Message from the Principal

Dr. S. B. Somani

Principal

On behalf of the faculty, staff and our fellow students, I am pleased to welcome you to Shri Sant Gajanan Maharaj College of Engineering (SSGMCE), Shegaon. I am glad to share that SSGMCE holds a good position in terms of academic results, placement, MOUs with national and international bodies, publications, research grants to faculty members and vast sports arena.

I take this opportunity to invite esteemed organizations for the development of students through Trainings, Internships and Placements. We feel immense joy in extending an invitation to visit our institute for participating in Campus Recruitment Drive for the students of 2023-24 batch. We will feel privileged if you would provide an opportunity to our students for campus placements.

A photograph of the entrance gate of Shri Sant Gajanan Maharaj College of Engineering. The gate is a large, light-colored archway supported by several pillars. The name of the college is inscribed in blue capital letters on the arch. The gate is surrounded by lush green trees and a clear blue sky. A small sign with the word 'STOP' is visible at the bottom right of the gate.

SHRI SANT GAJANAN MAHARAJ
COLLEGE OF ENGINEERING

Message from Training and Placement Officer

Prof. Adesh B. Solanke

Training and Placement Officer

placements@ssgmce.ac.in

The institute has an exclusively independent Training and Placement Cell as a separate department to create and strengthen bridge between institute and industry/corporate bodies in the interest of student's trainings and placements. T & P Cell organizes various skill and employability enhancement programmes to improve overall personality of the students. The T & P Cell is highly equipped with internet enabled modern audio-visual facilities as per industry standards to carry out training and placement activities virtually.

We, T & P cell and Departmental T & P Co-ordinators, work as a team to place the students and believe in the truth that teamwork is more important than ever. We Co-ordially invite you for the placements of BE and MBA students by participating "Campus Placement Drive 2023-24". It is indeed an honor to present our students to your esteemed organizations and we look forward to your cooperation in the placements of our students.

Academics

• Curriculum

Great emphasis during the classes is laid on core fundamentals and concepts. The examinations are designed to reflect the understanding of the fundamentals in practical fields.

• Electives

In order to boost interest in other facilities of technology, the students can take up electives and/or audit courses from department other than their core area of specialization.

• Projects

It is mandatory for all B.E, and MBA students to take up projects under the supervision of the faculty. These comprise the basic development of application oriented research projects.

• Internships

To get an industry exposure, all the students of B.E. and MBA are to undergo 45 days Summer internships compulsorily.

• Industrial Visits

Students are exposed to latest industrial practices through several industrial visits during their course. Students are also encouraged to undergo industrial training during their summer vacations.

• III-CELL

The III-CELL promotes faculty members and students to visit industries to get technology Information from the horse's mouth and also recognize industrial problems which can be handled by the Institute workforce.

Extra-Curricular Activities

- **Orientation**

The goals of the orientation programs are to create student's familiarity with the institution's regulations and academic standards, acquaint the students with their classmates and to learn about the other institutional members that will help students succeed.

- **Techfest**

Technical fest is an essential part of course curriculum as it gives a platform to young brains to showcase their innovative ideas and compete with their peers. The main objective of the program is to promote innovative thinking and practical skills through real life technological projects.

- **Culfest**

Cultural fest gives lot of social benefits, the biggest being cohort interaction. Students get a chance to medley with people from different walks of life. Organizing and participating in fest activities needs arduous efforts and stern dedication.

- **Alumni Meet**

The main aim of the Alumni Association and Alumni Meet is to provide a good and strong bridge for the students, faculty and the institute for mutual benefit and synergy. It also aims at exchange professional knowledge, organize technical conferences, seminars workshops and training courses, provide career development and guidance, organize and establish scholarship funds to help the needy and deserving students etc.

- **“Parishkriti” MBA Dept Fest**

The fest is aimed at bringing out the competitive spirit of students and test their business acumen, skills and knowledge. It is an amalgamation of various events under the Marketing, HR, Finance, etc. to bring out the best from participants under controlled and simulated environments.

Student Clubs

- **Elite's Data Structure and Algorithm Community (Elite's DSAC)**

DSAC was established to improve the technical and communication skills of like-minded individuals, as well as to participate in conferences, exhibitions, competitions, and meetings where the newest technologies are discussed and problem-solving sessions are held.

- **Civil Services Aspirant's Club (CSAC)**

With this in mind 'Civil Services Aspirant's Club', fondly called as CSAC, aims to create common platform for students aiming for Civil Services Examinations. The Civil Service Club of our college aims to promote, encourage and equip students with skills necessary to crack UPSC Civil Service Examination.

- **Drone Club**

Drone Club is a Potential club to provide technical platform and resources for students to prepare drones and drone based technical projects and also participate in drone competitions and cultivate technical plus soft skills along the way. To create an eco-system for innovation and transfer of information.

- **Mozilla Club**

Mozilla's mission is to ensure that the Internet is a global public resource, open and accessible to all. This Club is a group of students with a passion for technology who meet regularly to advance this mission by building and innovating on open source projects that keep the web open.

- **Disussion Club**

The club is aims at providing platform for the discussion and share ideas & amplify thoughts.

- **JammingClub**

Jamming Club provides platform to have recreational activities related to music.
