysis		Hands-on Circuit simulation – AC Sweep Analysis	Hands-on Circuit Analysis – Transient Analysis
Day – 3 (09.12.2020)	Introduction to Power Electronic Circuit Design	Hands on Power Electronic Design – Configuration		Hands on Power Electronic Design – AC - DC converter	Hands on Power Electronic Design – AC - DC converter
Day – 4 (10.12.2020)	Hands on Power Electronic Design – DC - AC converter	Hands on Power Electronic Design – DC - AC Converter		Hands on Power Electronic Design – DC - DC converter	Hands on Power Electronic Design – DC - DC converter
Day – 5 (11.12.2020)	Introduction to DAQ – Multsim Simulation	Hands – on DAQ – Multisim Simulation – Analog Circuits		Hands – on DAQ – Multisim Simulation – Digital Circuits	Demo – Integrating Simulation and Real Hardware Data for comparison
Day – 6 (12.12.2020)	Introduction to NI PCB Design Suite	Hands on PCB Designing – Exporting from Mutisim		Hands on PCB Designing – Auto/Manual Routing	How to convert to Geber File to manufacture PCB Board.

- **Inauguration and Keynote addressing: 7th December 2020 at 10.30 AM**
- **Valedictory: 12th December 2020**
- **Test and feedback: 12th December 2020**

About the Institute

Shri Sant Gajanan Maharaj College of Engineering, Shegaon (SSGMCE), one of the premier institutes in the field of engineering, was established in 1983 by Shri Gajanan Shikshan Sanstha, Shegaon. It is affiliated to Sant Gadge Baba Amravati University, Amravati, recognized by AICTE, New Delhi and Approved by DTE, Maharashtra State, Mumbai. SSGMCE has the recognition to be the re-accredited institute by NAAC, Bangalore and the courses are also accredited by NBA, AICTE, New Delhi. The Institute was selected as the Network Institute under NPIU's TEQIP, MHRD, Govt. of India under Phase-I. Recently Career360 Magazine, Nov 2016 ranked the institute as "AA+" amongst Engineering Colleges, Ranked amongst 100 India's top-Tech Schools 2015-DATAQUEST-CMR and B-School of India by Outlook-Drishti-Survey-2015.**Institute honored with Devang Mehata National Education Leadership Award twice and CII-Gratitude Award.** Over three decades, it has successfully nurtured young Indians in engineering and managerial professionals for the betterment of society and humanity as a whole. It is well known for its visionary management, dedicated and devoted faculty, state of the art infrastructure and discipline. It is also known for the overall development of the students' personality with distinct value based spiritual environment. It primarily focuses on the four major pillars of the students' development: Intellectual, Spiritual, Physical and Social. It also provides facilities for the pursuit of excellence and academically suitable climate of the scholarship in terms of curriculum and curricular performance of the students.

About the Department

The Department of Computer Science and Engineering established in 1985 has taken development as a continuous process and assured this through its mission. Department runs UG and PG program. UG program is accredited four times by NBA and has blend of senior as well as young faculty members. The department has all laboratories well equipped with advanced softwares. Laboratories in the department are recognized as the place of research by SGB Amravati University.

About the Course

The aim of this Online Short term training Program is to enrich the participants with fundamentals of Machine Learning and programming concepts using MATLAB, Python and R Language.

In this programme participants will be demonstrated with recent trends in Machine Learning. Various algorithms and techniques of Machine Learning can implemented such as Artificial Neural Network, Fuzzy Logic, Support Vector Machine, Classification, Clustering, Pattern recognition Genetic Algorithm. Different MALAB tools will be demonstrated such as ANN, Fuzzy Logic, Image Processing, Deep Learning etc. Data handling, correlation and regression analysis will be demonstrated using R and Python Libraries. In this STTP participates will learn algorithm development, data visualization, data analysis, and numeric computation using Machine Learning Tools to solve engineering and scientific real life problems.

Course Contents:

- Introduction to Machine Learning Algorithms
- Introduction to Neural Network and Deep Learning
- Feature Extraction and Selection
- Classification and Clustering Algorithms
- Implementation and Demonstration of various Machine and Deep Learning Algorithms
- Applications of Machine Learning in Data Analytics

Resource Person

Experienced faculty from IIT, NIT and other renowned institutions, expert from industries will deliver lectures and conducts hands on practical sessions.

Participants

Faculty members, Research Scholars, from Engineering & Polytechnic colleges and Industry persons.

Respected Sir,

With the reference to mail received on 14 September 2020 regarding the conduction of STTP under AQIS 2019-2020 through online mode, hereby we acknowledge and give our consent for conducting the STTP. We are willing to conduct three different STTP's under the same sanctioned topic which has been approved by AICTE (Ltr. Ref. No. 34-66/318/FDC/STTP/Policy-1/2019-20). The tentative dates and schedule are as follow for your kind reference and permission.

1. 23rd November 2020 to 28th November 2020
2. 07th December 2020 to 12th December 2020
3. 21st December to 26th December 2020.

Title of the Programme : "Machine Learning and its Applications in Data Analytics"

Name of Coordinator: Dr. Dhanraj R.Dhotre (email id- dr.dhotre@gmail.com, M-9921959739)

Kindly permit and acknowledge the same

Thanking You.

Shri Sant Gajanan Maharaj College of Engineering, Shegaon
Department of Computer Science & Engineering

Date: 20/11/2020

A per the notice dated on 18-Nov-2020 meeting is conducted regarding AICTE Sponsored Online STTP on **"Machine Learning and Its Applications in Data Analytics"** organize by the department of Computer Science and Engineering. All Program Monitoring Committee Members, Coordinator and Co-conveners were present in the meeting. Following points are discussed:

1. Discussion on smooth conduction of STTP in three phases as :
   Phase -I: 23rd November to 28th November 2020
   Phase -II: 07th December to 12th December 2020
   Phase –III: 21st December to 26th December 2020
2. Decided to conduct online Test (Quiz) at the end of each phase.
3. Decided to prepare STTP report as per the guidelines of AICTE.

		Day 1, Monday	
23-Nov-2020	12:00 to 12:10 PM	Inauguration	**Dr. S. B. Somani** Principal, SSGMCE **Dr. D. R. Dhotre** Head, Dept of CSE
	12:10 to 12:45 PM	Keynote Address	**Dr. G. R. Bamnote Professor & Head, PRMITR, Badnera**
	12:45 to 02:00 PM	Python Machine Library 'Pandas' with hands on exercise.	**Mr. Anurag Edlabadkar,** Director, Datalytics, Nagpur
	02:00 to 03:00 PM	Break	
	03:00 to 05:00 PM	Python Machine Library 'NumPy' with hands on exercise.	**Mr. Anurag Edlabadkar,** Director, Datalytics, Nagpur
		Day 2, Tuesday	
24-Nov-2020	12:00 to 2:00 PM	Python Machine Library 'Matplotlib' with hands on exercise.	**Mr. Anurag Edlabadkar,** Director, Datalytics, Nagpur
	02:00 to 03:00 PM	Break	
	03:00 to 05:00 PM	Python Machine Library 'Scikit-Learn' with hands on exercise.	**Mr. Anurag Edlabadkar,** Director, Datalytics, Nagpur
		Day 3, Wednesday	
25-Nov-2020	12:00 to 2:00 PM	About R and R Studio Data Management and Transformation	**Dr. Dhaval Maheta** BIM Department, Veer Narmad South Gujarat University, Surat
	02:00 to 03:00 PM	Break	
	03:00 to 05:00 PM	Graphical Representation of Data Normality Testing of Data	**Dr. Dhaval Maheta** BIM Department,

		Day 4, Thursday	
26-Nov-2020	12:00 to 2:00 PM	Parametric and Non Parametric Test Chi Square	Dr. Dhaval Maheta BIM Department, Veer Narmad South Gujarat University, Surat
	02:00 to 03:00 PM	Break	
	03:00 to 05:00 PM	Machine learning in R	Dr. Dhaval Maheta BIM Department, Veer Narmad South Gujarat University, Surat
		Day 5, Friday	
27-Nov-2020	12:00 to 2:00 PM	Artificial Neural Network with hands on using MATLAB.	Dr. D. R. Dhotre Professor & Head, CSE Department, SSGMCE, Shegaon
	02:00 to 03:00 PM	Break	
	03:00 to 05:00 PM	Regression Analysis with hands on using MATLAB.	Dr. D. R. Dhotre Professor & Head, CSE Department, SSGMCE, Shegaon
		Day 6, Saturday	
28-Nov-2020	12:00 to 2:00 PM	Research in Machine Learning, Feature selection, Feature extraction	Dr. R. K. Agrawal Professor, JNU, New Delhi
	02:00 to 03:00 PM	Break	
	03:00 to 05:00 PM	Classification Techniques, Clustering	Dr. R. K. Agrawal Professor, JNU, New Delhi

Short Term Training Program (STTP) Scheme Document

		Objectives
		Short Term Training Program (STTP) intends to conduct faculty trainings through financial assistance from AICTE to enable faculty members in the field of technical education to introspect and learn techniques that can help prepare students for active and successful participants in a knowledge society.
		Eligibility
	(a)	AICTE approved Technical Institutions / University Departments with at least 7 years of existence.
	(b)	All teachers, supporting technical and administrative staff in areas of technical education in AICTE approved institutions are eligible to participate.
	(c)	Maximum 5 proposals per institute per year including sanctioned, earlier but not completed, would be considered. However, maximum 3 proposal per institute shall be approved.
		Duration of Program
		It is a residential program for a duration of six days. The approved STTP shall be conducted within six months from the date of release of funds.
		Limit of funding
		Rs. Five Lakh
		Disbursement of the Funds
	(a)	The full amount of the grant sanctioned shall be released as advance to the University/Institution.
	(b)	The amount spent by the institute on the conduct of STTP shall be adjusted on the basis of utilization certificate and detailed expenditure statement submitted by the University/Institution on the prescribed format along with other mandatory documents viz feedback form, copy of proceedings and completion report etc.
	(c)	The above said amount of grant shall be released on the basis of the Extension of Approval (EOA) issued by AICTE to the institute for the academic year 2020-21.
6		**Types of Training**
		(i) Pedagogical Training
		(ii) Subject related Training to teachers employed in disciplines: Engineering & Technology, Management, Pharmacy, Architecture etc.
		(iii) Training related to Moral Values, Ethics, Behavioral Sciences & Attitude etc.
		(iv) Training for teachers regarding orientation of newly admitted students.
		(v) Training for supporting technical and administrative staff including Librarian.
7		**Processing Methodology**
		Each proposal shall be assessed by an expert committee consisting of three members not below the rank of Associate Professor
8		**Career Advancement Scheme**
		Short Term Training Program (STTP) will be considered for career advancement scheme.
9		**Test and Certificate**
		A test to be conducted at the end of the Program and a certificate to be issued to only those participants who have attended the Program and successfully qualify with minimum 60% in the test.
10		**Terms and conditions**
	(a)	**Preferably, 10% of the participants shall be industry professionals deputed by industry. Further, not more than 02 participants shall be from the host institution/group of institutions.**

"Machine Learning and Its Applications in Data Analytics"

Day Wise Schedule (21st Dec to 26th December 2020)

Date	Time	Contents	Resource Person
		Day 1, Monday	
21-DEC-2020	12:00 to 12:10 PM	Inauguration	**Dr. S. B. Somani** Principal, SSGMCE **Dr. D. R. Dhotre** Head, Dept of CSE
	12:10 to 12:45 PM	Keynote Address on "Computational Linguistics"	**Dr. M. L. Dhore** Professor, VIT ,Pune
	12:45 to 02:00 PM	AI Case Studies with Python Speech Tweet Converter	**Mr. Anup Kelkar,** Founder & CEO , SPRINGBOARD, Nagpur
	02:00 to 03:00 PM	Break	
	03:00 to 05:00 PM	AI Case Studies with Python NLP with Chatbot	**Mr. Anup Kelkar,** Founder & CEO , SPRINGBOARD, Nagpur
		Day 2, Tuesday	
22-DEC-2020	12:00 to 2:00 PM	Computer Vision with Google	**Mr. Anup Kelkar,** Founder & CEO , SPRINGBOARD, Nagpur
	02:00 to 03:00 PM	Break	
	03:00 to 05:00 PM	Tableau as Data Visualization Tool with Case study on Covid-19	**Mr. Anup Kelkar,** Founder & CEO , SPRINGBOARD, Nagpur
		Day 3, Wednesday	
23-DEC-2020	12:00 to 2:00 PM	Neural Networks using MATLAB	**Dr. R. K. Agrawal** Professor, JNU, New Delhi
	02:00 to 03:00 PM	Break	
	03:00 to 05:00 PM	Support Vector Machine using MATLAB	**Dr. R. K. Agrawal** Professor, JNU, New Delhi
		Day 4, Thursday	
24-DEC-2020	12:00 to 2:00 PM	Introduction to Convolutional Neural	**Dr. R. K. Agrawal**

AICTE Sponsored Online Short Term Training Program (STTP) Phase-II on

"Machine Learning and Its Applications in Data Analytics"

Day Wise Schedule (07th Dec to 12th December 2020)

Date	Time	Contents	Resource Person
Day 1, Monday			
07-DEC-2020	12:00 to 12:10 PM	Inauguration	**Dr. S. B. Somani** Principal, SSGMCE **Dr. D. R. Dhotre** Head, Dept of CSE
	12:10 to 12:45 PM	Key note Address	**Dr. N. V. Thakur Professor, PRMCEAM, Badnera**
	12:45 to 02:00 PM	Supervised, Unsupervised and Reinforcement Learning	**Mr. Anurag Edlabadkar,** Director, Datalytics, Nagpur
	02:00 to 03:00 PM	Break	
	03:00 to 05:00 PM	Supervised Learning Algorithm with Use Case	**Mr. Anurag Edlabadkar,** Director, Datalytics, Nagpur
Day 2, Tuesday			
08-DEC-2020	12:00 to 2:00 PM	Unsupervised Learning Algorithm with Use Case	**Mr. Anurag Edlabadkar,** Director, Datalytics, Nagpur
	02:00 to 03:00 PM	Break	
	03:00 to 05:00 PM	Reinforcement Learning Algorithm with Use Case	**Mr. Anurag Edlabadkar,** Director, Datalytics, Nagpur
Day 3, Wednesday			
09-DEC-2020	12:00 to 2:00 PM	Computer Aided Psoriasis Disease Classification and Severity Detection	**Dr. N. D. Londhe** Associate Professor & Head , NIT Raipur
	02:00 to 03:00 PM	Break	
	03:00 to 05:00 PM	Psoriasis Image Segmentation and Classification Using Deep Learning Approaches Using Python	**Dr. N. D. Londhe** Associate Professor & Head , NIT Raipur

A Report for

International webinar
on
Wireless Communication (6 G) and Future of IoT
By

Dr Anand Nayyar

Researcher and Scientist

Duy Tan University. Da

Nang. Vietnam

Academic Year 2020-21

Electronics and telecommunication

department, SSGMCE, Shegaon

Title of Activity	**Wireless Communication (6 G) and Future of IoT**
Speaker	**Dr Anand Nayyar** **Researcher and Scientist Duy Tan University. Da Nang. Vietnam**
Organizer	Electronics and telecommunication department, SSGMCE, Shegaon
Schedule of Activity	**12th August 2020**
Time	5.00 pm
Objective of Activity	1. Share the latest advancements in 6G wireless communication technologies, including their potential applications and benefits. 2. Provide insights into the evolving landscape of IoT, focusing on emerging trends and challenges. 3. Facilitate a platform for international experts, researchers, and professionals to collaborate and share their experiences in the field of wireless communication and IoT. 4. Encourage networking opportunities among participants to foster potential research collaborations or business partnerships. 5. Educate participants about the key features, capabilities, and expectations of 6G wireless communication, emphasizing its impact on various industries. 6. Offer insights into the future of IoT, highlighting how it will transform industries, cities, and daily life. 7. Stimulate discussions and debates on the challenges and ethical considerations related to the implementation of 6G and the widespread adoption of IoT. 8. Provide a forum for participants to express their perspectives, share case studies, and engage in constructive dialogues. 9. Explore the regulatory landscape and policy considerations related to 6G deployment and IoT implementation globally. 10. Discuss the importance of standardization efforts to ensure interoperability, security, and sustainability in wireless communication and IoT. 11. Showcase real-world applications and success stories of companies or organizations leveraging 6G and IoT technologies. 12. Explore how different industries are adapting to these technologies and the potential for innovation and disruption. 13. Provide opportunities for participants to enhance their skills and understanding of the

	technologies through workshops, tutorials, or hands-on sessions. 14. Address the educational needs of professionals, students, and researchers in the field. 15. Outline the potential roadmap for the development and deployment of 6G technologies and the evolution of IoT over the coming years.
Venue	Online through Microsoft team
No. of Beneficiaries	1042

Brief Introduction of Resource Person:

- He is the renowned Researcher and Global Scientist having 5 Patents for his name for Science and Technology
- He is an Academician, Researcher, Author, Writer, Inventor, Innovator, Scientist, Consultant and Orator) Ph.D. in Computer Science from Desh Bhagat University, Mandi Gobindgarh in 2017 in Wireless Sensor Networks, Swarm Intelligence, and Network Simulation.
- Member of 50+ Research Organizations on grade of Senior/Life/Associate. He is acting as Senior Member of ACM and also acting as ACM DISTINGUISHED SPEAKER.
- He has guided 2 M.S., 7 M.Tech (5=CSE) & (2=ECE) students and 30 MCA students for thesis and projects respectively. He has evaluated 14 Ph.D. Thesis from various universities of India.
- A Certified professional with 75+ International & Globally Recognized Professional Certifications from various IT Giants like: CISCO/Cyberoam , Microsoft, Oracle, Beingcert.com, EXIN, Asian School of Cyber Laws (ASCL): Certified Ethical Hacker (CEH), Certified in Cyber Law Protection, Certified in Data Privacy Law, GAQM Certifications.
- Published 350+ Research Papers, 25 Books and as Programme Committee /Organizing Committee/ Advisory Committee/ Reviewer Committee Member for 300+ Conferences across globe.
- He has 16+ Years of Teaching and Research Experience currently working as Professor, Scientist and Researcher in Graduate School, Duy Tan University, Da Nang, Vietnam

Program Overview:

One day international seminar on “Wireless Communication (6 G) and Future of IoT” was designed to cover a broad range of topics, engage participants, and facilitate meaningful discussions 6G and future of IoT.

The resource persons has thrown light on:

- Brief Overview of the Webinar Objectives
- Keynote Speech by a Distinguished Expert in 6G and IoT
- Insights into the Current Landscape and Future Developments
- Overview of 6G Technology and Its Evolution
- Key Features and Capabilities
- Trends Shaping the Future of IoT
- Real-world Applications and Case Studies
- Experts Discussing the Synergy Between 6G and IoT
- Opportunities and Challenges
- Regulatory Policies Impacting 6G and IoT
- Security Concerns and Solutions
- Standardization Efforts
- Showcase of Industry Initiatives
- Successful Implementations and Use Cases
- Business Impacts and Innovations

Program Outcomes: -

After the successful completion of a workshop, the participant will be able

- Participants gain an enhanced understanding of 6G wireless communication technologies and the latest developments in the field.
- Insights into the future trends, challenges, and opportunities in the Internet of Things (IoT) are provided.
- Participants become acquainted with ongoing industry initiatives related to 6G and IoT, learning about successful implementations and use cases.
- Exposure to expert insights and perspectives from keynote speakers and panel discussions contributes to a broader and deeper understanding of the subject matter.
- Participants have the chance to connect with experts, researchers, and professionals in the field, fostering potential collaborations and partnerships.
- Identification and discussion of challenges related to 6G and IoT, along with potential solutions, contribute to a collective understanding of the hurdles that need to be overcome.
- Increased awareness of the regulatory landscape, policies, and standardization efforts impacting the deployment of 6G and IoT technologies.

- Workshops or focused sessions provide participants with practical skills and knowledge that can be applied in their professional endeavors.
- Participants from various disciplines gain interdisciplinary insights into how 6G and IoT intersect and impact industries, cities, and society at large.
- Exposure to innovative technologies and successful case studies can inspire participants to explore new ideas and innovations in their own work.
- The seminar serves as a platform for potential future collaborations, research partnerships, and joint initiatives among participants.
- Professionals and organizations gain strategic insights into how they can adapt and plan for the integration of 6G and IoT into their business models and operations.
- Researchers may identify new avenues for research and development based on the discussions and insights shared during the seminar.

A Report for

One day webinar
on
How to read and write research paper and funding scheme
By
Dr M. N. Tibdewal

Academic Year 2020-21

Electronics and telecommunication department

SSGMCE, Shegaon

,

,

Title of Activity	**How to read and write research paper and funding scheme**
Speaker	Dr M. N. Tibdewal, Professor, Department of electronics and telecommunication Engg. SSGMCE,Shegaon
Organizer	Electronics and telecommunication department, SSGMCE, Shegaon
Schedule of Activity	**6th February 2021**
Time	2.00 pm to 4.00 pm
Objective of Activity	1. Enhance Research Literacy 2. How to Read Research Papers 3. Critical Analysis Skills 4. Understanding Academic Jargon 5. How to Write Research Papers 6. Introduction to Research Funding 7. Grant Proposal Writing
Venue	Online through Microsoft team
No. of Beneficiaries	47

Brief Introduction of Resource Person:

He is Professor in Electronics & Telecom. Engg. SSGMCE, Shegaon. His 31 year teaching at Shri Sant Gajanan Maharaj College of Engineering, Shegaon, (M.S.)
He also Served as Technical Supervisor in ROHA Dye-Chem. Pvt. Ltd. Mumbai- 11 months. (Aug 1990- Jun 1991). He has membership of:

1. Yearly member of IEEE (Membership No.92477209)
2. Life member of ISTE (LM15013)
3. Life member of IETE (219018)
4. Executive member of IETE - Amravati Region (Maharashtra), 2010-12

Program Overview:

One day webinar on “How to read and write research paper and funding scheme” equipped participants with the essential skills and knowledge needed to navigate the world of academic research. The webinar aims to empower researchers, academics, and students with the tools necessary to critically analyze research papers, enhance their academic writing skills, and understand the intricacies of securing research funding.

The resource persons has thrown light on:

Understanding Research Papers

- Different types of research papers.
- Overview of the structure of a typical research paper.
- Tips for navigating through academic jargon.

Critical Analysis of Research Papers

- Techniques for critically evaluating methodology, results, and conclusions.
- Group discussion and hands-on analysis of a research paper.
- Q&A session.

Effective Academic Writing

- Principles of clear and concise academic writing.
- Structuring different sections of a research paper.
- Common pitfalls and how to avoid them.

Introduction to Research Funding

- Overview of various funding sources.
- Aligning research goals with funding agency priorities.
- Understanding the grant landscape.

Grant Proposal Writing

- Key components of a successful grant proposal.
- Practical tips for proposal development.
- Examples of successful proposals.

Program Outcomes: -

After the successful completion of a workshop, the participant will be able

- Participants gain an enhanced understanding of 6G wireless communication technologies and the latest developments in the field.
- Insights into the future trends, challenges, and opportunities in the Internet of Things (IoT) are provided.

- Participants become acquainted with ongoing industry initiatives related to 6G and IoT, learning about successful implementations and use cases.
- Exposure to expert insights and perspectives from keynote speakers and panel discussions contributes to a broader and deeper understanding of the subject matter.
- Participants have the chance to connect with experts, researchers, and professionals in the field, fostering potential collaborations and partnerships.
- Identification and discussion of challenges related to 6G and IoT, along with potential solutions, contribute to a collective understanding of the hurdles that need to be overcome.
- Increased awareness of the regulatory landscape, policies, and standardization efforts impacting the deployment of 6G and IoT technologies.
- Workshops or focused sessions provide participants with practical skills and knowledge that can be applied in their professional endeavors.
- Participants from various disciplines gain interdisciplinary insights into how 6G and IoT intersect and impact industries, cities, and society at large.
- Exposure to innovative technologies and successful case studies can inspire participants to explore new ideas and innovations in their own work.
- The seminar serves as a platform for potential future collaborations, research partnerships, and joint initiatives among participants.
- Professionals and organizations gain strategic insights into how they can adapt and plan for the integration of 6G and IoT into their business models and operations.
- Researchers may identify new avenues for research and development based on the discussions and insights shared during the seminar.

Guest Lecture Summary Report

Topic: Webinar On "IPR Based Innovation and Incubation Ecosystem"

Date: 10/10/2020-10/10/2020

Resource Person with contact details: Dr. S S Khedkar ,Asst. Professor,

Incubation Incharge ,Wanadongari Higana,YCCE Nagpur. Mob No. (+91-9552555061)

Number of Participants:69

Workshop Objectives:

1. The Webinar organise to aware faculty members about Intellectual property Rights such as Patent, copyright Technology transfer etc.
2. To understand basic concepts of product innovation and concept development.
3. To facilitate academic research scholar about the patent filing procedures and government funding agencies for IPR activities .
4. To learn systematic approach of converting idea into patents and copyrights.

Workshop Highlights:

Dr. S S Khedkar has enlighten the basics of innovation process, concept development and patent search. The next half of the program, he has discussed the steps of research to be carry out by an academicians also various formats to be filled for patent filing. Finally the all discussion has evident by importance of Patent and copyrights for NIRF ranking and various accreditation bodies of government of India.

Outcomes:

All teaching faculty member has understand basic procedure of Patent search, patent filing and copyrights required for innovative product and ideas.

Mechanical Engineering Department

Guest Lecture Summary Report

Topic: Seminar on "The Welding – Future Job Opportunities"

Date: 16/01/2021

Resource Person with contact details:

Mr. Milind Gadre ,Ex.General manager ,ADOR welding ,Pune (online mode)

Number of Participants:81

Objectives:

- To aware budding engineers about the basics of conventional welding process.
- Demands and opportunities about welding skills in India and abroad.
- To share the various certifications available to enhance the skill sets of engineers.

Highlights of Guest Lecture:

In this program Mr. Milihd Gadre has given the need of welding process in the world. He explain the statistic about skill labor and technicians available worldwide. Further he an information about recommended welding certifications. Lastly he stress upon the need of internship to understand basic welding processes are to be done in industries.

Outcomes: Students aware about the welding certifications and carrier its opportunities worldwide.

Guest Lecture Summary Report

Topic: Rare Share (Organization choices for start-up a business organization)

Date: 23 Jan 2021

Resource Person with contact details: Mr. Ram Thakkar, Practicing Company Secretary & Insolvency Professional
Number of Participants: 31

Objectives:

- Highlights of Guest Lecture:
- Organization choices for startup a business organization.
- To know whether to form Pvt. Ltd. / LLP/ partnership firm.
- What is intellectual Property right i.e. trade mark, copy right and patent & much more.
- Outcomes: After the session, students understands the market needs & IPR.

Topic: Rare Share- How to comprehensively define the technical problem?

Date: 30 January 2021
Resource Person with contact details:
Dr. Vijay H. Honkalaskar, (Director) Sulokchetana Pratishthan

Number of Participants: 35
Objectives: To know various technical Problems & respective technology solutions

Highlights of Guest Lecture:

- How to comprehensively define the technical problem?
- How to involve the societal members to come up with a solution?
- Problem & respective technology solutions
- Steps in addressing societal problems by technology means.

Institute Workshop/ Training Program/certificate course/FDP Summary Report

Workshop Title: Kinematic Simulation in CAD

Date: 12/01/2021 – 28/01/2021

Location: Dept of Mech. Engg., SSGMCE, Shegaon

Organizing Institute: SSGMCE, Shegaon

Workshop Facilitators: Prof. C. V. Patil

Number of Participants: 03

Workshop Objectives: The course is intended to cover the theoretical concepts of kinematic simulation with an emphasize on the basics of design thinking. The objectives are -

1. To impart the basic knowledge of concepts of kinematic simulation.
2. To demonstrate the working of individual joint and joint in assembly.
3. To analyze the insights of working mechanisms.

Workshop Highlights:

1. Fundamentals of Kinematic Simulation: Getting Started with Kinematic Simulation, Concepts of Kinematic Simulation
2. Working with different joints: Basic joints - Revolute, Prismatic, Cylindrical, Planar, Screw and Fixed Joint, Advanced Joints - Point - curve, Roll - Curve, Gear and Rack and Pinion Joint
3. Creating and analyzing working assemblies: Assemblies in simulation environment, Joints in assemblies, Simulation and Analysis of assemblies

Outcomes:

1. Students were able to do simulation of various simple mechanisms

Notice for Online Webinar on "COVID-19 India and Future by Dr, Devesh Kumar Sharma

Dear MBA Students,

We hope this message finds you in good health and high spirits. In these unprecedented times, staying informed and adapting to the changing landscape is crucial for our personal and professional development. With this in mind, we are excited to announce an enlightening and insightful online webinar that promises to shed light on one of the most critical topics of our time - "COVID-19 India and Future

Details of the webinar are as follows:

Date: 20/06/2020

Time: 1.00 p.m. to 2.00 p.m.

Platform: Microsoft Team

Note- All Students can join through their standard User ID and Password on Microsoft team platform.

DEPARTMENT OF BUSINESS ADMINISTRATION AND RESEARCH
SHRI SANT GAJANAN MAHARAJ COLLEGE OF ENGINEERING, SHEGAON

Report on Alumni Webinar Series during COVID-19 Pandemic organized by D.B.A & R.

The current challenge COVID-19 around the globe necessitated a lockdown and ban on movement and physical meetings across most nations. In line with Govt. directives, the D. B. A & R. Alumni Cell suspended all previously planned roundtables and dialogue sessions. All alumni events were to hold online going forward. The D. B. A. & R. was able to promptly convert a previously planned physical event to an online webinar, and it was well attended by the Faculty members and Students of MBA.

The D. B. A & R. and Alumni Association partner to provide weekly live, interactive webinars on topics that could help Students shape their career. From resume tips and skill-building sessions to professional networking, career options and job searches, Department of Business Administration and Research with its Strong and Distinguished Alumni Network has a lot to offer.

We are therefore very pleased to present our report on the first ever Alumni Webinar. The topic was a very relevant one in these times:

"COVID-19: INDIA and its Future"

The speaker for the day was **Dr. Devesh Kumar Sharma (Batch 1997-1999)**, who has a background in Banking with extensive experience in corporate finance, trust and asset management. He is now **Senior Vice President, Credit Suisse, Geneva, Switzerland**. He was earlier associated with **Barclays Bank, Dubai.** He did justice to the topic, sharing his wealth of knowledge and experience, providing insight and useful suggestions to help Students get through the turbulent times.

Some of the highlights from his presentation were as follows:

He was introduced to the Students by his Mentor and Doctoral Thesis Guide Dr. H. M. Jha "Bidyarthi" – Professor and Head of DBA&R. Dr. Devesh started with praising the College and his 'Gurus', recalling few moments of those times.

He then moved on to discussing certain facts about India, its Economic scenario and its effects on the Fresh MBA graduates. To sustain these tough times, he asked students to follow certain things like-

1. Read a Lot: *Must Have Habit*
2. Form a group of 5 students: *Involve Timid, Shy, Poor Friends*

Powerful and Constructive aspect of Informal Relations

3. Meet, Communicate with everyone, Discuss Ideas not People, Discuss about Random things: *Don't Judge others, Share, Express, Discuss and REALIZE, Concentrate on Public Speaking*
4. Be Admirers: *Appreciative Intelligence*
5. Ask Questions: *Being Young, Don't Hesitate for doing New things*
6. Save Money: *Power of Savings, Investment and Compounding*
7. Remain Fit, Exercise: *Health is Wealth*
8. Take up a Hobby: *Be Playful*
9. Be Passionate: *Get Involved*
10. Convert College Life to Corporate Life: *Grooming Matters*
11. Choose and Set Goals: *Stress Now and Enjoy Later or Enjoy Now and Stress Later*

After his deliberation, Dr. Jha opened up with the Question and Answer Session on behalf of the students to set the momentum. Dr. Devesh answered and satisfied the questions of the students to the best of his ability.
Few of the questions were about –
How to Set Goals?
How to utilize this Time?
What Certification Courses to Pursue and Professional Skills to Hone?
How to transform from Being an Introvert to Extrovert Person?
What are the Career Opportunities after this pandemic? etc.

The event was very well attended and marked the beginning of online collaboration for the DBA&R Alumni Association. The Department would like to thank the guest speaker, Dr. Devesh Kumar Sharma for sharing his wealth of knowledge and insight, the Alumni Office for their support before and during the event, and all participants for making themselves available. We look forward to many more informative webinars from the Alumni in the days to come.

ALUMNI ASSOCIATION
SSGMCE
Shegaon, MS, India

Global Effects of COVID-19 (USB Alumnus - Ms Toyin Saani)

- Businesses around the world are coping with loss of revenue and disrupted supply chains as factories shutdown and quarantine measures spread across the globe.
- The Organization for Economic Cooperation and Development (OECD), lowered its forecast of global economic growth by 0.5% for 2020 from 2.9% to 2.4%, if the economic effects of the virus peaked in the first quarter of 2020.
- The International Monetary Fund (IMF), noted that the coronavirus pandemic had instigated an economic downturn the likes of which the world has not experienced since the Great Depression.
- Unemployment levels is on the rise and policy makers across countries race to implement fiscal and monetary measures to alleviate the financial burden on citizens and shore up economies under severe strain.

E

Effects on Global Business and Trade

- According to the United Nations (UN), the world's $80 trillion economy will decline by $1trillion to $2 trillion – a close to 3% contraction.
- The Chinese economy is likely to be hit further with reduced global demand for its products due to the effect of the outbreak on economies around the world.
- Global trade volumes are projected to decline between 13% and 32% in 2020.

Industries Most Effected by COVID-19

- Tourism and Hospitality – Serious downward effect due to lockdowns and no gathering rules across the globe
- Aviation and airlines – due to holiday season bookings being missed, and ban on local and international travel.
- Consumer products – challenges in supply chain operations due to lock down in most nations, but significant ***increase*** in demand for food items and household essentials.
- Entertainment and online businesses – due to the inability to move, there has been a significant ***increase*** in the patronage of online entertainment and learning platforms.

Long Term Changes

- Schools and business worldwide have quickly moved towards remote working and learning for the remainder of the school year.
- Spending on video game companies like Twitch and Nintendo is booming, and streaming services, including Netflix and Spotify, are enjoying gains as well.
- With limited activity out of home, there has a spike in the use of social media across the world. Media consumption by all age group has increased significantly.
- Health & wellness information such as coronavirus symptoms, handwashing techniques are up by 17%.
- Food & recipe websites are up by 22%.
- Recreation such as fitness & exercise and video games are up by 162% and 41% respectively.
- Zoom, a popular remote conferencing software, has seen a sharp increase in its stock price during the first few months of 2020.

5 Thinking Horizons for Companies:

1. **Resolve**

   Address the immediate challenges that COVID-19 represents to your company's labour force, customers, clients, technology and business partners.

2. **Resilience**

   Address short term cash-management challenges as this appears to be the most critical to companies across the world. Increase resiliency during periods of virus-related shutdowns and anticipated economic knock-on.

3. **Return**

   Create detailed plan to return business to scale quickly as COVID-19 situation evolves and knock-on effects become clearer.

4. **Re-Imagination**

F

Re-Imagine the next normal, evaluate key success and failures features during the lockdown phase and its implications. Discover how your institution should reinvent.

5. **Reform**

Be clear about how regulatory and competitive environment may shift.

How Small Businesses Can React to the Pandemic

1. **Educate your Staff & Customers**

- Inform them on the steps you're taking to keep them safe.
- The better you can alleviate their fears and anxieties, the easier it will be for you to retain their business and loyalty.

2. **Scenario Planning**

- What happens if your local schools close for three weeks? Three months?
- If you take a hit, how can you gain your team's loyalty?
- Are there big opportunities here for your business?

3. **Solicit Support**

- Enlist your vendors & suppliers for help.
- Negotiate better pricing or payment terms.
- Ask for an increase to the services they provide you for a period of time at no additional cost.

4. **Plan out your Cash Flow**

- Plan and arrange towards increase in line of credit.
- This is also a good time to increase your liquid reserves by setting aside more of your revenue for "just in case" money.

5. **Look for Opportunities**

  - Search for promotional opportunities to harness this situation.
  - Hold an open dialogue with your staff about the situation and how your company can best navigate these waters

Report on Alumni Webinar Series during COVID-19 Pandemic organized by D.B.A & R.

The current challenge COVID-19 around the globe necessitated a lockdown and ban on movement and physical meetings across most nations. In line with Govt. directives, the D. B. A & R. Alumni Cell suspended all previously planned roundtables and dialogue sessions. All alumni events were to hold online going forward. The D. B. A. & R. was able to promptly convert a previously planned physical event to an online webinar, and it was well attended by the Faculty members and Students of MBA.

The D. B. A & R. and Alumni Association partner to provide weekly live, interactive webinars on topics that could help Students shape their career. From resume tips and skill-building sessions to professional networking, career options and job searches, Department of Business Administration and Research with its Strong and Distinguished Alumni Network has a lot to offer.

We are therefore very pleased to present our report on the first ever Alumni Webinar. The topic was a very relevant one in these times:

"Winning Skills to Succeed in the Corporate World"

The speaker for the day was **D. Chandramohan Swami (Batch 1999-2001)**, who has a background in Consumer Durables like Mobiles, DTH Services. He is now **National Head- Operations, WardWiz India Solutions Pvt. Ltd., Pune**. He was earlier associated with **Gionee, Mridian Mobiles (Fly), Reliance Infocom (DTH), Airtel, Orange Mobiles.** He did justice to the topic by sharing his wealth of knowledge and experience, providing insight and useful suggestions to help Students get through the turbulent times.

Some of the highlights from his presentation were as follows:

He was introduced to the Students Dr. H. M. Jha "Bidyarthi" – Professor and Head of DBA&R. D. Chandramohan Swami believes that it is always better to interact and Meet personally. He started by asking students to have learning attitude throughout the life as it helps to blossom the combination of Education and Experience.

He then moved on to discussing certain facts about Indian Job Market Scenario, Employability issues and its effects on the Fresh MBA graduates. To sustain these tough times, he asked students to develop skills like-

1. Re-Educate: *Be Open to Learning throughout*
2. SIP (Summer Internship Projects): *Treat SIP as 1st Job; Do it very Seriously*

3. Networking: *Develop Rapport/ Informal relations with Empathy, Don't have shallow relations of just over Facebook or sms*
4. Pro-activeness: *Take Initiatives, Introspect Oneself, Take Risks*
5. Commit as per the Role: *Targets are Inevitable, Window for Escape is not there, Prepare-Practice-Deliver*
6. Timelines and Quality of Work: *Adhere to Timelines, Give Best of your Results*
7. Leadership: *Eg. SachinT. Vs S. Ganguly; Take Onus and direct the team*
8. Truthfulness: *Be Honest and Truthful*
9. Reading Habit: *Read a lot*
10. Work Life Balance: *Work is part of Life and not the Whole Life; Enjoy the moments and cherish the time with family and friends*

After his deliberation, Dr. Jha opened up with the Question and Answer Session on behalf of the students to set the momentum. D. Chandramohan answered and satisfied the questions of the students to the best of his ability by quoting various incidents from his life and other examples. Few of the questions were about –
SIP Projects, Career Prospects after this Pandemic, Any additional skill set , Differences and challenges for Non-Engineering graduates etc.
He asked students to read the Autography of Successful as well as Unsuccessful leaders to learn and take lessons from them. He also suggested reading the autobiography of Shri Atal Bihari Vajpayee and a Book named "When the Boss is Wrong". He ended with a quote – "Failures teach you the Lessons and Success Stories Inspire you"

The event was very well attended and marked the beginning of online collaboration for the DBA&R Alumni Association. The Department would like to thank the guest speaker, D. Chandramohan Swami for sharing his wealth of knowledge and insight, the Alumni Office for their support before and during the event, and all participants for making themselves available. We look forward to many more informative webinars from the Alumni in the days to come.

Shegaon, MS, India

Global Effects of COVID-19 (USB Alumnus - Ms Toyin Sanni**)**

- Businesses around the world are coping with loss of revenue and disrupted supply chains as factories shutdown and quarantine measures spread across the globe.
- The Organization for Economic Cooperation and Development (OECD), lowered its forecast of global economic growth by 0.5% for 2020 from 2.9% to 2.4%, if the economic effects of the virus peaked in the first quarter of 2020.
- The International Monetary Fund (IMF), noted that the coronavirus pandemic had instigated an economic downturn the likes of which the world has not experienced since the Great Depression.
- Unemployment levels is on the rise and policy makers across countries race to implement fiscal and monetary measures to alleviate the financial burden on citizens and shore up economies under severe strain.

Effects on Global Business and Trade

- According to the United Nations (UN), the world's $80 trillion economy will decline by $1trillion to $2 trillion – a close to 3% contraction.
- The Chinese economy is likely to be hit further with reduced global demand for its products due to the effect of the outbreak on economies around the world.
- Global trade volumes are projected to decline between 13% and 32% in 2020.

Industries Most Effected by COVID-19

- Tourism and Hospitality – Serious downward effect due to lockdowns and no gathering rules across the globe
- Aviation and airlines – due to holiday season bookings being missed, and ban on local and international travel.
- Consumer products – challenges in supply chain operations due to lock down in most nations, but significant ***increase*** in demand for food items and household essentials.
- Entertainment and online businesses – due to the inability to move, there has been a significant ***increase*** in the patronage of online entertainment and learning platforms.

Long Term Changes

- Schools and business worldwide have quickly moved towards remote working and learning for the remainder of the school year.
- Spending on video game companies like Twitch and Nintendo is booming, and streaming services, including Netflix and Spotify, are enjoying gains as well.
- With limited activity out of home, there has a spike in the use of social media across the world. Media consumption by all age group has increased significantly.
- Health & wellness information such as coronavirus symptoms, handwashing techniques are up by 17%.
- Food & recipe websites are up by 22%.
- Recreation such as fitness & exercise and video games are up by 162% and 41% respectively.
- Zoom, a popular remote conferencing software, has seen a sharp increase in its stock price during the first few months of 2020.

5 Thinking Horizons for Companies:

1. **Resolve**

   Address the immediate challenges that COVID-19 represents to your company's labour force, customers, clients, technology and business partners.

2. **Resilience**

   Address short term cash-management challenges as this appears to be the most critical to companies across the world. Increase resiliency during periods of virus-related shutdowns and anticipated economic knock-on.

3. **Return**

   Create detailed plan to return business to scale quickly as COVID-19 situation evolves and knock-on effects become clearer.

4. **Re-Imagination**

M

Re-Imagine the next normal, evaluate key success and failures features during the lockdown phase and its implications. Discover how your institution should reinvent.

5. **Reform**

Be clear about how regulatory and competitive environment may shift.

How Small Businesses Can React to the Pandemic

1. **Educate your Staff & Customers**

- Inform them on the steps you're taking to keep them safe.
- The better you can alleviate their fears and anxieties, the easier it will be for you to retain their business and loyalty.

2. **Scenario Planning**

- What happens if your local schools close for three weeks? Three months?
- If you take a hit, how can you gain your team's loyalty?
- Are there big opportunities here for your business?

3. **Solicit Support**

- Enlist your vendors & suppliers for help.
- Negotiate better pricing or payment terms.
- Ask for an increase to the services they provide you for a period of time at no additional cost.

4. **Plan out your Cash Flow**

- Plan and arrange towards increase in line of credit.
- This is also a good time to increase your liquid reserves by setting aside more of your revenue for "just in case" money.

5. **Look for Opportunities**

- Search for promotional opportunities to harness this situation.
- Hold an open dialogue with your staff about the situation and how your company can best navigate these waters

Report on Alumni Webinar Series during COVID-19 Pandemic organized by D.B.A & R.

The current challenge COVID-19 around the globe necessitated a lockdown and ban on movement and physical meetings across most nations. In line with Govt. directives, the D. B. A & R. Alumni Cell suspended all previously planned roundtables and dialogue sessions. All alumni events were to hold online going forward. The D. B. A. & R. was able to promptly convert a previously planned physical event to an online webinar, and it was well attended by the Faculty members and Students of MBA.

The D. B. A & R. and Alumni Association partner to provide weekly live, interactive webinars on topics that could help Students shape their career. From resume tips and skill-building sessions to professional networking, career options and job searches, Department of Business Administration and Research with its Strong and Distinguished Alumni Network has a lot to offer.

We are therefore very pleased to present our report on the first ever Alumni Webinar. The topic was a very relevant one in these times:

"Leadership, Work Life Balance"

The speaker for the day was **Dr. Krishna Kant Dave (Batch 1994-1996)**, who has a background in Academics. He is now **Dean – Academics, Pacific University, Udaipur**. He has held many Administrative positions and soon to become Vice – Chancellor of this University. He did justice to the topic by sharing his wealth of knowledge and experience, providing insight and useful suggestions to help Students get through the turbulent times.

Some of the highlights from his presentation were as follows:

He was introduced to the Students by Dr. H. M. Jha "Bidyarthi" – Professor and Head of DBA&R. Dr. K. K. Dave went on to praise his Almamater and Professors.

He opened up his talk by quoting example of Dr. APJ Abdul Kalam and his then Director at ISRO- Dr. Satish Dhawan about how Dr. Dhawan took the responsibility for the failure of the satellite launch and credited the team after their successful launch. He then moved on to deliver the talk on Leadership and WorkLife Balance. To sustain these tough times, he asked students to become Empathetic Leadership by developing habits like-

1. Lead with Empathy: *Listen carefully, Don't Assume, Be Patient*
2. Embrace Change: *Involve Employees in decision making, Encourage experimentation, forgive mistakes*
3. Act as a Mentor: *Identify and Recognize the Skills of Subordinates / Team members, Develop their Skills Professionally, Acknowledge their Priorities.*

4. Welcome different viewpoints: *Don't be Stereotyped, Be Open to new ideas*
5. Encourage Age diverse Hires: *Balance the New talent and Experienced people*

He asked to maintain balance in the work and life quoting death of Sushant singh Rajput. Finish in Time, Adapt, Spend time with family and friends, enjoy the vacations, trips.

He also shared a video on Empathy and committed to interact with students again.

After his deliberation, Dr. Jha wished him the best for his future endeavors.

The event was very well attended and marked the beginning of online collaboration for the DBA&R Alumni Association. The Department would like to thank the guest speaker, Dr. K. K. Dave for sharing his wealth of knowledge and insight, the Alumni Office for their support before and during the event, and all participants for making themselves available. We look forward to many more informative webinars from the Alumni in the days to come.
