The screenshot shows a web browser window displaying the 'Transfer Batch' page of the Shri Sant Gajanan Maharaj College of Engineering. The page title is 'Transfer Batch' and it shows a dropdown menu for 'Semester' set to '2'. Below this is a table titled 'List of Batches for Session 2023-24' with columns for 'Sr No', 'Batch', 'Select', and 'Status'. The table lists 11 batches, each with a checkbox in the 'Select' column and a 'Transf. to' status in the 'Status' column. The status for each batch is the same as the batch name, indicating a self-transfer or a placeholder for the target batch. The interface also includes a search bar, a message icon, a user profile icon, and a logout button. The Windows taskbar is visible at the bottom, showing the time as 5:32 PM on 29/02/2024.

Implementation of e-governance in **Finance and Accounts**

For the smooth conduction of Accounting Department, we use SAP (erp software) along with the SIS (Student Information Software).

SAP software centralizes data management, SAP software provides multiple business functions with a single view of the truth. This helps companies better manage complex business processes by giving employees of different departments easy access to real-time insights across the enterprise. It can help in financial planning, budgeting and forecasting across organization. IT has more than 12 modules for various business process, SSGMCE implemented finance and controlling, materials management and payroll. Below processes have been made available for the conduction of SSGMCE business process.

- Collection of Student fees
- Cash flow
- Cash book
- Receipts and payments
- Financial Statements
- Maintain the staff salaries
- Procurement of the materials and maintain the inventory

Along with SAP, student information system software (SIS) is also used to facilitate the students, administrator (Registrar) and accounts department to show the data related to the student fees and various reports like fees outstanding and scholarship.

Implementation of e-governance in Examination

The Examination module operates by collecting data from faculties throughout the semester, including daily attendance, assessment marks, and completed test scores. Towards the semester's end, the Deans of Examination and Academics utilize the Student Information System (SIS) software to process this data. This process involves converting the collected information into internal marks, which are then submitted to the SGBAU (Sant Gadge Baba Amravati University).

The screenshot shows a SharePoint activity dashboard for the site 'CLASS-(3U1 & 3U2)-2021-22#1'. The dashboard is viewed through a web browser with multiple tabs open, including 'Microsoft Forms' and 'SGBAU Exam, B.E. Sixth Semes'. The dashboard features a left-hand navigation pane with options like 'Home', 'Conversations', 'Documents', 'Notebook', 'Pages', 'Class Materials', 'Site contents', and 'Recycle bin'. The main content area is titled 'Activity' and displays a grid of activity cards. These cards include recordings of meetings and canceled sessions, such as 'DSP Lab_SGBAU external practical exam' by Pawan Kale, 'Meeting in CLASS-(3U1 & 3U2)-2021-22_1_20210914_055459' by Devesh Mawgaje, 'Canceled: ECD Practical Session - EXP No. 8 and 9' by Swapnil Badar, 'Canceled: ECD Lab Session - Exp. No. 3' by Swapnil Badar, and 'Canceled: Project Meeting' by Kamlesh Kahar. A right-hand pane shows a list of folders: 'General' and 'Teams Meeting Recordings', both dated 'Decen'. At the bottom of the dashboard, there is a system tray with a search bar, taskbar icons, and system information including the date '05/03/2024' and time '4:00 PM'.

3. AICTE-PARAKH Portal

Despite rapid increases in the quantity of technical students in India however, little is known about their quality. In particular, less information is available about the major specific competencies, knowledge, and soft skills of individuals. So, in this project, want to assess the technical knowledge, creativity and cognitive skills of Undergraduate and Post graduate students of India. The AICTE-SLA project is designed to measure the benchmark levels and gains in academic and aptitude skills by the students in technical programs
