Foreword from the Principal

Shri Sant Gajanan Maharaj College of Engineering, Shegaon has 05 hostels for boys and 03 hostels for girls. It accommodates around 1500 students. The sprawling campus of the college has been built on 82 acres of land with beautiful gardens and quiet surroundings.

The students who join the college from outside Shegaon can avail of the hostel facilities. Staying in the hostel gives ample opportunities for students to take part in various activities of the college. The hostel is a home for those who are away from home. The rooms are allotted normally on double / triple sharing basis. The college hostel promotes the integral development of body, mind and spirit. The hostel life encourages several desirable traits in students like sharing, caring and adjusting to community living and provides more time and scope for moulding the personality and character of the students. It also aids the students to achieve the highest standards of excellence aimed by the value based integral education.

The college provides students a neat, clean and comfortable place to live in. It is for the students of the hostel to maintain it. There is a team of wardens and supporting staff to attend to the needs of the students time to time. The facilities at the hostels include a mess, water coolers, visitor's room, prayer hall / yoga hall, ethernet room, Wi-Fi, T. V Halls (Android TVs). The mess provides balanced and wholesome food to the students. The hostels are aesthetically laid out with plenty of space and greenery. The rooms are comfortable and have basic furniture like bed, tables, chairs and book shelves fitted for the occupants.

We encourage the resident students to participate in cultural and social activities of the college such as music, dance, dramas etc. The hostel students are advised to live in harmony like one big family lending a helping hand to each other whenever required, thus mutually cooperating to make the hostel life a rich and fruitful experience. There is no doubt that these are the formative years in the hostel, life-long bonds are created and friendship cemented. This is a time which will stand out in the memory as a golden period. College experience is an important milestone in an individual's life. The college hostels try to provide an ideal atmosphere for a healthy, all round development of the personality of an individual and a launching pad for a glorious career ahead. Living in a hostel presupposes a high degree of integrity, consciousness, cooperation, tolerance and hard work for a bright future and in creating a good image of the institution.

I wish a fruitful stay for all the students who will join our hostel.
