Objective of Activity	<p>To contribute to the noble cause of saving lives by organizing a substantial blood donation drive.</p> <p>To create awareness about the importance of voluntary blood donation and encourage students and staff to actively participate in this humanitarian effort</p>
Overview of Program	<p>On the 9th of December 2022, a significant and altruistic event unfolded at our college premises as the staff organized a grand blood donation camp. The initiative aimed to contribute to the noble cause of saving lives through blood donation. The event witnessed an impressive turnout, with a total of 354 students actively participating by donating their blood. The blood donation camp was made even more impactful by the presence of a proficient team of blood bank experts from renowned medical institutions. The Government Medical College Akola, General Hospital Khamgaon, and Saibai Mote Upazila General Hospital Shegaon were represented by their expert trainee teams, adding a professional touch to the proceedings. Dr. S. B. Somani, the Principal of the college, played a pivotal role in leading and supporting the cause. Additionally, the event was graced by the presence of Dr. Dhiraj Tulsakar, the RACEO Executive Officer, and Mrs. Sneha Gachke. The active involvement of Prof. G.N. Bonde, along with the enthusiastic participation of RASEO students, further added to the success and vibrancy of the blood donation camp. The collaborative effort and commitment exhibited by the college staff, students, and the expert teams from various medical institutions culminated in a highly successful and impactful grand blood donation camp. This event not only showcased the spirit of community service but also underlined the importance of collective efforts in addressing critical healthcare needs.</p>
Venue	Shegaon
No. of Participants	354 students
Outcomes of the activity	<p>The event helped raise awareness about the critical need for blood donation and its impact on saving lives, encouraging a culture of regular voluntary donations among the student community. .</p> <p>The active involvement of college staff, students, and respected dignitaries demonstrated a strong sense of community engagement, emphasizing the college's commitment to social responsibility. .</p>

Title of Activity	Covid 19 Vaccination Camp
Organizer	NSS Unit SSGMCE Shegaon
Schedule of Activity	20/12/2022
Objective of Activity	<p>To provide an opportunity for all members associated with the college community, including teaching and non-teaching staff, students, and their family members, to receive Covid-19 vaccinations</p> <p>To create a more comprehensive impact on community health. Inoculating a wider circle contributes not only to the protection of individuals associated with the college but also to the broader community and public health.</p>
Overview of Program	<p>On the 20th of December 2022, the National Service Scheme (NSS) Unit took a proactive stance in the fight against the ongoing global pandemic by organizing a Covid-19 Vaccination Camp at the SSGMCE, Shegaon Campus. This commendable initiative aimed at ensuring the health and safety of all members associated with the college community, including teaching and non-teaching staff, students, and even their family members. The vaccination camp, held within the premises of the College Dispensary, adhered strictly to all Covid-19 guidelines, underscoring the commitment to public health and safety. This meticulous attention to safety protocols provided a secure environment for all participants, fostering a sense of confidence and well-being.</p> <p>The collective effort yielded a significant outcome as a total of 37 booster doses of the Covid-19 vaccine were administered during the camp. This achievement not only contributes to the individual immunity of those who received the vaccine but also plays a crucial role in building a robust defense against the further spread of the virus within the college community.</p>
Venue	Shegaon
No. of Participants	37
Outcomes of the activity	<p>Student participation in the vaccination camp reflects a strong sense of community responsibility. By taking part in the initiative, students contribute to creating a safer environment for themselves, their peers, faculty, and the broader community, fostering a culture of shared responsibility.</p> <p>By extending the vaccination drive to include family members, the camp has a broader impact on public health. Protecting not only the college community but also their families contributes to creating a safer and healthier local community.</p>

Title of Activity	Tree Plantation(NSS Camp)
Organizer	NSS Unit SSGMCE Shegaon
Schedule of Activity	15/03/2022
Objective of Activity	<p>To promote biodiversity by selecting a diverse range of tree species suitable for the local climate, fostering a more robust and varied ecosystem.</p> <p>To raise awareness about the importance of tree planting and environmental conservation among NSS volunteers, students, and the broader community.</p>
Overview of Program	<p>On the 15th of March 2023, the NSS Unit of Shri Sant Gajanan Maharaj College of Engineering (SSGMCE) undertook a commendable Tree Plantation Drive, contributing to environmental conservation and community well-being. A total of 50 trees were planted during this initiative, symbolizing the NSS unit's commitment to sustainable practices and ecological balance. The event, held with enthusiasm and dedication, saw active participation from NSS volunteers who diligently planted a variety of saplings. The tree species selected were well-suited to the local climate, ensuring their long-term viability and positive impact on the ecosystem. The Tree Plantation Drive aligns with the NSS unit's broader mission of fostering social responsibility and contributing to the overall betterment of society. This green initiative not only enhances the aesthetic appeal of the college campus but also promotes the importance of environmental consciousness among students and the wider community. The NSS Unit at SSGMCE continues to play a pivotal role in shaping environmentally aware and socially responsible individuals through such impactful initiatives</p>

Day1: 24/11/2022

Session 1 :

Time: 11:30-01:00

Topic: Carrier Opportunitis And Higher Technical Education

Resource person: Dr. R.M. Kharate

Higher education by developing understandings with changing trends of world of the work enables the learners to investigate the career opportunities. With this aim, every learner has some expectation with their high qualification to raise their achievements of life. A valuable guidance was given by Dr. R.M. Kharate sir To prepare the students

about their career goal & how to work on it. They plan their long or short-term goals for future work.

Session 2 :

Time: 01:00-02:00

Topic: Mindfulness

Resource person: Dr. A.S. Tale

In this session Dr. A.S. Tale sir enlightened the minds of students with the topic "mindfulness". Mindfulness is defined as a non-judgemental awareness and accepting of present-moment experience. With intentional attendance to one's ongoing stream of thoughts, sensations and emotions as they arise, it allows the individual to react with less impulsivity and flexibility. However, empirical findings of mindfulness to date have largely been confined to outcome studies using clinical populations. This cross-sectional study examined the relationships between mindfulness, self-esteem, resiliency and mental health symptoms (anxiety, stress, depression and cognitive inflexibility) in a sample of 106 healthy adolescents. Participants completed a set of questionnaires. First, we found moderate effect size for anxiety, depression and self-esteem and large effect size for cognitive inflexibility. These results, when compared with clinical samples, demonstrated similar trends found in a healthy adolescent sample. Second, predictive value of mindfulness was examined and we found significant contribution of mindfulness to mental and psychological health.

Session 3 :

Time: 03:30-04:30

Topic: The Secret To Raise The Bar Of Productivity

Resource person: Prof. Mrs. R.G. Raut

Prof. Mrs. R.G. Raut ma'am guided the studented into Improvements in working conditions and work organization can result in increased productivity and competitiveness. This has been clearly demonstrated in Asia, Latin America and Africa by entrepreneurs of small and medium-sized enterprises who have taken voluntary action to improve working conditions and productivity. This session follows a similar approach to the manuals on Higher productivity and a better place to work.

Day 2:

Session 4 :

Time: 11:00-12:00

Topic: Carrier guidance session

Resource person: Prof. A.V. Patil

The 2nd day started with an inspiring career guidance session was delivered by Prof. A.V. Patil A career should be chosen with utmost care, thought, and planning. Individual have different innate capacities and abilities and hence aptitudes for different kind of work. The purpose of Career Guidance is to match the individuals and the occupation optimally for mutual benefits. It also promotes equity. Recent evidence suggests that social mobility relies on wider acquisition not just of knowledge and skills, but also understanding how to use them. In this context, the mission of career guidance is very vast, to become part of lifelong learning. In this paper, we become to know about the needs and importance of Career Guidance and its proper implementation. And we know how to improve C.G for making children's beautiful life as well as for all of us. But today in some places of our country this service is already started and adapted, departing from a traditional model of occupational interviewing students about to leave school.

Index Terms - Career Guidance, Innate capacities, Social Mobility, Life Learning, and Traditional Model.

Session 5 :

Time: 12:00-1:00

Topic: Mathematics For Higher Technical Education

Resource person: Prof. N.S. Thakare

In the session conducted by Prof N.S. Thakare gave teachings about mathematics and how it is applicable in our day to day life as well as for higher studies.

The integration of technology has become a high priority at various levels of education, including higher education. This study focused on discovering and describing the technology being used in higher education mathematics content courses by faculty members at colleges and universities. The research questions focused on what technology was being used by higher education mathematics faculty, how it was being used, what factors would encourage the incorporation of technology, the description of an adopter of technology, who is most likely to use technology to engage students in learning, and challenges that must be overcome to implement technology.

Session 6 :

Time: 01:30-03:30

Topic: Innovative Approaches In Learning

Resource person: Prof. A.S. Alane

A motivating and inspiring session about "Innovative Approaches In Learning" was given by Prof. A.S. Alane. Scientific knowledge about effective learning, as identified in "The Nature of Learning: Using Research to Inspire Practice" calls for substantial innovation and change in current educational practice. Learning must become more social, authentic, adapted to individual motivations and abilities, reflective, and strategic - to name just a few challenges. The purpose of this session was to enable

such change, by inspiring, testing and refining innovative practice in the classroom. This session was theory-driven research that took place in naturalistic contexts like real schools: Aspects of the environment are systematically manipulated based on cognitive models of learning and teaching

After the last session on day 2 a valedictory session was held. The acknowledgement certificates of completion of the workshop were distributed in the presence of Dr. S.B Somani Sir (*Principal, SSGMCE*), Dr. N.A Patil Sir (*Head Of ASH Department*), And Prof. N.S.Thakare Sir (*Faculty Advisor, UBA*) Prof A. V. Patil Sir, Prof. Mrs. R.G. Raut.

The Workshop comes to an end as clock shows the time of 5 pm. Not a single student "Miss the Boat" of this opportunity and learned new things which is also applicable for their academic and practical work. At the end, Prof. N.S. Thakare (*Faculty Advisor, UBA*) gives the Vote of Thanks. Students were satisfied by the workshop. We got superlative feedback from all the students for participation in the workshop.

Reviews from the Audience:

- "The orientation as a whole was very valuable in informing and giving an insight into expectations of my course. It also led to me feeling much calmer approaching my first day, and allowed me to be a lot more familiar with where I had to be."
- "Thank you for such a great event! I was dreading the day, thinking that I would be bored and just hear all of the things I had already read on the net. But I was pleasantly surprised! I now feel ready to tackle this challenge head on!!"
- "Fun friendly environment, enjoyable staff."
- "The overall information given to us was a great insight which made it well worth attending."

COMMUNITY DEVELOPMENT AND EXTENSION SERVICES CELL

To,
The Principal / Head Master
D.M.Burungale Junior College,
Shegaon.

Date: 18/11/2022

Dear Sir/Mam,

In the process of nation building and making the education more viable and meaningful to the youth of the country, Shri Sant Gajanan Maharaj College of Engineering, Shegaon-444 203 wish to take some necessary initiative in this regard. We are providing the opportunity to learn new skills, technical expertise, building personal, and leadership quality through conducting various programmes/courses in our institute.

In this context, we are happy to inform you that, we have scheduled few programmes/courses, which will be organized at our institute in the session 2022-23. These programmes/courses are designed taking into account the need of the student's community in today's context to impart them the knowledge/expertise. The students registered under this activity will receive certificate after the successful completion of said course.

The full time attendance is compulsory for the course in which the students wish to participate to receive the certificate.

We expect that, you will give wide circulation and publicity to this appeal so that every department/section of your institute/college/school will undertake and depute interested students to the courses of their concern/interest.

Please note that as a part of social commitment of the institute and in the interest of student community, no fees will be charged for these courses. It is college/school responsibility to make the suitable arrangement for the students to attend the said courses. No TA/DA will be given to the students; however the arrangement of Tea and Snacks will be made by the institute free of cost. The details of the programmes/courses are attached herewith.

Kindly communicate to the all department of your Institute/ College/ School to enable the students to know about the various courses. For any clarification, details and entries, please contact Prof. Ms. R.G. Raut, Chief Coordinator, Community Development and Extension Services.

- To encourage girls and women to pursue STEM careers.
- To provide STEM education to students in underserved communities.

Event Highlights: IEEE students Branch and WIE Affinity group organized a STEM workshop on Basics of Electronics for School students on 19th and 20th August 2022. 50 Students from Shri Sant Gajanan Maharaj English School and G. B. Murarka High School participated and learn the basics of electronics. Basic electronics components kit distributed to the students.

also assisted as an Evaluator.

Outcomes:

- Increased STEM knowledge and skills.
- Improved STEM attitudes and beliefs.
- Increased interest in STEM careers.
- Enhanced problem-solving and critical thinking skills.
- Improved teamwork and collaboration skills.

- Increased motivation and self-confidence.
 - Increased awareness of STEM equity and inclusion issues.
-
- **Feedback Analysis:**The workshop was well-organized and informative. The instructors were knowledgeable and engaging, and the materials were clear and concise.
 - The hands-on activities were a great way to learn about STEM concepts. They were challenging but rewarding, and they helped me to understand the material in a deeper way.
 - I appreciated the diversity of the workshop participants. It was great to learn from people from different backgrounds and with different perspectives.
 - I would recommend this workshop to anyone interested in learning more about STEM. It was a valuable experience that I will take with me into the future.
-
- **Impact Analysis:**Pre- and post-tests: This method involves giving participants a test before and after the workshop to measure their knowledge and skills.
 - Surveys: This method involves asking participants to complete a survey about their experiences in the workshop, including their thoughts on the content, activities, and instructors.
 - Observations: This method involves observing participants during the workshop to get a sense of their engagement and learning.
 - Case studies: This method involves interviewing participants in depth about their experiences in the workshop and how it has impacted them.
